LOCAL LAW 94 OF 1957

To amend the New York city charter and administrative code in relation to the establishment of a director of standards and appeals, changing the membership of the board of standards and appeals, and providing a schedule of fees.

Be it enacted by the Council as follows:

Section 1. Chapter twenty-seven of the New York city charter is hereby amended by adding thereto two new sections, to be section six hundred fifty-nine and six hundred sixty, to read as follows:

Director of standards and appeals

§ 659. a. There shall be a director of standards and appeals who shall be appointed by and shall hold office at the pleasure of the board of standards and appeals.

b. The director shall be a registered architect or a licensed professional engineer who, at the time of his appointment, shall have had at least ten years' experience in structural work, at least five of which shall have been in administrative work. He shall devote his entire time to the performance of his duties and shall not engage in any other occupation, profession or employment.

Staff; powers and duties

§ 660. a. The director may appoint such engineers, architects, experts and other officers and employees as may be required to perform the duties of his office, with the approval of the board and within the appropriation provided therefor.

b. The director shall assign and supervise all members of his staff. He shall test or provide for the testing of materials and appliances and prepare and present matters before the board of standards and appeals in accordance with the rules, regulations and directives of such board, and shall prepare the calendar of such board.

§ 2. Section six hundred sixty-one of such charter is hereby amended to read as follows:

Constitution and appointment

§ 661. a. The board of standards and appeals shall consist of three members to be termed commissioners to be appointed by the mayor for terms of six years, commencing at the expiration of the terms of the present incumbents, and two additional members to be termed commissioners to be appointed by the mayor. The term of the first incumbent of one of the two such additional members shall be five years and the term of the first incumbent of the other such additional member shall be six years. Except as otherwise provided in subdivision d of this section, the successors to such additional members shall be appointed for terms of six years.

b. Two of the members shall be registered architects and shall have had at least fifteen years' experience as architects.

RULES

Fire Drill Rules, Adopted by the Board of Standards and Appeals, October 5, 1923

(593-23-SR)

DEFINITION OF "FIRE DRILL"

The method and practice of the systematic and orderly vacating of a building by its occupants in case of emergency, panic or fire in the least possible time—by the nearest safe means of exit—and the use of fire appliances which shall be provided for the extinguishing or retarding of fire and the safeguarding of human life.

Rule 1.

In all buildings as defined in Article 1, Section 10 of the Labor Law in which fire drills are required pursuant to Section 279 thereof and in any other building in which such drills are required by the Fire Commissioner pursuant to the power conferred in section 491 of the New York City Charter, it shall be the duty of the owners, lessees or tenants to conduct fire drills monthly and at such other times as the Fire Commissioner may direct.

For the purpose of conducting such fire drills the owner or tenants shall appoint from among their employees such responsible and dependable persons, male or female, who shall efficiently perform the duties of the various positions of the fire drill organization, as specified on the accompanying chart.

It shall be the duty of the owner or tenant to enter in the blank spaces provided for that purpose in said chart the names of persons so selected and post said chart and copies of the rules in a conspicuous place.

Rule 2. Duties of Foreman.

The Foreman or Person in Charge shall direct, enforce and have full charge of the "Fire Drill" in every factory on each floor. Each day before work is begun he shall see that extinguishers, fire hose, fire buckets, etc., are in readiness for use, exit doors are unlocked, aisles are free from obstruction, that stairways, halls, etc., are properly lighted, and shall remedy any dangerous condition found to exist. Immediately after work is commenced he shall check up the Fire Drill Organization list and note if the regularly assigned persons are present; if any are found to be absent, he shall assign other employees (if practicable) to perform their duties.

He shall immediately notify new employees of the existence of the Fire Drill Organization and give them the necessary instructions as to the duties they are to perform, etc.

He shall be familiar with the operation and location of the interior alarm signal box on his floor.

He shall listen for the test signal each morning at the appointed hour and in the event of the test signal not being heard he shall communicate with the superintendent or other person in charge of the building and advise him of the fact. The (Floor Captain's) Foreman's orders are final as to the carrying out of the fire drill on his particular floor.

Rule 3. Duties of Watchmen.

The WATCHMEN shall see that all doors and windows are closed so as to prevent the spread of fire. The WATCHMEN shall be the only persons permitted to remain on the floor during the progress of a fire drill and do so at their own risk. For ordinary purposes only one watchman and a substitute shall be designated. In special cases, however, extra watchmen may be assigned by consent in writing from Fire Commissioner.

Rule 4. Duties of Searchers.

The MALE AND FEMALE SEARCHERS shall search all toilets, dressing rooms and emergency rooms used and frequented by their sex and all other portions of the floor and order all persons, except those authorized to remain, to leave the premises. They are to take care of and assist all persons who may faint or be disabled.

SEARCHERS shall leave the floor immediately after the last squad leaves.

Rule 5. Duties of Street Alarm Box Runner.

The STREET-ALARM-BOX-RUNNER shall be familiar with the location of the nearest city fire alarm box and know how it is operated.

In ordinary practice fire drills the STREET-ALARM-BOX-RUNNER shall report to the Foreman for orders, and if his services are not required he shall promptly file out of the premises with the other occupants.

Only when a fire actually occurs on his floor, or when ordered to do so by the Foreman, shall the STREET-ALARM-BOX-RUNNER proceed to the street alarm box and send in the fire alarm.

RULES

Rule 6. Duties of Fire Brigade.

The fire brigade shall have full charge of the operation of all auxiliary fire fighting apparatus and shall endeavor to extinguish, or at least hold in check until the arrival of the Fire Department, any fire that may occur. When it is necessary for the fire brigade to respond to different floors in the building they shall not use the stairways or fire escapes while the occupants are escaping from the premises.

Rule 7. Duties of Exit Guards.

The EXIT GUARDS shall station themselves at all exit doors leading to fire escapes, stairways, and other means of escape immediately upon the sounding of the alarm. There shall be two guards for each exit, if practicable; one to stand in the hallway holding back the door and the other directly inside on the floor. They are to keep the exit doors open and direct the movements of the persons using these exits and prevent congestion.

EXIT GUARDS shall remain at their stations until all of the occupants of the building have passed their station. Then close their doors and pass out of the building. Upon signal for the occupants to return, EXIT GUARDS shall take their designated stations and remain there until all persons have returned to their respective floors.

Rule 8. Duties of Squad Monitors.

The SQUAD MONITORS, as soon as the alarm is sounded, shall see that the employees under their charge quickly form into line, two abreast, and numbering not more than thirty to each squad. They shall see that all aisles and passageways are cleared of obstructions.

Note: Chairs, stools, baskets, etc., should be pushed under or placed on top of work benches.

MONITORS shall proceed at the head of their respective squads to the exit assigned, and then march up or down the stairs or to other exits as directed by the EXIT GUARDS.

On reaching the sidewalk MONITORS shall keep their squads in order and lead them a reasonable distance from the building, so as not to cause congestion and interference with fire apparatus. When the proper signal is given they shall return to their respective floors at head of their squads.

MONITORS will at all times see that those under their charge conduct themselves in a respectable and orderly manner.

Rule 9. Holding of Drills.

FIRE DRILLS shall be held at least once each month at varied hours of the day, and all of the occupants shall participate therein simultaneously. Such drills shall conduct all occupants to a place of safety.

Where dual operation interior fire alarm systems are installed as permitted under Rule 11 of the interior fire alarm rules of the Board of Standards and Appeals, the fire drill conducted each month shall include all of the persons on the premises engaged at work for a factory,

and drills shall be conducted at least twice, each year in which all of the persons on the premises shall participate simultaneously.

Rule 10. Duties of Owner.

It shall be the duty of the OWNER, LESSEE OR TENANT OF THE BUILDING or his authorized agent or their representatives to personally observe that the "Fire Drill" is held simultaneously on every floor of the building and the participation therein of every occupant of such building. Any FIRE DRILL in which all of the occupants do not participate shall not be considered as complying with the LAW, except as otherwise provided in these rules.

The person or persons representing the OWNERS, LESSEE OR TENANT, who supervises the FIRE DRILL at the building shall submit to an examination by the Division of Fire Prevention as to their experience and general fitness for such duties, and shall be so certified in writing by the FIRE COMMISSIONER.

It shall be the duty of the ENGINEER, SUPERINTENDENT or other PERSON IN CHARGE of a building having an interior fire alarm system to test such system daily immediately after the beginning of business, and to see that all apparatus operated by springs, requiring winding are rewound after each alarm and kept in normal condition for operation.

Rule 11. Duties of Engineer.

Whenever it is necessary to test the fire alarm system at any other time of the day, owing to repairs, etc., being made, the PERSON IN CHARGE OF BUILDING will first notify all Foremen of the several floors of the intended test and likewise notify them when the repairs, etc. are completed. This precaution is taken to prevent confusion and excitement, also misunderstanding of the alarm signals.

It shall also be the duty of the PERSON IN CHARGE OF BUILDING to sound the interior alarm system at irregular intervals, but not less than once each calendar month, for the purpose of holding practice fire drills. He shall keep on the premises a record of such drills, showing the date when held and the required time for all occupants to reach the street or a point of safety outside the building.

The PERSON IN CHARGE OF BUILDING must immediately acquaint new tenants of the existence of the "Fire Drill" Organization and its purport.

Rule 12. Registration.

The name and address of every person, corporation or co-partnership, that will, under professional service, carry on the trade, business or calling of establishing, maintaining or supervising the "Fire Drill" shall be registered in the Fire Department, which Department shall, upon evidence of fitness, grant a certificate to that effect.

NOTICE

Applicants, under the zoning resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such

copies at the office of the Board of Standards and Appeal Room 1018, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

(Continued from Front Page)

One shall be a licensed professional engineer and shall have had at least fifteen years' experience as an engineer engaged in structural work. One shall be a licensed professional engineer and shall have had at least fifteen years' experience as an engineer engaged in mechanical work. The mayor shall designate one of the members, who shall have had the required experience as an architect or as an engineer, to serve as chairman and shall designate one of the members to serve as vice-chairman who shall act as chairman in the absence of the chairman or in the event that a vacancy exists in the office of chairman.

c. Every member of the board shall receive a salary, which shall not be reduced during his term of office except in case of a general reduction of salaries and in proportion to reductions of salaries of other officers with similar salaries. A member shall not engage in any other occupation, profession or employment. Members shall attend the hearings and executive sessions of the board, and shall perform such other duties as may be required by the chairman.

d. Vacancies shall be filled by the mayor for the unexpired term of the member whose place has become vacant and with a person having his qualifications.

§ 3. Section six hundred sixty-two of such charter is hereby amended to read as follows:

Removal by mayor after hearing

§ 662. Any member may be removed by the mayor on proof of official misconduct, or of negligence in official duties, or of conduct in any manner connected with his official duties which tends to discredit his office, or of mental or physical inability to perform his duties; but before removal he shall receive a copy of the charges and shall be entitled to a hearing before the mayor and to the assistance of counsel at such hearing.

§ 4. Section six hundred sixty-five of such charter is hereby amended to read as follows:

Rules and regulations; bulletin

§ 665. a. Every rule or regulation and every amendment or repeal thereof, and every order, requirements, decision or determination of the board shall immediately be filed in the office of the board and shall be a public record.

b. The director shall print and publish weekly a bulletin in which he shall publish every rule, regulation, amendment or repeal thereof made by the board, and every order, requirement, decision and determination of the board, and the reasons therefor whenever it shall deem it practical to do so, and such other matters, including indices and digests, as the director may deem it advisable to publish.

c. At least ten days' notice of intention to adopt, amend or repeal any rule or regulation shall be given by publication in the bulletin of the board, and a public hearing shall be given before any action is taken thereon. The adopted rules and regulations and amendments and changes thereof shall take effect not less than twenty days after the publication thereof in the bulletin of the board.

§ 5. Section six hundred sixty-six of such charter is hereby amended by adding thereto a new subdivision, to follow subdivision three, to be subdivision three-a, to read as follows:

3-a. To make, amend and repeal rules, regulations and directives governing the preparation and presentation by the director of matters before the board.

§ 6. Subdivision one of section six hundred sixty-six of such charter is hereby amended to read as follows:

1. To require the testing and to approve materials and appliances to be used pursuant to law.

§ 7. Section six hundred sixty-seven of such charter is hereby amended to read as follows:

Inspections

§ 667. Any member of the board or any subordinate thereof shall, when authorized in writing by the chairman, and the director or any officer or employee designated by him in writing shall have power at any time to enter, inspect and examine any premises, buildings, structures, vehicles or vessels for the purpose of carrying out the duties of the board and shall report his findings in writing to the board. Refusal to permit such entry shall be triable by a city magistrate and punishable by not more than thirty days' imprisonment, or by a fine of not more than fifty dollars, or both.

§ 8. Chapter twenty-seven of the administrative code is hereby amended by adding thereto a new section, to be section 669-1.0, to read as follows:

§ 669-1.0. **Fees.**—The following fees shall be charged for the following applications, appeals and reviews:

- | | |
|---|----------|
| 1. Application for approval of materials and appliances | \$100.00 |
| 2. a. Application to vary the application of the building zone resolution, except as provided in subdivision b | 100.00 |
| b. Where such application is for conversion of a one-family dwelling to a two-family dwelling | 25.00 |
| 3. Appeal from or application for review of any order, requirement, decision or determination of the commissioner of buildings or of any borough superintendent of buildings or of the fire commissioner or any rule or regulation or amendment or repeal thereof made by the fire commissioner | 10.00 |

§ 9. Subdivision a of section C26-191.0 of such code is hereby amended to read as follows:

a. Except as otherwise provided in section six hundred forty-five of the charter and in section C26-4.0 of this code, the sole authority to approve materials and appliances is vested in the Board.

§ 10. This local law shall take effect immediately.

Adopted by The City Council November 26, 1957, approved by the Board of Estimate December 5, 1957, effective upon signature of the Mayor December 31, 1957.

NOTICE

Effective September 1, 1957, the subscription price of
the Bulletin is \$15.00 per year, payable in advance and
single copies, twenty-five (25) cents at the office of the
Board and thirty (30) cents by mail.

HOURS OF CONSULTATION

10 A.M. to 1 P. M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

321-46-BZ

APPLICANT—Nat Koepfel, for Airport Motors, Inc., owners.

SUBJECT—Application reopened December 3, 1957 for consideration as to extension of term of variance—expired February 18, 1957—decision of the Borough Superintendent, previously granted on condition, under section 7i of the zoning resolution, permitting in a business use district, the erection and maintenance of a building to be used as an automobile showroom, motor vehicle repair shop and storage garage for more than five motor vehicles and permitting entrances exceeding 3 feet 6 inches beyond a distance of 25 feet from the residence use district, for a term of years.

REMISES AFFECTED—78-11 to 78-19 Northern Boulevard and 32-62 to 32-70 79th Street, northwest corner, Block 1174, Lots 35, Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: Nat Koepfel.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 4
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, on February 18, 1947, and amended September 11, 1948, this application was granted by the Board on certain conditions, under section 7i of the zoning resolution, to permit in a business use district the erection and maintenance of a building to be used as an automobile showroom, motor vehicle repair shop and storage garage, affecting premises 78-11 to 78-19 Northern Boulevard and 32-62 to 32-70 79th Street, northwest corner, Block 1174, Lot 35, Jackson Heights, Borough of Queens; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation on February 18, 1957; and

WHEREAS, this application was reopened on December 3, 1957 and set for hearing on January 7, 1958 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on January 7, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent,

dated October 11, 1957 acting on amendment to N.B. Applic. 2267-46, reads:

"1. Proposed continuation of use of an auto showroom, garage for more than (5) five cars and auto repair shop in conjunction with auto showroom on a lot in a Business use district is contrary to Art. 2, Sec. 4(a) items 15 and 29 of the Z.R. Secure approval of the Board as same has expired under the Board's resolution Cal. 821-46-BZ and C.O. 52446."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on February 18, 1947 only so far as it has reference to the term of the variance, so that as amended this portion of the resolution shall read:

"... granted for a term of fifteen years from the date of this amended resolution to permit ...; that other than as herein amended the resolution above cited shall be complied with in all respects and that all permits and a new Certificate of Occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution." (N.B. App. 2267-46)

Adjourned: 12:25 P. M.

JOSEPH J. DOYLE, Chief Clerk.

REGULAR MEETING

TUESDAY AFTERNOON, JANUARY 7, 1958, 2 P.M.

Present: Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.

67-49-A—Vol. II

APPLICANT—New York City Transit Authority, for City of New York, owner.

SUBJECT—Application reopened November 6, 1957 as Vol. II—Appeal from an order of the Fire Commissioner—re—Diesel Oil storage tanks.

REMISES AFFECTED—2314-2324 Utica Avenue, entire block bounded by Utica Avenue, Fillmore Avenue, East 49th Street and Avenue O, Block 8489, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Thomas H. Normile.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 4
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, Order No. 5940-7 issued by the Fire Commissioner, September 23, 1957, reads:

"1. Discontinue the use of Diesel oil in the 8 underground buried tanks, as this is contrary to resolution adopted by the Board of Standards and Appeals, under Calendar 67-49-A. C19-11.0, Administrative Code.

2. Seal all openings that are within buildings of tanks which contain inflammable liquids. C19-59.0-M-5, Administrative Code."

WHEREAS, the applicant states that the building is 1 story in height, 200 feet by 700 feet in area, of class 2 construction, located in an unrestricted use, D area, class 1 height district, and used and occupied as a bus storage garage, service and repair shop for buses, with an occupancy of 200 persons on the first floor, and offices on the mezzanine with an occupancy of 20 persons; that the building is equipped with a 2-source sprinkler system and an interior fire alarm system; and

WHEREAS, on April 5, 1949, the Board modified a decision of the Fire Commissioner, dated January 27, 1949, so as to permit the installation of 45,000 gallon gasoline storage tanks and on May 2nd, 1950 permitted the installation of two additional 5,000 gallon gasoline storage tanks adjoining the tanks previously permitted; and

MINUTES

WHEREAS, the applicant now requests permission to convert the gasoline storage tanks in question to the storage of diesel oil for use in fueling the buses housed in the garage and also requests that the Board permit the continuance of the existing gauge boxes used for sticking the tanks, in order to accurately determine the quantity of diesel fuel oil in the tanks; and

WHEREAS, the applicant contends that these gauge boxes or stick wells are also used once every three or four weeks as a means of pumping out accumulated water and sludge from the tanks; that the operations are performed only by authorized supervisory employees of the Transit Authority who will remove the sealed plugs and box covers only under safe conditions and make certain that they are kept properly closed at all other times; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on April 5, 1949 as amended by resolution adopted on May 2, 1950, and to modify Order #5940-7, Items 1 and 2, issued by the Fire Commissioner September 23, 1957, so as to permit the use of the existing eight 5,000 gallon gasoline storage tanks to be used for the storage of diesel oil for fueling of buses housed within the premises and to permit the existing gauge boxes to be maintained provided they are used only by authorized supervisory personnel of the Transit Authority and are properly sealed when not in use, on condition that the resolution adopted by the Board April 5, 1949 shall be complied with in all other respects.

495-56-A—Vol. II

APPLICANT—Robert Teichman, for Astor Broadway Holding Corp., owner.

SUBJECT—Application reopened October 8, 1957 as Vol. II—Appeal from a decision of the Borough Superintendent re—fire-proof windows.

PREMISES AFFECTED—756-770 Broadway and 133 East 8th Street, northeast corner, fifth floor; Block 554, Lots 1 and 9, Borough of Manhattan.

APPEARANCES—

For Applicant: Robert Teichman and Eugene M. Seccia.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 4
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 18, 1957 on Amendment to P & D Alt. Applic. 1396/55 redened August 23, 1957 by a member of the Borough Superintendent staff reads:

"1. Contrary to #264-6c Labor Law."

WHEREAS, the Amendment filed July 16, 1957 with Alt. Applic. 1396/55 stated that the building complied in all respects with Labor Law with the exception of Sect. 264 sub-division 6c as the existing window frames and sash are 20 gauge metal glazed with $\frac{1}{4}$ inch plate glass more than 720 square inches in area; and

WHEREAS, the applicant states that the building is 14 stories, 215 feet in height, 188 feet front by 327 feet in depth, of class 1 construction, erected in 1906, located in a restricted use B area, class $1\frac{1}{2}$ height district, and used and occupied since 1955; sub-cellar—storage and building services, no persons; cellar—office and showrooms, 300 persons; 1st floor—vacant; 2nd floor—vacant; 3rd floor—office and showrooms, 400 persons; 4th floor—offices and showrooms, 400 persons; 5th floor—offices, showrooms, photographic processing, servicing and repair and rehabilitation of photographic equipment, shipping, receiving and storage, 400 persons; 6th to 14th floors—offices and showrooms, 400 persons on each floor; and that it is proposed to be used

and occupied as follows: sub-cellar—storage and building services, no persons; cellar—office and showrooms, 300 persons; 1st floor—office and showrooms, 600 persons; 2nd floor—office and showrooms, 400 persons; 3rd floor—office and showrooms, 400 persons; 4th floor—offices and showrooms, 400 persons; 5th floor—offices, showrooms, photographic processing, servicing, repair and rehabilitation of photographic equipment, shipping, receiving and storage, 400 persons; 6th to 14th floors—400 persons on each floor; that the building is provided with an approved standpipe system and an approved two-source sprinkler system in the sub-cellar, cellar and 5th floor; that there is an approved interior fire alarm system, regular monthly fire drills are not maintained; that there are 4 interior fireproof stairs and 1 fire tower; and

WHEREAS, temporary Certificate of Occupancy #47710 was issued July 17, 1957 against Alt. Applic. 1396-55 for the following use and occupancy; sub-cellar—storage and building service, no persons; cellar—showrooms and office, 300 persons; 3rd and 4th stories—office and showrooms, 400 persons each story; 5th story—office and showrooms, photographic processing, servicing, repair and rehabilitation of photographic equipment, shipping, receiving and storage, 400 persons; 6th to 14th floors inclusive—office and showrooms, 400 persons each floor; and contains the notation "Not more than 5% of the total floor area of the building may be used for manufacturing, of a type permitted in a restricted retail use district" a fuel oil installation was approved by the Fire Department, June 13, 1957, sprinkler system approved by the Fire Department June 14, 1957, and standpipe system approved by the Fire Department October 31, 1956, interior fire alarm system approved by the Fire Department July 17, 1957, this Certificate of Occupancy was issued for a period of 90 days from July 18, 1957; and

WHEREAS, the applicant states that the building was erected in 1906, used as a department store by Wanamakers and in the conduct of their business the Wanamaker people did certain manufacturing, such as repairing furniture, recovering of mattresses, altering clothing and repairing jewelry, etc., that the building was altered by the present owners under Alt. Applic. 1396/55 and temporary Certificate of Occupancy was issued from time to time as alterations were completed for various tenants; that subsequently an Amendment was filed and approved for the use of the 5th floor by Recordak Corporation, engaged in a business of processing and finishing safety films; that an appeal was filed with the Board under Calendar Number 495-56-A, Vol. I and granted to permit a sprinkler system to be installed only on the 5th floor; that subsequently an application was filed for a new certificate of occupancy and denied by the Borough Superintendent on grounds that the building did not comply with the Labor Law in that the windows were not legal, since the building was not occupied as a factory building on July 1, 1948, but a mercantile building; and

WHEREAS, the applicant contends that while Wanamakers people had a factory in the building after July 1, 1948, the building was not classified as a factory building, as it fell within the classification of a mercantile establishment; and

WHEREAS, the applicant contends that under Sec. 10 of the Labor Law the provisions thereof shall applied to any part of a building occupied as a factory; and that therefore the objection raised by the Borough Superintendent is not consistent; and

WHEREAS, the applicant states that the building is now occupied for office use, with the exception of the 5th floor, which is used for manufacturing, and then only part of this floor is so used; that the building complies with the Labor Law, for a new factory building except that the window frames and sash are 16 gauge metal, glazed with plate glass but more than 720 square inches in area; and

WHEREAS, the applicant states that the maximum glass area on the various floors is as follows: 1st floor—show window, 188 square feet; mezzanine show window—66 square feet; 2nd floor—41 square feet; 3rd floor—21 square feet; 4th to 10th floors—19.5 square feet; 11th floor—18

MINUTES

quare feet; 12th floor—28 square feet; 13th floor—28 square feet; 14th floor—no windows; and

WHEREAS, the applicant contends that the building is isolated from all other buildings, having streets around its entire perimeter; that it would be a hardship and a tremendous expense to alter the window sash to lights of glass of not more than 720 square inches in area; that while the building is approved for an occupancy of approximately 1,000 persons; that less than 2% of the entire occupancy will be engaged at factory work and this factory work will be limited to the 5th floor, and it is therefore requested the Board grant a variance of the provisions of the Labor Law so as to accept the existing windows and glass area.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on amendment to P. & D. Alt. App. 1396/55 Objection No. 1 and that the appeal be and it hereby is granted, to permit the existing windows to be maintained, provided the building in all other respects complies with all laws, rules and regulations applicable thereto.

27-57-A

APPLICANT—Leonard F. Rothkrug, for Temple Ahavath Sholem, Inc., owner.

SUBJECT—Application July 15, 1957—Appeal from a decision of the Borough Superintendent re public use—frame structure.

PREMISES AFFECTED—1784 East 17th street, west side, 105 feet north of Avenue R, Block 6799, Lot 41, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 4
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 28, 1957, on Alt. Applic. 1749/57 reads:

"1. Changing occupancy from a residence to a public use in a frame structure, is contrary to Sects. 2-1-3-5 and 4-2-1 of the Adm. Code."

WHEREAS, the applicant states that the building is 2 stories, 18 feet 6 inches in height, 25 feet by 62 feet in area at first floor, 25 feet by 48 feet in area at second floor, of class 4 construction, erected 1923 on a lot 40 feet front by 100 feet in depth, now in a residence use C area, class 1 height district, and used and occupied since 1923 as a two family dwelling, and now proposed to be used and occupied as follows: cellar—boiler room and bathroom; 1st floor—classrooms, 72 persons; 2nd floor—caretaker's apartment; that the building is provided with one 3 feet wide interior wood stairs enclosed in partitions of wood stud, lath and plaster, equipped with wood doors which are not self closing, stairhall does not lead to roof bulkhead or to street, ladder and scuttle to roof is provided; and

WHEREAS, Certificate of Occupancy #32289 issued February 24, 1925 against N.B. Permit 16219-23 permits the use of the building as 1-family dwelling; and

WHEREAS, the applicant states that the building has been occupied under Certificate of Occupancy #32289 as a two family dwelling; and

WHEREAS, the applicant states that the building has been purchased by the Temple located at 1601-15 Avenue R on the same block for use as temporary additional classroom facilities, to be used not more than two hours a day until such time as funds can be raised to erect a permanent school building; and

WHEREAS, the applicant states that it is proposed to alter and use only the first floor of the building as classrooms; that the 2nd floor use to be limited to a caretaker's apart-

ment; that it is proposed to replace the existing frame walls on the 1st floor with new 8 inch brick walls, except where such walls are now protected with 4 inch brick veneer; that in addition all partitions on the 1st story will be fire retarded; that new exits to front and rear will be provided and access to the street from the rear yard will be an open 11 feet wide side yard; and that it is also proposed to install a new one-source sprinkler system in the cellar and first floor; and

WHEREAS, the applicant therefore requests the granting of this application for a variance, to permit the use and occupancy of the building as herein proposed.

Resolved, that the decision of the Borough Superintendent, dated June 28, 1957, acting on Alt. Applic. 1749/57, Objection 1, be and it hereby is modified and that the appeal be and it hereby is granted, to permit the alteration and change in use of the building, so as to permit the classroom use on the first floor with an occupancy of not more than 72 persons, and the second floor for use as a caretaker's apartment, on condition that the extension proposed at the front of the cellar and first floor shall be constructed of masonry enclosing walls; that the new exits shall be provided with access to the street as proposed; that the entire cellar and first floor shall be equipped with an approved one-source sprinkler system; that all the new interior partitions on the cellar and first floor shall be constructed of fire-retarded materials and openings therein equipped with one-hour test opening protective assemblies; that all doors to classrooms in the first floor shall be arranged to swing in direction of egress; that the building shall not be increased further in area than as shown on plans filed with this appeal, marked "Received July 16, 1957", 2 sheets showing existing conditions and two sheets showing proposed conditions; that the term of this variance shall not exceed five years for use of the building as a school.

133-57-A

APPLICANT—Jack Z. Cohen, for Industrial Terminal Corp., owner; Pecker Iron Works, Inc., lessee.

SUBJECT—Application February 21, 1957—Appeal from an order of the Fire Commissioner re—storage of kerosene for salamander use.

PREMISES AFFECTED—2124-2128 Mill Avenue, west side, 180 feet south of Avenue U, Block 8470, Lot 1140, Borough of Brooklyn.

APPEARANCES—

For Applicant: Jack Z. Cohen.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 4
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, Order No. 0706-7 issued by the Fire Commissioner, January 24, 1957 reads:

"1. Discontinue the using, keeping or storing of a kerosene or space heater using kerosene or like fuel, as defined in the Administrative Code, as per Local Law No. 116-1955. Section C19-151.1, Administrative Code."

WHEREAS, the applicant states that the building is 1 story, 45 feet average in height, 124 feet 8 inches front by 297 feet 2 inches in depth, of class 2 construction, located on a lot 376 feet 5¼ inches front by 535 feet 11½ inches irregular in depth, in an unrestricted use A area, class 1 height district, erected in 1916, and used approximately 4 years without a certificate of occupancy as follows: 1st floor—iron and steel works, 20 persons (fabrication of structural steel); and

WHEREAS, the applicant states that the building is 1 story in height, located in the outlying area of the borough of Brooklyn, and is of class 2 construction; that the entire first floor is used as an iron and steel works for fabricating structural steel; that the only means of heating this vast area is the method now used, and any other means of heat-

MINUTES

ing would be costly due to the business that is conducted on the premises; and

WHEREAS, the applicant contends that since the actual works consists mainly of iron and structural steel and there is no combustible or hazardous materials stored or fabricated, and as all means of egress from this structure opens upon an open area on all sides leading to the street, it is requested that modification of the requirements of Section C19-151.1 of the Administrative Code be granted, so as to permit the continuance of the use of the kerosene salamanders; and

WHEREAS, the applicant states that there are 8 salamanders distributed on the 1st floor, fed by safety cans from two 50 gallon drums located in the yard; that the units are filled on the outside of the premises, at a point where they are brought from the inside of the building on a portable cart; that each salamander is filled each day before the start of operations.

Resolved, that the decision of the Fire Commissioner, as to Order #0706-7 dated January 24, 1957, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the continuance of use of the eight existing salamanders within the building for heating purposes, and to permit the storage of two 50 gallon drums of kerosene in the open yard for use in conjunction with such salamanders *on condition* that the salamanders shall be filled only in the open air by means of an approved safety can; that there shall be no other combustible or inflammable material stored or used within the building; that such portable fire extinguishing equipment shall be installed as the Fire Commissioner shall direct; and *granted* only so long as conditions within the building remain substantially unchanged and maintained to the satisfaction of the Fire Commissioner.

625-57-A

APPLICANT—Charles L. Koester, for William Jesberger, owner.

SUBJECT—Appeal filed September 12, 1957, from a decision of the Borough Superintendent, relating to erection of a frame building in the first limits.

PREMISES AFFECTED—175-45 88th Avenue, north side, 150.52 feet west of 178th Street, Block 9834, Lot 49, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Charles L. Koester.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper	4
Negative:	0
Absent: Chairman Murdock	1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 5, 1957 on N.B. Applic. 2461/57 reads:

"1. Class IV construction in fire limits is contrary to Sec. 4.1.2. (C26-247.0) of Building Code.

2. Two inch lumber not permitted as per 7.1.4. (C26-325.0) of B.C."

WHEREAS, the applicant states that the premises consists of a lot 40 feet front by 100 feet in depth, located in a residence use C area, class 1 height district, upon which it is proposed to erect a 2 story 24 feet high, class 4 constructed 2 family dwelling, 26 feet front by 44 feet and 39 feet 8 inches in depth, and to provide parking space for 2 cars, as accessory to the dwelling; and

WHEREAS, the applicant contends that it is proposed to build a dwelling as indicated on plans filed with this appeal it is therefore requested that a variance be granted from the requirements of the decision of the Borough Superintendent, Objections 1 and 2, issued on N.B. Applic. 2461/57; and

WHEREAS, examination of the drawings filed with this appeal indicates that the proposed dwelling will be of frame and brick veneer construction on the first floor; that on the 2nd floor the exterior walls will be surfaced with asbestos shingles and the roof will be surfaced approved type asphalt shingles; and

WHEREAS, the proposed dwelling will be set back 15 feet from the 88th Avenue building line, into which setback front entrance and steps will project; that side yards will be provided, 5 feet in width along the westerly lot line and 9 feet in width along the easterly lot line; that the adjoining premises are developed with existing frame dwelling having side yards of 3 feet 7 inches and 3 feet one inch in width respectively, as indicated on plans filed with this appeal; and the proposed building will comply in all respects to the requirements of the Administrative Building Code for similar buildings erected outside the fire limit.

Resolved, that the decision of the Borough Superintendent, dated September 5, 1957, acting on N.B. Applic. 2461/57, Objections 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the erection of the building as proposed using two inch nominal thickness beams and as indicated on plans filed with this appeal, marked "Received September 12, 1957," 4 sheets, *on condition* that the building shall be limited to two-family occupancy; that in all other respects the building shall comply with the requirements for a similar building constructed outside the fire limits, and shall conform to the requirements of a C area district in all other respects.

Adjourned: 3:20 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

LOCAL LAW 94 OF 1957

To amend the New York city charter and administrative code in relation to the establishment of a director of standards and appeals, changing the membership of the board of standards and appeals, and providing a schedule of fees.

Be it enacted by the Council as follows:

Section 1. Chapter twenty-seven of the New York city charter is hereby amended by adding thereto two new sections, to be section six hundred fifty-nine and six hundred sixty, to read as follows:

Director of standards and appeals

§ 659. a. There shall be a director of standards and appeals who shall be appointed by and shall hold office at the pleasure of the board of standards and appeals.

b. The director shall be a registered architect or a licensed professional engineer who, at the time of his appointment, shall have had at least ten years' experience in structural work, at least five of which shall have been in administrative work. He shall devote his entire time to the performance of his duties and shall not engage in any other occupation, profession or employment.

Staff; powers and duties

§ 660. a. The director may appoint such engineers, architects, experts and other officers and employees as may be required to perform the duties of his office, with the approval of the board and within the appropriation provided therefor.

b. The director shall assign and supervise all members of his staff. He shall test or provide for the testing of materials and appliances and prepare and present matters before the board of standards and appeals in accordance with the rules, regulations and directives of such board, and shall prepare the calendar of such board.

§ 2. Section six hundred sixty-one of such charter is hereby amended to read as follows:

Constitution and appointment

§ 661. a. The board of standards and appeals shall consist of three members to be termed commissioners to be appointed by the mayor for terms of six years, commencing at the expiration of the terms of the present incumbents, and two additional members to be termed commissioners to be appointed by the mayor. The term of the first incumbent of one of the two such additional members shall be five years and the term of the first incumbent of the other such additional member shall be six years. Except as otherwise provided in subdivision d of this section, the successors to such additional members shall be appointed for terms of six years.

b. Two of the members shall be registered architects and shall have had at least fifteen years' experience as architects.

3
University of Illinois Library
Serials Dept.
Urbana, Ill.

One shall be a licensed professional engineer and shall have had at least fifteen years' experience as an engineer engaged in structural work. One shall be a licensed professional engineer and shall have had at least fifteen years' experience as an engineer engaged in mechanical work. The mayor shall designate one of the members, who shall have had the required experience as an architect or as an engineer, to serve as chairman and shall designate one of the members to serve as vice-chairman who shall act as chairman in the absence of the chairman or in the event that a vacancy exists in the office of chairman.

c. Every member of the board shall receive a salary, which shall not be reduced during his term of office except in case of a general reduction of salaries and in proportion to reductions of salaries of other officers with similar salaries. A member shall not engage in any other occupation, profession or employment. Members shall attend the hearings and executive sessions of the board, and shall perform such other duties as may be required by the chairman.

d. Vacancies shall be filled by the mayor for the unexpired term of the member whose place has become vacant and with a person having his qualifications.

§ 3. Section six hundred sixty-two of such charter is hereby amended to read as follows:

Removal by mayor after hearing

§ 662. Any member may be removed by the mayor on proof of official misconduct, or of negligence in official duties, or of conduct in any manner connected with his official duties which tends to discredit his office, or of mental or physical inability to perform his duties; but before removal he shall receive a copy of the charges and shall be entitled to a hearing before the mayor and to the assistance of counsel at such hearing.

§ 4. Section six hundred sixty-five of such charter is hereby amended to read as follows:

Rules and regulations; bulletin

§ 665. a. Every rule or regulation and every amendment or repeal thereof, and every order, requirements, decision or determination of the board shall immediately be filed in the office of the board and shall be a public record.

b. The director shall print and publish weekly a bulletin in which he shall publish every rule, regulation, amendment or repeal thereof made by the board, and every order, requirement, decision and determination of the board, and the reasons therefor whenever it shall deem it practical to do so, and such other matters, including indices and digests, as the director may deem it advisable to publish.

c. At least ten days' notice of intention to adopt, amend or repeal any rule or regulation shall be given by publication in the bulletin of the board, and a public hearing shall be given before any action is taken thereon. The adopted rules and regulations and amendments and changes thereof shall take effect not less than twenty days after the publication thereof in the bulletin of the board.

§ 5. Section six hundred sixty-six of such charter is hereby amended by adding thereto a new subdivision, to follow subdivision three, to be subdivision three-a, to read as follows:

3-a. To make, amend and repeal rules, regulations and directives governing the preparation and presentation by the director of matters before the board.

§ 6. Subdivision one of section six hundred sixty-six of such charter is hereby amended to read as follows:

1. To require the testing and to approve materials and appliances to be used pursuant to law.

§ 7. Section six hundred sixty-seven of such charter is hereby amended to read as follows:

Inspections

§ 667. Any member of the board or any subordinate thereof shall, when authorized in writing by the chairman, and the director or any officer or employee designated by him in writing shall have power at any time to enter, inspect and examine any premises, buildings, structures, vehicles or vessels for the purpose of carrying out the duties of the board and shall report his findings in writing to the board. Refusal to permit such entry shall be triable by a city magistrate and punishable by not more than thirty days' imprisonment, or by a fine of not more than fifty dollars, or both.

§ 8. Chapter twenty-seven of the administrative code is hereby amended by adding thereto a new section, to be section 669-1.0, to read as follows:

§ 669-1.0. **Fees.**—The following fees shall be charged for the following applications, appeals and reviews:

- | | |
|---|----------|
| 1. Application for approval of materials and appliances | \$100.00 |
| 2. a. Application to vary the application of the building zone resolution, except as provided in subdivision b | 100.00 |
| b. Where such application is for conversion of a one-family dwelling to a two-family dwelling | 25.00 |
| 3. Appeal from or application for review of any order, requirement, decision or determination of the commissioner of buildings or of any borough superintendent of buildings or of the fire commissioner or any rule or regulation or amendment or repeal thereof made by the fire commissioner | 10.00 |

§ 9. Subdivision a of section C26-191.0 of such code is hereby amended to read as follows:

a. Except as otherwise provided in section six hundred forty-five of the charter and in section C26-4.0 of this code, the sole authority to approve materials and appliances is vested in the Board.

§ 10. This local law shall take effect immediately.

Adopted by The City Council November 26, 1957, approved by the Board of Estimate December 5, 1957, effective upon signature of the Mayor December 31, 1957.

1202-21-BZ—Vol. V

APPLICANT — Leonard F. Rothkrug, for Automotive Craftsmen, Inc., owner (North American Folding Box, Inc., lessee).

SUBJECT—Application reopened September 24, 1957 as Vol. V—re decision of the Borough Superintendent under sections 7e and 7h of the Zoning Resolution, to permit in a residence and business use district, the change in use from manufacturing and plating of metal products to storage of paper boxes for a term of ten years.

PREMISES AFFECTED—2714 Beverly Road and 200-222 East 28th Street, southwest corner and 2713-2723 Cortelyou Road, Block 5171, Lot 5, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: Fannie L. Burkes, Margaret M. Shook and Ethel Bloomwitz.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. V on September 24, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 14, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Beverly Road and Cortelyou Road are in business and residence use, C area, class 1¼ height districts; Rogers Avenue is in a business use, C area, class 1¼ height district; East 28th Street is in a residence use, C area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 1, 1957 acting on Alt. Applic. 3597-56, reads:

"1. Proposed change of occupancy is not in accordance with the Bd. of Standards and Appeals variance granted under Cal. 1202-21-BZ, Vol. IV."

and

WHEREAS, the applicant states that the premises consist of a plot, 109 foot, 11½ inch frontage by 179 feet 9½ inches in depth, irregular in area, on which is located a one story building of class 3 construction, 109 foot 11½ inch front by 100 feet, irregular in depth, granted by the Board to be occupied for manufacturing and plating of metal products, and garage spaces along East 28th Street consisting of thirteen one-car spaces and three two-car spaces, and parking on the open portion of the plot in the rear, all of said garage spaces and parking previously granted by the Board and not subject to this application; that it is proposed to amend the resolution of the Board only so far as it permits occupancy for manufacturing and plating of metal products to permit occupancy for storage of paper boxes; and

WHEREAS, the applicant states that the Board, under Cal. No. 1202-21-BZ, Vol. IV, dated May 7, 1957, granted a variance for a term of ten years for the manufacturing and plating of metal products and the continuation of garage spaces along East 28th Street, and parking; that the lessee, All Star Metal Finishing Company, subsequently vacated the premises; and

WHEREAS, the applicant further states that the building was erected in 1922 in accordance with the resolution of the Board under Vol. I, granted January 13, 1922, an application to permit the erection of a garage for more than five motor vehicles in a business use district; that the application was again reopened as Vol. II on April 29, 1948 and granted on September 13, 1949 under section 7i to permit motor vehicle repairing, including spraying and welding; that the owner purchased the premises on October 20, 1946 to be used in conjunction with a Ford motor agency that it conducted on Empire Boulevard; that when the agency was sold the owner leased the premises for an auto repair shop and garage which occupied the building until 1955; that the auto repair shop was unable to economically use the premises, and terminated its lease; that the tenant, All Star Metal Finishing Company, manufacturers and platers of metal products, occupied the building from October, 1955 to June 1, 1957; that the present tenant, North American Folding Box Co. has occupied the premises since June 1, 1957; and

WHEREAS, the applicant contends that there is no economic demand for use of the premises as a garage, originally granted by the Board; that the neighborhood does not warrant garage rentals sufficient to yield an economic return; that the existing and proposed use of the building

MINUTES

is a conforming use in a business use district, and therefore a conforming use in that portion of the premises in a business use district; that the proposed use for storage of paper boxes is more desirable than the garage use originally granted by the Board, or the repair shop or manufacturing uses subsequently granted; that the premises cannot be devoted to a conforming use in that the building was erected as a garage and there is no economic demand to demolish the building; that this same owner is the owner of the vacant southeast corner of Beverly Road and East 28th Street occupied as a parking lot under Cal. No. 338-49-BZ, Vol. II, and if there was a demand for development with a conforming use, that vacant corner would be the first available property; that there will be no manufacturing conducted by the proposed lessee and no odors or noise will emanate from the premises; that loading and unloading will be limited to existing curb cuts on Beverly Road; and

WHEREAS, the applicant states that the present owner has held title to the property since October 20, 1946; that the assessed valuation of land is \$29,000 and of the building \$41,000 making a total of \$70,000; that the building was erected in 1922.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on January 13, 1922, as thereafter amended by resolutions adopted through May 7, 1957, by adding thereto:

"that in the event the tenant previously proposed for the portion of the building facing on Beverly Road for manufacturing and plating metal products removed from the premises, the premises may be occupied as now proposed for the storage of folding paper cartons, on condition that the loading and unloading of such cartons shall be solely from Beverly Road; that in all other respects the resolutions herein cited shall be complied with as to use of other spaces on the plot; and that all permits, including a new certificate of occupancy shall be obtained and all work completed within three months from the date of this amended resolution."

586-30-BZ—Vol. II

APPLICANT—Haus and Bresin, for I. H. and N. S. Holding Corp., owner.

SUBJECT—Application reopened April 24, 1957 as Vol. II—decision of the Borough Superintendent under sections 7f and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, auto washing (non-automatic), lubrication, office, sale of auto accessories, minor repairs with hand tools only, the parking and storage of more than five (5) motor vehicles and a ground sign for the stated term of fifteen (15) years.

PREMISES AFFECTED—23-01 Broadway and 31-71 to 31-85 23rd Street, northeast corner, Block 567, Lot 22, Astoria, Borough of Queens.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 24, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on September 24, 1957 after due notice by publication in the Bulletin; laid over to October 29, 1957, for inspection and decision; hearing closed; then to December 10, 1957, at the request of the applicant; then to January 14, 1958, at request of the applicant; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 23rd Street are in a business

use, B area, class 1¼ and 1½ height district; Broadway is in a business use, B area, class 1½ height district; 31st Drive is in business and residence use, B area, class 1¼ and 1½ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated March 15, 1957 acting on N.B. Applic. 524-57, reads:

"1. Proposed gasoline service station, auto washing (non-automatic) lubrication, office, sales of auto accessories, minor repairs with hand tools only and parking and storage of more than 5 motor vehicles on a lot in a business use district is contrary to Art. 2, Sec. 4a, item 29 and 46 of the Z.R.

2. Proposed ground sign in a business use district is contrary to Art. 2, Sec. 4a, item 49 of the Z.R."

and

WHEREAS: the applicant states that the premises consist of a plot, 75.27 foot frontage by 160.11 feet in depth, presently unimproved, with two large advertising billboards; that it is proposed to develop the site with a modern gasoline service station; that the proposed building will have face brick facades facing both streets; that pumps will be installed parallel to the Broadway frontage of the property; that although 23rd Street is in a business use district for the entire block, only one curb cut will be installed on this street and will be located near the intersection of Broadway; that a woven wire fence on a concrete base will be installed along both interior lot lines and will return along a portion of the 23rd Street building line, with brick terminal posts at the ends of the fence; that the repairing herein proposed will consist of minor repairs with hand tools only and will be confined to the interior of the accessory building; and

WHEREAS, the applicant states that there is an existing gas station, factory and repair shop on the corner diagonally opposite the site in Block 555, Lot 29, and also within the affected area, on 23rd Street, there is a post office garage in Block 555, Lot 1; that the rear of the five car garage in Block 567, Lot 28, adjoins the subject site to the north; that except for one vacant plot, the entire block to the west of the site on the north side of Broadway, is occupied as a shopping center with parking space and loading space fronting on both Broadway and 23rd Street; that also within the affected area on Broadway, there is a brass foundry in Block 555, Lots 20 and 21; and

WHEREAS, the applicant contends that the proposed paved, fenced and well lighted development will provide a safer and more attractive condition than now exists; that there are no gas station servicing facilities on the north side of Broadway for more than a mile to the east of the site and none for more than a quarter of a mile to the west of the site; that there are adequate store facilities within this area, so that it is not economically feasible to develop the site with a store building; and

WHEREAS, the applicant states that the present owner has held title to the property since April 12, 1954 and that the assessed valuation of land is \$12,000.

The resolution containing certain conditions affecting this application will be printed in a later Bulletin.

281-32-BZ—Vol. II

APPLICANT—James E. Vassalotti, for Louis Diamond, owner.

SUBJECT—Application reopened September 24, 1957 as Vol. II decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a retail and residence use district, to extend the proposed use of the gasoline service station, lubritorium, auto laundry and office by adding minor auto repairs, parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—98-01 to 98-15 Metropolitan Avenue and 89-04 to 89-14 69th Road, northeast corner, Block 3207, Lots 30 and 33, Forest Hills, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Eugene S. Ginsberg.
For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 24, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on December 10, 1957 after due notice by publication in the Bulletin; laid over to December 17, 1957, for hearing at request of objector; no further requests for adjournment to be considered; then to January 14, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in retail and residence use, D and E area, class 1 height districts; Metropolitan Avenue is in a business use, D and E area, class 1 height district; 69th Road and 70th Avenue are in business and residence use, D and E area, class 1 height districts; that as of July 25, 1916 that part of the premises within 100 feet of Metropolitan Avenue was in a business use district and the entire premises was in a class D area district; that the area designation for the residence portion of the premises became effective February 5, 1940 and the present use designation for the portion of the premises within 100 feet of Metropolitan Avenue became effective May 18, 1953; and

WHEREAS, the decision of the Borough Superintendent, dated August 2, 1957 acting on Alt. Applic. 977-57, reads:

"1. Proposed extension of area and use of an existing gasoline service station, lubritorium, office and auto laundry to Gasoline service station, lubritorium, minor auto repairs, car washing, office, parking and storage of more than five motor vehicles in the Retail use portion of a plot located in a Retail and Residence use Zone is contrary to Art. II Sec. 4A of the Zoning Resolution.

2. Ground sign in a Retail zone is contrary to Sec. 4A of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 150.46 foot frontage by 137.73 feet in depth, irregular, presently developed with a gasoline service station consisting of five 550 gallon gasoline tanks and six dispensing pumps; that the present accessory building is one story in height, of class 3 construction, having a frontage of 80 feet, a depth of 26 feet $\frac{3}{8}$ inches, and is now being used for office, lubritorium, minor auto repairs and car washing; that the open area is being used for parking and storage of motor vehicles; and

WHEREAS, the applicant states that it is proposed to maintain the present legal uses of gasoline service station, lubritorium, auto laundry and office; that it is further proposed to extend the legal gasoline station so it will have a total frontage of 150.46 feet on Metropolitan Avenue, and add the uses of minor auto repairs, parking and storage of more than five motor vehicles in the open area; that the proposal will be confined to the retail portion of the plot; and

WHEREAS, the applicant states that Fire Department records show that on November 8, 1924, Plan No. 2309-1924 was filed on a plot located on the north side of Metropolitan Avenue, 50 feet east of 69th Road, having a frontage of 50.17 feet on Metropolitan Avenue, 122.59 feet on the easterly lot line and 141.3 feet on the westerly lot line, being triangular in shape; that later, Plan No. 3125-1927 was approved on the same size plot for one additional 550 gallon gasoline tank; that Misc. Applic. No. 11179-1946 was filed for two additional 550 gallon tanks on a plot having a frontage of 90.46 feet on Metropolitan Avenue, 137.73 feet on 69th Road, 57.29 feet on the northerly lot line and 122.59 feet on the easterly lot line, making a total of five 550 gallon gasoline tanks; that Building Department records show that the present building was erected under N.B. Applic. No. 182-1935 and Certificate of Occupancy No. A-52023 was is-

sued on July 3, 1935, for the following uses: first floor—office, lubritorium and auto laundry; that re-application for a Certificate of Occupancy was made in 1943, also under N.B. Applic. No. 182-1935, and on August 6, 1943, new Certificate of Occupancy No. Q-29610 was issued for the following uses: cellar—boiler room; first floor—gasoline service station, lubritorium, auto laundry and offices; that this certificate covered a plot having a frontage of 90.48 feet on Metropolitan Avenue, 137.73 feet on 69th Road, 57.29 feet on the northerly lot line and 122.59 feet on the easterly lot line, it being understood that the approved uses were confined to the 100 feet of the plot within the business use district; that a 12 inch by 12 inch high concrete curb was to divide the business and residence use districts, and also a 12 inch by 12 inch concrete curb was to divide the original gas station having a frontage of 50.17 feet on Metropolitan Avenue and starting 50 feet east of 69th Road; and

WHEREAS, the applicant contends that the continuous operation of this gas station since its inception in 1924 has proven conclusively that the owners have provided an essential and vital service to this community; that the additional parking as proposed will do much to render a better service to this community, which has many small retail stores with no parking facilities; that the removal of the pumps from the street building line of Metropolitan Avenue and setting them 15 feet back of the present building line will do much toward protecting pedestrian travel passing the gas station; that the reduction of curb cuts to three 30 foot cuts on Metropolitan Avenue and one 20 foot cut on 69th Road will further help to protect pedestrian travel; that the rear part of the site within the residential portion of the plot will be used for a conforming use and act as a permanent buffer between the gas station and the adjoining plots on the north; that the 5 foot 6 inch high woven wire fence on the zoning line, along the building line of 69th Road up to the building and along the easterly lot line, will confine all of the proposed and present uses to the retail portion of the plot; and

WHEREAS, the applicant states that the present owner has held title to the property since July 12, 1946; that the assessed valuation of land is \$22,000 and of the building \$11,000 making a total of \$33,000; that the building was erected in 1935.

The resolution containing certain conditions affecting this application will be printed in a later Bulletin.

18th Street, northeast corner, Block 7439, Lots 45-51, Borough of Brooklyn; and

WHEREAS, this application was reopened from time to time, and on September 12, 1950 the resolution was amended to extend the time to complete the work within six months from the date of this amended resolution; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation on March 12, 1951; and

WHEREAS, this application was reopened on December 3, 1957 and set for hearing on January 7, 1958 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on January 7, 1958 and laid over to January 14, 1958; and

WHEREAS, a public hearing was held on this application on January 14, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated December 16, 1957 acting on Alt. Applic. 4971-47, reads:

"1. The change of use of this building located in a business use district from wet wash laundry to wet wash laundry and dry cleaning is contrary to the Zoning Res. Art. II Sect. 4(a), par. (51) and par. (53)."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 22, 1948, as thereafter extended by resolutions adopted through September 12, 1950, only so far as it has reference to obtaining permits and completion of the work so that as amended this portion of the resolution shall read:

"... that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution."

795-50-BZ—Vol. II

APPLICANT—Larry Meltzer, for Starvel Realty Inc., owner (American Oil Company, lessee).

SUBJECT—Application reopened May 28, 1957 as Vol. II—re decision of the Borough Superintendent under section 7e of the Zoning Resolution, to permit in a local retail use district, the erection of an extension to the existing accessory building and extend the present use of the gasoline service station, lubritorium and accessory store to include non-automatic car washing.

PREMISES AFFECTED—3768-3778 Nostrand Avenue and 2915-2925 Avenue Y, northwest corner, Block 7422, Lot 1037, Borough of Brooklyn.

APPEARANCES—

For Applicant: Larry Meltzer.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating..... 1

WHEREAS, this application was reopened as Vol. II on May 28, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on December 17, 1957 by publication in the Bulletin; laid over to January 14, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Nostrand Avenue are in a local retail use, D area, class 1 height district; East 29th Street is in a residence use, D area, class 1 height district; Avenue Y is in a local retail and residence use, D area, class 1 height districts; that on June 19, 1926 the zoning was changed from undetermined; to business use and again changed on April 28, 1949 to the present use; and

WHEREAS, the decision of the Borough Superintendent, dated March 27, 1957 acting on Alt. Applic. 391-56, reads:

"1. Proposed extension to accessory building of a gasoline service station and addition of car washing (non-automatic) to present use of gasoline service station, lubritorium and accessory store is contrary to Art. II, pp. 4-c of the Zoning Resolution and also contrary to the Bd. of Standards & Appeals variance under Cal. #795-50-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 90 feet in depth; that on the central westerly portion of the plot is the accessory building 43 feet 5 inches by 27 feet 8 inches, which is used in conjunction with the gasoline service station on the lot; that it is proposed to extend the accessory building to the north an additional 26 feet 7 inches to the north lot line, for the full depth—27 feet 8 inches—of the building, creating two additional bays to be used for an additional lift and non automatic car washing; and

WHEREAS, the applicant states that this station was established under a variance granted by the Board under Cal. No. 795-50-BZ on April 24, 1951, N.B. Applic. 1555-50, for a period of ten years expiring April 24, 1961; that Certificate of Occupancy No. 137103 issued November 4, 1953 authorizes the use as a gasoline service station, lubritorium and accessory store; and

WHEREAS, the applicant contends that at the time that the Board granted a variance in 1951, it was felt that the size of the station and accessory building would be adequate, but it now develops that the facilities of this station are not adequate to properly serve its customers; that there is only one other service station in the immediate vicinity and the nearest service station is four city blocks away; that in order to provide proper facilities and complete service for the increasing population of the area, the proposed extension is essential; that the change will not be detrimental to the neighborhood since they are designed to make more efficient use of the existing land with no additional curb cuts or pumps; and

WHEREAS, the applicant states that the present owner has held title to the property since July 11, 1950; that the assessed valuation of land is \$21,000 and of the building \$13,000 making a total of \$34,000; that the building was erected November 14, 1953; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 24, 1951, as thereafter amended by resolutions adopted through October 6, 1953 by adding thereto:

that in the event the owner desires to enlarge the accessory building substantially as proposed and as indicated on plans filed with this application marked "Received April 26, 1957", five sheets, and "November 8, 1957", one sheet, such extension may be permitted as thereon shown *on condition* that in all other respects the requirements of the resolution above cited shall be complied with where not inconsistent with this amended resolution; that the design and arrangement of the proposed extension shall be as shown on such plans and the extension shall continue a similar design and use of brick on the exterior walls; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

658-52-BZ—Vol. II

APPLICANT—Paul Friedman, for Isidore Breidbart, owner Tidewater Oil Company, conditional lessee.

SUBJECT—Application reopened September 24, 1957 as Vol. II—decision of the Borough Superintendent, under section 7f, 7e, 7i and 7A of the zoning resolution, to permit in a retail use district the erection and maintenance of a gasoline service station, lubritorium, non-automatic auto wash,

MINUTES

minor repairs with hand tools only, office, storage and sales of auto accessories, parking of five (5) cars waiting to be serviced with a proposed show window within 75 feet of a residence use district and with ground sign on premises, for a stated term of fifteen (15) years.

PREMISES AFFECTED—222-44 Braddock Avenue, southeast corner of Winchester Boulevard, Block 10740, Lot 12, Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman, Arthur Levine, Paul Levine and Giovanni Nisita.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper..... 4

Negative: 0

Not Voting: Vice Chairman Keating..... 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 24, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on December 10, 1957 after due notice by publication in the Bulletin; laid over to January 14, 1958, at 10 A. M., to permit objectors to be present who were delayed by traffic conditions; applicant to send notices by regular mail; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Braddock Avenue are in a retail use, D area, class ½ height district; Winchester Boulevard is in retail and residence use, D and E-1 area, class ½ height districts; 91st Avenue is in a residence use, E-1 area, class ½ height district; that as of July 25, 1916 the property was zoned as a business use, one times height district and D area district; that the present retail use designation became effective on January 21, 1947 and the class ½ height designation became effective on June 30, 1952; that the area designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated July 18, 1957 acting on N.B. Applic. 2286-57, reads:

"1. Proposed gasoline service station, lubritorium, non-automatic auto wash, minor repairs with hand tools only, office, storage and sales of auto accessories and parking of 5 cars waiting to be serviced in a Retail Use District is contrary to Article II Section 4A of the Zoning Resolution.

2. Proposed show window on Winchester Blvd. side and within 75'-0" of a Residence Use District is contrary to Article II Section 7A of the Zoning Resolution.

3. Ground sign on premises facing Braddock Ave. is contrary to Article II Section 4A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 102.64 foot frontage by 92.17 feet, irregular in depth; that on September 2, 1955 the Building Department, under N.B. 2807-55 approved an application to permit at the subject premises the erection of a one story building 20 feet by 30 feet in area, to be occupied as a retail ice cream stand and to occupy the unbuilt upon area for parking of owner's and patrons' cars; that pursuant to this approval, Permit No. 4663-55 was issued and work was commenced, but never completed; that the building contractor never received payment for his work and construction was suspended; that at present there are three Building Department violations on record as follows: Violation No. 4716-55, issued December 12, 1955—"Steel members erected not properly braced. Lolly columns not properly centered on footings; Violation No. 3085-56 filed July 24, 1956: "Construction suspended, premises in need of repair. Hazardous condition created by vandalism"; Unsafe Building No. 136-56, issued August 21,

1956: "Doors, plate glass windows broken and hazardous, fire hazard and also a moral nuisance"; and

WHEREAS, the applicant states that it is proposed to remove the existing unsafe, hazardous structure and to erect and maintain for a stated term of fifteen years, a brick faced, peak-roof, parkway type gasoline service station, lubritorium, non-automatic auto wash, minor repairs with hand tools only, office, storage and sales of auto accessories, and parking of five cars awaiting service, with proposed show window on Winchester Boulevard side within 75 feet of a residence use district, and ground sign on premises facing Braddock Avenue; and

WHEREAS, the applicant states that the instant application differs materially and substantially from the previously denied application in the following respects: that the building has been relocated for the better protection of adjoining occupancies; that the previous application proposed to erect the service station building flush to the rear and easterly lot lines whereas the instant application proposes to erect the building 10 feet clear of the rear lot line and 20 feet clear of the easterly lot line; that the building has been re-designed to enhance the appearance of the site and of the neighborhood; that the previous application proposed a colonial type building; that the instant application also proposes a colonial design but with additional features, such as roof dormers and an ornamental cupola; that the fence walls have been re-designed to provide better protection to neighboring occupancies; that the prior application proposed a 5 foot high brick and picket fence wall extending from the rear wall of the proposed building to the Winchester Boulevard building line and extending along Winchester Boulevard for a distance of only 25 feet, and a similar fence wall along the easterly lot line extending from the wall of the proposed building to the Braddock Avenue building line; that the instant application proposes to erect along the entire rear lot line a solid brick fence wall 5 feet 6 inches high extending also along the Winchester Boulevard building line for a distance of 57.17 feet; that along the easterly lot line a brick and picket fence wall, 5 feet 6 inches high is now proposed; that the area proposed to be used for seeding and landscaping is almost five times as large as was previously proposed; that the total area now proposed to be seeded and landscaped is approximately 1645 square feet, or 17.8% of the total area, whereas the previously denied application proposed only 335 square feet of landscaped area, or only 3.6% of the plot; that the present application proposes only one pump island, instead of two as heretofore proposed, and proposes to relocate it to provide better safety conditions at the sidewalk by setting it back 15 feet from the Braddock Avenue building line, instead of only 10 feet as heretofore proposed; that the number of post standard signs is now proposed to be reduced; that the previous application proposed two post standard signs, one located at the intersection of Braddock Avenue and Winchester Boulevard and another at Braddock Avenue at the easterly lot line; that the instant application proposes only one post standard sign located at the intersection; and

WHEREAS, the applicant further states that at the time the previous application was acted upon by the Board, the premises was vacant; that today there exists thereon an incomplete and abandoned retail ice cream stand which has been characterized by the Building Department as hazardous, unsafe, a fire hazard and a moral nuisance; that a grant of this application would benefit the neighborhood by the elimination of this eyesore; that the use by school children of the sidewalk in front of the proposed use is now substantially less than that which existed at the time of the denial of the previous application; that this reduction of use has occurred primarily through the construction of a new school in the neighborhood and a consequent change in the zones served by the schools, which has rearranged the pedestrian pattern of children en route to and from school; and

WHEREAS, the applicant contends that there is no economic demand for the development of the subject premises with a conforming use as existing store facilities are suffi-

MINUTES

cient to serve the needs of the residents in the area; that in an effort to develop the premises for a conforming use a previous owner started construction of a retail ice cream stand; that he was unable to lease the premises to any tenant, was financially unable to complete the work and abandoned the partly completed development; that the present owner, who held the mortgage on the premises started foreclosure proceedings and acquired title; that subsequent efforts have been made to lease the property for use as a drive-in refreshment stand or for other conforming uses, but without success; that there is no economic demand for development of the property for residence use as the property is located in a retail district, at the intersection of two heavily travelled thoroughfares and is directly opposite an existing gas station; that there is an economic demand for development of the premises as proposed as it is located at the intersection of two heavily travelled thoroughfares; that a major oil company has entered into a lease for the premises conditioned upon obtaining the requisite approvals; that a grant of the instant application would have no adverse effect upon neighboring properties as the subject premises is situated in a retail use district and both sides of Braddock Avenue within the affected area, to a point 100 feet west of Winchester Boulevard are zoned for retail use; that the balance of the blockfront is either undeveloped, block 10740, lot 17, or is developed with two story buildings with stores on the first floor and residences above; that the northerly side of Braddock Avenue, within the affected area, is developed with business and commercial uses; that block 7949 diagonally opposite the site is zoned for retail and residence use and is either vacant, Lot 6, or developed with two story buildings with stores on the first floor and residences above, Lots 1 to 5 inclusive; that Block 7967 directly opposite the site is developed with a gas station which occupies the entire block front, Lot 27, established prior to 1938 and for which the Board granted an extension of use on October 18, 1938 under Cal. No. 582-38-BZ and also permitted the reconstruction and further extension of use on July 31, 1951 under Cal. No. 582-38-BZ, Vol. II; that Block 7968 diagonally opposite the subject premises is developed with a one story restaurant, with accessory parking facilities, Lot 13, and a store, Lot 31; that the property opposite the site to the west, Block 10723, Lot 1, is zoned for retail and residence use and is developed with a garden apartment with accessory garages located along the Braddock Avenue frontage; that the adjoining properties to the south are in a residence use district and will be protected and buffered by the proposed fencing and landscaping arrangement; that a grant of the instant application would protect, rather than endanger, the safety of pedestrians as the proposed use would have no greater effect upon pedestrians using the crosswalk in front of the premises than if the property were to be devoted to a conforming use; that a conforming use could be established with several curb cuts for ingress and egress to permitted parking and loading and unloading areas along Winchester Boulevard, within 5 feet of the adjoining property; that under N.B. 2807-55, a 25 foot curb cut for the ice cream stand parking area was approved within 5 feet of adjoining premises to the south; that by contrast, the instant application proposes only one curb cut entrance to the premises along Winchester Boulevard located 67 feet from the adjoining property to the south, which itself is partly in a retail use district; that the proposed building, being set back 35 feet from the Winchester Boulevard building line and more than 53 feet from the Braddock Avenue building line will insure greater traffic safety by giving clear visibility to traffic at the intersection; that the proposed gas station would not create any additional traffic but would be supported by the heavy automobile traffic which now exists; that Braddock Avenue is a wide thoroughfare which leads directly into Grand Central Parkway and Cross Island Parkway and the patronage of the service station would be provided by transients as well as local residents; that the proposed development of the premises with a building that would be comparatively small in height and area would provide more light and ventilation to

adjoining properties than if the premises were to be developed with a conforming building; that the proposed building is limited to one story, 22 feet in height and to 1280 square feet in area or 14% of the area of the plot whereas a conforming use structure could be erected to a height of 50 feet; that the instant application includes minor repairs with hand tools only, which is an incidental use to a gas station; that all body work, welding, painting and spraying are excluded; that the proposed show window on the Winchester Boulevard side of the accessory building, within 75 feet of a residence use district, is set back 39 feet 2 inches from the Winchester Boulevard building line, with a landscaped area and 5 foot 6 inch high solid brick fence wall serving as an effective buffer between it and the residence district, and consequently nearby properties in the residence district would not be adversely affected; that the proposed ground sign in a retail use district facing Braddock Avenue refers to a post standard sign advertising the brand of gasoline sold on the premises; that the proposed sign is a customary incident to the operation of the gas station, and that as an accessory sign it is in conformity with the spirit of the zoning resolution; that a grant of this application would not alter the essential character of the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since December 3 1956; that the assessed valuation of land is \$8,000 and of the building \$300 making a total of \$8,300; that the building was erected in 1955.

The resolution containing certain conditions affecting this application will be printed in a later Bulletin.

519-54-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Joseph Weiss and Sons, Inc., and Frances H. Wikler, owners.

SUBJECT—Application reopened September 24, 1957 as Vol. II—re decision of the Borough Superintendent under sections 7a and 21 of the Zoning Resolution, to permit in a business and residence use and C area district, to extend the present use of monumental works to an adjoining Lot 107 and erect a metal shed over the present traveling crane occupying more than the permitted area.

PREMISES AFFECTED—928-940 Jamaica Avenue and 1-35 Lincoln Avenue, southeast corner and 2-8 Nicholas Avenue, Block 4109, Lots 91 and 107, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama, Eugene S. Ginsberg and Arthur Weiss.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 24, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on December 17, 1957 after due notice by publication in the Bulletin; laid over to January 14, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Lincoln Avenue and Nicholas Avenue are in business and residence use, C area, class 1 height districts; Jamaica Avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 30, 1957 acting on Alt. Applic. 1588-57, reads:

"1. On a plot located partly in a business use district and partly in a residence use district the proposed extension of the plot and the extension of the non-conforming use is contrary to Art. II Sec. 3, Art. II Sec.

MINUTES

tion 4(a) subdiv. 39, and Art. II Section 6 of the Zoning Resolution.

2. Proposed crane enclosure building, occupies within the residential portion of the lot more than that permitted by Art. IV Section 13(b) of the Zoning Resolution.

Note: The use of a portion of these premises (lot 91) was the subject of a conditional variance granted by the Board of Standards and Appeals under Cal. No. 519-54-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 177 foot $2\frac{3}{4}$ inch frontage by 305 feet $3\frac{1}{2}$ inches, irregular in depth; that the entire lot 91 of the site is now being used as a monumental works, having been established under N.B. Applic. 3422 of 1907; that Building Department records further show that under N.B. Applic. No. 1305-52, the Board's conditional variance under Cal. No. 519-54-BZ and Certificate of Occupancy No. 155242, the legal uses are first floor—office and drafting room; first floor—monumental works, strand wire saw and rolling crane; that it is proposed to extend the rolling crane and the open storage of granite on to lot No. 107; that it is also proposed to erect a metal shed over the monumental works, one story in height, 230 feet $3\frac{1}{2}$ inches by 75 feet, on lot No. 91; that the erection of the metal shed over the open monumental works on lot No. 91 along Lincoln Avenue will help to confine any noises to within the building, remove an eyesore and generally help improve the appearance of the neighborhood; and

WHEREAS, the applicant contends that lot No. 107 of the premises was formerly occupied as a gasoline station and inasmuch as the use on lot 91 is legal, the mere extension of the existing crane on to lot 107 and the use of the open area of lot 107 for storage of granite, cannot materially affect any of the adjoining properties, as this is only a change from one non-conforming use to another; that the area of the lot within the residence use district of the premises, wherein the new metal extension is proposed equals 15,750 square feet; that the permissible area coverage is 60% of 15,750 square feet and equals 9450 square feet; that the area of the proposed metal crane enclosure is 9450 square feet and the area in excess is 6300 square feet; that the excessive area of the new metal shed is predicated on the size of the existing crane; and

WHEREAS, the applicant states that the present owners have held title to lot 91 since November 12, 1952 and to lot 107 since July 1, 1954; that the assessed valuation of land is \$42,500 and of the building \$13,500 making a total of \$56,000; that the building was erected in 1907; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 7, 1954 by adding thereto:

that in the event the owner desires to construct an additional building as an addition to the present building, substantially as proposed and as indicated on plans filed with this application marked "Received August 2, 1957", 3 sheets, and "November 4, 1957", one sheet; that such extension may be permitted provided the portion facing on Jamaica Avenue and Linden Place shall be put in good structural condition and kept properly painted to the satisfaction of the Borough Superintendent; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified this day under Cal. No. 737-57-A; and to permit the installation and use of one additional crane located where shown; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

737-57-A

APPLICANT—Lama, Proskauer and Prober, for Joseph Weiss and Sons, Inc., and Frances H. Wikler, owners.

SUBJECT—Application August 2, 1957—Appeal from a decision of the Borough Superintendent, re Class 5 construction, area excessive, re walls less than 15 feet from lot lines, etc.

PREMISES AFFECTED—928-940 Jamaica Avenue, 1-35 Lincoln Avenue, southeast corner and 2-8 Nicholas Avenue, Block 4109, Lots 91 and 107, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama, Eugene S. Ginsberg and Arthur Weiss.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 30, 1957 on Alt. Applic. 1588-57 reads:

"3. Proposed extension on the existing wood shed in class 5 construction to exceed the permitted area is contrary to 4.2.1 of the Administrative Code.

The use of a class 5 structure for manufacturing in a building where walls are less than 15 feet from the lot line is contrary to 4.2.1 (f) of the Administrative Code."

WHEREAS, the applicant states the premises consist of a plot 177 foot $2\frac{3}{4}$ inch front by 305 feet $3\frac{1}{2}$ inches irregular in depth; located in a business and residence use C area, class 1 height district; and used and occupied since 1907 as office and drafting room, monumental works, strand wire saw and rolling crane with an occupancy of 15 persons; that on the lot there are three buildings, building #1 is one story, 11 feet in height of class 3 construction, 40 feet front by 23 feet 8 inches irregular in depth; building #2 is one story, 13 feet in height, 37 foot front by 17 feet in depth of class 4 construction; and building #3 which is the building now in question is one story, 35 feet in height, 75 foot front by 75 feet in depth of class 4 construction, proposed to be increased in area to 75 foot front by 305 feet $3\frac{1}{2}$ inches irregular in depth; and

WHEREAS, C. of O. 155242 issued April 9, 1957 against N.B. Appli. 1305-52 permits the following use and occupancy; 1st floor—office and drafting room, 5 persons; 1st floor—monument works, strand wire saw and rolling crane, 10 persons; and refers to a one story metal and one story frame structure; and

WHEREAS, the applicant states that the entire Lot 91 is now being used as a monument works, established under N.B. Applic. 3422-07; that under N.B. Applic. 1305-52 pursuant to conditional variance granted by the Board under Cal. No. 519-54-BZ; C. of O. 155242 was issued permitting the use and occupancy as follows: 1st floor—office and drafting room; 1st floor—monument works, strand wire saw and rolling crane; and

WHEREAS, the applicant states it is now proposed to extend the rolling crane and the open storage of granite on to Lot 107 and to erect a metal shed over the monument works, one story in height, 230 feet $3\frac{1}{2}$ inches by 75 feet in area; and

WHEREAS, the applicant contends to Objection 3 issued by the Borough Superintendent; that the new metal shed will exceed the allowable area by 2,450 square feet and will be only 5 feet in excess of the 30 feet height permitted for one story; and

WHEREAS, the applicant contends to Objection 4 issued by the Borough Superintendent; that in view of the fact that existing rolling crane is constructed on the lot lines and the building lines, it is mandatory that the new metal shed be constructed along these same lines in order to properly enclose the entire crane; that as the proposed construction will do much to protect the public health, safety and general welfare, it is requested that this application be granted; and

WHEREAS, the premises was inspected by a committee of

MINUTES

the Board and the committee recommended that the application should be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated July 30, 1957, acting on Alt. App. 1588-57, Objection No. 3, be and it hereby is *modified* and that the appeal be and it hereby is *granted* construction of the proposed extension to the shed as permitted by the Board this day under Cal. No. 519-54-BZ, Vol. II *on condition* that the building shall not exceed the height and area as indicated and shall comply in all other respects with the requirement of all laws, relative thereto; that such fire-fighting equipment shall be maintained as the Fire Commissioner shall direct; that the repairs to the present building and its structural condition shall be maintained to the satisfaction of the Borough Superintendent.

3-56-BZ

APPLICANT—Lama, Proskauer and Prober, for Regina Homes, Inc., owner.

SUBJECT—Application January 4, 1956—re decision of the Borough Superintendent under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection of a gasoline service station, lubritorium, car washing, office and sales, parking and storage of motor vehicles, wall signs and ground sign.

PREMISES AFFECTED—76-01 to 76-15 (76-07 official) North Conduit Avenue and 107-55 to 107-63 76th Street, northeast corner, Block 9129, Lot 52 Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Eugene S. Ginsberg.
For Opposition: Frances Werner, Arthur Vizza, Edward Hoffman for Park Dept.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 25, 1956, after due notice by publication in the Bulletin; laid over to October 9, 1956, at the request of applicant; no further requests for adjournment considered; then to November 14, 1956, for applicant to file a statement in the Borough President's office as to the possibility of the continuation of Sutter Avenue across Sunrise Highway; for inspection and decision; hearing closed, then to December 11, 1956, for inspection and decision; then laid over, pending further development of the area; date to be determined; now set for decision on March 26, 1957; laid over from March 26, 1957, date to be set, and for further inspection and decision; then set for decision on April 24, 1957; then laid over for decision by full complement of the Board; date to be determined; then set for November 19, 1957; then to December 17, 1957, for continuation of hearing, applicant to file new list of owners, and to send out notices according to the regular procedure and correct block diagram as may be necessary to indicate all buildings to date; then to January 14, 1958, for decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 14, 1955, acting on N.B. Applic. 5380-55, reads:

"1. Proposed erection of gasoline service station, lubritorium, car washing, office and sales, parking and storage of motor vehicles, wall signs and ground sign in a Residence Use District is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 162.15 foot frontage by 100 feet in depth, irregular, now vacant; that it is proposed to secure a variance, for a

period of fifteen years, in order to erect a modern gasoline service station consisting of ten 550 gallon gasoline tanks and six dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction, having a frontage of 62 feet and a depth of 30 feet, and will contain the conjunctive uses of lubritorium, minor auto repairs, car wash, office and sales and storage; that part of the open area of the site will be reserved for the parking and storage of motor vehicles; and

WHEREAS, the applicant states that the premises are located in a residence use district, class 1 height and class D area district; that as of July 25, 1916, that part of the premises within 100 feet of North Conduit Avenue was in a business use district and the balance of the premises was in a residence use district; that the present use designation became effective on May 15, 1941; and

WHEREAS, the applicant further states that the ground sign as proposed at the intersection of North Conduit Avenue and 76th Street will only project 4 feet beyond the building line and is required for the proper operation of the gas station and will only advertise the brand of gasoline to be sold; that the sign will be of a non-flashing electric type, approximately 36 square feet in area and will be mounted 12 feet above grade to the bottom of the sign; that the wall signs on the building will be 12 inches in height and advertise the functions within the building; that the signs will be either plain or illuminated of the non-flashing type and area required for proper operation of the gas station; and

WHEREAS, the applicant contends that North Conduit Avenue is a heavy trafficked auto lane leading across Brooklyn and Queens and the attendant noises precludes the use of the site for residence purposes; that the premises and the adjoining lot No. 80 were bought from the city for tax liens indicating that the land never was suitable for residence development; that the owner proposes to develop lot No. 80 with homes on 76th Street and stores on Pitkin Avenue; that the building will be modern in design; that there are no other gas stations within the affected area; and

WHEREAS, the applicant states that the present owner has held title to the property since December 16, 1955, and that the assessed valuation of land is \$7,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e and h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N. B. App. 5380-55, Objection No. One, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

12-57-BZ

APPLICANT—Burke, Green and Groh, for Michael R. Jordan, owner.

SUBJECT—Application January 11, 1957—decision of the Borough Superintendent under section 7e of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, washing, lubritory, office, sales of auto accessories and minor repairs with hand tools only.

PREMISES AFFECTED—77-01 to 77-21 North Conduit Avenue, northeast corner of Sutter Avenue, Block 11340, Lot 1, Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.
For Opposition: Frances Werner, Arthur A. Vizza and Edward Hoffman for Park Dept.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on Tuesday, October 15, 1957 after due notice by publication in the Bulletin; laid over to November 19, 1957, for inspection in connection with Cal. No. 3-56-BZ, and for decision; also letter from Park Department as to jurisdiction; hearing closed; then to December 17, 1957, for continuation of hearing due to construction in the area since the filing of the application, with further notices to be sent out in accordance with the regular procedure and list of owners to be corrected to date; then to January 14, 1958, for further consideration and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Sutter Avenue, North Conduit Avenue and 78th Street are in residence use, D area, class 1 height district; that as of July 25, 1916 the property referred to was zoned as a business district and the present use designation became effective on May 15, 1941; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated December 14, 1956 acting on N.B. Applic. 4033, 1956, reads:

"1. The erection of a gasoline service station, auto washing, lubrication, office and sales of auto accessories, minor repairs with hand tools only in a residence zone is contrary to Art. II, Sec. 3 of Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 219.37 foot frontage, by 117.67 feet in depth, presently unimproved; that it is proposed to construct a modern gasoline service station on a presently vacant triangular corner plot having a frontage of 219.37 feet on North Conduit Avenue, 185.15 feet on Sutter Avenue and 117.67 feet on 78th Street; that the building will be colonial in character, having a peaked roof and faced with face brick on all sides; that gasoline pumps and curb cuts will be installed along North Conduit Avenue and Sutter Avenue only; that a 3 foot 6 inch high iron picket fence on a 2 foot high face brick base will be erected along the major portion of 78th Street from the North Conduit Avenue intersection to the rear of the building; that shrubbery and planting protected by a concrete curb will be provided along this fence wall; that the entire triangular portion of ground behind the building will be devoted to shrubbery; that two 30 foot curb cuts will be installed along Sutter Avenue and four 30 foot curb cuts will be installed along the North Conduit Avenue frontage; that a post standard and sign will be erected at the intersection of Sutter Avenue and North Conduit Avenue; and

WHEREAS, the applicant contends that it is to be noted that the property is triangular in nature being surrounded completely by street area; that adequate shrubbery is proposed which will shield the proposed station from the residential area of 78th Street and partly along Sutter Avenue; that this property is situated along the recently constructed Conduit speedway and is one of the few sections with a cut through for north and south bound traffic; and

WHEREAS, the applicant states that the present owner has held title to the property since October 24, 1956 and that the assessed valuation of the land is \$2500.

The resolution containing certain conditions affecting this application will be printed in a later Bulletin.

282-57-BZ

APPLICANT—Louis B. Santangelo, for Cliffsedge Realty Inc., owner.

SUBJECT—Application April 9, 1957—decision of the Borough Superintendent under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of the plot for the parking and storage of motor vehicles for the stated term of five (5) years.

PREMISES AFFECTED—1540-1610 Sedgwick Avenue,

east side, 291.74 feet south of West 176th Street, Block 2880, Lots 33, 93 and 96, Borough of The Bronx.

APPEARANCES—

For Applicant: H. E. Horwood and Frederick Manfredi.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and

Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 26, 1957 after due notice by publication in the Bulletin; and to December 10, for inspection and decision; hearing closed; then to January 14, 1958, for applicant to restudy proposal and submit revised plans; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1¼ height district; that until April 29, 1954 the residential zoning terminated 100 feet south of West 176th Street, and from that point north was zoned for business; and

WHEREAS, the decision of the Borough Superintendent, dated March 28, 1957 acting on Alt. Applic. 103-57, reads:

"1. In a residence district the proposed parking & storage of motor vehicles is contrary to Sec. 3, Art. II of the Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 745.17 foot frontage by 124 feet and 138.76 feet in depth, presently unimproved; that it is proposed to remove the unsightly shrubbery and rubbish and comply with all parking lot requirements such as grading, surfacing, installing woven wire fence, etc., and install attendant's shelter and one curb cut at approximately the center of the plot; and

WHEREAS, the applicant contends that there is great need for off street parking in this area as the many apartment houses were erected prior to the passage of section 19B of the Zoning Resolution and consequently have no parking facilities; that the streets in this vicinity are marked for one side parking on alternate days and there is much confusion each morning by the shifting of cars from one side of the street to the other; that there are no parking lots to be found between the west side of University Avenue and Sedgwick Avenue from 167th Street on the south and West Tremont Avenue on the north; that there is also much street parking on Sedgwick and Cedar Avenues by commuters using the Morris Heights railroad station of the New York Central who drive to and from the station and leave their cars in the street all day; that this plot faces Major Deegan Boulevard and the New York Central railroad tracks which are about 15 feet below the grade of Sedgwick Avenue, which is in turn about 35 feet below the grade of Undercliff Avenue; that opposite the site between the tracks of the New York Central and the Harlem River is a large auto wrecking yard, several coal yards and a structural iron works, which also detract from the value as a residential site; that there is no sidewalk or curb on Sedgwick Avenue and in spite of the efforts of the owner to prevent it, many cars are parked there and rubbish dumped there, creating a fire hazard; that the Park Department is presently installing a chain link fence between Sedgwick Avenue and the Parkway and there are no entrances or exits from same between 167th Street on the south and Fordham Road on the north; that a grant of this application for the requested period of five years would be a boon to the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since July, 1953 and that the assessed valuation of land is \$44,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate

MINUTES

case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit a portion of the premises to be occupied for parking of motor vehicles substantially as proposed and as indicated on plans filed with this application marked "Received April 9, 1957", 3 sheets, as amended by revised plans marked "Received January 7, 1958", one sheet, *on condition* that only such portion of the premises shall be used for parking as is indicated on such revised plans marked "Received January 7, 1958"; that this portion of the premises shall be leveled substantially to the grade of Sedgwick Avenue or may be a higher grade that will furnish a more or less level condition but that such trees on the premises of eight inch caliber or greater shall be retained and properly pruned and protected against damage from cars; that along the front of the premises there shall be an area of approximately five feet in width which shall be maintained as a clear grass plot at all times; that the entrance to the premises may consist of one ramped entrance toward the south where indicated for in and out servicing; that there shall be a woven wire fence of the chain link type located on the lines where indicated on such revised plans marked "Received January 7, 1958" that in such fence there may be a pedestrian gate in the event the owner desires such a gate of easy access from the apartment houses in the rear; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that the leveled portion of the area shall be paved with clean gravel or steam cinders and treated with a binder and properly rolled; that signs shall be restricted to a permanent sign attached to the fence near the entrance advertising the parking and storage use and the rates charged and such other information as may be required by the Commissioner of Licenses; that the fences on the front, side and rear, where shown, shall be of a woven wire chain link type not less than five feet six inches in height; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon except there may be a building solely for use as an office and shelter for an attendant not exceeding one hundred square feet in area and one story in height; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

283-57-BZ

APPLICANT—James E. Vassalotti, for Amigo Realty Corp., owner.

SUBJECT—Application April 9, 1957, decision of the Borough Superintendent under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection of a one story class 3 construction for use as a restaurant with parking for patrons' cars on the open area and with ground signs and other signs, for a stated term of ten (10) years.

PREMISES AFFECTED—79-01 to 79-19 (79-09 official) Linden Boulevard, north side, from 79th Street to South Conduit Avenue; 155-02 to 155-40 South Conduit Avenue; 79-02 to 79-20 Dumont Avenue and 155-01 to 155-39 79th Street, Block 11377, Lots 1, 3, 13 and 26, South Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Eugene S. Ginsberg.
For Opposition: Edward Hoffman for Park Dept.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on

November 13, 1957, after due notice by publication in the Bulletin; laid over to December 10, 1957, for inspection and decision; hearing closed; then to January 14, 1958, for applicant to file revised plans showing what is proposed, including fences; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, D area, class 1 height district; that as of July 25, 1916, that part of the premises within 100 feet of Dumont Avenue was in a business use district and the present use designation became effective May 15, 1941; and

WHEREAS, the decision of the Borough Superintendent, dated April 2, 1957, acting on N.B. Applic. 380-57, reads:

"1. Proposed erection of a business structure in a residence zone is contrary to Art. II Sec. 3 of Zoning Resolution.

"2. Proposed parking of patron cars in open area in a residence zone is contrary to Art. II Sec. 3 of Zoning Resolution.

"3. Proposed ground signs and other signs in a residence district is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 foot frontage by 395.47 feet in depth, presently vacant; that it is proposed to erect a modern restaurant, one story in height, of class 3 construction, having a frontage of 93 feet and a depth of 93 feet; that the balance of the open area of the site will be used for the parking of patrons' cars; that it is also proposed to erect two electrically illuminated ground signs, each 10 feet wide and 30 feet high, to advertise the proposed restaurant; and

WHEREAS, the applicant contends that inasmuch as the proposed restaurant and parking area will occupy the entire block, the use will be isolated and have little or no adverse effect on the community; that Linden Boulevard and South Conduit Avenue are highly traversed auto lanes and as such, not only is the proposed use in keeping at this point, but the erection of dwellings, with the traffic and noises and fumes emanating from the aforementioned highways tend to render the site unsuitable for residence use; that the gas station in block 11376, lots 33, 35 and 23 is a non-conforming use and further indicates that Linden Boulevard at this point is unsuitable for residence development; that the open sewage canal adjoining the site to the west in the bed of 79th Street definitely prohibits the premises from being used for dwellings or any other conforming use, due to the unsanitary conditions produced by said sewage canal; and

WHEREAS, the applicant states that the present owner has held title to the property since May 3, 1955, and that the assessed valuation of land is \$9,800; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of twenty years to permit the premises to be occupied as a one story residential building substantially as proposed and as indicated on plans filed with this application marked "Received April 9, 1957," 5 sheets, and to permit the parking of patrons' cars as proposed and as indicated thereon *on condition* that the premises shall be levelled and shall be protected with a woven wire fence as proposed and with an entrance to Linden Boulevard and South Conduit Avenue and for further consideration after recommendations have been made by the Commissioner of Parks as to the fencing and the parking use of the premises.

286-57-BZ

APPLICANT—Raymond Irrera, for Raoul and Victoria Fernandez, owners.

SUBJECT—Application April 10, 1957—decision of the Borough Superintendent under sections 7a and 7c of the Zoning Resolution, to permit in a residence use district, the maintenance of existing garages and storage shed not accessory to a dwelling.

PREMISES AFFECTED—21-20 to 21-24 27th Road, south side, 102.06 feet west of 27th Road, Block 543, Lot 134, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Raymond Irrera.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating..... 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 17, 1957 after due notice by publication in the Bulletin; laid over to January 14, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1¼ height district; 27th Road and 28th Avenue are in residence and business use, class 1¼ and class 1½ height districts; 21st Street is in a business use, B area, class 1½ height district; 23rd Street is in a business use, B area, class 1¼ height district; that original zoning maps in 1916 indicate the subject premises as part of a block bounded by Newtown Avenue, formerly Newtown Road, on the north, 23rd Street, formerly Ely Avenue, on the east, 28th Avenue, formerly Clark Street, on the south and 21st Street, formerly Van Alst Avenue, on the west; that 27th Road, formerly known as John Street was not indicated on the original map; that at that time the subject premises was partly in a residence use district and partly in a business district, the separation created by a diagonal line running in a northwesterly direction from the business designation parallel to 23rd Street to the center of what is now 27th Road; that the frame buildings used as barns and stables were at that time partly in a business district; that the 1924 zoning maps still did not indicate John Street, now known as 27th Road; that the 1927 maps do indicate John Street, with no change in zoning; that the 1937 maps show the premises entirely in a residence use district; and

WHEREAS, the decision of the Borough Superintendent, dated March 11, 1957 acting on Alt. Applic. 380-57, reads:

"1. Proposed legalization of existing garages on a lot in a Residence use district is contrary to Art. 2, Sec. 3 of the Z. R.

2. Proposed legalization of a storage shed on a lot in a Residence use district and not accessory to a dwelling on the same lot is contrary to Art. 2, Sec. 3 of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 64.95 foot frontage by 83.37 feet in depth, upon which is situated a one story, seven car frame garage with asphalt shingle siding, a three car frame metal covered garage and a one story frame shed used as storage, and also at one time used as garages; that on this entire plot, in addition to the above mentioned buildings and facing 28th Avenue, is a 2½ story, three family converted multiple dwelling, erected in 1911 as a two family dwelling and converted under Alt. Applic. No. 9302-37 to three families; and

WHEREAS, the applicant states that on June 6, 1955 Alt. Applic. No. 1329-55 was filed to legalize the use of the frame buildings as garages, which buildings were used as such prior to 1916; that on August 8, 1955 the following objection was received from the Building Department:

maintaining frame structures on the same lot with a multiple dwelling is not permitted, Sec. 56 M.D.L.; that this application was withdrawn on March 4, 1957; that in order to file applications with the Board for a variance from an order issued by the Fire Department to obtain legal use of the garages on the 27th Road portion of the plot, it was necessary to divide the lot into two parcels, which was accomplished on April 20, 1956; that the portion of the plot in question was maintained as lot No. 134 and the portion facing on 28th Avenue was designated as lot 56 by the Tax Department; that on March 5, 1957 Alt. Applic. No. 380-57 was filed to legalize these frame garages and shed, and on March 11, 1957 received objections 1, 2, 3 and 4, photostatic copy of which is filed with this appeal; that on March 8, 1957 B.N. Applic. No. 311-57 was filed to reduce the size of the plot upon which the multiple dwelling was situated, corresponding with the subdivision of the plot, and this application was approved on March 11, 1957, which approval was necessary in order to obtain objections to Alt. Applic. 380-57, to seek relief from the Board; that these premises are part of the broccoli farm owned and operated by the former well known broccoli king, Pasquale De Cicco; that this farm was in existence since 1892 and discontinued as a farm in approximately 1922; that the farm at that time extended from 27th Road to 30th Avenue and from 21st Street to 23rd Street; that the homestead of the farm was the two story and basement building now shown as lot 56 in block 543, which was erected by the DeCicco family in 1911; that the buildings in question, with the exception of the three car metal garages, were at that time used as stables, barns and accessory buildings to the farm; that these buildings were erected around 1898; that the metal building was erected under N.B. 4259-30 as an accessory to the dwelling, but not erected on the plot in accordance with the approved plan, but where it is now shown on plans submitted with this appeal; that since about 1911 until 1922 these stables were being gradually used for garages, having at that time two or three garage tenants, and the balance of the space in these buildings continued as stable and barns for a few horses until the farm was discontinued; that thereafter all of the spaces have been used as garages for pleasure vehicles; and

WHEREAS, the applicant contends that 27th Road, although zoned for residence has only two frame residence buildings on the street adjacent to the subject premises in lots 133 and 34; that block 543, lot 28, on the corner of 27th Road and 23rd Street, has a garage and motor vehicle repair shop and the rear of lot 25 has the same type garages; that lot 21, formerly a theatre, is now a storage warehouse and lot 10, formerly a post office building, is now a factory; that lots 6 and 33 are now used as a trailer sales lot; that in view of the present character of the buildings and premises in this street, a grant of this application will certainly be in conformity with other buildings in the street; and

WHEREAS, the applicant further contends that since some of the portions of the frame buildings were used as garages prior to 1916 and that this use has been established and maintained from about 1922 up to the present date, and that as an aid to reducing open street parking, this application deserves favorable action by the Board; and

WHEREAS, the applicant further contends that although the Fire Department order refers to twelve cars, the portion of the frame building indicated as storage shed was at one time also used as a two car garage, but since the plot is subdivided, access to these garages cannot be had as there is only a ten foot space between these garages and the rear lot line, which is insufficient to enter into these garages; that these garages will therefore be used as a storage shed for garden tools, screens, storm windows, etc.; that on March 19, 1957 the owner appeared in Long Island City Court in answer to a summons issued by the Fire Department and was given until April 23, 1957 to prepare and file an appeal with this Board; that since possessing the property, the owners have improved and maintained the appearances of these garages by the application of

MINUTES

asphalt shingles and new doors, stuccoing of the side wall of the frame building, frequent painting of exterior woodwork and trim, and maintaining concrete driveway and garage door aprons in good condition; and

WHEREAS, the applicant states that the present owners have held title to the property since September 15, 1948; that the assessed valuation of land is \$5,500 and of the buildings \$1,200 making a total of \$6,700; that the buildings were erected in 1898; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of five years to permit the existing garages as indicated on plans filed with this application marked "Received April 10, 1957", six sheets, as accessory to the dwelling and for the storage of neighborhood cars of the pleasure car type only; that such garage building shall be kept in repair and shall not be extended; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified this day under Cal. No. 287-57-A; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

287-57-A

APPLICANT—Raymond Irrera for Raoul and Victoria Fernandez, owners.

SUBJECT—Application April 10, 1957—Appeal from a decision of the Borough Superintendent, re frame structure in fire limits—metal structure less than 4 feet from lot line.

PREMISES AFFECTED—21-20 to 21-24 27th Road, south side, 102.06 feet west of 23rd Street, Block 543, Lot 134, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Raymond Irrera

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 4
Negative: 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 11, 1957, on Alt. Applic. 380-57 reads:

"1. Proposed legalization of frame structures within the fire limits is contrary to C26-247.0 of the Administrative Code.

"Proposed metal structure less than 4'-0 from the lot line is contrary to C26-254.0-f of the Administrative Code."

and

WHEREAS, the applicant states that the building is one story, 12 feet in height, 18.27 feet and 24.11 feet front by 73.04 feet and 20.10 feet in depth, of class 4 and 5 construction, erected prior to 1898, located on a lot 64.95 feet front by 83.37 feet in depth, in a residence use B area, class 14 height district; and used and occupied since 1922 without a C. of O. as ten private garages and storage shed; and

WHEREAS, the applicant states that the buildings consist of seven car garage of frame construction with asphalt shingle siding, a 3 car frame metal covered garage and a one story framed shed used as storage and at one time used as garages; that in addition there is a two and half story, 3 family converted multiple dwelling, erected 1911 as a two

family dwelling and converted under Alt. Applic. 9302-37 to 3 family occupancy; that Alt. Applic. 1329-55 was filed to legalize the use of the frame garages which buildings were used as such prior to 1916; and disapproved on the grounds that frame structures on the same lot as multiple dwelling were not permitted by Sec. 56 of the Multiple Dwelling Law; that in order to file for a variance from an order issued by the Fire Department requiring a C. of O. for the garages on the 27th Road portion of the lot, it was necessary to divide it into two parcels so that the portion now in question is Lot 134 and the portion facing on 28th Avenue was designated as Lot 56; that Alt. Applic. 380-57 was filed March 5, 1957, to legalize these frame garages; and B.N. Applic. 311-57 was filed to reduce the sizes of the plot on which the multiple dwelling stands; and

WHEREAS, the applicant contends that the premises are part of a farm which was in existence since 1892 and discontinued as a farm in 1922; that the buildings now in question with the exception of 3 car metal garages were at that time used as stables, farms and accessory buildings to the farm; that the metal building was erected under N.B. Applic. 4259-30 as an accessory to the dwelling, but was not erected in the location shown on such approved plans but in the location shown on plans submitted with this application; that 1911 until 1922 the stables were being gradually used for garages until the farm use was discontinued and thereafter all of the spaces have been used as garages for pleasure vehicles; and

WHEREAS, the applicant states that the owner has improved and maintained the appearance of the garages by the application of asphalt shingles and new doors and by the stuccoing of the side wall of the frame building and frequent painting of exterior woodwork and trim and maintaining concrete driveway and garage aprons in good condition; and

WHEREAS, the applicant states that the Board will grant permission to maintain private garages on these premises he feels certain that he can persuade the owner to remove the present frame buildings and erect masonry private garages on the plot; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated March 11, 1957, acting on Alt. App. 380-57, Object on No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the continuation of the existing buildings under the terms as specified by the Board by resolution adopted under Cal. No. 286-56-BZ, this day.

373-57-BZ

APPLICANT—Ingram S. Carner, for Francis P. Headley, owner.

SUBJECT—Application May 6, 1957—decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution, to permit in a business portion of a plot partly in a business district and partly in an unrestricted use district, the erection and maintenance of a gasoline service station, office, sales of auto accessories, car washing (automatic), minor automobile repairs with hand tools only, lubricatorium, storage and parking, parking of more than five (5) motor vehicles waiting to be serviced, for a stated term of fifteen (15) years.

PREMISES AFFECTED—5808-5828 Flatlands Avenue and 898-920 East 59th Street, southwest corner, Block 7784, Lots 41, 43, 45, 46, 47, 83 and 85, Borough of Brooklyn.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

MINUTES

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 6, 1957 after due notice by publication in the Bulletin; laid over to December 10, 1957, at request of objector, applicant concurring; no further requests for adjournments to be considered; then to December 17, 1957, for hearing at request of objector; then to January 14, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 58th Street and East 59th Street are in business and unrestricted use, D and B area, class 1 height districts; Flatlands Avenue is in a business use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated April 23, 1957 acting on N.B. Applic. 393-57, reads:

"1. Proposed building and premises on a plot, partly in a Business zone and partly in an Unrestricted zone, to be used for Gasoline service station, office sales and storage of auto accessories, lubritorium, minor repairs with hand tools only, automatic car washing and parking of more than 5 cars waiting service is contrary to Art. II, PP. 4a, subsection 29, 46 and 52 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 196 foot 11 $\frac{5}{8}$ inch frontage by 209 feet irregular in depth; that the rear line is 160 ft.; that the premises are now vacant and unimproved; that it is proposed to erect and maintain for a stated period of fifteen years a modern gasoline service station, office, sales of auto accessories, automatic car washing, minor automobile repairs with hand tools only, lubritorium, storage and parking and parking of more than five motor vehicles awaiting service; and

WHEREAS, the applicant contends that there is an economic demand for the development of the subject premises as proposed as the property is located along Flatlands Avenue which is a wide and heavily trafficked automobile thoroughfare; that the premises could be developed substantially as proposed so as to yield a fair return on the owner's investment, and a major oil company has entered into a purchase and/or lease agreement of the premises conditioned on its development as proposed; that the proposed use would not alter the essential character of the neighborhood as it is situated in a business and unrestricted use district; that a grant of the instant application will safeguard adjoining properties to a far greater extent than if the property were to be developed with a conforming use; that the proposed buildings, being set back more than 60 feet from the Flatlands Avenue building line will insure greater traffic safety by giving clear visibility to traffic at the intersection; that the proposed gas station would not create any additional traffic, but would be supported by the heavy automobile traffic which now exists; that a grant of this application would not endanger the safety of pedestrians as there are no residences built on the south side of Flatlands Avenue, in proximity to the property; that the use of a gas station necessarily requires the crossing of the sidewalk by automobiles in order to reach the service area; that the proposed use, however, would have no greater effect upon the safety of pedestrians using the crosswalk in front of the premises than now exists or if the property were to be devoted to any number of conforming uses which could be unconditionally established and which would likewise involve vehicles crossing the sidewalk, and which involve precisely the same, or even greater, inconvenience to the neighborhood; that the proposed use of the premises would provide more light and ventilation to adjoining properties than if the premises were to be developed with a conforming use as the building is limited to one story, 14 feet in height and 3807 square feet in area; that a grant of this application would do substantial justice in that it would permit the property to be developed for the only beneficial manner for which there exists an economic demand without adversely affecting anyone; and

WHEREAS, the applicant states that the present owner has

held title to the property since September 1952, November 1952, January 1953 and May 1953; that the assessed valuation of land is \$14,100.

The resolution containing certain conditions affecting this application will be printed in a later Bulletin.

406-57-BZ

APPLICANT—Maxfield Blaufeux, for William Zagari and Frank LaRosa, owners.

SUBJECT—Application May 23, 1957, decision of the Borough Superintendent under section 7e of the Zoning Resolution, to permit in a residence use district, the change in use of an existing one story building from live poultry market to repairing and storage of motor radiators, and parking of four (4) motor vehicles awaiting radiator servicing on the open portion of the lot at the rear of the building.

PREMISES AFFECTED—8698 16th Avenue, west side, and 97 Bay 11th Street, east side, 100 feet south of Benson Avenue, Block 6396, Lot 35, Borough of Brooklyn.

APPEARANCES—

For Applicant: Maxfield Blaufeux.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 17, 1957, after due notice by publication in the Bulletin; laid over to January 14, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, D area, class 1 height district; Benson Avenue, Bay 11th Street and 16th Avenue are in residence and retail use, D area, class 1 height districts; Bath Avenue is in a retail use, D area, class 1 height district; that these zoning designations have prevailed for many years and have not been changed since July 25, 1916, and for the present no petitions for zoning amendments are pending relating to this property; and

WHEREAS, the decision of the Borough Superintendent, dated May 8, 1957, acting on Alt. Applic. 1384.57, reads;

"1. Proposed change of occupancy from live poultry market, to repairing and storage of motor vehicle radiators, parking of 4 motor vehicles for servicing on open portion of lot at rear of building on premises located within a residential district, is contrary to Art. 2 Sect. 3 of Zoning Resolutions.

"2. Curb cut entrance to building violates Art. 2 Sect. 3 of Zoning Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 48 foot 10 inch frontage by 193 feet 4 inches in depth, presently improved with a class 3, non-fireproof masonry structure, erected under Alt. Applic. No. 1537-31; that this structure was formerly a class 4 frame building and after having been gutted and destroyed by fire in 1931, was rebuilt in masonry under the abovementioned alteration application; that the continuous use for this building has been a live poultry market; that records of the Board of Health and of the Building Department will prove that this use was in existence prior to 1931; that, however, on May 21, 1931, the Department of Buildings issued Certificate of Occupancy No. 63889, thereby establishing the legal use for the premises as a poultry market; and

WHEREAS, the applicant states that the present owners who are presently engaged in the business of radiator repair work in tight quarters elsewhere, and who are compelled to vacate to larger quarters, purchased this building with the sincere intent of continuing radiator work in same; that upon inspecting the site, block and general appearance of

MINUTES

the surrounding area, it was decided to file this appeal for a variance; and

WHEREAS, the applicant contends that the building has been vacant for the past ten years and also untenanted during this period resulting in no income for the former owner; that it is evident that the end of the era of live poultry markets has come about; that this being so, coupled with the fact that the premises could not be used in any other commercial capacity, due to the restricted zone, forced the former owner to sell this property at the first opportunity far below the assessed valuation, to the present owners who acquired same on February 15, 1957; that the present commercial and industrial appearance of the west side of 16th Avenue, the street on which the main entrance of said building faces, would not be made worse by taking this deteriorating structure and permitting the repairing and storage of radiators to be done on the premises and entirely within the building; that the building will be repaired and restored in all respects and the property on both streets would be properly fenced in; that the adjoining properties along the west side of 16th Avenue are now used for the parking of motor vehicles, storage of building contractors' supplies, garage and gas station, etc.; that all of these uses, which are normally prohibited by law, are now operating in the open and viewed by passing pedestrians and residents abiding in the surrounding dwellings; and

WHEREAS, the applicant further contends that all radiator repair work, which is the only type of work that will be performed on a car will be done indoors; that the open space at the rear of the building facing Bay 11th Street is required for the parking of four customer cars awaiting service indoors; that no radiator work will be performed on said cars in the open area and said cars will be parked also temporarily in this portion after servicing of radiators; that a curb cut has been indicated and will serve as a driveway space along Bay 11th Street to allow access to the open area; that the business of radiator repair work will be carried on during the daylight hours of 8 A.M. to 6 P.M. daily and on Saturdays until 1 P.M.; that no pungent odors are emitted from the building and the operating noise has been reduced to a minimum, thereby disturbing no one in general; and

WHEREAS, the applicant states that the present owners have held title to the property since February 15, 1957; that the assessed valuation of land is \$9,000 and of the building \$7,500 making a total of \$16,500; that the building was erected May 21, 1931; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 1384-57, Objection No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

484-57-BZ

APPLICANT—Lab Estates, Inc., owner (Knott Hotels, Inc., lessee).

SUBJECT—Application June 14, 1957—decision of the Borough Superintendent under section 21 and 19A(j) of the zoning resolution, to permit in a restricted retail use, "B" area and 1½ and 2 height districts, the erection of a fifteen (15) story extension to an existing 19 story and penthouse Berkshire Hotel encroaching on an existing inner court, exceeding the permitted area and height and eliminating the required loading berths.

PREMISES AFFECTED—500-506 Madison Avenue and 15-25 East 52nd Street, northwest corner, Block 1288, Lot 11, Borough of Manhattan.

APPEARANCES—

For Applicant: Milton Adler and Merwin Lewis.

For Opposition: Edward Hoffman for City Construction Coordinator.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 10, 1957 after due notice by publication in the Bulletin; laid over to January 14, 1958, for inspection and decision; and for letter from the applicant as to excess footage and name of title owner; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a restricted retail use, B area, class 1½ and class 2 height district; and

WHEREAS, the decision of the Borough Superintendent, dated May 14, 1957 acting on Alt. Applic. 301-57, reads:

"A4. Objection repeated. Provide 2 off-street loading berths. Art. IV, Sec. 19A, Subd. (b) (5) of Zoning Resol.

A5. Objection repeated. Area of existing inner court may not be reduced. (Note: Wall of new extension encroaches 13' 7" x 0' 10" on Court). Art. IV, Sec. 19(e), Zon. Resol.

A6. Objection repeated. That portion of existing building, directly opposite new structure, which sets back 2 inches from the street lot line may not be counted as excess height. Correct computations accordingly. Art. IV, Sec. 9(e) Zon. Resol."

and

WHEREAS, the applicant states that the premises consist of a plot, 170 foot frontage by 100 feet 10 inches and 100 feet 5 inches in depth; that it is proposed to erect a 15 story extension to the 19 story and penthouse Berkshire Hotel which is located on the northwest corner of Madison Avenue and 52nd Street; that the existing 19 story and penthouse building is on a plot 95 feet by 100 feet 10 inches, and the proposed extension will be on an adjoining plot 75 feet by 100 feet 5 inches; that there are at present on the said plot two 2-story buildings, each with a one story extension covering the entire plot to the rear property line, which buildings will be demolished to make room for the new extension; and

WHEREAS, the applicant states that there is a great need for hotel accommodations in the Radio City area; that no new hotel has been built on the east side since the Waldorf-Astoria was built in 1931; that it is desired to build a 15 story extension to the Berkshire Hotel for the purpose of providing additional hotel space; that this will provide 160 additional rooms; and

WHEREAS, the applicant further states that there are practical difficulties and unnecessary hardships which require that the strict letter of the Zoning Resolution should not apply; that a variance should be granted as to each of the objections which have been filed herein; that none of the objections in any way refer to the use of the building, but deal primarily with area variances; that the law is well settled that in cases involving area variances, practical difficulties are sufficient to grant a variance without any showing of unnecessary hardships; that in the leading case of *Matter of Village of Bronxville v. Francis*, 1 App. Div. 2d 236 (2d Dept. 1956, affirmed w/o opinion 1 N.Y. 2d 839, a variance of the local zoning ordinance of the Village of Bronxville was granted to permit the construction of a bank building containing floor area in excess of the amount permitted by the ordinance; that the Board found that there were practical difficulties in conforming to the ordinance in that a new conforming building would not provide a reasonable return on the fair value of the land and the building, and that the age and condition of the present buildings prevented a reasonable return during the brief period of their usefulness;

MINUTES

that the Board found that there were unnecessary hardships as well as practical difficulties; that Special Term annulled the Board's determination upon the ground that there was no proof of unique hardship; that the Appellate Division in effect reversed by reinstating the Board's determination upon the ground that practical difficulties had been proved and that there was no requirement for unnecessary hardship in a case involving merely an area variance; that the court held that the tests set up for showing unnecessary hardship in a use variance in *Matter of Otto v. Steinhilber*, 282 N.Y. 1, 76 were inapplicable; Ughetta, J. said at pp. 238 and 239:

"This court has consistently held that the above quoted language in the Otto opinion is intended to apply to a variance in the use of premises and not to a variance in the area upon which a building may be constructed. The language quoted above from the Otto opinion shows in itself that a use case was under discussion, and other portions of the opinion make that clear. When the variance is one of area only, there is no change in the character of the zoned district and the considerations present in the Otto case are not present. A change of area may be granted on the ground of practical difficulties alone, without considering whether or not there is an unnecessary hardship. (People ex rel. Helvetia Realty Co. v. Leo, 231 N.Y. 619). This court is committed to the rule that, in the absence of statutory provision to the contrary, special hardship need not be established as a condition to granting an area variance. (Matter of Perri v. Zoning Bd. of Appeals of the Inc. Vil. of Scarsdale, 283 App. Div. 818; Matter of Kelly v. Murdock, 275 App. Div. 786; 359 West 34th St. v. Board of Stds. & Appeals of City of N.Y., 279 App. Div. 1032, affd. 305 N.Y. 878; Matter of Leone v. Yates, 280 App. Div. 823; Matter of Atlantic Beach Property Owners' Assn. v. Richter, 281 App. Div. 769.)"

that in *Application of Fulton v. Board of Appeals of Oyster Bay*, 158 N.Y. S.2d 434 (Sup. Ct. Nassau Co. 1956), Christ, J. said:

"... it has been clearly held that a 'change of area may be granted on the ground of practical difficulties alone without considering whether or not there is an unnecessary hardship.' Village of Bronxville v. Francis, 1 App. Div. 2d 236, 150 N.Y.S. 2d 901, 909, affirmed 1 N.Y. 2d 839."

See also *Matter of Gruen v. Simpson*, 153 N.Y.S. 2d 287 (Sup. Ct. Nassau Co. 1955).

and

WHEREAS, the applicant states that while the building extension will encroach approximately 13 feet 7 inches long and 10 inches wide in the area of the inside court of the existing building, the net result of the extension is actually to provide more total area of the inner court than previously; that the top of the court is at an elevation of 211 feet above curb; $211 \times 3" = 633" = 53 \text{ feet}$; $53^2 = 2809 \text{ square feet}$ of inner court required for the combined buildings; that the total area of the inner court, after completion of the extension, will be 3720.33 square feet; that this is considerably more than the area of the existing inner court as set forth above, and this more than substantially satisfies the requirements of Article IV, Section 19E; that a variance should be granted to permit the encroachment; and

WHEREAS, the applicant requests that the Board grant permission to allow the first floor and cellar of the extension to occupy 100% of the lot in the new portion; that the reduced area of the extension of the building on the second floor will be approximately 4686 square feet or only 62% of the lot in the extension; that there are at present on the premises two buildings, each with a one story extension, which cover the entire area extending to the rear property line; that these buildings are to be demolished to make room for the new extension; that to permit the first story of the new building extension to cover the entire area would not affect the light and air of the adjoining property areas any more than they are affected under existing conditions; that the Knott Hotels, the lessee of the Berkshire Hotel and the

proposed extension, insists that it is necessary to have a ballroom to accommodate groups of people for meetings and banquets, and that the hotel cannot be efficiently run without such a ballroom; that unless a variance is granted there would be no space for such a ballroom; that in *Ryback v. Murdock*, Cal. No. 957-54-BZ, New York Law Journal, April 11, 1957, p. 6, the Supreme Court, New York County, affirmed a determination of the Board in granting an area variance where there were practical difficulties involved; that when the extension is completed, Lots 11 and 13 will be combined with Lot 14 and the designation will be changed to Lot 11 for the entire parcel; that if this change existed at the present time, it would not exceed area coverage or encroach on inner court, and these objections would not then be raised by the Building Department; and

WHEREAS, the applicant further requests permission to allow the portion of the building on the opposite side of the street, which is two inches off the street lot line, to be figured in the calculation for average excess height according to Article III, Section 9e of the Zoning Resolution; that the language of the section is not so clear as to exclude the possibility that it is proper to include the two stories which is excluded by the Building Department's interpretation; that in any event, there are serious practical difficulties and unnecessary hardships involved which entitle him to a variance; that the stories of the extension above the first floor will be 10 feet 3 inches in height to conform to the stories of the existing Berkshire Hotel, which was built in 1926; that today the minimum height requirement is only 8 feet 5 inches; that if the extension were built as a separate unit, two or three additional floors could be gained; that the necessity to make the floors in the extension exactly the same height as the present floors in the Berkshire Hotel to which it is added is a practical difficulty and a unique hardship which entitled him to a variance; that this is in accord with the rule stated in *Village of Bronxville v. Francis*; that granting this application will provide additional floor area which in turn means additional hotel rooms; that this will serve the public welfare as well as make the proposed hotel extension economic for the lessee, preserving the balance aptly referred to by Judge Fuld in *Shepard v. Village of Skaneateles*, 300 N. Y. 115, as follows: "There must... be a proper balance between the welfare of the public and the rights of the private owner"; that from the standpoint of the public welfare, there is a recognized need for additional first class hotel accommodations in the Radio City area to enhance the City as a tourist and convention center; that the City's aims to develop its potentialities in this regard are demonstrated by the Summer Festivals and the construction of the Coliseum, to mention only the two most striking evidences of this; that it is the experience of the Knott Hotels that they are unable, with existing accommodations, to fill the present demand; that room reservations must be placed well in advance; that an air conditioned modern extension to the hotel is bound to aid in relieving some of this great demand; that the operation will not be an efficient one unless it can secure a minimum of 160 additional rooms; that a grant of this application would not lead to greater congestion in the streets, which was a primary purpose of height restriction as stated in the 1916 Report of the Commission on Building Districts and Building Restrictions, and would not adversely affect the light or ventilation of adjoining property owners; and

WHEREAS, the applicant contends that the entire extension will be a class B multiple dwelling (hotel) except for the first floor which will be occupied by six small stores and a ballroom which can be used for large meetings and banquets; that Article IV, Section 19A, Subdivision c of the Zoning Resolution provides that a hotel in a B district which has a floor area of less than 75,000 square feet is not required to have any loading berth whatsoever; that the present extension will have only 61,874 square feet; that Article IV, Section 19A, Subdivision d of the Zoning Resolution provides that premises designed for occupancy by retail stores and service uses in a B district which comprise less

MINUTES

than 25,000 square feet do not require a loading berth; that the total floor area for this use, including stores and cellar area, is only 15,086 square feet; that the literal application of Article IV, Section 19A(h)(5) would require two loading berths since the combined total space is approximately 76,960 square feet, which is more than the above stated minimums; that such a result is clearly unwarranted as the entire character of the proposed extension is such that, as a practical matter, no off street loading platform is required; that the extension cannot be compared to a garment center building in which there is a great deal of trucking required; that the hotel premises proper will not require any trucking except for the carting away of the usual rubbish at night; that as for the small retail stores, since this is a restricted retail district, there will be no constant deliveries nor steady trucking to and from the stores; that a loading platform would create traffic congestion on this busy street, since trucks would be required to turn around to back up to the platform; that without a loading platform the trucks could park alongside the curb near the stores; that the facts on this application are at least as favorable as they were on the recent applications involving 410 Park Avenue under Cal. No. 546-56-BZ, decision reported in March 26, 1957 Bulletin, page 556, and 630 Third Avenue under Cal. No. 53-57-BZ, decision printed in July 30, 1957 Bulletin, page 1427; that in both of these instances the Board adopted resolutions dispensing with the necessity for literal compliance with the loading berth requirement of Article IV, Section 18A, Subdivision (h)(5); and

WHEREAS, the applicant states that the present owner has held title to the property since 1926; that the assessed valuation of land is \$1,460,000 and of the building \$640,000 making a total of \$2,100,000; that the building was erected November 8, 1926.

The resolution containing certain conditions affecting this application will be printed in a later Bulletin.

485-57-A

APPLICANT—Lab. Estates Inc., owner (Knott Hotels, Inc. lessee).

SUBJECT—Application June 4, 1957—filed pursuant to section 310 of the Multiple Dwelling Law for variation of sec. 27, subdivision 2b and section 26, subdivisions 2, 6 and 8a re height, bulk, required open spaces, minimum dimensions of yards and courts.

PREMISES AFFECTED—500-506 Madison Avenue and 15-25 East 52nd Street, northwest corner, Block 1288, Lot 11, Borough of Manhattan.

APPEARANCES—

For Applicant: Milton Adler and Merwin Lewis.

ACTION OF BOARD—Laid over to January 21, 1958, at 10 A. M. for further consideration and decision; hearing closed.

500-57-BZ

APPLICANT—Aaron Halpern, for M. F. G. Realty Corp., owner.

SUBJECT—Application July 3, 1957—decision of the Borough Superintendent under section 7c of the Zoning Resolution, to permit in a residence use district, the erection of a one story masonry extension and extend the use of conveyor manufacturing.

PREMISES AFFECTED—22-42 129th Street, west side, 50 feet north of 23rd Avenue, Block 4204, Lot 48, College Point, Borough of Queens.

APPEARANCES—

For Applicant: Aaron Halpern.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper... 4

Negative: 0

Absent: Vice Chairman Keating..... 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 17, 1957 after due notice by publication in the Bulletin; laid over to January 14, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 128th Street are in a residence use, A area, class 1 height district; 129th Street is in residence and manufacturing use, A area, class 1 height districts; 23rd Avenue is in residence, business and manufacturing use, A area, class 1 height districts; that as of July 25, 1916 the property was zoned as an unrestricted district and the present residence designation became effective on August 25, 1955; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated June 19, 1957 acting on Alt. Applic. 1792-56, reads:

"1. The extension of a conveyor mfg. shop in a residence district is contrary to Art. 2 Sec. 3 of the Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 feet frontage by 100 feet in depth, presently improved with a one story building of masonry construction, which is used for the manufacture of dairy conveyor equipment; that this building was erected under N.B. Applic. No. 308-54 on which Certificate of Occupancy No. Q99333 was issued on November 16, 1954; and

WHEREAS, the applicant contends that the owners have found that the existing building, which has a frontage of 35 feet 4 inches and a depth of 61 feet 4 inches, is insufficient in size to meet their needs and they proposed to erect a 50 foot extension to the north of the existing building with the same depth, of similar construction; that however it was found that the zone had been changed on August 25, 1955 from unrestricted to residence; that this change prevented them from expanding their facilities though they had acquired this property in June, 1953 at which time it was unrestricted in its entirety and could have therefore been utilized entirely as a conveyor manufacturing shop; and

WHEREAS, the applicant further contends that the site in question, on its northerly and westerly perimeter, has an existing stone retaining wall in good condition; that as such, the adjoining property is approximately 8 feet to 10 feet higher than the site in question; that with the proposed factory extension recessed in this area, it will have no adverse effect on any of the adjacent properties; and

WHEREAS, the applicant states that the present owner has held title to the property since June 1, 1953; that the assessed valuation of land is \$4,500 and of the building \$9,500 making a total of \$14,000; that the building was erected in 1954; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the construction of an extension of the building substantially as proposed and as indicated on plans filed with this application marked "Received July 3, 1957", three sheets, *on condition* that such building and extension shall comply in all respects with the requirements of the Building Code and that the fence around the area of the premises shall be maintained; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

579-57-BZ

APPLICANT—Seelig and Finkelstein, for 5600 Realty Corp., owner.

SUBJECT—Application July 31, 1957, decision of the Borough Superintendent under section 9A of the Zoning Resolution, to permit in a residence use, one (1) and one and a half (1½) height district, the erection of a six (6) story class A Multiple Dwelling exceeding the permitted height within two miles of a designated airport.

PREMISES AFFECTED—132-25 and 132-45 Maple Avenue, north side, 210.725 feet and 361.467 feet east of Lawrence Street, Block 5101, Lots 17, 61 and 64, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Harry Finkelstein.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 14, 1958, after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Frame Place are in a residence use, C area, class 1 and class 1½ height district; Lawrence Street is in a local retail use, C area, class 1½ height district; Sanford Avenue is in local retail and residence use, C area, class 1½ height districts; Maple Avenue is in local retail and residence use, C area, class 1 and class 1½ height districts; that it is partially in a one times and partially in a one-half times district; that portion facing on Sanford Avenue and extending 100 feet south is in the ½ times height district; that it is 1.8 miles from the nearest boundary line of LaGuardia Airport and 1.9 miles from the nearest runway; that Maple Avenue is 64 feet wide and Sanford Avenue is 70 feet in width; and

WHEREAS, the decision of the Borough Superintendent, dated July 17, 1957, acting on N.B. Applic. 1038-57, reads;

"1M. Proposed six (6) story Class A Multiple Dwelling at the above location is in a Res.-1-C-District within 2 miles of an airport. Plans show building to exceed the height limit permitted. Sections 8(d) and 9A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 301.485 foot frontage by 302.532 feet in depth; that it is proposed to erect a six story apartment project consisting of two units 60 feet 10 inches in height, to be occupied as a class A multiple dwelling, with 180 apartments in all, and a garage for 74 cars; that it is to be built for the middle income class under section 207 of the Federal Housing Administration; that the site and plans have been approved by the Federal Housing Administration; and

WHEREAS, the applicant contends that the building will cover about 38% of the lot, although 60% is permissible, and in addition a minimum setback of ten feet has been voluntarily created for the full frontage on Maple Avenue; that this actually creates a physical width of a minimum of 4 feet on this street, under which width of street the height of 64 feet 9 inches would be permissible without setback privileges; and

WHEREAS, the applicant further contends that there are a number of six story apartment buildings in the immediate vicinity closer to the airport than that proposed in the instant application; that on Lawrence Street, but 210 feet to the west of the site, also closer to the airport, a building could be erected to a height of 87 feet 6 inches, since Lawrence Street is 100 feet wide; that on Sanford Avenue, the street upon which the plot in question also has frontage, a building could be erected to a height of 87 feet 6 inches, Sanford Avenue being 70 feet in width; that on the block

bounded by Roosevelt Avenue, Prince Street, 41st Avenue and Lawrence Street there has been erected five 10-story buildings each 96 feet in height, housing 400 families; that this project is located 1500 feet north of the proposed buildings, being that much closer to the airport; that it is therefore conceivable that a great number of buildings could be erected to a far greater height than the proposed building, and yet closer to the airport; and

WHEREAS, the applicant states that the present owner has held title to the property since May, 1956, and that the assessed valuation of land is \$59,600; and

WHEREAS, the Board finds that due to this distance from the airport and the relatively small additional height that the appeal should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 9, Subdivision A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 9A, to permit the excess height, as proposed and shown on plans filed with this application, marked "Received November 27, 1957," 5 sheets, on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

586-57-BZ

APPLICANT—Victor G. Madonia, for Joseph Jezelnik, owner.

SUBJECT—Application August 2, 1957—decision of the Borough Superintendent under section 21 of the Zoning Resolution, to permit in a G-1 area district, the erection of a one story, one family dwelling with the side less than the required setback from the mapped street line.

PREMISES AFFECTED—67-03 138th Street, east side, 40 feet south of 62nd Avenue, Block 6397, Lot 4, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Victor G. Madonia.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper... 4

Negative: 0

Absent: Vice Chairman Keating..... 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 17, 1957 after due notice by publication in the Bulletin; laid over to January 14, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, G-1 area, class 1 height district; 62nd Avenue, 138th Street and 62nd Road are in a residence use, G-1 and D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 24, 1957 acting on N.B. Applic. 4238-56, reads:

"1. In a G-1 district no portion of any building shall be erected nearer than 15' to the street line of any street as laid out upon the City Map. Art. IV, S. 16-e (b)."

and

WHEREAS, the applicant states that the premises consist of a plot, 49 foot frontage by 100 feet in depth; that the proposed dwelling is 25 feet wide and 46 feet 3 inches long and is located on the plot with a 25 foot setback in the front facing 138th Street and a 10 foot setback on the north side abutting 62nd Avenue; that since there is a proposed street widening of 5 feet on 62nd Avenue, when and if this street widening is effected, the proposed 10 foot setback will be reduced to 5 feet; and

WHEREAS, the applicant contends that the type of home

MINUTES

proposed conforms in character with those in existence in the community and is not excessive in width for the size of the affected property; that for example, if the plot in question, reduced to 35 feet by 100 feet by the proposed street widening, were an interior lot of the same dimensions, it would be legal to construct the same proposed dwelling on it, in the same area district; that the requirements of a G-1 area district on the plot in question, because it is a corner facing two streets, reduces the usable area for construction purposes to a point where it is impractical, if not impossible, to build on it; that in this particular case, it is impossible to increase the width by the purchase of adjacent property because there is none available; that as a result, the affected property lying vacant will certainly become a collection spot for debris and an eyesore to the community; that the setback requirements make it impossible for the owner to build on or to sell the affected property and therefore, in time it must revert to City ownership because of unpaid taxes; that this will result in an undue loss and hardship to the owner and a loss of revenue to the City; and

WHEREAS, the applicant states that the present owner has held title to the property since October 10, 1956 and that the assessed valuation of land is \$1,700; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee has paid particular attention to the conditions of the nearby houses as to their relation to the street lines and recommended that the application should be granted; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to omit the provision of the side yard along 62nd Avenue substantially as proposed and as indicated on plans filed with this application marked "Received August 2, 1957", 4 sheets, and "November 12, 1957", one sheet, to permit the location of the building as indicated on such plans; that the front and rear and side yards as shown on such plans marked "Received November 12, 1957" shall not be further reduced; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

598-57-BZ

APPLICANT—Lama, Proskauer and Prober, for Anthony Spensieri, owner.

SUBJECT—Application August 22, 1957—decision of the Borough Superintendent under sections 7c and 21 of the Zoning Resolution, to permit in a residence use district, the erection of a one story masonry building for use as a storage garage for less than five (5) owner's trucks, one 550 gallon gasoline tank and pump, parking and storage of more than five (5) owner's trucks on the open area and maintain the present one story building at the rear of the plot as a two (2) truck garage.

PREMISES AFFECTED—8-22 to 8-30 28th Avenue, south side, 150 feet east of 8th Street, Block 509, Lots 39, 40 and 41, Astoria, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Eugene S. Ginsberg.

For Opposition: Rev. Victor Bucci.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper

Negative: 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 17, 1957, after due notice by publication in the Bulletin; laid over to January 14, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1½ height district; 8th Street, 12th Street and Astoria Boulevard is in residence and retail use, B area, class 1½ height districts; Main Avenue is in a retail use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 5, 1957 acting on Alt. Applic. 1076-57, reads:

"1. The erection of a masonry storage garage and the storage of motor vehicles on open portion of lot within a residence zone is contrary to Art. II, Sec. 3 of Zoning Res.

"2. The erection of a gasoline storage system and pump for owners use within a residence zone is contrary to Art. II, Sec. 3 of Zoning Res.

"3. Establish that the existing frame garage for 2 trucks was legally erected as this garage is contrary to Art. II, Sec. 3 of zoning res. and provide rear yard for said building per Sec. 12 of Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot 75 foot frontage by 80 feet, irregular in depth, presently developed with a one story building of class 3 construction, having a frontage of 25 feet, a depth of 32 feet 8½ inches, and now being occupied as a two truck garage; that the open area is being used for parking and storage of trucks and storage of junk; that it is proposed to secure a variance for a temporary period of fifteen years in order to alter the classification of the existing frame building B, to non-fireproof construction, by enclosing the building with concrete blocks which will be used as a garage for two trucks, and to erect a new building at the front of the plot one story in height, of class 3 construction, with a frontage of 25 feet and a depth of 60 feet, for use as a truck garage; that it is also proposed to install one 550 gallon approved type buried gasoline tank and pump for the owner's use only; that the open space is proposed for parking and storage of more than five owner's trucks; and

WHEREAS, the applicant states that there are no records in the Department of Buildings that would indicate a permit being issued for the present garage, but the 1898 Sanborn maps show a one story frame garage on this site; and

WHEREAS, the applicant contends that the development of this site as proposed will do much to improve the appearance of 28th Avenue, will increase the property value and remove an unsightly eyesore; that 28th Avenue, due to the high embankment on the north side, cannot possibly be removed without providing a high and costly retaining wall and it is for this reason this street will never be improved with dwellings or any other use permitted in a residence use district; that the garage on lot 44, adjoining the site on the east, is a non conforming use in a residence use district; that the present garage at the rear of the lot adjoins a two story brick building on lot No. 24, so that the omission of the rear yard cannot possibly affect any of the adjoining properties; and

WHEREAS, the applicant states that the present owner has held title to lots 40 and 41 since March 7, 1951 and to lot 39 since March 3, 1952; that the assessed valuation of land is \$2,400; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee found very poor conditions in the general area and that the street was not paved, and the committee felt that the improvement requested certainly would not be a detriment to the area but would tend to improve it and should be permitted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7 Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does

MINUTES

hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of ten years to permit the premises to be reconstructed and rearranged substantially as proposed and as indicated on plans filed with this application marked "Received August 22, 1957," 4 sheets, *on condition* that the proposed building shall comply with the requirements of the Code; that all existing fences shall be removed and shall be replaced, where walls of the proposed building do not occur on the lot line, with a woven wire fence of the chain link type not less than five feet six inches in height; that the entrance to the premises shall be from 28th Avenue as shown; that the fences on the street line shall be maintained but there may be a gate in the fence to permit entrance and exit, with curb cut opposite to 28th Avenue, not exceeding twelve feet; that where the existing and proposed buildings do not occur the area shall be leveled and surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there may be one pump erected on the premises only within the garage building where shown, with one tank of an approved type of 550 gallon capacity buried in the premises; that such fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the use of the premises shall also be permitted for the storage of junk and the storage of the trucks engaged in the junk business as proposed and shown; that signs shall be restricted to one sign attached to the fence giving the name of the concern and the business and eliminating all roof signs and temporary signs or signs painted on the walls of the proposed building; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

515-57-BZ

APPLICANT—Paul Friedman, for E. M. J. Realty Corp., owner.

SUBJECT—Application September 6, 1957, decision of the Borough Superintendent, under sections 7e, 7h and 7A of the Zoning Resolution, to permit on a plot partly in a restricted retail and partly in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, non automatic car washing, minor repairs with hand tools only, office, sales and storage of auto accessories, and parking and storage of more than five motor vehicles, with ground sign in restricted retail district, and with a sign on building fronting on 154th Place within 75 feet of a residence use district, for a stated term of fifteen years.

PREMISES AFFECTED—154-11 Horace Harding Expressway (154-01 to 154-19), north side, from Kissena Boulevard and 154th Place; 60-11 to 60-15 Kissena Boulevard and 59-46 to 59-52 154th Place, Block 6731, Lots 1 and 6(1), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 17, 1957 after due notice by publication in the Bulletin; laid over to January 14, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 154th Place and Horace Harding Expressway are in restricted retail and residence use, D area, class 1 height districts; Kissena Boulevard is in a restricted retail use, D area, class 1 height district; that as of July 25, 1916 the property was zoned as a business use district; that on September 18, 1947 the portion of the property more than 100 feet from Kissena Boulevard was changed to a retail district; that on October 20, 1955 the

entire property was changed to a restricted retail district except for the small 8 foot by 100 foot portion which was changed to a residence district; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated August 27, 1957 acting on N. B. Applic. 2429-57, reads:

"1. Proposed installation of gasoline service station, lubritorium, car washing (non-automatic), minor repairs with hand tools only, office, sales and storage of auto accessories, and parking and storage of more than 5 motor vehicles within a Restricted Retail Use district and extending into a Residence Use district is contrary to Art. II, Sec. 3 and Sec. 4B of the Zoning Resolution.

2. Proposed ground sign within a Restricted Retail Use district is contrary to Art. II, Sec. 4B of the Zoning Resolution.

3. Proposed sign on building fronting on 154th Place, within 75 feet of a Residence Use district is contrary to Art. II, Sec. 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 196.28 feet frontage by 83.37 feet and 52.17 feet in depth, irregular; that it is proposed to erect and maintain for a term of fifteen years a parkway type gasoline service station with accessory uses of lubritorium, non automatic car wash, minor repairs with hand tools only, office, sales and storage of auto accessories and parking and storage of more than five motor vehicles, with a ground sign in a restricted retail district, and with a sign on the building facing 154th Place, within 75 feet of a residence use district; and

WHEREAS, the applicant states that there is no economic demand for the development of the subject premises for a conforming development; that the present owner acquired this property in February 1950 and at the time of acquisition the property consisted of a plot more than 20,400 square feet in area; that this plot was reduced to its present area of approximately 13,489 square feet by the condemnation of the portion of the premises fronting along Horace Harding Boulevard for the purpose of constructing the Expressway, which is now under construction in this area; that the premises was originally acquired for development as a supermarket and shopping center to service the Pomonok Houses, a large housing development then under construction, along Kissena Boulevard, south of Horace Harding Boulevard; that however, no plans were filed for this development at that time as such development was deemed premature until Pomonok Houses was nearing completion; that in June, 1951 the City started proceedings to widen Horace Harding Boulevard although title was not vested in the City until 1955; that during this period from 1951 to 1955 the owner was unable to develop the property because of the proposed condemnation of a substantial but underlined portion of the premises and because the reduced area which would remain after condemnation would be too small to permit the development of the property for the original purpose, that is a large supermarket or shopping center with ample off street parking facilities; that after the condemnation the owner continued to make diligent efforts to sell or develop the premises for a conforming use, which efforts have proved fruitless and there is no demand for the property now or in the foreseeable future, for any use whatsoever, except for a gas station; that the subsequent rezoning of the property from business and retail use to its present restricted retail and residence use designation, which became effective on October 20, 1955 became an additional impediment to the development of the premises; and

WHEREAS, the applicant further states that the only economic demand for the development of the subject site has been and is for a gas station as the property is situated at the intersection of Horace Harding Expressway and Kissena Boulevard, both heavily travelled automotive thoroughfares;

MINUTES

that the unique roadway pattern in this area makes the property exceptionally desirable for development as proposed herein; that the main roadway of Horace Harding Expressway is approximately 25 feet below street grade in this area; that the only through street which crosses over the Expressway in this area is Kissena Boulevard, so that north-south traffic, which was previously dispersed over many streets in this area, will now be concentrated on Kissena Boulevard; that in addition, the subject premises is uniquely situated along the service road of Horace Harding Expressway, between an exit from the center lane of the Expressway located about 650 feet to the east, near 156th Street, and an entrance thereto located about 250 feet to the west, just west of Kissena Boulevard; that the heavy concentration of both local and transient automotive traffic makes the property exceptionally adaptable for the proposed development; and

WHEREAS, the applicant further states that a grant of the instant application would have no adverse effect upon nearby properties; that the subject site is situated on the north side of Horace Harding Expressway and occupies the entire block front between Kissena Boulevard and 154th Place; that the balance of the block front on Kissena Boulevard between Horace Harding Expressway and 59th Avenue is in a restricted retail use district and is entirely vacant, except for a medical center building now under construction in block 5731, lot 18; that this particular lot runs through from Kissena Boulevard to 154th Place and is located partly within the restricted retail use district fronting along Kissena Boulevard, and partly within a residence use district fronting along 154th Place; that according to plans filed with N. B. Applic. No. 2307-56 it is proposed to have accessory parking for twenty-five cars, located within the residence use portion of the plot, with two curb cut openings to 154th Place, serving the medical center; that the westerly side of Kissena Boulevard is presently zoned for restricted retail use and is developed with stores in block 440, lot 16 and block 6441, lot 25, or is vacant—block 6440, lot 23 and block 6441, lot 30; that existing stores are not fully rented; that the property on the northerly side of Horace Harding Boulevard, east of the site, is vacant, except for a billboard sign in block 6732, lot 73; that the properties opposite the subject premises on the southerly side of Horace Harding Expressway are located within a retail and local retail use district and are more than 280 feet from the site separated by two service roads and the Expressway proper; that they are too remote to be adversely affected by the proposed use; that the northeasterly boundary line of the property of Queens College is located at the southwest corner of Horace Harding Expressway and Kissena Boulevard, but the main buildings are located several thousand feet away and the nearest entrance to Queens College is located more than 1000 feet from the site; that a grant of the instant application therefore would have no adverse effect upon that property; that adjoining owners to the north and the properties along 154th Place will be protected and buffered by the proposed fencing and landscaping arrangement of the subject premises; that it is proposed to install a 5 foot 6 inch high brick and picket fence wall along the northerly lot line extending from the rear wall of the accessory building to the Kissena Boulevard and 154th Place building lines, and to install a similar wall along the entire 154th Place frontage; that a seeded and landscaped area along the proposed fence walls, protected by a 6 inch by 8 inch concrete curb is also proposed; that the proposed use would provide better zoning protection than would be obtainable if the premises were occupied for a conforming restricted retail use free of conditions, limitations and safeguards; that the proposed use would furnish greater protection for the safety of pedestrians using the sidewalk in front of the premises than would exist if the property were developed to any of the many conforming uses which could be unconditionally established; that at present there are no sidewalks and no curbing along the 154th Place frontage of the premises, so that when the Expressway is completed passing pedestrians will be required

to walk on the roadway of 154th Place; that a grant of this application would result in the installation of curbing and paved sidewalks along the 154th Place frontage and therefore would tend to protect pedestrian rather than endanger pedestrian traffic safety; that no curb cut openings to the service station along the 154th Place frontage are proposed; that the premises would be enclosed to the rear lot line and at the 154th Place building line by the proposed fence walls and landscaped area; that any automobiles entering or leaving the premises could do so along the Horace Harding Expressway and Kissena Boulevard frontages and this would provide still more protection to pedestrian residents on 154th Place; that the proposed building, being set back 97 feet from the Kissena Boulevard building line and 50 feet from the Horace Harding Expressway building line would insure greater traffic safety by giving clear visibility to traffic at the intersection; that a grant of this application would not create any parking congestion in the area but would create a safer condition by the elimination of street parking near the corner, where the curb cuts are proposed to be located, thereby giving clear visibility to traffic at the intersection; that a grant of the instant application would result in the elimination of a vacant, debris-strewn, weed-covered lot; that the proposed development of the premises with a building that would be comparatively small in height and area would provide more light and ventilation to adjoining properties than if the premises were to be developed with a conforming building; and

WHEREAS, the application contends as to objection 2 issued by the Borough Superintendent, that the proposed ground sign in a restricted retail use district refers to a post-standard sign advertising the brand of gasoline sold; that such a sign is a customary incident to the operation of a gas station; that said sign, as an accessory sign, is in conformity with the spirit of the zoning resolution and the Board has customarily so found in other cases where it has permitted the erection of such post-standard signs as incidental to new gas station uses; that as to the application under section 7h, the applicant contends that the instant application includes parking and storage of more than five cars which is an incidental use to gas station use; that as to the application under section 7A, the applicant contends that the proposed sign along the building fronting on 154th Place, within 75 feet of a residence use district, is set back 40 feet from the 154th Place building line; that a landscaped area and a 5 foot 6 inch brick and picket fence wall serves as an effective buffer between it and the residence use district; that the proposed small sign will face the large billboard sign on block 6732, lot 73, and as it will be unilluminated, it would not be an annoyance to anyone; that a grant of this application would not alter the essential character of the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since February 1, 1950 and that the assessed valuation of land is \$12,500.

The resolution containing certain conditions affecting this application will be printed in a later Bulletin.

Adjourned: 6:30 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

REGULAR MEETING

TUESDAY AFTERNOON, JANUARY 14, 1958, 2 P. M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.

348-57-A

APPLICANT—Procter and Gamble Manufacturing Co., owner.

SUBJECT—Application April 23, 1957—Appeal from a decision of the borough superintendent, re storage of inflammable mixture, 1500 gal. capacity.

PREMISES AFFECTED—54-56 Western Avenue, south-

MINUTES

west corner Richmond terrace, Block 1400, Lot 1, Port Ivory, Borough of Richmond.

APPEARANCES—

For Applicant: Robert James Eichner and Carl A. Pearson.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4
Negative: 0
Absent: Vice Chairman Keating..... 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 11, 1957 on B.N. Applic. 44/57 reads:

"1. A tank used for the storage of an inflammable mixture may not exceed 1500 gallons capacity. C19-59.O m, Adm. Code."

and

WHEREAS, the applicant states that the premises consists of a plot 2500 feet front by 800 feet in depth, located in an unrestricted use A area class 1 height district, used and occupied since 1929 for the manufacturing of soap and detergent; that it is proposed to install two 25,000 gallon steel underground tanks for the storage of ethyl alcohol for use in the manufacturing of detergents; and

WHEREAS, the applicant states that the premises consist of 135 acre plot, occupied by numerous buildings which are protected by standpipe, sprinkler system; that recent trend in the business make it clear that detergents containing ethyl alcohol must be distributed in this area, it is essential for the development of manufacturing facilities that this installation be made at the plant in question; that 50,000 gallons of ethyl alcohol storage will be a reasonable capacity and any quantity less than this will not permit uniform and uninterrupted operations; that the proposed tanks will be constructed of steel, protected against corrosion by asphalt paint and completely enclosed in concrete, in accordance with the specifications of the Board of Standards and Appeals Fuel Oil Rules, tanks will be with vents and flame arrestors, properly located with respect to buildings; that a foamite system designed for use with alcohol will be installed at a point at least 50 feet distant from the tanks and 2,000 lbs. of foamite powder will be maintained in storage at the site; and

WHEREAS, the applicant states that the alcohol will be received in tank cars and unloaded through an overhead suction line to minimize the dangers of spills and leakage in the tank car connections; that the tank cars will be completely grounded to eliminate static sparks and sparkproof tools will be required in making any connections; that the delivery line from the tanks to the processing department will be properly supported by concrete or steel hangers and will be encased in 4 inches of concrete; that the material will be transferred by a Viking Pump as approved by the Board on Calendar Number 438-21-SA; that the actual mixing of the product will take place in a fireproof room enclosed in brick walls with concrete ceiling and with all steel enclosed in concrete; that a curb will be installed at the doorway to retain any material that might spill; that all electrical equipment will be totally enclosed and explosion-proof lights will be provided; that no open flames will be permitted in his working area; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough-Superintendent, dated April 11, 1957, acting on B.N. Applic. 44/57, Objection 1, be and it hereby is modified and that the appeal be and it hereby is granted to permit the installation and use of the storage tank for inflammable mixture as proposed to exceed 1500 gallons capacity and for the purpose of storing ethyl alcohol used in manufacture of detergents, substantially as proposed and indicated on plans filed with this appeal, marked "Received April 23, 1957", 3 sheets and "December 1, 1957", 7 sheets, on condition that such tanks shall be buried in accordance with the requirements and not nearer

than 50 feet to any similar tank holding inflammable material; that such equipment used in connection therewith shall be of the type proposed and as approved by the Board under Cal. 438-31-SA; that the system shall be maintained to the satisfaction of the Fire Commissioner; that all electric equipment, including motors, used in connection with the system shall be of the explosion-proof type.

445-57-A

APPLICANT—Aaron Halpern, for Frank Carricato, owner.
SUBJECT—Application June 13, 1957—filed pursuant to section 35, General City Law re premises located in bed of mapped street—proposed 178th street.

PREMISES AFFECTED—178-14 Baisley Boulevard, south side, 200 ft. west of 178th Place, Block 12462, Lot 19, St. Albans, Borough of Queens.

APPEARANCES—

For Applicant: Aaron Halpern and Frank Carricato.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper.. 4
Negative: 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 10, 1957 acting on Alt. App. 203/57, Objection 1, reads:

"1. Records of this department indicates approval of one family dwelling, size 24' x 28' under N.B. 1754/23. There is no record of plans covering existing one story extension 16' x 28' shown to be at rear of premises.

Therefore extension of this dwelling on lot located in the bed of a mapped street, is contrary to Sec. 35 of the General City Law."

and

WHEREAS, the applicant states that the premises consist of a lot 40 feet front by 95.30 feet in depth, located in residence use D area, class 1 height district; that the existing building is 2 stories in height, 25 feet 6 inches in height of class 4 construction, 28 feet front by 48 feet in depth at 1st floor, 28 feet front by 24 feet in depth at 2nd floor, used and occupied: Cellar—ordinary use and boiler room; 1st floor—dwelling, 1 family; 2nd floor—dwelling, 1 family; attic—vacant; and

WHEREAS, the applicant states that the premises are improved with a 2 story and attic frame dwelling, erected as a 1 family dwelling under N.B. Applic. 1754/23, completed October 9, 1925; and a 10 feet 2 inches by 20 feet 3 inches frame garage, erected at the same time as the dwelling; that no certificate of occupancy has been issued; that the present owner purchased the premises in November 1941; that in August 1952 he retained a professional engineer to prepare plans for 16 feet by 28 feet 1 story frame extension at the rear in order to convert the building to a 2-family dwelling; that the engineer passed away and in the resulting confusion the owner assumed that the necessary approvals had been obtained, and completed the 1 story frame extension; that it is now proposed to legalize this condition and obtain a certificate of occupancy; and

WHEREAS, the applicant states that 178th Street as proposed is indicated on Section 151 of the Final Maps of the Borough of Queens to have a width of 50 feet as adopted by the Board of Estimate and Apportionment on December 13, 1928; that the city has not acquired title to 178th Street, and there are no proceedings pending to acquire title thereto; and

WHEREAS, the applicant contends that in view of the fact that 178th Street has been proposed for the past 29 years with no proceedings pending, nor does it seem probable that at this time that it will be opened at this point, it is therefore requested that this application be granted; and

WHEREAS, the Board has been advised by the President of the Borough of Queens, that 178th Street has not been ac-

MINUTES

quired by the city and there are no proceedings pending to acquire title thereto; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 203/57, Objection No. 1, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the continuation of the extension of the building within the bed of the mapped 178th street, substantially as proposed and indicated on plans filed with this appeal, marked "Received November 21, 1957", 3 sheets, *on condition* that such continuation may be for a term of five years, subject to further extension by the Board in the event conditions remain the same and no steps have been taken by the City to construct the street in question; that such construction of the extension shall comply with the requirements of the Building Code therefor.

697-57-A

APPLICANT—Louis Santangelo, for Spanish Eastern Convention of the Assemblies of God, owner.

SUBJECT—Application September 30, 1957—Appeal from a decision of the Borough Superintendent—re Class IV construction—commercial, passageway at rear, etc.

PREMISES—633 Prospect Avenue, west side, 50 feet, north of East 151st Street, Block 2674, Lot 75, Borough of The Bronx.

APPEARANCES—

For Applicant: Herman E. Horwood.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper..... 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 11, 1957 on amendment to Alt. Applic. 361/57 reads:

"1. In a frame class 4 bldg. of a cellar and 2 stories the proposed change of occupancy from an apartment and store on the first floor to a church is contrary to Sec. 4.2.1. bldg. code.

"2. The 3 foot 8 inch wide passageway is reduced to 2 feet 8 inches in the rear and 2 feet 6 inches in the front contrary to Sec C26-282 B.C."

WHEREAS, the applicant states that the building is 2 stories, 26 feet in height, 21 feet 6 inches front by 62 feet in depth at 1st floor, 21 feet 6 inches front by 153 feet in depth at 2nd floor, of class 4 construction erected 1899, located on a lot 25 feet by 100.02 feet in area, in a business use B area, class 1½ height district, and used and occupied since 1956 without a Certificate of Occupancy as follows; cellar—vacant store, storage and boiler room, no persons; 1st floor—church, 100 persons; 2nd floor—pastor's apartment, 6 persons; and no change of occupancy is proposed except that the cellar will be used as a store, storage and boiler room, 2 persons; that the building is provided with one interior 30 inch wide wood stairs, enclosed in partitions of wood studs, lath and plaster equipped with wood doors which are not self-closing, stairhall leads direct to street and is provided with ladder and scuttle to roof; and

WHEREAS, the applicant states that permission is sought to change the use of the first story from apartment and store to church for occupancy by maximum of 100 persons, although the membership is only about 50; and

WHEREAS, the applicant states that the building is of class 4 construction with the exterior walls covered with cement stucco; that the building was erected 1899 as store and cellar, store and apartment on the first floor with an apartment on 2nd floor; that at the south side there is a space 3 feet 4 inches wide from the adjoining building; that this space leads from yard to street; that at the north there is a passageway

with gate at the street about 44 inches between the premises in question and the adjoining brick wall of the premises to the north, except that about ten feet from the street this space is 2 feet 6 inches wide; that the apartment on the 2nd floor is occupied by the pastor of the church; that there are two means of egress from the cellar, one from the front to the street and the other to the rear yard, with passage to the street at each side; that from the first floor which opens on the street and the rear yard there is a stoop leading to the street and a door to the yard at the rear with egress direct to the street; and

WHEREAS, the applicant contends that the building was purchased by the present owner in 1956 without the knowledge that they were violating the building code; that the present owners removed the interior partitions of the rear apartment on the first floor and vestibule at the rear, so that the first floor became opened from front to rear; that the owner also built up the store show window so that this first story could be used for church purposes; that the church is arranged for a maximum of 100 occupants; that there are seldom more than ½ in attendance; that no change is proposed to the cellar store or the second story apartment; and

WHEREAS, the applicant contends that in view of the fact that the first story was a legal store which could accommodate as many or perhaps more than now requested and the fact that the proposed use is far less hazardous than a stock carried in a store, and the exits from the street and the rear, and the open space between the premises and the adjoining building, and that the exterior walls are covered with cement stucco it is requested that this application be granted; that the first story to be used for church services with a maximum of 100 occupants; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated September 11, 1957, acting on amendment to Alt. Applic. 361/57, Objections 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the continuance of the existing church building, as proposed and indicated on plans filed with this appeal, marked "Received September 30, 1957," 4 sheets, for a term of five years from the date of this resolution, *on condition* that the building shall not be increased in height or area and the use shall continue as indicated and not be changed; and that the building shall be maintained to the satisfaction of the Borough Superintendent.

809-57-A

APPLICANT—William B. Lichtner, for Principe Construction Co., owner.

SUBJECT—Application November 7, 1957—filed pursuant to section 36, General City Law re premises not fronting on legal street and a decision of the borough superintendent, re erection of frame building and use of wood beams in fire limits.

PREMISES AFFECTED—10-19 President Street, west side, 95.51 ft. south of Loretta Road, Block 217, Lot 76, Far Rockaway, Borough of Queens.

APPEARANCES—

For Applicant: William B. Lichtner.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 13, 1957, on N.B. Applic. 3427/57 reads:

"1. The proposed 2 story and cellar frame 2 family dwelling is not accessible from and does not face upon a mapped street (President Street) and therefore the erection of same is contrary to Article 3 Section 36 of the General City Law.

MINUTES

2. The erection of the proposed 2 story and cellar frame 2 family dwelling in a "C" area district which is within the Fire limits is contrary to Section C26-246.0 of the Administrative Code.

3. Wood floor and roof beams within the fire limits must be at least 3" in thickness Section C26-325.0 sub. div. 2 of the Administrative Code."

WHEREAS, the applicant states that the premises consist of a plot 55.51 feet front by 96 feet in depth, located in residence use C area, class 1 height district, upon which it is proposed to erect a 2 story frame 20 feet high 2 family dwelling and 1 car accessory garage and accessory parking space for 1 additional car; that the dwelling will be 25.83 feet front by 46 feet in depth, surfaced on the exterior with brick veneer asbestos shingles and wood siding and roof surfaced with an approved asphalt shingles; and

WHEREAS, the applicant requests the variance of the provisions of Section C26-246.0 and Section 26.325.0 of the Administrative Code as the property involved is the only vacant land in the immediate area and is located among other frame structures of 1 or 2 family occupancy; that it would not be justified to cause the owner who recently purchased the premises from the city the additional expense of a solid masonry building with 3 inch timber; that this undue hardship plus the high price that they paid for the land would prohibit building; and

WHEREAS, the applicant contends that relief is also requested from provisions of Section 36 of the General City Law as President Street although a private street is well paved and well used thoroughfare; that there are 10 or 12 other 1 or 2 family dwellings fronting on President Street as well as an existing sewer which the owners will be permitted by the city to connect, that the street is provided with curbs and sidewalks and is paved; that to be required to front the proposed buildings on Loretta Road would reduce the number of dwellings that could be erected on the site, thus restricting the use of the property; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 3427/57, Objections No. 1, 2 and 3, be and it hereby is *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the buildings to be constructed as proposed and indicated on plans filed with this application, marked "Received November 7, 1957", 1 sheet, "November 13, 1957", 2 sheets and "December 17, 1957", 4 sheets; and as to Objection 2, to permit the building within the fire limits to be constructed of Class 4 construction; and as to Objection No. 3, that the thickness of floor and roof beams may be as proposed on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable hereto.

10-57-A

APPLICANT—William B. Lichtner, for Principe Construction Co., owner.

SUBJECT—Application November 7, 1957—filed pursuant to section 36, General City Law, re premises not fronting on legal street—President Street—and erection of frame dwellings and use of wood beams in fire limits.

PREMISES AFFECTED—10-23 President Street, west side, 55.51 feet south of Loretta Road, Block 217, Lot 74, Far Rockaway, Borough of Queens.

APPEARANCES—

Negative: 0

Absent: Vice Chairman Keating..... 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 13, 1957 on N.B. Applic. 3428/57 reads:

"1. The proposed 2 story and cellar frame 2 family dwelling is not accessible from and does not face upon a mapped street (President Street) and therefore the erection of same is contrary to Article 3 Section 36 of the General City Law.

2. The erection of the proposed 2 story and cellar frame 2 family dwelling in a "C" area district which is within the Fire Limits is contrary to Section C26-246.0 of the Administrative Code.

3. Wood floor and roof beams within the fire limits must be at least 3" in thickness, Section C26-325.0 sub-div. 2 of the Administrative Code."

and

WHEREAS, the applicant states that the premises of a lot 55.51 feet front by 96 feet in depth, located in a residence use C area, class 1 height district, upon which it is proposed to erect a 2 story 20 feet high class 4 constructed 2 family dwelling, 25.83 feet front by 46 feet in depth, and 1 car accessory garage and to provide an accessory parking area for 1 car; and

WHEREAS, the Board has been advised by the President of the Borough of Queens; that President Street is not incorporated under the city street system and that there is no map now being made which will place it on the final city map; and

WHEREAS, the applicant contends that relief is sought from the provisions of Sections C26-246.0 and C26-325.0 of the Administrative Code, to permit the erection of the dwelling as herein proposed as the premises is the only vacant land in the immediate area and is located among many other frame structures of 1 and 2 family occupancy; that it would not be justifiable to cause the owner who recently purchased the premises from the city to go to the additional expense of solid masonry construction using 3 inch timber; that the hardship would be necessary and would prohibit the owner from erecting the building; and

WHEREAS, the applicant requests permission to erect the building as proposed pursuant to Section 36 of the General City Law as President Street although a private street is well paved and well used thoroughfare; that there are 10 to 12 other 1 and 2 family houses fronting on President Street; that the street is provided with a sewer which the city will permit the owner to connect; that curbs and sidewalks have been installed on both sides of the paved street; that to be required to front the house on Loretta Road would reduce the number of houses permitted and thus restricting the use of the property; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 3428/57, Objections No. 1, 2 and 3, be and it hereby is *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the buildings to be constructed as proposed and indicated on plans filed with this application, marked "Received November 7, 1957", 1 sheet, "November 13, 1957", 2 sheets and "December 17, 1957", 4 sheets; and as to Objection 2, to permit the building within the fire limits to be constructed of Class 4 construction; and as to Objection No. 3, that the thickness of floor and roof beams may be as proposed on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

APPLICANT—Leonard F. Rothkrug, for Liebmann Breweries, Inc., owner.

SUBJECT—Application for consideration—reopening for extension of time to complete which expired November 27, 1957—re Application, decision of the Borough Superintendent, previously granted on condition, under sections 21 and 19A(j) of the Zoning Resolution, permitting in an unrestricted use, B area and a 1½ times height district, the erection and maintenance of a structure in excess of height permitted and without the required loading berths.

PREMISES AFFECTED—926-936 Flushing Avenue and 16-24 Evergreen Avenue, southwest corner, Block 3140, part of Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on November 16, 1954, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on November 27, 1956; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 16, 1954, as *amended* by resolution adopted on November 27, 1956, only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Department of Buildings, that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (N.B. App. 255/54)

555-54-BZ

APPLICANT—Max Siegel, for 141 East 69 Inc., owner; Radkai, Inc., lessee.

SUBJECT—Application for consideration—reopening for extension of term of variance which expired December 13, 1957—re Application, decision of the Borough Superintendent, previously granted on condition, under section 7e of the Zoning Resolution, permitting in a residence use district, the maintenance of existing photographic studio and one family dwelling, formerly private garage on first floor with living quarters for employees on upper floors, accessory to private residence.

PREMISES AFFECTED—139 East 69th Street, north side, 150 feet 5 inches east of Lexington Avenue, Block 1404, Lot 26, Borough of Manhattan.

APPEARANCES—

For Applicant: John M. Hronec.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on December 13, 1955, on certain conditions; and

WHEREAS, the applicant requested an extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 13, 1955, only so far as it refers to the term of the variance, so that as *amended* this portion of the resolution shall read:

"... granted under Section 7, subdivision e for a term of two years from the date of this *amended* resolution to permit ...; that other than as herein *amended* the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed within six months from the date of this *amended* resolution." (Alt. App. 629/54)

RULES

Fire Drill Rules, Adopted by the Board of Standards and Appeals, October 5, 1923

(593-23-SR)

DEFINITION OF "FIRE DRILL"

The method and practice of the systematic and orderly vacating of a building by its occupants in case of emergency, panic or fire in the least possible time—by the nearest safe means of exit—and the use of fire appliances which shall be provided for the extinguishing or retarding of fire and the safeguarding of human life.

Rule 1.

In all buildings as defined in Article 1, Section 10 of the Labor Law in which fire drills are required pursuant to Section 279 thereof and in any other building in which such drills are required by the Fire Commissioner pursuant to the power conferred in section 491 of the New York City Charter, it shall be the duty of the owners, lessees or tenants to conduct fire drills monthly and at such other times as the Fire Commissioner may direct.

For the purpose of conducting such fire drills the owner or tenants shall appoint from among their employees such responsible and dependable persons, male or female, who shall efficiently perform the duties of the various positions of the fire drill organization, as specified on the accompanying chart.

It shall be the duty of the owner or tenant to enter in the blank spaces provided for that purpose in said chart the names of persons so selected and post said chart and copies of the rules in a conspicuous place.

Rule 2. Duties of Foreman.

The Foreman or Person in Charge shall direct, enforce and have full charge of the "Fire Drill" in every factory on each floor. Each day before work is begun he shall see that extinguishers, fire hose, fire buckets, etc., are in readiness for use, exit doors are unlocked, aisles are free from obstruction, that stairways, halls, etc., are properly lighted, and shall remedy any dangerous condition found to exist. Immediately after work is commenced he shall check up the Fire Drill Organization list and note if the regularly assigned persons are present; if any are found to be absent, he shall assign other employees (if practicable) to perform their duties.

He shall immediately notify new employees of the existence of the Fire Drill Organization and give them the necessary instructions as to the duties they are to perform, etc.

He shall be familiar with the operation and location of the interior alarm signal box on his floor.

He shall listen for the test signal each morning at the appointed hour and in the event of the test signal not being heard he shall communicate with the superintendent or other person in charge of the building and advise him of the fact. The (Floor Captain's) Foreman's orders are final as to the carrying out of the fire drill on his particular floor.

Rule 3. Duties of Watchmen.

The WATCHMEN shall see that all doors and windows are closed so as to prevent the spread of fire. The WATCHMEN shall be the only persons permitted to remain on the floor during the progress of a fire drill and do so at their own risk. For ordinary purposes only one watchman and a substitute shall be designated. In special cases, however, extra watchmen may be assigned by consent in writing from Fire Commissioner.

Rule 4. Duties of Searchers.

The MALE AND FEMALE SEARCHERS shall search all toilets, dressing rooms and emergency rooms used and frequented by their sex and all other portions of the floor and order all persons, except those authorized to remain, to leave the premises. They are to take care of and assist all persons who may faint or be disabled.

SEARCHERS shall leave the floor immediately after the last squad leaves.

Rule 5. Duties of Street Alarm Box Runner.

The STREET-ALARM-BOX-RUNNER shall be familiar with the location of the nearest city fire alarm box and know how it is operated.

In ordinary practice fire drills the STREET-ALARM-BOX-RUNNER shall report to the Foreman for orders, and if his services are not required he shall promptly file out of the premises with the other occupants.

Only when a fire actually occurs on his floor, or when ordered to do so by the Foreman, shall the STREET-ALARM-BOX-RUNNER proceed to the street alarm box and send in the fire alarm.

RULES

Rule 6. Duties of Fire Brigade.

The fire brigade shall have full charge of the operation of all auxiliary fire fighting apparatus and shall endeavor to extinguish, or at least hold in check until the arrival of the Fire Department, any fire that may occur. When it is necessary for the fire brigade to respond to different floors in the building they shall not use the stairways or fire escapes while the occupants are escaping from the premises.

Rule 7. Duties of Exit Guards.

The EXIT GUARDS shall station themselves at all exit doors leading to fire escapes, stairways, and other means of escape immediately upon the sounding of the alarm. There shall be two guards for each exit, if practicable; one to stand in the hallway holding back the door and the other directly inside on the floor. They are to keep the exit doors open and direct the movements of the persons using these exits and prevent congestion.

EXIT GUARDS shall remain at their stations until all the occupants of the building have passed their station. When they close their doors and pass out of the building. Upon the signal for the occupants to return, EXIT GUARDS shall make their designated stations and remain there until all persons have returned to their respective floors.

Rule 8. Duties of Squad Monitors.

The SQUAD MONITORS, as soon as the alarm is sounded, shall see that the employees under their charge quickly form into line, two abreast, and numbering not more than thirty to each squad. They shall see that all aisles and passageways are cleared of obstructions.

Note: Chairs, stools, baskets, etc., should be pushed under or placed on top of work benches.

MONITORS shall proceed at the head of their respective squads to the exit assigned, and then march up or down the stairs or to other exits as directed by the EXIT GUARDS.

On reaching the sidewalk MONITORS shall keep their squads in order and lead them a reasonable distance from the building, so as not to cause congestion and interference with fire apparatus. When the proper signal is given they shall return to their respective floors at head of their squads.

MONITORS will at all times see that those under their charge conduct themselves in a respectable and orderly manner.

Rule 9. Holding of Drills.

FIRE DRILLS shall be held at least once each month at varied hours of the day, and all of the occupants shall participate therein simultaneously. Such drills shall conduct all occupants to a place of safety.

Where dual operation interior fire alarm systems are installed as permitted under Rule 11 of the interior fire alarm rules of the Board of Standards and Appeals, the fire drill conducted each month shall include all of the persons on the premises engaged at work for a factory,

and drills shall be conducted at least twice, each year in which all of the persons on the premises shall participate simultaneously.

Rule 10. Duties of Owner.

It shall be the duty of the OWNER, LESSEE OR TENANT OF THE BUILDING or his authorized agent or their representatives to personally observe that the "Fire Drill" is held simultaneously on every floor of the building and the participation therein of every occupant of such building. Any FIRE DRILL in which all of the occupants do not participate shall not be considered as complying with the LAW, except as otherwise provided in these rules.

The person or persons representing the OWNERS, LESSEE OR TENANT, who supervises the FIRE DRILL at the building shall submit to an examination by the Division of Fire Prevention as to their experience and general fitness for such duties, and shall be so certified in writing by the FIRE COMMISSIONER.

It shall be the duty of the ENGINEER, SUPERINTENDENT or other PERSON IN CHARGE of a building having an interior fire alarm system to test such system daily immediately after the beginning of business, and to see that all apparatus operated by springs, requiring winding are rewound after each alarm and kept in normal condition for operation.

Rule 11. Duties of Engineer.

Whenever it is necessary to test the fire alarm system at any other time of the day, owing to repairs, etc., being made, the PERSON IN CHARGE OF BUILDING will first notify all Foremen of the several floors of the intended test and likewise notify them when the repairs, etc. are completed. This precaution is taken to prevent confusion and excitement, also misunderstanding of the alarm signals.

It shall also be the duty of the PERSON IN CHARGE OF BUILDING to sound the interior alarm system at irregular intervals, but not less than once each calendar month, for the purpose of holding practice fire drills. He shall keep on the premises a record of such drills, showing the date when held and the required time for all occupants to reach the street or a point of safety outside the building.

The PERSON IN CHARGE OF BUILDING must immediately acquaint new tenants of the existence of the "Fire Drill" Organization and its purport.

Rule 12. Registration.

The name and address of every person, corporation or co-partnership, that will, under professional service, carry on the trade, business or calling of establishing, maintaining or supervising the "Fire Drill" shall be registered in the Fire Department, which Department shall, upon evidence of fitness, grant a certificate to that effect.

NOTICE

Applicants, under the zoning resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such

copies at the office of the Board of Standards and Appeals, Room 1018, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the power conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

Labor Law

Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

RULE 1. Permit.

(a) **Prohibition.** No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lesses of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) **Application.** Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) **Time Limit.** Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) **Conditions.** The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this

permit shall be framed and kept posted in a conspicuous place in the factory.

(e) **Revocation.** Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fire-resisting partitions, with all openings therein protected by self-closing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire-retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;
Boiler making;
Brick, terra cotta or artificial stone works;
Forge shops;
Foundries;
Iron, steel, brass or copper works;
Machine shops;
Smelting;
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction;
(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

NOTICE

Effective September 1, 1957, the subscription price of
the Bulletin is \$15.00 per year, payable in advance and
single copies, twenty-five (25) cents at the office of the
Board and thirty (30) cents by mail.

HOURS OF CONSULTATION

10 A.M. to 1 P. M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

CALENDAR

DOCKET

New Cases filed up to January 21, 1958

Cal. No. Dept. Premises Affected

1011-57-A—B.B.—1273-1283 65th Street and 6422-6424 13th Avenue, northwest corner, Block 5745, Lot 46, Borough of Brooklyn, N.B. 975-56—re egress.

1012-57-SM—Alsteel-Dor, sheet-steel Fire Door, manufactured by St. Louis Fire Door Co., Material.

1013-57-SM—Gustin-Bacon Utracoustic Ceiling Board; glass fiber acoustical board for suspended ceiling systems, manufactured by Gustin-Bacon Co., Material.

1014-57-SM—G-B Duct; prefabricated glass fiber duct system for Heating and Air-Conditioning, manufactured by Gustin-Bacon Manufacturing Co., Material.

1015-57-BZ—B.Q.—222-05 Horace Harding Expressway, north side, 175 feet east of Springfield Boulevard, Block 7520, Lot 98, Bayside, Borough of Queens, N.B. 4241-57—re golf driving range, parking and storage—residence use district.

1016-57-A—B.Q.—222-05 Horace Harding Expressway, north side, 175 feet east of Springfield Boulevard, Block 7520, Lot 98, Bayside, Borough of Queens, N.B. 4241-57—re use of frame building for business.

1017-57-A—B.R.—3952 Amboy Road and 2 Hillside Terrace, southwest corner, Block 5142, Lot 22, Great Kills, Borough of Richmond, under section 35, General City Law re premises partly in bed of mapped street—proposed widening of Amboy Road, Alt. 1713-57.

1018-57-A—B.M.—8-12 West 14th Street, south side, 150 feet west of 5th Avenue and 5-11 West 13th Street, Block 577, Lots 34, 49, 50 and 51, Borough of Manhattan, Alt. 1713-57—re change in use from stores and showrooms to stores, showrooms, offices and incidental manufacturing in non-fireproof construction.

1019-57-BZ—B.M.—560 West 181st Street, south side, and 549-559 West 180th Street, north side, 100 feet east of St. Nicholas Avenue, Block 2153, Lot 81, Borough of Manhattan, Alt. 1245-57—re change in use to store and offices—business and residence use district.

1020-57-SM—Conviser Steel Bracket Column Caps; for approved Heavy-Weight Columns, manufactured by I. M. Conviser, Material.

1021-57-SA—Ipsen Endothermic Generator, Model 600G, to produce special Gas for proper Heat Treatment of Steels, manufactured by Ipsen Industries, Inc., Appliance.

1022-57-SA—Quaker Unvented Gas Heaters, Models B-200, B-300 and B-400, manufactured by Hcil-Quaker Corp., Appliance.

1023-57-SM—Barrett Insulating Wallboards, Plank and tile, manufactured by Barrett Division of Allied Chemical and Dye Corp., Material.

1024-57-SA—Plastisol Curing Oven, Gas-fired, continuous Monorail, Industrial Processing, manufactured by Jensen Inc., Appliance.

1025-57-SM—William J. Plander and Sons Uniondale Corp., Concrete Building Blocks, manufactured by William J. Plander and Sons Uniondale Corp., Material.

1026-57-SM—Precast Concrete Channel Roof and Floor Slags, manufactured by Precast Plank Co., Inc., Material.

1027-57-SM—One Leg Precast Concrete Channel Roof and Floor Slabs, manufactured by Concrete Plank Co., Inc., Material.

1028-57-SM—Gold Bond Grip Suspension System, manufactured by National Gypsum Co., Material.

1029-57-SM—Kesko Thermo-Sash and Horizontally Pivoted, Double-hung Aluminum Window, manufactured by Kesko Products Co., Material.

1030-57-SM—Alpro Aluminum Panels and Supports for Incombustible Acoustical suspended ceilings, $\frac{5}{8}$ inch V Crimp, $\frac{1}{2}$ inch continuous V, 2.67 Corrugated, $1\frac{1}{4}$ inches Corrugated, 6 inch Pyramid and $1\frac{1}{2}$ inch Pyramid, manufactured by Aluminum Products Co., Material.

1031-57-SM—Armstrong Custom Minaboard, Incombustible Acoustical Ceiling Board, manufactured by Armstrong Cork Co., Material.

1032-57-SM—Rhode Island Fittings Co., Vent Whistle sizes $2 \times 1\frac{1}{4}$ and $1\frac{1}{4} \times 1\frac{1}{4}$, manufactured by Rhode Island Fittings Co., Material.

1033-57-SA—Commercial-Aire Combination Gas and Light Oil Direct-fired Heating Equipment, Models 300, 400, 550, 700, 800, 1000, 1250, 1500, 1750 and 2000, manufactured by The Mammoth Furnace Co., Appliance.

1034-57-SA—Commercial-Aire Combination Gas and Heavy Oil Direct-fired Heating Equipment, Models 300, 400, 550, 700, 800, 1000, 1250, 1500, 1750 and 2000, manufactured by The Mammoth Furnace Co., Appliance.

1035-57-SA—Commercial-Aire Direct Gas-fired Heating Equipment using Lo-Blast Power Gas Burners, Models 300, 400, 550, 700, 800, 1000, 1250, 1500, 1750 and 2000, manufactured by The Mammoth Furnace Co., Appliance.

1036-57-SM—Barrett Insulating Roof Deck, insulating roof sheathing in lieu of Wood for roofs of Class 4 buildings, manufactured by Barrett Division of Allied Chemical and Dye Corp., Material.

1037-57-SA—Hook Gas-fired Boiler, Series 20,000 and Series 30,000 for Heating and Volume Hot Water Supply, manufactured by Hook Manufacturing Co., Inc., Appliance.

1038-57-SA—Liberty Inshot Gas Conversion Burner Models Liberty-LIB200SC, LIB150LC, LIB225LC, LIB150SB, LIB200SB, LIB150LB, LIB225LB and LIB150SC, manufactured by Liberty Combustion Corp., Appliance.

CALENDAR

1-58-BZ—B.Q.—99-30 Corona Avenue, 99-11 to 99-27 Alstyne Avenue and 48-02 to 48-16 102nd Street, southwest corner of Corona Avenue, Block 1926, Lot 13, Corona, Borough of Queens, N.B. 3728-57—re retail market, parking—retail and residence use district.

7-58-A—F.D.—825 Bronx River Avenue, northeast side, 300 feet east of Story Avenue, Block 3621, Lot 10, Borough of The Bronx, Decision.

8-58-A—B.M.—20 Bond Street, north side, 6 feet, 7½ inches east of Lafayette Street, Block 530, Lot 58, Borough of Manhattan, Alt. 1765-57—re egress.

9-58-BZ—B.R.—2062 Richmond Road and 5 Colfax Avenue, southeast corner, Block 3577, Lot 1, Grant City, Borough of Richmond, Alt. 483-57—re gasoline service station, used car lot, repair shop, public garage to include auto body shop, lubricatorium, etc.—retail use district.

10-58-BZ—B.Q.—69-01 Woodhaven Boulevard, northeast corner of Yellowstone Boulevard, Block 3178, Lot 67, Rego Park, Borough of Queens, Alt. 2518-57—re increase in area and use of existing gasoline service station, office, store, laundry, motor repairs, etc.—business and residence use district.

11-58-A—B.M.—158 West 23rd Street, south side, 175 feet, 1 inch east of 7th Avenue, Block 798, Lot 74, Borough of Manhattan, Alt. 1710-57—re egress.

12-58-SM—Fordham Hoisting Equipment Co., Inc., Hod Hoist; bucket hoist for plastering material, manufactured by Fordham Hoisting Equipment Co., Inc., Material.

13-58-A—B.Bx.—1295-1297 Lafayette Avenue, northwest corner of Faile Street, Block 2762, Lot 27, Borough of The Bronx, Alt. 684-57—re change in arrangement and increase in number of beds.

14-58-BZ—B.Bx.—Shakespeare Avenue, east side, 100.3 feet south of West 169th Street, Block 2506, Lot 85, Borough of The Bronx, Alt. 1204-57—re parking lot for more than five motor vehicles—local retail use district.

15-58-SA—Rins-A-Trol, Model G; manufactured by The DuBois Co., Inc., Appliance.

16-58-BZ—B.M.—443-447 3rd Avenue, east side, 19 feet, 9 inches, south of East 31st Street and 206 East 31st Street, Block 911, Lot 64, Borough of Manhattan, Alt. 1503-57—re parking lot—retail and residence use district.

17-58-A—B.Q.—38-36 Review Avenue, south side, 1136.31 feet west of Laurel Hill Boulevard (interior lot), Block 312, Lot 1367, Long Island City, Borough of Queens, under section 36, General City Law re building not fronting on legally mapped street, N.B. 1862-54.

18-58-BZ—B.Bx.—3308 Edson Avenue, northeast corner of Givan Avenue, Block 4881, Lots 75 and 77, Borough of The Bronx, Alt. 1165-57—re saw and planning mill—business use district.

19-58-SM—Case One-Piece Non-Overflow Closet, Models 1000 and 1100, manufactured by Case Manufacturing Corp., Material.

20-58-BZ—B.R.—3230 Richmond Avenue and 2-40 Drumgoole Boulevard, southwest corner, Block 5613, Lot 400, Arden Heights, Borough of Richmond, N.B. 1295-57—re gasoline service station, lubricatorium, minor auto repairs, storage, car washing, parking and storage of motor vehicles, curb cut and show windows, etc.—business use district.

21-58-SA—Mercury Roto-Molder Gas-fired, Models SD2, SD3 and SD4, manufactured by Mercury Molding Machinery, Inc., Appliance.

Restored to Docket

683-38-SA—Vol. IV—Janitrol Gas-fired Unit Heaters, Series BCC-05 Unit Heaters, Series BCCA-05 Forced Air Furnaces and Series BCCL-05 Unit Heaters (reopened for report as to additional models), manufactured by Surface Combustion Corp., Appliance.

197-40-SM—Art Metal Construction Company Hollow Metal ¾, 1, 1½ and 3 Hour Fire Door (reopened for report as to additional use and construction), manufactured by Art Metal Construction Company, Material.

485-56-SA—Red Jacket Extractor Booster Pumps (gasoline pumps); (reopened for test as to additional models), manufactured by Red Jacket Manufacturing Co., Appliance.

394-56-SM—C.L.A. Hollow Metal One and One-half Hour Fire Door (reopened for report, and test if necessary, as to propose change in construction), manufactured by Acme Kalamein Door and Sash Co., Material.

314-50-SM—Glued Laminated Timbers (building material); (reopened for test and report as to longer span), manufactured by Timber Structures, Inc., Material.

CALENDAR

687-56-SA—Milnor Open End Laundry Washer (with Miltrol Automatic Washer, Control Model E), 25-Model W-25, 50-Model W-50, 75-Model W-75, 100-Model W-100 (reopened for test and report as to change in vacuum breaker to built in type), manufactured by Pellerin Milnor Corp., Appliance.

204-49-SM—Porete and Poretherm Lightweight Concrete (reopened for report as to amendment for additional use of material), manufactured by Porete Manufacturing Company, Material.

841-56-SA—Arcoflame Conversion Oil Burner, Models PH-1 and PH-2 (reopened for report as to additional model), manufactured by American Radiator and Standard Sanitary Corp., Appliance.

967-47-SM—Douglas Fir Plyscord (plywood sheathing); (reopened for report as to change of type of glue in plywood sheathing), manufactured by United States Plywood Corp., Material.

304-56-SM—Sylvania Sylvan-Aire Corrugated Plastic Light Diffuser (reopened for report as to change of construction under sprinklers as now provided in amendment), manufactured by Sylvania Electric Products Inc., Material.

741-53-SM—Gold Bond Metal Base and Floor Clips (reopened for report as to additional lathing accessories), manufactured by National Gypsum Company, Material.

690-56-SM—Gold Bond Aluminum Louvers and Ventilators (reopened for report as to additional trade name and additional model), manufactured by National Gypsum Company, Material.

313-54-SM—Gold Bond Asbestos Siding Shingles and Accessories (for exterior finish on Class 4 buildings); (reopened for report as to additional type of shingles), manufactured by National Gypsum Company, Material.

335-56-SM—Gold Bond Twinsulation Blankets (reopened for report and test if necessary as to amendment re paper backing), manufactured by National Gypsum Co., Material.

650-47-SM—B.P.C. Concrete Building Units (reopened for report as to additional sizes), manufactured by Building Products Corp., Material.

706-45-SM—Vol. III—Flexicore Precast Monolithic Concrete Roof and Floor Slabs, manufactured by Flexicore Precast Inc., Material.

437-45-SM—Bethlehem Open Web, Welded Steel Joists (reopened for test and report as to additional sizes of steel joists), manufactured by Bethlehem Steel Company, Material.

205-29-BZ—Vol. III—B.Q.—157-28 to 157-30 (official 157-30) Willets Point Boulevard and 21-08 to 21-12 Clintonville Street, southeast corner, Block 4860, Lots 15 and 18, Whitestone, Borough of Queens, N.B. 3467-57—re gasoline service station, lubritorium, minor auto repairs, car washing, parking and storage of motor vehicles, etc.—local retail and residence use district.

70-37-BZ—Vol. III—B.Q.—70-07 to 70-21 (70-15 official) Astoria Boulevard and 22-16 22-24 71st Street, northwest corner, Block 1002, Lot 13, Long Island City, Borough of Queens, Alt. 1986-57—re gasoline service station, auto washing (non automatic), lubritorium, parking of automobiles, office, minor repairs with hand tools only, etc.—retail use district.

Negative:	0
Absent: Chairman Murdock and Commissioner Klei- ert	2

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on July 23, 1957, subject to regular procedure.

WHEREAS, a public hearing was held on this application on December 17, 1957, after due notice by publication in the Bulletin; laid over to January 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that site is in a business and residence use, B area and class 1¼ height district; Jerome Avenue and East and West Tremont Avenue are in a business use, B area and class 1¼ height district; Davidson Avenue is in a residence and business use, B area and class 1¼ height district; and the premises are almost entirely within a business use district since both west Tremont and Jerome Avenue are zoned business; that due to the irregular shape of the tax block a small portion of the premises along the west lot line is within 100 feet of Davidson Avenue which is zoned residence 100 feet back from West Tremont Avenue; that the area of the lot is approximately 17,500 square feet and only about 40 square feet or less than ½% is within the residence use; and

WHEREAS, the decision of the Borough Superintendent, dated June 5, 1957, acting on Alt. Applic. 446-57, reads:

"1. The proposed change in existing structure located on a lot partly in a business and partly in a residence use district for use in cellar for storage and boiler room, on 1st floor for garage, auto repairs, office and sales, and stores, and on 2nd floor for auto repairs, body and fender work and paint spraying violates Art. II Sec. 3 and Art. II Sect. 4a subd. 15 and subd. 29 zoning resolution, and is hereby denied.

Note: This structure was subject to conditional approval Bd. of S. & A. Cal. #886-24-BZ."

WHEREAS, the application states that the premises consist of a plot, 193.5 feet frontage, by 100 feet in depth, irregular, on which is located a two story building 193 feet 6 inches frontage by 100 feet in depth, irregular in area, occupied at the time of its erection as a public garage in accordance with the resolution of the Board under Cal. No. 886-24-BZ; that the existing building was erected under N.B. 1631-24 and in accordance with the resolution of the Board under Cal. No. 886-24-BZ as a public garage; and altered under Alt. 109-26 in March, 1926 for 7 retail stores on the Tremont Avenue frontage; that it is proposed to change the use of the premises to ordinary storage and boiler room in cellar; garage, auto repairs, office and sales, and retail stores on the 1st floor; auto repairs, body and fender work, painting and spraying on 2nd floor; and

WHEREAS, the applicant contends that the premises are almost entirely within a business use district since both West

Tremont and Jerome Avenues are zoned business due to the irregular shape of the tax block a small portion of the premises along the west lot line is within 100 feet of Davidson Avenue which is zoned residence 100 feet back from West Tremont Avenue; that the area of the lot is approximately 17,500 square feet and only about 40 square feet or less than ½% is within the residence zone; that the present owner took title to the premises on August 15, 1946; that this owner had been the lessee of the premises since 1925 at which time the premises was used as a public garage; that subsequent to 1925 and until May 15, 1957 the owner operated the garage and performed motor vehicle repairs as accessory to the garage use; that the present tenant was forced to vacate its previous premises at 2550 White Plains Avenue and entered into a lease of these premises on May 15, 1957; that the term "garage" as used in the early 1920's encompassed the automobile repair shop uses now proposed; that all repairs are conducted within the building and there are no openings along the rear or side lot lines; that ventilation is obtained through 6 existing sky-lights; that West Tremont Avenue has developed with retail and business zone whereas Jerome Avenue which has the elevated railroad is developed with automobile servicing use; that the West Tremont Avenue frontage is developed with retail stores, a conforming use, and it is not proposed to change this use; that the entrances to the garage and repair shop will be from Jerome Avenue; that the character of Jerome Avenue has developed into automobile servicing uses and every building between Tremont Avenue and East 177th Street on both sides of Jerome Avenue is developed with non-conforming uses as follows: Block 2853 Lot 22—Garage granted by the Board under Cal. No. 1447-23 BZ; Block 2853 Lot 17—Garage granted by the Board under Cal. No. 1484-22-BZ; Block 2853 Lot 17—garage granted by the Board under Cal. No. 1484-22-BZ; Block 2853 Lot 15—motor vehicle repair shop granted by the Board under Cal. No. 110-38-BZ. Vol. I; Block 2853 Lot 12—motor vehicle repair shop; Block 2853 Lot 11—motor vehicle repair shop; Block 2853 Lot 9—garage and tire shop granted by the Board under Cal. No. 556-20-BZ; block 2853 Lot 6—motor vehicle repair shop; Block 2853 Lot 1—motor vehicle repair shop granted by the Board under Cal. No. 347-27-BZ; Block 2862 Lot 111—garage granted by the Board under Cal. No. 375-20-BZ; Block 2862 Lot 103—motor vehicle repair shop; Block 2862 Lot 97—garage; that there is no longer any economic need for the use of the premises exclusively as a garage; that the larger number of garages within the immediate vicinity decrease the need for solely automobile storage and increases the need for automobile servicing; and

WHEREAS, the applicant states that the present owner has held title to the property since August 15, 1946; that the assessed valuation of the land is \$100,000 and the building \$50,000, making a total of \$150,000; and that the building was erected in 1924; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions i and e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7e and Section 7 for a term of fifteen years, to permit the change of use from public garage and retail stores to public garage, auto repairs, office and sales, painting and spraying and retail stores, as proposed as indicated on plans filed with this application, marked "Received June 27, 1957", 9 sheets, on condition that all exits shall comply with the requirements of the Labor Law; that any paint spraying or similar work on combustible materials shall be done to the satisfaction of the Fire Commissioner; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

MINUTES

4-29-BZ—Vol. II

APPLICANT—Reginald S. Hardy, for William J. Alesi, owner.

SUBJECT—Application reopened March 12, 1957 as Vol. II—decision of the Borough Superintendent under sections 7c and 7A of the zoning resolution, to permit in a business and residence use district, the erection and maintenance of a gasoline service station, lubritorium, auto laundry (non-automatic), motor vehicle repair shop for minor repairs with hand tools only and the parking of motor vehicles for a stated term of fifteen (15) years and having show windows, signs and curb cuts within 75 feet of a residence use district.

PREMISES AFFECTED—767-771 East New York Avenue and 469-497 Troy Avenue, northeast corner, Block 1429, Lot 2, Borough of Brooklyn.

APPEARANCES—

For Applicant: R. S. Hardy.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert. 2

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on March 12, 1957 subject to regular procedure, to consider rehearing under a different section of the zoning resolution, and increase in area; and

WHEREAS, a public hearing was held on this application on November 6, 1957 after due notice by publication in the Bulletin; laid over to December 10, 1957, for inspection and decision; hearing closed; then to December 17, 1957, for applicant to discuss with prospective tenant the dimensions of the lot; inspected; hearing previously closed; then to January 7, 1958, at request of the applicant; then date to be set; then to January 21, 1958; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Troy Avenue and East New York Avenue are in business and residence use, C area, class 1 height districts; Lefferts Avenue is in a residence use, C area, class 1 height district; that the southerly portion of the premises, that is the portion within 100 feet of East New York Avenue, is located within a business use district and the remainder is in a residence use district; that prior to March 25, 1954 the entire plot was located in a business use district and on that date the use district zoning was changed to the present designations; that the premises have been and now are located in a C area, class 1 height district; that the southerly portion of the premises, that is the portion located within 90 feet of East New York Avenue, as acquired by the present owner on October 16, 1953; at he found it impracticable to improve this small parcel in any manner and therefore purchased the balance of the premises on September 11, 1956; and

WHEREAS, the decision of the Borough Superintendent, dated February 4, 1957 acting on N.B. Applic. 166-57, reads:

"1. Proposed building and premises partly in a Business and partly in a Residence zone to be used for gasoline service station, lubritorium, auto laundry (non-automatic), minor auto repairs with hand tools only, parking of motor vehicles awaiting service is contrary to Art. II, PP. 3 and PP. 4a, subsections 29 and 46 of the Zone Resolution.

2. Proposed signs, show windows and business entrances and curb cut within 75 feet of a Residence zone is contrary to Art. II, PP. 7-A of the Zone Resolution."

WHEREAS, the applicant states that the premises consist of a plot, 58.54 feet frontage by 150 feet in depth, presently improved; that it is proposed to erect a modern gasoline service station, lubritorium, non-automatic auto laundry, motor vehicle repair shop for minor repairs with hand tools and office, and to use portions of the subject premises for

the parking of motor vehicles awaiting service; that an office and accessory building having a maximum frontage of 50 feet and a depth of 30 feet, will be erected along the easterly lot line, forty feet north of East New York Avenue, and will be constructed of face brick; that it is also proposed to install ten 550 gallon gasoline storage tanks and six dispensing pumps; that these pumps will be located on two islands, one situated diagonally across the corner formed by the intersection of East New York and Troy Avenues and the other parallel to Troy Avenue, approximately 45 feet north of East New York Avenue; that access to the gas station will be afforded by three driveways, each 30 feet in width; that one of these driveways will be located on the East New York Avenue frontage and the others on the Troy Avenue frontage; that the entire plot, except the portion occupied by the office and accessory building will be suitably paved; that a 4 foot 6 inch chain link fence, mounted on a one foot masonry base will be erected along the interior lot lines where they are not occupied by the walls of buildings; that if the Board deems it more appropriate, a brick wall of equal height will be substituted for this fence; that a sign advertising only the brand of gasoline sold will be placed at the intersection of East New York and Troy Avenues; and

WHEREAS, the applicant states that the office and accessory building, the gasoline storage tanks and dispensing pumps and the driveways will be located entirely within the business use districts; that the portion of the premises in the residence use district will be used primarily for the parking of motor vehicles awaiting service; that the owner has concluded arrangements whereby this gas station will be operated by Esso Standard Oil company if the Board acts favorably on this application; that this will insure proper maintenance and care of the station in accordance with the high standards set by the company; and

WHEREAS, the applicant contends that East New York Avenue, on which the subject premises abut, is a heavily travelled arterial thoroughfare; that it runs in an easterly direction from Prospect Park where it is known as Lincoln Road, to the East New York section of the Borough of Brooklyn and then continues as Jamaica Avenue through the heart of the Borough of Queens to the Nassau County line; that it is 80 feet wide at this point and accommodates two way traffic; that the traffic on East New York Avenue in the vicinity of the subject premises is varied in character, being comprised of both commercial and pleasure vehicles and is also used by an omnibus line; that Troy Avenue runs in a northerly direction from Holy Cross cemetery to Fulton Street, and it too is 80 feet wide; that north of East New York Avenue it is restricted to northbound traffic only, and south of that thoroughfare it accommodates two way traffic; that Lefferts Avenue, which is but 50 feet north of the subject premises is a heavily travelled thoroughfare also; that it is 100 feet wide and accommodates two way traffic, which is also general in character and includes an omnibus line; that Lefferts Avenue serves as a line of demarcation between the well developed property which exists on that avenue and for several blocks to the north, and the relatively poorly developed property to the south; that this condition militates against the improvement of the site for a conforming use; that the subject premises are located in an area which is largely given over to the type of improvement generally found in a manufacturing or unrestricted use district; and

WHEREAS, the applicant states that the premises directly to the east of the site, block 1429, lot No. 1, are improved with a two story garage for more than five motor vehicles erected under Cal. No. 491-27-BZ, which determination of the Board was confirmed by the Supreme Court, Kings County on May 11, 1928; that further to the east the property is used as a dry cleaning establishment, block 1429, lot 65, a motor vehicle parking lot on lots 59, 60 and 61 and a motor vehicle repair shop on lot 56, specializing in the repair of collision damage; that this repair shop was erected pursuant to a variance granted under Cal. No. 433-29-BZ; that the resolution was amended on May 15, 1956 to permit the premises to be used for motor vehicle repairs, wheel

MINUTES

alignment, brake testing, touch up painting and spraying and the parking of motor vehicles; that the time to complete work and to obtain a certificate of occupancy was extended on September 10, 1957; that the northwesterly corner of East New York and Troy Avenues, block 1428, lot 45, is used as a motor vehicle repair shop and further to the west is a one story building used for the refinishing of furniture; that still further to the west in block 1428, lot 47 is a large two story building which was erected as a garage for more than five motor vehicles under Cal. No. 1294-27-BZ; that that determination of the Board was also confirmed by the Supreme Court of Kings County; that this building is now used as a clothing factory pursuant to a variance granted by the Board on May 21, 1957; and

WHEREAS, the applicant contends that most of the stores along the northerly side of East New York Avenue in block 1429, lots 51 to 55, are not used for conventional retail purposes but are used as factories and similar establishments more in keeping with a manufacturing or unrestricted than a business use district; that the property fronting on the southerly side of East New York is used in a similar fashion; that the southeasterly corner of East New York and Troy Avenues in block 4806, lot 1, is improved with a large one story factory extending along the easterly side of Troy Avenue from East New York Avenue to Maple Street; that further to the east there is a junk yard in block 4806, lot 64 and a motor vehicle parking lot on lot 77 used in conjunction with a retail store on the adjoining property; that the property to the west of the subject site is also devoted to uses customarily found in manufacturing of unrestricted use districts; that the southerly side of East New York Avenue west of Troy Avenue, within the affected area, is principally devoted to the parking of motor vehicles; that all of the property fronting on either side of Troy Avenue, south of East New York Avenue, is vacant and unimproved except for the southwesterly corner of Troy and East New York Avenues, the easterly side of Troy Avenue between East New York Avenue and Maple Street, which is improved with the factory referred to above, and the athletic field located to the south of Maple Street; that Troy Avenue, north of Lefferts Avenue is substantially developed with multiple dwellings; that the property under appeal, however, is adversely affected by the conditions which prevail along East New York Avenue and cannot be considered as coming within the same category as the property to the north; that the erection of a modern gas station will eliminate the existing unsightly conditions and will provide illumination for an area which is now dark at night; that this will promoted the safety of passersby and particularly of persons awaiting to board buses at or near this point; and

WHEREAS, the applicant states that the present owner has held title to the property since October 16, 1953 and that the assessed valuation of land is \$10,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e and Section 7A of the zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7e of the Zoning Resolution, for a term of 15 years, to permit the premises to be occupied as a gasoline service station and uses accessory thereto substantially as proposed and as shown on plans filed with this application marked "Received February 27, 1957", 3 sheets, and revised plans marked "Received January 20, 1958", one sheet, on condition that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that where not occupied by the accessory building and pumps the premises shall be surfaced with bituminous or concrete paving; that on the northerly and easterly lot lines there shall be constructed a 4 foot 6 inch high woven wire fence of the chain link type on a one foot

masonry base to a total height of 5 feet 6 inches; that curb cuts shall be restricted to two curb cuts to Troy Avenue not over 30 feet in width and not nearer than 5 feet to the intersection, and one curb cut to East New York Avenue also 30 feet in width; that the building shall be faced with face brick as shown on the elevation; that in all other respects all laws, rules and regulations applicable thereto shall be complied with; and that all permits, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

812-41-BZ—Vol. III

APPLICANT—Leonard F. Rothkrug, for Birchwood Service Center, Inc., owner.

SUBJECT—Application reopened May 8, 1956, as Vol. III—decision of the Borough Superintendent, under section 7c, 7i and 7h of the zoning resolution, to permit in a residence and business use district, the change in use from gasoline service station, office, auto laundry and lubritorium to gasoline service station, office, auto laundry, lubritorium, motor vehicle repair shop and accessory parking previously granted for the reconstruction and extension of existing gasoline service station.

PREMISES AFFECTED—1916-1922 Flatbush Avenue, southwest corner of Avenue L, Block 7815, Lots 32 and 35, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper

Negative:

Absent: Chairman Murdock and Commissioner Kleinert

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on May 8, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on December 10, 1957 after due notice by publication in the Bulletin; laid over to January 14, 1958 for inspection and decision; hearing closed; applicant to file revised plans of accessory building and location of pumps and to omit the sale and display of used cars and to substitute a masonry wall for the four foot fence shown on plans; then on January 21, 1958, at the request of the applicant to comply with the layover requirements of December 10, 1957 hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Flatbush Avenue, Avenue and Kings Highway are in business and residence use, and D area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent dated November 18, 1955 acting on Alt. Applic. 2605-5 reads:

"1. Proposed structure in connection with existing gasoline service station located in a business and residence use district and to be occupied as a lubritorium, auto laundry and motor vehicle repair shop and all outdoor parking for customers only is contrary to Art. II Sect. 4a-29 and 46 and Art. II Sec. 3 of Zoning Resolutions. Note these premises subject to a variance under Cal. 812-41-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 60 feet frontage by 93.41 feet in depth, on which is presently located a building 24 feet by 23 feet 6 inches in area, one and two stories, 14 feet and 22 feet in height of class 3 construction, erected in 1924 and used and occupied continuously since that date as a gasoline service station; that it is proposed that a door opening be permitted from the rear of the proposed extension, to permit exit out of the building to the area of the premises granted for the parking of cars being serviced, and to permit motor vehicle repairs; and

MINUTES

WHEREAS, the applicant contends that the present owners are the operators of the existing station, and it is their intention to alter the building in accordance with the prior resolution of the Board; that it is not their intention to extend the service building other than as approved; that the proposed motor vehicle repairing is necessary and essential for the economic operation of the station and will be accessory to the service station uses; that the gas station uses were established prior to the amendment of the zoning resolution in 1925; that the proposed extension is to be located in the center of the site along the southerly side lot line and adjoins the gas station considered by the Board under Cal. No. 633-53-BZ; that the existing station does not meet the present day requirements of an economical gas station operation and the modernization as previously approved, will improve the general appearance of this corner; and

WHEREAS, the applicant states that the present owner has held title to the property since June 15, 1955; that the assessed valuation of land is \$38,000 and of the building \$2,000 making a total of \$40,000; that the building was erected in 1924; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c, i and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, i and h of the Zoning Resolution to permit the reconstruction and extension of the existing gasoline service station, and to permit the use of the premises for gasoline service station, office, non-automatic automobile laundry, lubritorium, accessory parking of motor vehicles and for the conduct of minor motor repairs using hand tools only, substantially as proposed and as indicated on plans filed with this application, marked "Received January 17, 1958," 3 sheets, *on condition* that the Flatbush Avenue facade of the proposed extension shall be constructed to harmonize with the existing building and the existing building shall be painted or resurfaced to match the new construction; that the front portion of the plot, fronting on Flatbush Avenue and Avenue L, from the building lines to the rear of the existing building shall be paved with concrete or asphaltic paving and the rear portion of the plot used for the parking of cars awaiting service shall be surfaced with crushed blue stone paving, properly rolled and bound; that signs shall be limited to flat lettering attached to the facade of the building, the globes of the gasoline pumps, the existing post standard supported brand sign, extending beyond the building line not more than 4 feet, located at the intersection of the interior lot line and the Flatbush Avenue building line as shown and one additional brand sign located at the intersection of Flatbush Avenue and Avenue L which sign shall not extend beyond the building line more than four feet but may be illuminated, and shall advertise the brand of gasoline sold on the premises; that gasoline pumps shall be set back from the building lines a distance not less than 15 feet; that there shall be a segment of concrete constructed at the intersection of Flatbush Avenue and Avenue L, extending 12 inches above grade and along the building lines of both streets, not less than 5 feet; that curb cuts shall be limited to those existing as shown on such plans above referred to; that the existing 4 feet high woven wire fence on the interior lot line shall be maintained where walls of the adjoining buildings do not occur; that a landscape area shall be provided along the Avenue L building line, extending from the westerly interior lot line a distance of 30 feet along such building line and extending in depth along such westerly interior lot line to a point formed by the prolongation of the front wall of the adjoining building to the west; that such planting area shall be protected by a 6 inch high concrete curbing

which may be curbed at its easterly end where it turns to meet the curb at the building line as indicated on such plans above referred to; that motor vehicle repairing as herein permitted shall be limited to minor repairs and adjustments with hand tools only, to be conducted within the building; that the number of gasoline tanks shall not exceed eight 550 gallon approved storage tanks; that an additional toilet shall be provided for women and enterable only from the exterior of the building; that such portable fire extinguishing appliances shall be installed as the Fire Commissioner shall direct; that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

342-54-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Sidney Kessler, and Benjamin Hass, owners.

SUBJECT—Application reopened June 4, 1957 as Vol. II—decision of the Borough Superintendent, under sections 7f, 7i, 7h and 7A of the zoning resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, car wash, storage, office and sales, parking and storage of motor vehicles, with show windows within 75 feet of a residence use district.

PREMISES AFFECTED—76-09 to 76-19 (76-15 official) Main Street and 144-01 to 144-09 76th Road, northeast corner, Block 6666, Lot 1, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Eugene S. Ginsberg.
For Opposition: Jacob S. Schulman.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 4, 1957 subject to regular procedure, based on a new proposal; and

WHEREAS, a public hearing was held on this application on November 26, 1957 after due notice by publication in the Bulletin; laid over to December 17, 1957, for inspection and decision; hearing closed; then to January 7, 1958, for consideration and decision; then date to be set; then to January 21, 1958; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, D area, class 1 height district; that as of July 25, 1916 the premises were in a residence use district; that on July 28, 1939 the premises were changed to a business use district and the present use designation became effective on September 18, 1947; that as of July 25, 1916 the premises were in a class D area district, on May 4, 1953 the area was changed to a class D-D district and the present area designation became effective on October 13, 1953; and

WHEREAS, the decision of the Borough Superintendent, dated May 9, 1957 acting on N.B. Applic. No. 734-57, reads:

- "1. Erection of a service station, lubritorium, minor auto repairs, car washing, storage room, office and sales, parking and storage of motor vehicles in a Retail district is contrary to Sec. 4-A of the Zoning Resolution.
- "2. Proposed ground sign is contrary to Sec. 4A of the Zoning Resolution.
- "3. Proposed show window within 75 feet of a residence district is contrary to Sec. 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 120 feet frontage by 95 feet in depth, presently vacant; that it is proposed to secure a variance for a period of fifteen years in order to erect and maintain a gasoline service station consisting of ten 550 gallon gasoline tanks and four dispensing pumps; that the contemplated accessory

MINUTES

building will be one story in height, of class 3 construction, having a frontage of 62 feet and a depth of 30 feet; that the building will also contain the conjunctive uses of car washing, lubritorium, minor auto repairs, storage, sales and office; that a portion of the site will be reserved for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the contemplated buildings will be colonial in design and in keeping with the present surrounding architecture; that Main Street is a principal traffic artery leading across Queens carrying a large volume of traffic, which makes the said premises particularly adaptable for development as a gasoline service station; that a 10 foot rear yard will be maintained behind the accessory building to provide additional permanent light and ventilation for adjoining premises and act as a buffer between the contemplated use on the site and adjoining premises to the east; that a 2 foot high brick wall with a 3 foot 6 inch high iron railing will be erected along the entire easterly lot line to separate the gas station from adjoining premises; that there are no gas stations within the affected area, and with the large home development in the area the proposal is a vitally required service to the community; that the proposed ground sign will be 36 square feet in area starting 12 feet above grade and will only project 4 feet beyond the building line; that the proposed show window within 75 feet of the residence use district cannot affect adjoining properties inasmuch as it sets 58 feet in back of the 76th Road building line; and

WHEREAS, the applicant states that the present owners have held title to the property since December 31, 1952 and that the assessed valuation of land is \$12,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f, h and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7 f, h and i to permit for a term of 15 years, the erection and maintenance of gasoline service station, lubritorium, minor motor vehicle repairs, non-automatic car washing, storage, office and sales and the parking and storage of motor vehicles and under Section 7A to permit the show windows to be constructed within 75 feet of the residence use district, substantially as proposed and as shown on plans filed with this application, marked "Received, May 9, 1957" two sheets and 1 sheet marked "Received Dec. 26, 1957" showing section and elevations and as passed upon by the Borough Superintendent, May 9, 1957, on N.B. Applic. 734/57, *on condition* that the entire plot, except where occupied by accessory buildings or planting area, shall be surfaced with concrete or asphaltic paving; that there shall be erected along the interior lot line where the wall of the accessory building does not occur, a 2 foot high brick wall with 3 foot 6 inch high metal picket fence thereon to a total height of 5 feet, 6 inches; that such wall shall be returned along the 76th Road building line for a distance of 40 feet, where it shall terminate in a suitable pier; that the wall herein described where erected along the northerly lot line from front of accessory building to the Main Street building line shall terminate in a suitable pier at the building line; that signs shall be limited to the facade of accessory building, the globes of gasoline pumps and one brand sign erected on a post standard at the intersection of Main Street and 76th Road, which sign shall advertise only the brand of gasoline sold and may be illuminated and extend not more than 4 feet beyond the building line; that a 12-inch high concrete segment shall be constructed at the intersection of 76th Road and Main Street and shall extend for at least 5 feet along each building line; that gasoline dispensing pumps shall be of the low approved type, erected not nearer than 15 feet to the building lines; that the planting area to be located between the rear of the building and the

easterly lot line shall be planted with Baltic ivy, pachysandra or equivalent type of planting within the area located behind the building, and with suitable shrubbery and grass for the portion of such area between the building and 76th Road building line; that motor vehicle repairs shall be minor repairs and adjustments with hand tools only and done solely within the accessory building; that gasoline tanks shall not exceed twelve 550 gallon tanks, located where shown on plans above cited; that such portable fire extinguishing appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

958-55-BZ—Vol. II

APPLICANT—Robert Gottlieb, for Thomas DeFilippo, owner (Carboni Brothers, lessees).

SUBJECT—Application reopened June 11, 1957 as Vol. II—re decision of the Borough Superintendent under section 7i of the zoning resolution, to permit in a business use district the change of use of an existing one story building from store to store and motor vehicle repair shop.

PREMISES AFFECTED—355 East 119th Street, north side, 78 feet 4 inches west of 1st Avenue, Block 1796, Lot 124, Borough of Manhattan.

APPEARANCES—

For Applicant: Gerald Levy.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleiner 2

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 11, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on December 17, 1957 after due notice by publication in the Bulletin; laid over to January 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, First Avenue, East 119th Street and East 120th Street are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated May 6, 1957 acting on amendment to Alt. Applic. 1565-55, reads:

"C1. Proposed use as motor vehicle repair shop in a business use district is not permitted by Sec. 4(a) 29 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 21 feet 7½ inches frontage by 25.2 feet in depth on which is a one story masonry building presently illegally used as a motor vehicle repair shop; that it is proposed to use the 25 foot by 21 foot 7 inch extension, now on separate lot No. 124, as a motor vehicle repair shop, using hand tools only, for a term of five years; that it is also proposed to erect a masonry wall behind the multiple dwelling lot; that a legal yard is being provided for the corner multiple dwelling; and

WHEREAS, the applicant states that the original premises consisted of a corner plot 25 feet front on First Avenue and 100 feet on East 119th Street, on which was erected in about 1895 a four story old law tenement 60 feet in depth; that in 1936 a one story, class 3 building was erected in the 40 foot rear yard under Alt. Applic. No. 1553-36, and used as storage and office under Certificate of Occupancy No. 21678-36; that in February of 1938 a 19 foot curb cut application was filed under Applic. D.C. No. 18-36, and the use of the space was listed as junk shop and rag storage; that the zone at that time was unrestricted; that on May 28, 1938

MINUTES

the entire zone was changed from unrestricted, 1-1/2, B, to business, 1-1/2, B; that in the early part of 1953 the present tenants of the motor vehicle repair shop rented the premises and began to use it as a two car motor vehicle repair shop, believing that the use zoning was still unrestricted; that this use was continued until the present time; that the tenants now wish to legalize this use; and

WHEREAS, the applicant contends that the character of the neighborhood would not be changed by the use of the premises as proposed as there is only room for two automobiles in the place, and the work is performed by hand tools only; that no work is performed in the street; that the shop fills a need in the neighborhood, as they are quite busy repairing motors and ignition for most of the car owners on the street and in the immediate vicinity; that no body or fender work or auto painting is to be done; and

WHEREAS, the applicant states that the present owner has held title to the property since April 25, 1942; that the assessed valuation of land is \$2,500, and of the building \$2,000 making a total of \$4,500; that the building was erected in 1935, the extension in 1936; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate use in which to exercise discretion to grant under Section Subdivision 1 of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7i for a term of ten years, to permit the inclusion in an existing one-story store of a motor vehicle repair shop, as proposed and indicated on plans filed herewith marked "Received May 6, 1957", 2 sheets, and "September 20, 1957", 2 sheets, on condition that the fire wall proposed shall be installed and the motor vehicle repairing shall not include body and under work or paint spraying; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

-56-BZ

APPLICANT—Lama, Proskauer and Prober, for Sedelle Schulman, owner.

SUBJECT—Application February 2, 1956—decision of the Borough Superintendent, under sections 7e and 7h of the zoning resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, car washing, office, sales, parking and storage of motor vehicles and erection and maintenance of a diner.

PREMISES AFFECTED—124-02 to 124-20 (124-10 and 124-20 official) South Conduit Avenue and 150-31 124th Street, southeast corner, Block 11893, Lot 19, Richmond Hill, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama, Eugene S. Ginsberg and B. L. Levine.

For Opposition: Samuel Bodian for Park Department.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 7, 1956 after due notice by publication in the Bulletin; laid over to December 4, 1956 for inspection and decision; hearing closed; then to December 11, 1956 for inspection and decision; then to January 15, 1957 for inspection and decision; then to February 19, 1957 at request of applicant; then to April 2, 1957 for applicant to file information as to future development; then date to be set; and on January 21, 1958; and

WHEREAS, the district maps accompanying the zoning

resolution show that the site, South Conduit Avenue and 124th Street are in a residence use, F area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated January 18, 1956 acting on N.B. Applic. 5216-55, reads:

"1. Proposed erection of two buildings on a lot is contrary to Art. 1 Sect. 1(v) of the Zoning Resolution.

2. Proposed occupancy of a lot within a Residence Use District for a gasoline service station, lubritorium, office and sales, car washing, storage room, minor auto repairs, parking and storage of motor vehicles in open spaces and diner is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 206.19 feet frontage by 163.30 feet in depth, irregular, now vacant; that it is proposed to secure a variance for a period of 20 years in order to erect a modern gasoline service station and an approved type metal diner; that the proposed gas station, designated as building "A", will consist of ten 550 gallon gasoline tanks and four dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction, having a frontage of 62 feet, a depth of 30 feet and will contain the conjunctive uses of lubritorium, minor auto repairs, car wash, storage, office and sales; and

WHEREAS, the applicant states that the use district maps show that the premises are located in a residence use district and class F area district; that part of the premises within 100 feet of South Conduit Avenue is in a class 1/2 height district and the balance of the premises is in a class 1 height district; that as of July 25, 1916 the entire premises was in an undetermined use district, class 1 height district and a class D area district; that the present height designation for that portion of the premises within 100 feet of South Conduit Avenue became effective November 28, 1938; that the present area designation became effective November 28, 1938 and the present use designation became effective January 21, 1947; that the proposed diner, designated as building B will be one story in height, of class 5 construction, of a type as approved by the department of housing for use throughout the City; that the open area not used for gas station or diner will be used for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that inasmuch as the site occurs on the main auto lane leading from Brooklyn to Queens and to all of the main beaches on Long Island, the gas station and diner are within keeping at this point and a necessity to motor vehicle travel; that the modern design of the gas station and diner will do much toward enhancing the appearance of the area and will be in keeping with the parking system; that the large parking area on the site would take care of any parking problem that could develop due to the nature of the business; that the site, although zoned for residence use, cannot be developed along residential lines due to the proximity of the New York international airport in block 14260, lot 1, with its low-flying planes and attendant noises, together with the heavy traffic and fumes along the parkway, which is not conducive to residence use; that the non-conforming use of truck repairing in block 11894, lot 30 and the undetermined use district across 124th Street has definitely sandwiched the site so that it cannot be used for anything else other than as proposed; that a gas station could be erected in the undetermined use district across 124th Street that would further reduce the possibility of developing this site with a conforming use; and

WHEREAS, the applicant further contends that a 5 foot planted area will be maintained along the easterly lot line to provide permanent additional light and ventilation to adjoining properties; that the pumps as proposed, not nearer than 15 feet to the street building line, will protect any pedestrian travel that may be using the sidewalk along South Conduit Avenue; that the east wall of the accessory building will not have any windows so as to subdue any noise that may emanate from the operation used; that there

MINUTES

are no other gas stations within the affected area and the proposal therefore becomes a vital necessity to the community; that although it is proposed to erect both the gas station and the diner on one lot, each use will have the necessary courts, yards and frontage on a legal street and will fully comply with the zoning ordinance as to height and area; that each use will also face on a legal street; and

WHEREAS, the applicant states that the present owner has held title to the property since March 17, 1955 and that the assessed valuation of land is \$3,000; and

WHEREAS, the premises and surrounding area were inspected by committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e and h to permit the premises to be occupied for garage, service station, lubricatorium, minor auto repairs, car washing, office and sales, parking and storage of motor vehicles, and the erection and maintenance of a diner, as proposed and shown on plans filed with this application marked "Received February 2, 1956," 3 sheets, *on condition* that the portion of the diner which protrudes beyond the accessory building shall be of construction similar to the accessory building; that curb cuts shall be restricted to three curb cuts to South Conduit Avenue, each not over 30 feet in width and not nearer than 5 feet to the intersection of South Conduit Avenue and 124th Street, and one curb cut to 124th Street not over 23 feet in width; that there shall be a woven wire fence on a masonry base to a total height of 5 feet 6 inches erected where shown; that the landscaped area shall be maintained as shown and protected with a concrete curbing not less than 8 inches in height; that the premises where not occupied by the accessory building and pumps shall be surfaced with bituminous or concrete pavement; that the number of gasoline tanks shall not exceed ten 550 gallon approved storage tanks; that two pump islands with two pumps each shall be erected not less than 15 feet from the building line as shown; that signs shall be restricted to one sign at the intersection of South Conduit Avenue and 124th Street advertising the brand of gasoline on sale; that such sign may be illuminated and shall not extend beyond the building line for a distance of more than four feet; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application

on September 17, 1957 after due notice by publication in the Bulletin; laid over to October 1, 1957, at the request of the objector; applicant concurring; then to November 6, 1957, awaiting the results of the City Planning Commission's proposed rezoning, which may include this portion of Jamaica Avenue, and for inspection and decision; hearing closed; then set for additional public hearing on December 3, 1957, due to change of zone since the previous hearing; all requirements waived except a new decision of the Borough Superintendent and two publications in the Board's Bulletin as notice and for decision on the merits of the application hearing for which was closed on October 1, 1957; then to December 10, 1957, for applicant to file revised plan and revised statement; then to December 17, 1957, at 10 A.M. for applicant to file revised plans and revised statement; then to January 7, 1958, for further consideration and decision; then date to be set; then to January 21, 1958; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 113th Street and 114th Street are in retail and residence use, C area, class 1 and class 1½ height districts; Jamaica Avenue is in a business use, C area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 9, 1956 acting on Alt. Applic. 1444-55, as amended by the decision of the Borough Superintendent, dated November 22, 1957 reads:

"1. The use of the premises as a storage warehouse on a plot partly in Retail and in a Residence Use District is contrary to Art. II, Sec. 3, Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 61.98 feet frontage by 120.45 feet in depth, presently occupied by a one story fireproof structure for the storage of packaged candy; and

WHEREAS, the applicant contends that this request is based on section 4b since the portion of the building in the residence area is less than 25 feet beyond the business area, under section 4c under which the Board may grant under such conditions as they deem will safeguard the character of the residence area; and

WHEREAS, the applicant states that the present owner has held title to the property since December 26, 1946; that the assessed valuation of land is \$35,000 and of the building \$30,000 making a total of \$65,000; that the building was erected in 1913; and

WHEREAS, on October 1, 1957 a hearing was held by the Board under sections 7b and 7c of the zoning resolution, to permit in a retail and residence use district the use of the existing building as a storage warehouse, affecting premises 113-14 Jamaica Avenue, south side, 41.32 feet west of 114th Street and 87-14 114th Street, Block 9303 (220), Lot 6, Jamaica, Borough of Queens; and

WHEREAS, this application was laid over to November 6, 1957 at 10 A. M. awaiting the results of the City Planning Commission's proposed rezoning, which may include this portion of Jamaica Avenue, and for inspection and decision; hearing closed; and

WHEREAS, this application was set for additional public hearing on December 3, 1957 at 10 A. M., due to a change of zone since the previous hearing, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on December 3, 1957 after due notice by publication in the Bulletin; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e o

MINUTES

the Zoning Resolution, for a term of 10 years, to permit the use of the existing building as a storage warehouse as proposed and as shown on plans filed with this application marked "Received December 12, 1957," 4 sheets, *on condition* that no loading or unloading shall be carried on in the residential district but that the loading and unloading shall be solely from Jamaica Avenue; that the access from 114th Street shall be fenced with a woven wire fence in which there may be two gates not more than 3 feet in width which shall serve as emergency exits only; that the marquee on the Jamaica Avenue side of the building shall be removed and the front repainted; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

513-56-BZ

APPLICANT—Fred C. Dahlem, for Albert Rollman, owner.
SUBJECT—Application July 9, 1956—decision of the Borough Superintendent under section 7e of the zoning resolution, to permit in a residence use and F-1 area district, the erection and maintenance of a gasoline service station, sale of accessories, car wash, lubritorium, motor vehicle repair shop with hand tools only, with less than the required set back.

PREMISES AFFECTED—Southwest corner of Lacombe and Castle Hill Avenues, Block 3510, Lot 34, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem.

For Opposition: Harvey Fox for N.Y.C. Housing Authority.

ert 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 10, 1957 after due notice by publication in the Bulletin; laid over to January 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Lacombe Avenue, Howe Avenue and Castle Hill Avenue are in a residence use, F-1 area, class ½ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated June 11, 1956 acting on N.B. Applic. 735-55, reads:

"1. In a residence district the proposed gas service station, accessories, lubritorium, car wash, minor repairs, hand tools & parking and storage of more than 5 motor vehicles is contrary to Sect. 3 of the Zoning Res.

2. In an F-1 area district the setbacks must conform with Sect. 16-A of the Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 108.46 feet in depth, presently occupied by a gasoline service oil selling station and minor repairs; that it is proposed to erect a new station and include the following uses; gasoline service station, sale of accessories, car wash, lubritorium, motor vehicle repair shop with hand tools only; and

WHEREAS, the applicant states that building was 22 feet by 55 feet deep-cinder block building; see N.B. 388-1932; that on the same plot N.B. 646-1930 was approved for office for gas service station, oil selling station, motor vehicle repair shop, for which Certificate of Occupancy No. 4835 was issued on October 29, 1948; that letter dated December 11, 1947 from Fire Department to Building Department states that Fire Department records show a gasoline storage system of three 550 gallon tanks was satisfactory in 1947; that this station has been operating under Certificate of Occupancy No. 4833 since 1948; and

WHEREAS, the applicant states that the present owner has held title to the property since May 10, 1951; that the assessed valuation of land is \$7,500 and of the building \$3,000 making a total of \$10,500; that the building was erected in 1932; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which is of the belief that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e, for a term of fifteen years, to permit in a residence use district, the erection and maintenance of a gasoline service station, sale of accessories, non-automatic car wash, lubritorium, and motor vehicle repair shop using hand tools only, as shown on plans marked "Received September 12, 1957", 2 sheets, "July 9, 1956", one sheet, "September 5, 1957", 2 sheets and "September 30, 1957", 2 sheets, *on condition* that the proposed accessory building shall be relocated to the southerly lot line and finished on the northerly and easterly facades with face brick; that there shall be constructed along the southerly lot line from such building to the Castle Hill Avenue building line, a brick wall surfaced on the front with face brick, erected to a height of 5 feet, 6 inches, except that within ten feet of the Castle Hill Avenue building line, such wall may be reduced to a height of 3 feet 6 inches; that a similar wall shall be constructed along the westerly lot line from proposed building to Lacombe Avenue building line and may be similarly reduced in height within ten feet of such building line; that gasoline pumps shall be located 15 feet back from either building line; that signs shall be restricted to the facade of accessory building, the globes of gasoline pumps and one post standard located at the intersection of Lacombe and Castle Hill Avenues, to support a sign, which may be illuminated, consisting of two leaves, each projecting not more than 4 feet beyond a building line, such sign to advertise only the brand of gasoline sold; that at the intersection of Castle Hill and Lacombe Avenues there shall be constructed a 12 inch high concrete segment, extending five feet along either building line; that existing pump islands on Lacombe Avenue front shall be removed; that the entire plot except where occupied by accessory building and pumps shall be paved with concrete or asphalt; that curb cuts shall be limited to two on Castle Hill Avenue and two on Lacombe Avenue, each not more than 19 feet in width, located where shown on plans above cited; that such portable fire-extinguishing equipment shall be installed as the Fire Commissioner may direct; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that the sidewalks and curbing abutting the site shall be repaired or reconstructed to the satisfaction of the Borough President; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution; and *withdrawn* as to Objection 2, to comply.

111-57-BZ

APPLICANT—Samuel Rosenblum, for Jerome Fishbach, owner.

SUBJECT—Application February 8, 1957—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a residence use district, the change of use of an existing two-story building from storage garage on the first floor and storage on the second floor; to four car garage and storage of electrical supplies and equipment on the first floor and offices on the second floor.

PREMISES AFFECTED—435-439 East 65th Street, north side, 100 feet west of York Avenue, Block 1460, Lot 19, Borough of Manhattan.

MINUTES

APPEARANCES—

For Applicant: Samuel Rosenblum.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 7, 1958 after due notice by publication in the Bulletin; laid over to January 21, 1958 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and York Avenue are in a residence use, B area, class 1½ height district; East 65th Street and East 66th Street are in residence and retail use, B area, class 1½ height districts; First Avenue is in a retail use, B area, class 1½ height district; that at that time the district was unrestricted, but was changed to residence on June 3, 1947; and

WHEREAS, the decision of the Borough Superintendent, dated January 30, 1957 acting on Alt. Applic. 1712-56, reads:

"1. Proposed occupancy of "Garage for 4 motor vehicles and storage of electrical supplies and equipment" on the first floor of a premises presently used as "Garage" in a residence use district is contrary to Art. II, Sect. 3 of the Zoning Resolution.

2. Proposed change of use from "storage" to "office" on 2nd floor in a residence use district is not permitted—Art. II, Sec. 3 Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 100 feet 5 inches in depth, on which is located a two story, class 3 structure, having a frontage of 75 feet on the first floor and a depth of 100 feet 5 inches, with a two story section at front 16 feet deep; that it was erected in 1918 under N.B. Applic. No. 44-18 for use as a garage on first floor and storage above, for which Certificate of Occupancy No. 1043-18 was issued; and

WHEREAS, the applicant states that the use as a storage garage has been discontinued and all storage tanks have been sealed; that the present owner uses the premises mainly for the storage of electrical supplies and equipment, and stores not over four trucks overnight; that the second floor, heretofore approved for storage is used as an office by the owner; that there is an existing iron stair enclosed in T.C. block partitions from first to second floor and it is intended to remove the wood partition on second floor and replace with 2 inch by 4 inch studs and cover both sides with P.C. mortar; that there is an iron ladder to the roof; and

WHEREAS, the applicant contends that the use proposed now for the existing legal garage is far less onerous than that heretofore approved; that there will be no gasoline storage outfit maintained; that under section 7c, a premises heretofore devoted to a non conforming use, which use was legal at the time of erection of the building, can be considered for change; that the changes proposed will not be detrimental to existing conditions; and

WHEREAS, the applicant states that the present owner has held title to the property since September 29, 1950; that the assessed valuation of land is \$47,500 and of the building \$34,500 making a total of \$82,000; that the building was erected in 1918; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does

hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7c to permit the change in use of the building on the first floor to four car non-storage garage and the storage of electrical supplies and equipment and the use of the second floor for offices, as shown on plans filed with this application, marked "Received February 8, 1957," 3 sheets, on condition that all loading and unloading shall be done within the building; that exits shall be provided as shown on such plans; that the building shall not be increased in height or area; that the front wall of the building shall be suitably painted; that signs shall be limited to one flat sign attached to the front wall of the building, which sign shall advertise only the business conducted on the premises and shall be limited to fifty square feet in area; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

148-57-BZ

APPLICANT—Patrick D. Concagh, for S. G. Covello and Sons, Inc., owner.

SUBJECT—Application February 26, 1957—decision of the Borough Superintendent under sections 7c and 21 of the zoning resolution, to permit in a residence use D area district, the change of use of the present structure from a two car non-storage garage to a showroom for electrical supplies and fixtures and erect a second floor on a present illegal one story extension and used for the storage of electrical supplies on the first floor and offices on the second floor, and extending into the required rear yard.

PREMISES AFFECTED—4120-4122 Baychester Avenue, east side, 200 feet north of Edenwald Avenue, Block 5020, Lots 6 and 8, Borough of The Bronx.

APPEARANCES—

For Applicant: P. D. Concagh.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 10, 1957, after due notice by publication in the Bulletin; laid over to January 21, 1958, for inspection and decision; hearing closed; applicant to submit additional information as to proposed coverage and area allowed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Baychester Avenue, De-Reimer Avenue and Edenwald Avenue are in a residence use, D area, class 1 height district; that on July 25, 1916, Baychester Avenue was zoned for residence use and on January 20, 1927, it was changed to business use for 100 feet in depth and extending on both sides of the avenue; that on October 18, 1949, it was rezoned back again to residence use, its present designation; that the area and height district designation go back to 1916 without change; and

WHEREAS, the decision of the Borough Superintendent dated January 30, 1957 acting on Alt. Applic. 644-52, reads:

"1. Change of use from two car non-storage garage to showroom and extension for use of offices and storage in a residence use district is contrary to Art. II Sect. 3 & Sect. 6 of the Z.R.

2. Extension of building into a rear yard area is contrary to Art. IV Sect. 14 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 75 feet in depth and is improved with a two story stuccoed concrete block structure, erected under N.B. Plan No. 262 of 1949 for use as a store and two car, non-storage garage on the first story and for a one family residence on the second story, for which Certificate of

MINUTES

Occupancy No. 6046 was issued on August 30, 1949; that it is now proposed to legalize the existing one story extension at the rear and to erect thereon an additional story, said extension to be used for the storage of electrical supplies on the first story and as an office on the second; that it is also proposed to convert the one story side extension, now legalized for use as a two-car, non-storage garage, to a showroom for the display of electrical supplies and fixtures; and

WHEREAS, the applicant states that most of the properties surrounding the site consist of vacant land, and the balance of the lots are developed with one and two family residence buildings; that all the lots south of the site and adjacent to the site as far as Edenwald Avenue are vacant and this is also true of properties across the street from the site, with the exception of lot No. 45; that around the corner from the site on Edenwald Avenue, the properties are all vacant as far as DeReimer Avenue, with the exception of lot No. 95; that to the rear of the site, along DeReimer Avenue, over 50% of the land is vacant and the balance is developed with one and two family residences with a high percentage of open unoccupied space at the rear, along the sides and towards the front; that Baychester Avenue along its route is 100 feet in width and serves as an important traffic highway between Boston Road and the upper Bronx and Westchester County; that there is moderately heavy automobile traffic along this avenue at the present time, but with the opening of the New England Thruway, which is located about a mile south of the site, automobile traffic will increase considerably along its route, making it an important feeder line into the Thruway; that when this occurs, in the not too distant future, Baychester Avenue will not be a desirable area for residential development; and

WHEREAS, the attention of the Board is respectfully called to the rule of law laid down by the Appellate Division, Supreme Court, Second Department in a case entitled "Application of the Village of Bronxville, et.al. vs. Clarence Francis, et.al.", which was published in the Bulletin of the Board on March 27, 1956; that in this case, the Court reviewed a prior decision entitled Otto vs. Steinhilber, 282 N.Y. 71, 76, wherein the following rule was laid down; "Before the Board may exercise its discretion and grant a variance upon the ground of unnecessary hardship, the record must show that (1) the land in question cannot yield a reasonable return if used only for a purpose allowed in that zone; (2) that the plight of the owner is due to unique circumstances and not to the general condition of the neighborhood which may reflect the unreasonableness of the zoning ordinance itself; and (3) that the use to be authorized by the variance will not alter the essential character of the locality"; that however, the Appellate Division in the Village of Bronxville case drew a distinction of *use* variance and an *area* variance; that the Court called attention to the fact that the Otto case was an application for a *use* variance and not an *area* variance; that the pertinent language used by the Appellate Division is quoted from the Bulletin as follows: "This court has consistently held that the above quoted language in the Otto opinion is intended to apply to a variance in the use of the premises and not to a variance in the area upon which a building may be constructed. The language quoted above from the Otto opinion shows in itself that a use case was under discussion, and other portions of the opinion make that clear. When the variance is one of area only, there is no change in the character of the zoned district and the considerations present in the Otto case are not present. A change of area may be granted on the ground of practical difficulties alone, without considering whether or not there is an unnecessary hardship (cases quoted). This court is committed to the rule that, in the absence of statutory provision to the contrary, special hardship need not be established as a condition to granting an area variance." (Several cases cited in support). "The rule is recognized generally." (Citing Ryback vs. Murdock, 1 A.D. 2nd, 1932); and

WHEREAS, the applicant contends that a grant of this application under section 21 will not adversely affect or change the essential character of this neighborhood; that it

will not adversely affect the requirement for the promotion of block ventilation; that by reason of the change in the use district regulations on October 19, 1949, the owner is restricted to the amount of ground coverage which existed on that date without any consideration being given for normal business expansion which has occurred within the past several years; that this imposes upon the owner an onerous and severe hardship; and

WHEREAS, the applicant states that the present owner has held title to the property since January 13, 1949, and April 27, 1957; that the assessed valuation of land is \$3,300 and of the building \$18,000 making a total of \$21,300; that the building was erected in 1949; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the change of use from two-car nonstorage garage to a showroom for electrical supplies and fixtures and the erection on the second floor of a presently illegal one-story extension of the use of storage of electrical supplies and for offices, and to permit the rear yard to be reduced to the size shown on plans marked "Received February 26, 1957", 7 sheets, and revised plans marked "Received December 23, 1957", 2 sheets; and that all permits, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

193-57-BZ

APPLICANT—Burke, Green and Groh, for Celia Schneirow, owner (Harry Mallis and Harold Bassar, Contract Vendee).

SUBJECT—Application March 15, 1957—decision of the Borough Superintendent, under sections 7e and 21 of the zoning resolution, to permit in a residence use and E-1 area district, the erection and maintenance of a class B two (2) story hotel with the entrance stair encroaching on the required setback on North Conduit Avenue.

PREMISES AFFECTED—138-10 135th Avenue and 135-01 to 135-25 138th Street, southeast corner and 135-02 to 135-26 139th Street, Block 12093, Lot 20, South Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Foley and Commissioner Sleeper 3

Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 26, 1957 after due notice by publication in the Bulletin; laid over to December 17, 1957, for inspection and decision; hearing closed; then to January 7, 1958, for applicant to file revised plans showing entrance to proposed hotel one the side street, 138th Street, and for further consideration of same and decision; then date to be set; then to January 21, 1958; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, E-1 area, class 1 height district; that as of July 25, 1916 the use zoning of the property referred to was undetermined; that on July 1, 1924 the portion of the property within 100 feet of 135th Avenue was placed in a business district, and on November 28, 1938 the entire property was placed in a residence district; that as of July 25, 1916 the property was zoned as a one times height district; that on November 28, 1938 the portion of the property within 100 feet of North Conduit Avenue was placed in a one-half times height dis-

MINUTES

trict and on June 30, 1947 the class one-half height district was expanded to include all of the property; that as of July 25, 1916 the property referred to was zoned as a D area district; that on November 28, 1938 the property was placed in an F area district and the present E-1 area designation became effective on May 24, 1956; that no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated February 21, 1957 acting on N.B. Applic. 202-57, reads:

"1. The erection of a sign in a residence zone is contrary to Article 2 Section 3 of Zone Resolution.

"1M. Proposed class B Hotel to be erected at above location is in an E-1 district. Sec. 15A Zoning Resolution.

"2M. Entrance stair encroaches into required setback, North Conduit Ave. Sec. 15d Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 339.30 feet frontage by 250.37 feet, irregular in depth, presently developed with a number of greenhouses, sheds and a frame dwelling; that it is proposed to demolish all structures on the site and to develop the plot with a modern two story hotel building; that the site at present is approximately level with 135th Avenue; that it is proposed to remove a concrete retaining wall along 138th Street and North Conduit Boulevard and lower the grade of the site to approximately the level of 138th Street; that the proposed structure will be approximately 21,500 square feet in area of class 3 construction, two stories and cellar in height; that the first and second floor will be devoted to modern hotel rooms, each with a private bath, and a few with kitchen facilities; that a portion of the basement will be devoted to a dining room and lounge; that a large parking field, enclosed between the wings of the hotel, will provide ample parking facilities as well as off street unloading space; that the proposed development will occupy almost an entire square block except for a triangular area at the corner of North Conduit Boulevard and 139th Street, which is vacant and under city ownership; that the only developed property facing the site is along 135th Avenue, where a row of dwellings now exist; that it is proposed to construct an ornamental brick and wire picket fence along 135th Avenue and to provide a screen of shrubbery behind this fence; that no sign will be displayed on the wall of the building facing 135th Avenue and due to the grade condition, the building will be only 21 feet high at this point; that the primary entrances to the parking area will be through 139th Street which is a mapped street not physically open, and the bulk of which forms a portion of the site; and

WHEREAS, the applicant contends that the proposed structure is being designed to provide the finest in modern accommodations and conveniences to serve the demands of the ever-increasing number of passengers and employees using Idlewild International Airport; that the entrance lobby, glass enclosed and extending for the full height of the structure, will provide an attractive and impressive feature facing the junction of Southern State Parkway and Van Wyck Expressway; that with its location so close to the airport, the construction of private dwellings on this site is not economically feasible, since resistance has greatly increased in recent years to the purchase of dwellings in close proximity to airports; that on the other hand, transient hotel facilities serving the needs of the people using the airport and a much needed service there, are a conforming use in a residence use district; that the proposed building would do much to enhance the appearance of the site, improve surrounding property values and yield a substantial tax return to the city; and

WHEREAS, the applicant further contends that the signs proposed on the building will be non-flashing business signs necessary to identify the premises from adjoining highways; that they will consist of a flat wall sign on each of the two principal facades and a sign at the top of the building above the entrance lobby; that these signs will consist only of the

hotel name; that the only other signs will be the customary small hotel name on the marquee over the entrance, and a sign identifying the hotel dining room and bar; that the objection raised as to the entrance steps is a technicality which arises only because of the size of the platform at the top of the steps; that if this platform were reduced so as to be only 3 feet in depth and 3 feet wider than the entrance doors, no objection would be issued; that however, the character of the entrance as well as the convenience of patrons, requires a more adequate platform in keeping with the scale of the entrance; and

WHEREAS, the applicant states that the present owner of the property has held title since August 6, 1946 and that the assessed valuation of land is \$25,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution, as to use and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the zoning resolution and that the application be and it hereby is granted under Section 7e and 21 of the Zoning Resolution, for a term of 15 years, to permit the erection and maintenance of a two-story hotel as proposed and as shown on plans filed with this application marked "Received March 15, 1957," 7 sheets, and "October 24, 1957," one sheet, *on condition* that the entrance shown and proposed at the intersection of North Conduit Avenue and 138th Street shall be omitted and that space enclosed with glass brick as approved for such use and that entrance to the hotel shall be by way of the rectangular parking area; and that all permits, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

362-57-BZ

APPLICANT—Paul Friedman, for Taro Holding Corp., owner (Christie DeVito, lessee).

SUBJECT—Application May 3, 1957, decision of the Borough Superintendent, under sections 7f, 7i and 7A of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubricatorium, non-automatic car wash, minor repairs with hand tools only, office, sales of auto accessories, parking and storage of more than five (5) motor vehicles and having show windows within 75 feet of a residence use district; for a stated term of fifteen (15) years.

PREMISES AFFECTED—552-568 McDonald Avenue and 15 Avenue C, northwest corner, Block 5352, Lot 33, Borough of Brooklyn.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 26, 1957 after due notice by publication in the Bulletin; laid over to December 3, 1957, at the request of objectors; then laid over for inspection and decision; date for decision to be determined; hearing closed; then to January 7, 1958, for further inspection and decision; then date to be set; then to January 21, 1958; and

WHEREAS, the district maps accompanying the zoning

MINUTES

resolution show that the site and McDonald Avenue are in a business use, C area, class 1 height district; Avenue C is in business and residence use, C area, class 1 height districts; Dahill Road is in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated April 24, 1957 acting on N.B. Applic. 688-57, reads:

"1. Proposed building and premises in a business zone, to be used for gasoline service station, lubritorium, non automatic car wash, office and sales, auto accessories, minor repairs, hand tools only, parking and storage of more than 5 cars, is contrary to Art. II, PP. 4a, subsections 29 and 46 of the Zoning Resolution.

2. Proposed show window, facing Avenue "C" within 75 feet of a residence zone in a transition from non-residential to residential zone is contrary to Art. II, PP. 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 189 feet 8 $\frac{7}{8}$ inches frontage by 20 feet and 100 feet in depth, irregular, presently used as a parking lot for more than five motor vehicles under Certificate of Occupancy No. 138438 issued February 25, 1954, except for a small 20 foot by 38 foot portion located at the northeasterly end of the premises, which is excluded from the parking lot use and is used for the sale of soda and beer, but for which no Certificate of Occupancy has been issued; that it is proposed to remove all existing structures and to erect and maintain for a stated term of fifteen years a brick-faced, peak-roofed, parkway type gasoline service station, lubritorium, non automatic auto wash, minor repairs with hand tools only, office and storage and sale of auto accessories, and parking and storage of more than five vehicles, with show window within 75 feet of a residence use district; and

WHEREAS, the applicant contends that the maximum rental income obtainable from the present use of the subject premises is insufficient to carry the property; that the present tenant pays only \$60 per month for total annual rent of \$720 and the real estate taxes alone are practically equal to the total annual rent; that a higher rental cannot be obtained as there is little demand for a parking lot because there are ample street facilities for parking of cars in this area, and because the premises is located a long block away from Church Avenue, which is the shopping center of this area, where the two parking lots serving the shopping area and the subway riders are located; that these lots are on the easterly side of McDonald Avenue, north of Church Avenue; that there is no demand for the use of the subject premises for a conforming business use because existing store facilities located on McDonald Avenue, north of the site, are low rental stores, which together with the high rental stores on and near Church Avenue are sufficient to satisfy the needs of the residents in the area; that the surrounding area is almost fully developed so that no further need for store facilities in the neighborhood can be reasonably anticipated; that diligent efforts to sell, lease or develop the premises for a conforming business use have proved fruitless; that there is no economic demand for the use of the subject site for residential use because the property is located in a business use district, is irregular in shape and is situated at the intersection of McDonald Avenue and Avenue C, both heavily travelled thoroughfares; and

WHEREAS, the applicant further contends that there is an economic demand for the proposed gas station at the subject premises because it is located at the intersection of two heavily travelled thoroughfares and because there are no similar facilities for the convenience of the public in the immediate area; that a grant of this application would have no adverse effect upon the neighborhood because the properties opposite the subject site on the easterly side of McDonald Avenue are also located in a business use district and are developed with stores, and because McDonald Avenue is 160 feet wide at this point; that the area to the south of the site would not be adversely affected

because this area is uniquely affected by the promontory of the Independent Subway which rises at McDonald Avenue at Avenue C to an elevated railroad; that the westerly side of McDonald Avenue is vacant, except for a non-conforming use of billboard signs in block 5369, lot 9, which is owned by the Board of Transportation of the City of New York; that this vacant property extends the entire blockfront between Avenue C and Cortelyou Road, is only 40 feet in depth and there is little likelihood of this property being developed for any use whatsoever; that the adjoining properties to the west would be protected and buffered by the proposed arrangement of the subject premises and by the fencing and landscaping arrangements designed to safeguard and protect adjoining properties; that the easterly windows of the adjoining building to the west are protected by the proposed use, whereas a conforming building would block those windows; that the adjoining properties to the north are located in a business use district and are developed with stores and residences above; that the entire subject premises is located entirely within a business use district so that nearby owners cannot reasonably object to development of business use property for uses permitted in a business use district; and

WHEREAS, the applicant contends that the proposed structure would provide more light and ventilation to nearby properties than if a conforming use structure were erected, as it will be set back more than 100 feet from Avenue C and more than 40 feet from McDonald Avenue, thereby assuring clear visibility to traffic at the corner; that the proposed use, being enclosed at the lot lines, except where the walls of adjoining building occur, by substantial fences and by brick and picket fence walls, protected by landscaped and seeded areas and concrete curbs, offers better protection to neighboring premises than exist today; that a grant of this application would benefit the area by the elimination of the existing dilapidated appearance of the premises; and

WHEREAS, the applicant further contends that the inclusion of minor repairs with hand tools only is a customary, incidental use to a gas station, and excludes all body work, welding, painting or spraying; that the proposed show window within 75 feet of a residence use, is small and unobtrusive and set back over 100 feet from the Avenue C building line, with a landscaped area and fence serving as an effective buffer; and

WHEREAS, the applicant states that the present owner has held title to the property since January 21, 1957; that the assessed valuation of land is \$16,500 and of the building \$500 making a total of \$17,000; that the date of erection of the building is unknown; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f, i and Section 7A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f, i and 7A of the Zoning Resolution for a term of fifteen years *on condition* that the premises shall be arranged and constructed substantially as shown on plans filed with this application marked "Received May 3, 1957," 5 sheets, and "September 20, 1957," one sheet, that the area at the rear of the building proposed to be seeded and planted shall be provided with baltic ivy, pachysandra or equivalent type of planting; that the repairing of motor vehicles shall be limited to minor repairs and adjustments with hand tools only and shall be confined to the interior of the building; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

APPLICANT—Max Siegel Associates, for Cologero Cava, owner.

SUBJECT—Application May 14, 1957—decision of the Borough Superintendent under section 7h of the zoning resolution, to permit in a residence use district, for a term of ten (10) years, the parking of motor vehicles on the open spaces of the premises.

PREMISES AFFECTED—111-121 East 172nd Street, north side, 100 feet east of Walton Avenue and 110 Rockwood Street, Block 2835, Lot 11, Borough of The Bronx.

APPEARANCES—

For Applicant: Max Siegel.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE

Affirmative: Acting Chairman Keating, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 17, 1957 after due notice by publication in the Bulletin; laid over to January 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Walton Avenue, East 172nd Street, Lockwood Street and Grand Concourse are in a residence use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated May 8, 1957 acting on Alt. Applic. 342-57, reads:

"1. Proposed parking and storage of motor vehicles on a lot located in a residence district and used as accessory to dwelling thereon, is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 137.92 feet frontage by 200 feet in depth on which there now exists four buildings used for dwellings with accessory garages; that the open space around the buildings is now used for a parking lot, illegally; that there exists two curb cuts on East 172nd Street and one curb cut on Rockwood Street for existing driveways leading to the garages and parking lot; that there are also existing adequate fences and other protection around the subject premises for the protection of the public and adjoining properties; that it is proposed to continue the parking on the open spaces of the premises, and to extend same to the open spaces resulting from the demolition of buildings No. 3 and No. 4 designated as No. 115 and No. 111 East 172nd Street, respectively; and

WHEREAS, the applicant contends that these premises are located in the midst of a neighborhood heavily developed with apartment houses, of which few, if any, have off street parking facilities; that consequently there is a great demand by the tenants of these houses for such facilities; that the subject premises is available and desirable for such parking purposes; that few other premises are so available in this neighborhood; that for practical purposes, the parking lot will be used as an appurtenance to the multiple dwellings existing around same and for transients; that it is recognized that insufficient off street parking facilities in residential neighborhoods create objectionable curb parking, to the detriment of moving traffic and fire fighting equipment; that the surrounding streets are regulated for alternate street parking to facilitate street cleaning and garbage removal; that car owners of this neighborhood are thus required to remove their cars constantly or find scarce off street parking facilities; that a grant of this variance is urged in view of the special circumstances exhibited herein; that such a grant will be in harmony with the general purpose and intent of the zoning resolution and will not adversely affect anyone; that it will provide a much needed

public service and at the same time permit the owner to make a reasonable and beneficial use of his property; and

WHEREAS, the applicant states that the present owner has held title to the property since April 27, 1949; that the assessed valuation of land is \$30,000 and of the building \$20,000 making a total of \$50,000; that the building was erected in 1927 and 1932; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7h for a term of ten years, to permit the parking of motor vehicles in a residence use district, as proposed and as indicated on plans filed herewith, marked "Received May 14, 1957", 3 sheets, on condition that the site shall be processed, prepared and maintained as shown on such plans and that all other laws, rules and regulations applicable thereto shall be complied with; that signs shall not exceed ten square feet in area and shall not project beyond the building line; and contain the information required by the Commissioner of Licenses; that portable fire extinguishing appliances shall be maintained to the satisfaction of the Fire Commissioner; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 26, 1957, after due notice by publication in the Bulletin; laid over to December 17, for inspection and decision; hearing closed; then to January 7, 1958, for information from the Borough Superintendent and decision; then date to be set; then to January 21, 1958; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, D area, class 1 height district; Avenue X and Desmond Court are in residence and business use, D area, class 1 height districts; Coney Island Avenue is in a business use, D area, class 1 height district; that on July 25, 1916, the premises was partly in a business and partly in a residence use district; that Avenue X was in a business use district and was rezoned to a residence use district on July 6, 1940; and

WHEREAS, the decision of the Borough Superintendent, dated June 25, 1957 acting on Alt. Applic. 1642-57, reads:

"1. Proposed change of occupancy from a 3 car garage to a 2 family residence in a bldg. located within required rear yard in a residence district violates Art. 4, Sect. 17a of zone resolutions."

and

MINUTES

WHEREAS, the applicant states that the premises consist of a plot, 45 feet, 1 inch frontage by 100 feet in depth, irregular, on which are located a one story dwelling and a two story dwelling, not affected by this application, and a one story building 25 feet by 36 feet, 6½ inches, irregular in area, 13 feet 8 inches in height, erected prior to 1923, of class 3 construction and used first as a three car, and then as a four car garage; that it is proposed to change the occupancy to a dwelling for two families without providing the required rear yard; and

WHEREAS, the applicant states that the owner purchased these premises on December 30, 1924, from her husband who purchased the premises several years previously, and erected a one story dwelling under N.B. Applic. No. 23-23, completed February 5, 1924, and erected a two story dwelling under N.B. Applic. No. 10549-24 completed September 10, 1925; that Certificate of Occupancy No. 32289 was issued March 24, 1925, for one 1-family dwelling; that plans filed with the new building applications show the subject building at the rear of the premises and noted its use in the first application as a three car garage and then as a four car garage; that the owner lives in the one story building on the premises and shortly after World War II altered the subject building for occupancy as a dwelling for two families, to be occupied by her married children; that the building is now occupied substantially as proposed herein; and

WHEREAS, the applicant contends that the lot is irregular in area and has a side lot line of 100 feet, 4¾ inches in depth and a side lot line 100 feet in depth; that since the premises was owned by this same owner when in a business use district, the owner could have erected a one story building for commercial occupancy occupying the entire lot for a depth of 100 feet without any rear yard; that the premises adjoin a retail supermarket on the east so that the adjoining side yard is used for off street loading and unloading in conjunction with the supermarket; that the abutting lot to the rear is vacant and is under the same ownership as the business building on lot 30; that the existing structure was erected as a garage so that its location is a structure is fixed; that it is not proposed to increase the area of the structure so that there is no loss of light, air and ventilation to surrounding properties; that the maintenance of this structure does not deprive the other buildings of required rear or side yards, and entrance to the rear building is at front of premises through open yards; that the premises will remain in single ownership and will not be decreased in area or subdivided; and

WHEREAS, the applicant states that the present owner has held title to the property since December 30, 1924; that the assessed valuation of land is \$2,600 and of the building \$11,400 making a total of \$14,000; that the building was erected prior to 1916; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and in view of all of the consents that have been received and the good condition in which the premises were maintained the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the zoning resolution and that the application be and it hereby is granted under Section 21 to permit the change in use of an existing building from a four car garage to a dwelling for two families, on condition that the building shall not be increased in height or area and that the building and occupancy shall in all other respects comply with all laws, rules and regulations applicable thereto; that the existing 9 foot 6 inch yard shall be maintained for access to the building; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

588-57-BZ

APPLICANT—Lama, Proskauer and Prober, for Eve Realty Corp., owner.

SUBJECT—Application August 2, 1957—decision of the Borough Superintendent, under sections 7f, 7h, 7e and 7A of the zoning resolution, to permit in a retail and residence use district, the erection and maintenance of a gasoline service station, lubritorium, office, storage, minor auto repairs, car wash, parking and storage of motor vehicles, with curb cut and show window within 75 feet of a residence use district.

PREMISES AFFECTED—1353 Park Avenue and 100-110 East 102nd Street, southeast corner, Block 1629, Lots 67-72 inclusive, Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama, Eugene S. Ginsberg and Morris Cohen.

For Opposition: Augustus Simms and Harvey Fox for N. Y. C. Housing Authority.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 10, 1957 after due notice by publication in the Bulletin; laid over to January 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East 101st Street and East 102nd Street are in retail and residence use, B area, class 1½ height districts; Park Avenue is in a retail use, B area, class 1½ height district; that as of July 15, 1916 the premises were in a business use district and the present use designation became effective June 15, 1956; and

WHEREAS, the decision of the Borough Superintendent, dated August 1, 1957 acting on N.B. Applic. 46-57, reads:

"1. Proposed gasoline service sta., lubritorium, office, storage, minor auto repairs, car washing, parking and storage of motor vehicles on a lot partly in a residence and partly in a retail use district is not permitted by Art. II 4A & Art. II PP. 3 Zoning Resolution.

"2. Proposed curb cut and show window less than 75' from a residence use district not permitted by 7A Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 155 feet frontage by 75 feet in depth, presently developed with a five story masonry building on the corner, occupied by stores and apartments above; that the balance of the site is being used for parking and storage of more than five motor vehicles; that the corner building was erected under N.B. 153 of 1884 for the above stated use, but no Certificate of Occupancy was ever issued; that the parking lot was installed under Alt. Applic. 1119 of 1954 and Certificate of Occupancy No. 43077 was issued on September 2, 1954 for said use; that it is proposed to demolish the present building on the site; that this application forms the basis of the appeal for a period of fifteen years, in order to erect and maintain a modern gasoline service station consisting of ten 550 gallon gasoline storage tanks and five dispensing pumps; that the proposed accessory building will be one story in height, of class 3 construction, with a frontage of 52 feet, a depth of 27 feet and will contain the conjunctive uses of lubritorium, car wash, minor auto repairs, storage and office; that the present legal use of parking and storage of motor vehicles will be maintained on the rear of the premises facing East 102nd Street; and

WHEREAS, the applicant further states that the proposal will be highly modern in design and improve the appearance of the entire area; that inasmuch as the present parking and storage use on the site now constitutes a non-conforming use, it is only proposed to replace said non-conforming use

MINUTES

so that in any event, the community cannot be affected; that the proposed show window within 75 feet of the residence zone will set approximately 23 feet back of the East 102nd Street building line, so that said proposed show window and the proposed curb cuts, also within 75 feet of the residence zone on East 102nd Street, will not affect the residential aspect of said street to any greater extent than the store on lot 66 immediately adjoining the site, and which is a non-conforming use in the residence zone itself; that the store on lot No. 2 in block 1630, directly across the street, is within 50 feet of the residence zone on East 102nd Street; that the stores on lots 14 and 16 in block 1630 are within 22 feet of the residence zone on 102nd Street; that therefore the residential aspect of East 102nd Street is now being adversely affected to a greater extent than proposed under this application; and

WHEREAS, the applicant contends that Park Avenue is a main auto thoroughfare leading north and south through Manhattan and as such the proposal is entirely in keeping at this point; that the present store on lot 66, immediately adjoining the site to the east is a non-conforming use, and the present gas station in block 1629, lot 150 is also a non-conforming use; that the proposal will not have any greater adverse effect on the area than all of these non-conforming uses; that Park Avenue is developed with an elevated railroad erected on top of an embankment faced with stone; that this stone embankment, rising high above street grade, has affected the retail value of the site to such an extent that the erection of new stores would not be warranted; that the present building on the site is beyond repair; that the site is high in assessed value and the erection of new stores or an apartment house directly facing the Park Avenue wall overlooking the noisy railroad would not be financially feasible, and it is therefore mandatory that the site be developed as proposed; that the small properties along the east side of Park Avenue have deteriorated to such an extent that at present these properties have no value, either for stores or dwellings; that the property on the west side of Park Avenue in block 1608 and block 1605 has been developed with 16 story multiple dwellings which set well off the building line of Park Avenue and therefore a considerable distance from the embankment wall on said Park Avenue; that this is only possible because all of the land in these blocks are in one ownership; that block 1608 has 464 feet of frontage on Park Avenue and 400 feet of depth, and block 1605 has 726 feet of frontage on Park Avenue and also 400 feet of depth; that all of this is in contrast to the small individual lots in blocks 1631, 1630, 1628 and 1629 in particular in which the site occurs; that as all of these small properties are separately owned, any development on these small plots, such as apartment houses, would have to be erected at the building line and therefore would be directly affected by the elevated railroad and its stone embankment; and

WHEREAS, the applicant states that the present owner has held title to the property since August 10, 1956; that the assessed valuation of land is \$37,200 and of the building \$2,500 making a total of \$39,700; that the building was erected in 1884 and 1954; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, h, e and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7, subdivisions e, f and h, for a term of fifteen years, to permit the premises to be occupied as proposed for a gasoline service station, lubritorium, office, storage, minor motor vehicle repairing with hand tools, only, non-automatic car washing and the parking and storage of motor vehicles; and under Section 7A, to permit the location of curb cuts as shown on plans filed herewith, marked "Received August 2, 1957,"

4 sheets, on condition that the existing building now on the site shall be demolished; that there shall be erected along the southwesterly interior lot line, a masonry wall not less than two feet in height with metal picket fence above, to a total height of not less than 5 feet, 6 inches, commencing at the front of the accessory building and continuing towards Park Avenue to the end of interior court of adjoining five-story brick building; that there shall be erected a retaining masonry wall, as shown, two feet in height, with steel picket fence above to a total height of not less than 5 feet, 6 inches, extending from accessory building to the East 102nd Street building line and with masonry terminating posts at the building line; that gasoline dispensing pumps shall be of the low approved type, located not nearer than 15 feet to the building line; that there shall be constructed a concrete segment not less than 12 inches in height at the intersection of Park Avenue and East 102nd Street, extending for not less than 5 feet along either building line; that the entire gasoline station area where not occupied by building or pumps shall be paved with concrete or asphalt; that there shall be erected on the interior lot line of such portion where walls of adjoining buildings do not occur on the lot line, a woven wire fence of the chain link type, not less than 5 feet 6 inches in height and a similar fence shall be erected along the East 102nd Street building line, except for entrance which may be 20 feet in width; that there may be two curb cuts on Park Avenue, each 25 feet in width and three curb cuts on East 102nd Street, two 25 feet wide and one 20 feet wide, all located as shown on plans above cited; that there shall be no signs other than those on the facade of accessory building and the globes of the pumps and one post standard erected at the intersection of Park Avenue and East 102nd Street, to support a sign, which may be illuminated advertising only the brand of gasoline sold and which sign may extend not more than 4 feet beyond the building line; that there may also be a sign erected on the parking portion of plot, at the entrance, not in excess of 15 square feet in area, advertising only the parking use, rates charged and such other information as the Commissioner of Licenses may require; that such sign shall not be illuminated or extend beyond the building line; that suitable bumpers shall be provided along the fences and walls of buildings in parking area to protect same from damage; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that under Section 7A such uses deemed contrary thereto are herein permitted; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

699-57-BZ

APPLICANT—Windsor Parking Corporation, for Rhineland Real Estate Co., owner.

SUBJECT—Application October 1, 1957—decision of the Borough Superintendent under section 7h of the zoning resolution, to permit in a restricted retail use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles, for a stated term of fifteen (15) years.

PREMISES AFFECTED—471-477 4th Avenue, southeast corner of East 32nd Street, Block 887, Lots 95, 96 and 97 and part of Lot 94, Borough of Manhattan.

APPEARANCES—

For Applicant: J. J. Stone and Samuel Rosenblum.

For Opposition: Max Perlsman, Ralph Bash and Max Freschman.

ACTION OF BOARD—Application granted on condition.

THE VOTE

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 17, 1957 after due notice by publication in the Bulletin; laid over to January 21, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a restricted retail use, B area, class 2 height district; East 32nd Street and Park Avenue are in restricted retail and business use, B area, class 2 height districts; East 31st Street is in a business use, B area, class 2 height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 23, 1957 acting on Alt. Applic. 1285-57, reads:

"1. Proposed parking lot located in Restricted Retail Use District is contrary to Sec. 4B(i) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 98 feet 9 inches frontage by 100 feet in depth; that this corner is zoned restricted retail and the portion directly south and east is zoned for business and parking is directly permissible; that the premises are presently vacant, the old structures heretofore located here having been demolished; that two curb cuts are provided to East 32nd Street; that the Fourth Avenue front will be fenced in; that the plot will be surfaced with steam cinders with binder and rolled or compacted; that all lighting will be in accordance with parking regulations and when completed, the proposed lot will be an asset to the neighborhood; and

WHEREAS, the applicant contends that the neighborhood in which this plot is located greatly warrants a need for parking; that directly opposite are located the 15 story furniture exchange, an 18 story office building at No. 1 Park Avenue and a 25 story office building at No. 2 Park Avenue; that one block away is located the 71st Regiment Armory used many times for expositions and other public assembly patrons; that the Vanderbilt Hotel is also a block away; that all these premises are constantly used by the public with motor vehicle transportation; that parking facilities in this section are greatly limited, so that this parking lot will be a great boon to the traveling public; that it will facilitate the parking of cars and will eliminate street parking, thus aiding traffic; and

WHEREAS, the applicant states that the present owner has held title to the property since February 2, 1939 and that the assessed valuation of land is \$227,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h, for a term of ten years, to permit the premises to be occupied for the parking of motor vehicles, substantially as proposed and indicated on plans filed with this application, marked "Received October 1, 1957" 2 sheets, *on condition* that the plot shall be leveled substantially to the grade of abutting streets; that on the premises where walls of adjoining buildings do not occur there shall be erected a fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches; that curb cuts shall be restricted to two on East 32nd Street, not more than 18 feet in width each; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon, except there may be a building not exceeding 100 square feet in area for use as an attendant's office; that the plot shall be surfaced with steam cinders treated with a suitable binder, or some other asphaltic surfacing; that signs shall be restricted to one on 4th Avenue and one on East 38th Street, not more than ten square feet in area each, containing the information required by the Commissioner of Licenses; that

portable fire-fighting equipment shall be maintained to the satisfaction of the Fire Commissioner; that suitable bumpers shall be installed for protection of fences; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

485-57-A

APPLICANT—Lab Estates Inc., owner (Knott Hotels, Inc. lessee).

SUBJECT—Application June 4, 1957—filed pursuant to section 310 of the Multiple Dwelling Law for variation of sec. 27, subdivision 2b and section 26, subdivisions 2, 6 and 8a re height, bulk, required open spaces, minimum dimensions of yards and courts.

PREMISES AFFECTED—500-506 Madison Avenue and 15-25 East 52nd Street, northwest corner, Block 1288, Lot 11, Borough of Manhattan.

APPEARANCES—

For Applicant: Milton Adler and Sidney Segal.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 14, 1957 on amendment to Alt. Applic. 301/57 reads:

A7 "Reconsideration denied. Objection repeated. "Provide a rear yard extending across the entire width of the lot. (Sec. 27, subd. 2b., M.D. Law.)" (See "Note" following objection A-8.) Denied 5/14/57 I. Kunkel.

A8 Reconsideration denied. Objection repeated. "Height of proposed new extension exceeds the maximum permitted height for a multiple dwelling. (Note. Maximum height for a 60 foot street is 108 feet, and 143 feet for an 80 foot street.) (Sec. 26, subds. 2 and 6, M.D. Law.)

(Note Relative to Objections A-7 and A-8, above. Proposed extension may not be erected under the provisions of the Zoning Resolution relative to height, bulk, courts, yards and other unoccupied areas due to fact that, whereas the provisions of Section 26, subdivision 8a of the Multiple Dwelling Law require 6 or more passenger elevators to be maintained and operated, the plans filed with this application show that only 5 passenger elevators are to be maintained and operated.)"

WHEREAS, the applicant states that the building is 19 stories and penthouse, 202 feet 8 inches in height, 95 feet front by 100 feet 10 inches and 100 feet 5 inches in depth of fireproof construction erected 1926, located on a lot 95 feet front by 100 feet 10 inches and 100 feet 5 inches in depth, in a restricted use B area, class 1½ and 2 height district and proposed to be increased in area by the erection of a 15 story extension of class 1 construction; that the lot be increased 170 feet front as indicated on plans filed with application for zoning variance under Cal. No. 484-57-BZ; and the use and occupancy to remain unchanged except that on the first floor there will be six additional stores and restaurants; on the second floor there will be 12 additional rooms; and the third and fifteenth there will be 12 additional rooms on each floor; that the building is equipped with standpipe system and a partial one source sprinkler system, there is an approved interior fire alarm system and regular monthly fire drills are maintained; there are two interior steel stairs, 3 feet and 3 feet 8 inches in width, leading from street to roof bulkhead, enclosed in 6 inch terra cotta partitions equipped with self closing fireproof doors; and

WHEREAS, the applicant contends that there are practical

MINUTES

difficulties and unnecessary hardships which required that the strict letter of the Multiple Dwelling Law should not apply; that a variance should be granted as to each of the objections herein; and

WHEREAS, the applicant contends to objection A-7 issued by the Borough Superintendent; that this is an appropriate case for the Board to exercise its discretion pursuant to the authority invested in it by Section 310 of the Multiple Dwelling Law; that in order to run an efficient hotel the owners require a large ballroom which can be used for meetings and banquets; that this is an important requirement for an efficiently operated hotel; that if a rear yard were to be provided it would eliminate the ballroom; that the reduced area of the extension of the building on the second floor will be approximately 4686 square feet or only 62% of the lot in the extension; that there are at present two buildings on the lot, each with a one story extension which cover the entire area to the rear property line; that these buildings are to be demolished and make room for the new extension; that to permit the first story of the new extension to cover the entire area would not affect the light and air of the adjoining property anymore than they are affecting under the existing conditions; that the situation now before the Board is the same as question passed on by the Board and affirmed by the Court of Appeals in the matter of People Ex Rel Helvetia Realty Co., vs. Leo, 231 N.Y. 619, relating to 31-33 Pine Street; and

WHEREAS, the applicant contends that open areas for light and air will be provided which will be substantially equivalent in area to the required rear yard; that close to 1,000 square feet of inner court will be provided in excess of the requirements of the Zoning Resolution; that the adjoining lots to the west and north, lots 10 and lot 62, respectively have rear yards and both of the structures on these lots are of substantial brick building which may reasonably be expected to stand for many years; that the Multiple Dwelling Law permits the height, bulk and size of the courts, yards and unoccupied space to be lawful in accordance with the provisions of the Zoning Resolution if the building is provided with 6 passenger elevators and is fireproof construction for class B occupancy; that in the instance case there will be 5 passenger elevators; that the five passenger elevators proposed are as efficient for the 19 story and pent-house hotel with the 15 story extension as if there were six elevators; that the Board is requested to grant the variance proposed in that to be required to maintain and operate six passenger elevators in the building of this size would constitute practical difficulty and unnecessary hardship; and

WHEREAS, the applicant contends as to objection A-8 issued by the Borough Superintendent; that there are practical difficulties and unnecessary hardships which prevents strict compliance with the requirements of the Multiple Dwelling Law; that this a proper case for the Board to exercise its discretion to grant relief from the requirements; that the public health and general welfare will be best served by the proposed hotel extension; that there is a recognized need for additional first class hotel accommodations in the area; that the operation of the hotel will not be efficient unless a minimum of 160 additional rooms can be obtained as it will require considerable additional staff to maintain and operate the hotel and the proposed extension; that the story height above the 1st floor in the existing hotel structure is 10 feet 3 inches and it is therefore required that the stories in the proposed extension be the same height, thus the applicant loses two or three stories because of this practical difficulty; that however, there will be open spaces for light and air substantially equivalent in area to those required; that the buildings to the side and rear and the opposite side of the street are mostly no higher than six or seven stories and because of their substantial construction may be reasonably expected to stand for many years; that in this connection it should be noted as to sunlight, during the hours when the occupants should be deprived of sunlight they would not be likely to be in the hotel; that the hotel extension will be entirely air con-

ditioned; that the Multiple Dwelling Law recognize an exception for a Class B fireproof building containing six passenger elevators that although the building will contain only five passenger elevators they are for all intent and purposes as good as six which could be provided in a structure of this size; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions; and

WHEREAS, in the opinion of the Board, compliance with the strict letter of the Multiple Dwelling Law would cause practical difficulties and unnecessary hardship, and the granting of the variance herein sought will preserve the public health, safety and general welfare with substantial justice to the owner.

Resolved, that the decision of the Borough Superintendent, acting on amendment to Alt. App. 301/57, Objection Nos. A7 and A8, be and it hereby is *modified* under the powers vested in the Board by Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted*, to permit the height of the proposed new extension as being in substantial compliance with Section 26, subdivisions 2 and 6 of the Multiple Dwelling Law, except as to the number of elevators, *on condition* that the five passenger elevators shown on plans filed with this appeal shall be maintained; that the proposed extension with its yards and courts shall be constructed and maintained in accordance with the requirements of the variance granted by the Board under Calendar Number 484-57-BZ.

261-54-SM

APPLICANT—Dur-O-Wall Products, Inc., owner. Tomkins Bros., Agent.

SUBJECT—Application April 8, 1954—Dur-O-Wal, Types S and EH, approval of.

APPEARANCES—

For Applicant: M. W. Del Gaudio, Robt. Yenny and L. W. Morrison.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 261-54-SM

Subject: Dur-O-Wal, Type "S" and Type EH.

Tomkins Bros., Jamaica, New York for Dur-O-Wall Products, Inc., Syracuse, New York filed April 8, 1954 an application with the Board of Standards and Appeals for approval of the material known as Dur-O-Wall, Type "S" and "EH" under the provisions of Sub Article 4, Group 3 (C26-430 and C26-431.0) Administrative Building Code.

Purpose

The material is to be installed in horizontal mortar joints in masonry walls.

Description

The type "S" Dur-O-Wall is a trussed design reinforcement, the side rods and cross rods are of No. 9 gauge wire

MINUTES

(0.1483). When the material is to be used for bonding withes in hollow walls the cross rods have a drip section. The type "EH" is constructed is 3/16 inch side rods and No. 9 cross rods. The side rods are deformed for greater bond strength. The trusses are marketed in 10'-0" lengths and when sections are lapped there is a six inch lap at the joint. The surface bond area for the type "S" is 11.18 sq. inches per linear foot and for the "EH" is 14.14 sq. inches per linear foot.

Inspection and Test

The material was inspected by Asst. Engr. J. A. Darts Committee on Test. The applicant has also submitted computations which show that the use of this type of construction bonds a wall equally as well as a course of bonding units. The applicant has also submitted an approved report of the American Standard Association under the sponsorship of the National Bureau of Standards allowing the use of the metal ties for bonding.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Dur-O-Wall Type S and Type EH for use in New York City on the following conditions:

Type S—for use as a metal tie for bonding withes in hollow walls under the provisions of C26-430.0.f Administrative Building Code and that the material be galvanized and formed with a drip section.

Type EH—for use in bonding of walls of hollow block, tile or solid structural units as provided under C26-431.0.b. Administrative Building Code; may be used in lieu of a header course provided that the material, Dur-O-Wall shall be galvanized and shall be placed 0'-8" on centers in a vertical plane.

The committee further recommends that although this material may be used in lieu of a header course, the type of construction known as "stacked coursing" shall not be used and further that all cartons in which the materials Types S and EH are marketed shall be tagged or labeled or stamped as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 261-54-SM".

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Tests.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

124-56-SA

APPLICANT—Hunt Heater Corporation, owner.
SUBJECT—Application February 1, 1956—Hunt Vented Gas-Fired Circulators, Models 3554-U, 4254-U, 5554-U, 6554-U and 8054-U, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 124-56-SA

Subject: Hunt Vented Gas Fired Circulators, Models 3554-U, 4254-U, 5554-U, 6554-U and 8054-U.

J. Albin Johnson for Hunt Heater Corporation, Nashville, Tennessee, filed February 1, 1956 an application with the

Board of Standards and Appeals for approval of the Hunt Vented Circulators, Models 3554-U, 4254-U, 5554-U, 6554-U and 8054-U under the provisions of Article 12 Administrative Building Code.

Purpose

Gas fired room heaters designed for flue connection.

Description

The Hunt vented circulators are room heaters made in five different Btu. capacities. The cabinets are constructed of 20 gauge steel finished in a baked on enamel. Within the cabinet are installed a 20 gauge steel heat exchanger, silicone coated for corrosion resistance, a cast iron drilled raised port type gas burner and a pilot light and thermocouple for automatic shut off in case of pilot flame failure.

The unit is made with a built-in draft diverter and flue connection.

Available as optional equipment is a blower fan with electric motor drive and a thermostat for automatic operation.

The capacities of the various models is

Model	Btu Per Hour Input
3554-U	35,000
4254-U	42,500
5554-U	55,000
6554-U	65,000
8054-U	80,000

Inspection and Test

All details of construction were examined by Assistant Engineer G. F. Sklenarik, Committee on Test.

All models have been tested and approved by the American Gas Association Laboratories for natural, manufactured and mixed gas under Certificates 2-(1097-1.4 and -2.4) .001, 2-(1097-1.5, -2.5 and -4.5) .001 and 2-(1396.0, -1.0 and .1) .001.

Recommendation

On the basis of the data submitted by the applicant, the Committee on Test recommends the approval of the Hunt Vented Gas Fired Circulators, Models 3554-U, 4254-U, 5554-U, 6554-U and 8054-U for use in New York City when installed in accordance with this report and the provisions of Article 12 Administrative Building Code. The Committee further recommends that the appliance bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 124-56-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

689-56-SM

APPLICANT—Pittsburgh Screw and Bolt Corp., owner, J. B. Diamond, agent.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

MINUTES

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 689-56-SM

Subject: Amendment to resolution as to marking.

Pittsburgh Screw and Bolt Corp., Pittsburgh, Pa., requested by letter dated October 16, 1957, that the resolution adopted March 5, 1957, under Cal. No. 689-56-SM be amended so as to permit additional markings on the approved bolts. The application was reopened by a note of the Board November 13, 1957.

Description

The bolts approved by the Board March 5, 1957, under Cal. No. 689-56-SM were identified by marking the top of the head with three radial lines with the letter "P" between the radial lines which distinguished the bolts as being produced at the applicant's plant located in Pittsburgh, Pennsylvania. The requested marking is the letter "G" between radial lines which distinguishes the bolts as being produced at the applicant's plant located in Gary, Indiana.

Recommendation

The Committee on Test recommends that the resolution adopted March 5, 1957, under Cal. No. 689-56-SM be amended so as to permit the additional marking as herein described on condition that the requirements of the resolution adopted March 5, 1957, under Cal. No. 689-56-SM be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of March 5, 1957 in accordance with the above report.

83-57-SA

APPLICANT—Sundstrand Engineering Co., owner.

SUBJECT—Application January 14, 1957—Sundstrand Oil Burner, Models SS, XA2, XB4, XB5 and XC6, *to be also marketed* as Atlantic, Bard, Hess, Ingersoll, Jackson and Church, Inland, Sure Comfort, Waterbury, Mordernaire, Meridian, Gyroscopic, Premier, Radiation, Fitzgibbons, Thatcher, Burnham, Weil-McLain, Patten, Spi-rol-fin and Bendix Oil Burners, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 83-57-SA

Subject: Sundstrand Oil Burner Models SS, XA2, XB4, XB5 and XC6 and permission to be marketed under additional trade names.

Charles B. Bendix for Sundstrand Engineering Co., Chicago, Illinois, filed January 14, 1957 an application with the Board of Standards and Appeals for approval of the appliance known as the Sundstrand Oil Burner Models SS, XA2, XB4, XB5 and XB6 and permission to market the burners under additional trade names.

Purpose

The appliance is a pressure atomizing gun-type oil burner.

Description

The Model SS Oil Burner is a mechanical draft conver-

sion burner suitable for installation in hot water, warm air or steam boilers and consists of an aluminum housing, standard motor, 10,000 volt heavy duty transformer, fan, standard fuel unit with built-in strainers and regulating valve. The Model SS may be either flange or pedestal mounted and the capacity is 0.65 to 2.25 gallons per hour.

The Models XA2 and XB4 are also mechanical draft conversion burners having the same basic component parts as the Model SS except that the ignition system is based on a maximum voltage of 20,000 volts and the fuel unit is known as the Sundstrand Roto-Roll Fuel Unit which includes the pump, strainer and pressure regulation in a single unit and it operates on a continuous rotary principle. The capacity of the XA2 is 0.7 to 2.0 gallons per hour and the XB4 is 1.35 to 3.0. These models are also known as XYA2 and XYB4 when flange mounted.

The Models XB5 and XC6 are also mechanical draft conversion burners similar to the XB4 except the transformer is rated for 15,000 volts and the pump unit is a Sundstrand two stage pump unit. The capacity of the XB5 is 3.0 to 7.0 gallons per hour and the XC6 is 7.0 to 15 gallons per hour. All burners are equipped with standard controls.

Inspection and Test

A burner was inspected by Asst. Engr. J. A. Darts, Committee on Test. The burner operated without flare backs or unusual carbon deposits, and all controls functioned as required. The burners have been approved by the Underwriters' Laboratory under MP177.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Sundstrand Oil Burner, Models SS, XA2, XB4, XYA2, XYB4, XB5 and XC6 for domestic and commercial installation in New York City with fuel oil not heavier than No. 2 U. S. Department of Commerce Standards when installed in accordance with the requirements of the Oil Burner Rules of the Board and further that each appliance bears a label, permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 83-57-SA".

The Committee further recommends that these oil burners may be marketed by the following companies under the following trade names: Atlantic, Bard, Hess, Ingersoll, Jackson & Church, Inland, Sure Comfort, Waterbury, Mordernaire, Meridian, Gyroscopic, Premier, Radiation, Fitzgibbons, Thatcher, Burnham, Weil-McLain, Patten, Spi-Rol-Fin, and Bendix and further that these burners marketed by these companies shall also have the model designations SS, XA2, XB4, XYA2, XYB4, XB5 and XC6.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Tests.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

MINUTES

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 235-57-SA

Subject: Kenmore Gas-fired Vented Circulating Type Room Heater, Models 113.509015, 113.509020, 113.519015 and 113.519020.

Armstrong Products Corporation, Huntington, West Virginia, filed February 15, 1957 an application with the Board of Standards and Appeals for approval of the Kenmore Gas-fired Vented Circulating Type Room Heater, Models 113.509015, 113.509020, 113.519015, and 113.519020 for use in New York City under the provisions of Article 12 Administrative Building Code.

Purpose

Gas-fired vented room heaters.

Description

The Kenmore room heaters are floor type cabinet heaters made with a 22 gauge steel casing finished in a baked on enamel.

The burners are a cast iron, drilled port, atmospheric type arranged to fire into a 20 gauge steel combustion chamber. This chamber is connected by short collars to another heat exchange section which in turn connects into a draft diverter and flue connection. The entire heat exchanger is welded for gas tight construction.

The heaters are equipped with a safety pilot and automatic gas valve and are also available with a thermostatic temperature control.

The Models 113.509015 and 113.519015 have an input rating of 15000 BTU per hour and the Models 113.509020 and 113.519020, 20000 BTU per hour.

Inspection and Test

All details of construction were examined by Assistant Engr. G. F. Sklenarik, Committee on Test.

These Kenmore Heaters have been tested and approved by the American Gas Association for use with natural, manufactured or mixed gas under Certificates 2-1413-4.001 and 2-1413-4.101.

Recommendation

On the basis of the Inspection and the data submitted by the applicant, the Committee on Test recommends the approval of the Kenmore Gas-Fired Vented Circulating Type Room Heater, Models 113.509015, 113.509020, 113.519015 and 113.519020 for use in New York City in accordance with this report and the provisions of Article 12 Administrative Building Code provided that each heater shall bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 235-57-SA."

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 508-57-SA

Subject: Cissell Gas Fired Open End Drying Tumbler Model L3618.

F. H. Richterkessing for W. M. Cissell Mfg. Co., Inc. filed June 27, 1957 an application with the Board of Standards and Appeals for approval of the appliance known as the Cissell Gas Fired Open End Drying Tumbler Model L3618 under the provisions of C26-191.0 and Article 12 Chapter 26 Administrative Building Code.

Purpose

The appliance is a gas fired clothes dryer.

Description

The appliance, a gas fired commercial drying tumbler for drying laundered clothing, consists of a perforated metal cylinder rotating within a cabinet. A detachable gas heating unit is mounted on top of the cabinet. The BTU input is 100,000 BTU.

The controls consist of a basoid gas valve in a gas line; a main motor switch; a door interlock switch to shut off the motor and gas while the door is open; a thermostat in the air outlet at the bottom on the cylinder, which controls the basoid valve so as to maintain the temperature within the cylinder and a time switch to cut off the gas at the end of the drying cycle. An additional thermocouple, attached to the basoid valve, shuts off the gas supply in the event that the pilot light is not burning. In the event of power failure, the tumbler ceases to operate and the basoid valve shuts off the gas supply.

Inspection and Test

Details of construction were examined by Asst. Engr. J. A. Darts Committee on Test and they were found to comply with the specifications.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval for voluntary use in New York City of the Cissell Gas Fired Open End Drying Tumbler Model L3618 for use in New York City when installed in accordance with this report and the requirements of Article 12 Chapter 26 Administrative Building Code and further that each appliance bears a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 508-57-SA."

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 511-57-SA

Subject: Cissell Gas Fired Twin Open End Drying Tumbler
Model L2624.

F. H. Richterkessing for W. M. Cissell Mfg. Co., Inc.,
filed June 27, 1957 an application with the Board of Stand-
ards and Appeals for approval of the appliance known as the
Cissell Gas Fired Open End Drying Tumbler Model L2624
under the provisions of C26-191.0 and Article 12 Chapter 26
Administrative Building Code.

Purpose

The appliance is a gas fired clothes dryer.

Description

The appliance is a gas-fired commercial drying tumbler
having two cyclinders (one above the other) each having an
individual heating unit, driving mechanism and control.
The appliance is for drying laundered clothing after extrac-
tion of surplus rinsing water therefrom.

The appliance consists of two perforated metal cylinders
(one above the other) each measuring 26 inches in diameter
and 24 inches inside depth. Each cylinder rotates within a
single rectangular metal cabinet or casing, which cabinet has
an inner wall surrounding each cylinder, except for an air
inlet at the top of each cylinder and an air outlet at the
bottom of each cylinder.

The portion of the inner wall that surrounds the left side
of the upper cylinder has a transverse portion that extends
horizontally between the upper and lower cylinders, and this
connects the portion of the inner wall that surrounds the
right side of the lower cylinder. This curvilinear "S"
shaped portion of the inner wall divides the inside of the
cabinet into two compartments, one for the upper cylinder
and another for the lower cylinder, so that the compartment
for each cylinder can be individually heated.

The cabinet is provided with a single exhaust outlet 8
inches in diameter, which outlet is located beneath the lower
cylinder. A motor operated fan, 11½ inches in diameter, is
associated with the exhaust outlet.

A detachable gas-heating unit having two individual gas
burners (one for each cylinder compartment) is mounted on
top of the cabinet. Each gas burner is located in cooperating
relationship with the air inlet to its respective compartment,
so that the fan draws air through each gas heating unit (to
warm it) and then through its respective rotating cylinder
to dry the damp clothing therein.

A BTU input of approximately 70,000 is required for
each main gas burner, and 1800 BTU's for the gas pilot for
each burner.

The controls consist of a basoid gas valve in each gas
line; a main switch for each rotating cylinder to start and
stop the respective motors; a door inter-lock switch for
each cylinder door to shut-off the corresponding cylinder
motor and gas while the door is open; a thermostat for each
gas burner mounted in the air outlet at the bottom of its
respective cylinder, to control the basoid valve of its burner
and thereby maintain the temperature within the cylinder at
the temperature setting of the thermostat; and a time switch
for each burner to cut-off the gas at the end of its time
setting.

A thermocouple attached to each basoid valve, shuts-off
the gas supply if the gas pilot is not burning for the cor-
responding burner.

In case of power failure, the tumbler ceases to operate,
and the basoid valves shut-off the gas supply.

Recommendation

On the basis of the examination and the data filed by the

applicant, the Committee on Test recommends the approval
for voluntary use in New York City of the Cissell Gas Fired
Twin Open End Drying Tumbler Model L2624 for use in
New York City when installed in accordance with this report
and the requirements of Article 12 Chapter 26 Administra-
tive Building Code and further that each appliance bears a
label, permanently affixed, reading "Approved by the Board
of Standards and Appeals for use in New York City under
Calendar Number 511-57-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does
hereby approve this appliance in accordance with the above
report.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 512-57-SA

Subject: Cissell 36 x 18 Steam Heated Drycleaning Drying
Tumbler Model L3618.

F. H. Richterkessing for W. M. Cissell Mfg. Co., Inc.,
filed June 27, 1957 an application with the Board of Stand-
ards and Appeals for approval of the appliance known as
Cissell 36 x 18 Steam Heated Drycleaning Drying Tumbler
Model L3618 under the provisions of C19-76.0 through
C19-80.0 Administrative Code.

Purpose

The appliance is a steam heated tumbler for dry cleaning
use.

Description

The appliance is a steam heated commercial drying tumb-
ler for drying clothes cleaned in Stoddard Solvent. The
clothing is first placed in a commercial extractor; to remove
the excess solvent, before being placed in the Drying Tumb-
ler.

The appliance consists of a perforated cylinder, 36 inches
in diameter by 18 inches in depth, rotating in a cabinet,
which has an inner circular wall surrounding the cylinder
except for an air inlet and an air outlet at the bottom. The
cabinet is provided with a 12 inch exhaust outlet and a
motor operated fan.

A detachable steam heating unit is mounted on the top of
the cabinet and this unit has an eight stage heat control to
regulate the temperature of the air in the rotating cylinder.

A static steam spray, having a preheated discharge tube,
provides a mist of steam which is discharged directly into
the fins of one of the steam coils of the steam heating unit.
This eliminates condensation which may cause water spotting
of drying clothes. This fine mist is also drawn into the
cylinder which reduces static which may be generated by
the tumbling clothes.

The appliance is also equipped with a two way fire ex-

MINUTES

tinguisher which injects live steam into both the cylinder and lint trap. The extinguisher consists of a tripping mechanism, responsive to the pressure of an explosion within the casing which trips a steam valve, thereby injecting steam into the machine. A secondary tripping mechanism having fusible links within the casing is also employed; these links melt out thereby tripping the steam valve and releasing the steam into the machine.

Inspection and Test

Details of construction were examined by Asst. Engr. J. A. Darts, Committee on Test, and the details were found to comply with the specifications.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as the Cissell 36 x 18 Steam Heated Drycleaning Drying Tumbler Model L3618 for use in New York City under the provisions of C19-76.0 through C19-80.0 on condition that the appliance be equipped with explosion proof motors, that all electric switches and connecting conduit fitting also be explosion proof; that the appliance be equipped with a fire extinguishing system as herein described and that each appliance bear a label, permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 512-57-SA."

(Sgd.) HARRIS H. MURDOCK,

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 517-57-SA

Subject: Cissell Steam Heated Open End Drying Tumbler, Model 4242.

F. H. Richterkessing for W. M. Cissell Mfg. Company, Inc., filed June 27, 1957 an application with the Board of Standards and Appeals for approval of the appliance known as the Cissell Steam Heated Open End Drying Tumbler, Model 4242 under the provisions of C26-191.0 Administrative Building Code.

Purpose

A steam heated appliance for drying clothes having a capacity of 15 lbs. per basket.

Description

The appliance is a steam heated commercial drying tumbler having a basket, heating unit, drive mechanism and controls.

The cylinder 42 inches in diameter by 42 inches deep is set within a rectangular cabinet having an air inlet at the top and an air outlet at the bottom.

A detachable steam heating unit is mounted on the top of the cabinet and is provided with an 8 stage heat control so as to regulate the temperature in the cylinder. A high pressure steam boiler is required to supply steam to the coils; this boiler is not part of the application but is necessary for the operation.

In operation; the damp clothes are placed in the basket, the door is closed and the motor is started. The controls consist of an 8 stage heat control, a main switch to start the motor, a door interlock switch to shut-off the motor while the door is open.

The cabinet is connected to a duct which leads to the outer air.

Inspection and Test

Details of construction were examined by Asst. Engr. J. A. Darts, Committee on Test and were found to comply with the drawings and specifications.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as the Cissell Steam Heated Open End Drying Tumbler, Model 4242, for voluntary use in New York City under the provisions of C26-191.0 Administrative Building Code on condition that each appliance bear a label, permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. REPORT OF COMMITTEE ON TEST

Re: Cal. No. 518-57-SA

Subject: Cisse'l Twin Steam Heated Open End Drying Tumbler, Model 2624.

F. H. Richter-kessing for W. M. Cissell Mfg. Company, Inc., filed June 27, 1957 an application with the Board of Standards and Appeals for approval of the appliance known as the Cissell Twin Steam Heated Open End Drying Tumbler, Model 2624 under the provisions of C26-191.0 Administrative Building Code.

Purpose

A steam heated appliance for drying clothes having a capacity of 15 lbs. per basket.

Description

The appliance is a steam heated commercial drying tumbler having two cylinders or baskets, one above the other, each basket having its own heating unit, drive mechanism and controls.

Each cylinder is 26 inches in diameter and 24 inches in depth and each cylinder rotates within a single rectangular cabinet, which cabinet has an inner wall surrounding each cylinder, except for an air inlet at the top of each cylinder and an air outlet at the bottom of each cylinder.

The cabinet has a single 8 inch diameter exhaust and exhaust fan.

A detachable steam heating unit, having two individual steam coils, one for each cylinder, is mounted on top of the cabinet. The steam heating unit is provided with two 8 stage heat controls so as to regulate the temperature in each cylinder. A high pressure steam boiler is required to supply steam to the coils; this boiler is not part of the application and it is necessary for the operation.

In operation, the damp clothes are placed in either or both baskets, the doors are closed and the respective motors are switched on.

The controls consist of the 8 stage heat control for each steam coil, a main switch for each cylinder to start and stop the respective motors, a door interlock switch for each cylinder door to shut-off the corresponding cylinder motor while the door is open.

The cabinet is connected to a duct which leads to the outer air.

Inspection and Test

Details of construction were examined by Asst. Engr. J. Darts, Committee on Test and were found to comply with the drawings and specifications.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as the Cissell Twin Steam Heated Open End Drying Tumbler, Model 2624 for voluntary use in New York City under the provisions of C26-191.0 Administrative Building Code on condition that each appliance bear a label, permanently affixed reading as follows: "Approved

535-57-SM

APPLICANT—H. D. Conkey and Co., Field Control Division, owner.

SUBJECT—Application June 26, 1957—Field Type M-G Barometric Draft Control, for Gas-fired Equipment, approval of.

APPEARANCES—

For Applicant: Edward Lepowsky.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 535-57-SM

Subject: Field Type M-G Barometric Draft Control, for Gas-fired Equipment.

Field Control Division of H. D. Conkey & Company, Mendota, Illinois, filed June 26, 1957 an application with the Board of Standards and Appeals for approval of their Field Type M-G Barometric Draft Control, for gas-fired equipment under the provisions of C26-191.0 Administrative Building Code.

Purpose

A device for regulating combustion draft and for relieving down draft.

Description

The M-G Barometric Draft Control is designed for use with gas-fired heating equipment with an input rating of 400,000 BTU per hour or greater. It incorporates a double acting gate that is balanced on stainless steel knife edge and bearings. The lower segment of the gate is provided with an adjustable weight, factory set, for proper balance. For up draft control purposes, an adjustment weight linkage and adjustment weights are provided for final adjustment of up draft conditions at the time of installation. The upper segment of the gate swings inwardly for up draft control and acts against the adjustment weight and linkage. In down draft conditions the gate swings outwardly to relieve the pressure and in that case the adjustment weight and linkage are inoperative.

The gate assembly is secured to a sheet metal collar which is attached to the breaching or flue. The collar is of sufficient length so that the gate will not extend into the flue passage.

The M-G Barometric Draft Control is available with a mercury switch mounted on the regulator and a time delay relay. If for any reason, such as excessive down draft or a blocked flue causing the movement of the regulator gate, the switch will shut-off the gas burner after a suitable time delay. Momentary puffs will not cause shut-off of the burner because of the time delay relay.

The M-G Barometric Draft Controls are made in sizes varying from 8 inches to 32 inches. They are to be installed into the side of a flue pipe or breeching or in such a manner that the flue gases will not flow directly into the draft control collar against the gate.

MINUTES

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the data submitted by the applicant, the Committee on Test recommends the approval of the Field Type M-G Barometric Draft Control for use with gas-fired heating equipment having an input rating of 400,000 BTU per hr. or greater when such draft control is installed in accordance with this report and the manufacturer's recommendations and provided that each such draft control shall bear a label, permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 535-57-SM."

APPLICANT—Thermo Products, Inc., owner.

SUBJECT—Application July 16, 1957—Thermo Annealing Retort and Carrier (for heat-treating metals), approval of.

APPEARANCES—

For Applicant: H. F. Brennan.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 559-57-SA

Subject: Thermo Annealing Retort and Carrier—for heat treating metals.

Thermo Products Inc., Jersey City, New Jersey, filed July 16, 1957 an application with the Board of Standards and Appeals for approval of the Thermo Annealing Retort and Carrier for use in New York City under the provisions of C26-191.0 Administrative Building Code and sections C19-11.0 and C19.90.0 Administrative Code.

Purpose

A retort for use with an electric furnace for the heat treating of metals.

Description

The Thermo Annealing Retort and Carrier is made in numerous sizes to fit into the heating chamber of electrically heated furnaces. The annealing retort is made of Inconel alloy throughout except for the steel flange and steel cover. The retort is reinforced with 1 inch by 5/16 inch Inconel bars on the outside of the retort. All seams are welded. The retort cover is made of a steel face and steel flange and the remainder of the cover is made of Inconel and filled with 2500°F insulating material.

Two Inconel tubes pass through the retort cover to enter and exit the gases being used for atmosphere. On the outside of the steel cover the exit pipe is used for burnoff of the hydrogen or other atmosphere gas. An asbestos gasket is provided to seal the retort cover, which is bolted to the flange.

The carrier is designed to adequately support the retort and its working load. It is made of structural steel mem-

bers and an hydraulic operated jack for lifting the retort above the furnace hearth for loading into and out of the furnace. The carrier is mounted on two stationary and two swivel casters for ease in moving and is provided with steel locking arms at the front to properly position the retort on the carrier.

In operation, the retort, after insertion of the work load, is closed and checked for leaks with low air pressure and a manometer. After proving the closure gas tight, the retort is purged with low pressure nitrogen for at least 10 minutes, then hydrogen or other combustible atmosphere gas is admitted at low pressure and burned off at the retort outlet. After 5 minutes of burnoff, the retort with the aid of the carrier is placed into the furnace. When the furnace cycle is complete, the retort is removed from the furnace allowing the atmosphere gas to continue to burn. When the annealing cycle is completed, the supply of atmosphere gas is turned off and nitrogen gas is again admitted to purge the retort after which the cover may be opened.

The furnace used with the retort must be approved type, electrically heated and atmosphere tight. Provision must be made in the furnace for admitting atmosphere such as hydrogen and nitrogen. The furnace must be equipped with an explosion relief type door. Nitrogen gas is used to purge the furnace after the retort is placed in position for firing. After 10 minutes, atmosphere gas is admitted to the furnace and is ignited at the furnace burnoff; its flow is maintained throughout the heating cycle. The furnace is purged with nitrogen for at least 10 minutes prior to removing the retort from the heating chamber.

Inspection and Test

A typical annealing retort and a carrier were inspected at the Bendix Aviation Corporation, Teterboro, New Jersey, by Assistant Engineers J. A. Darts and G. F. Sklenarik, Committee on Test. Also present were Mr. H. F. Brennan, representing the applicant, and Mr. Pfeiffer of the Bendix Corporation.

The equipment operated satisfactorily as designed.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Thermo Annealing Retort and Carrier for use in New York City under the provisions of Sections C26-191.0 C19-11.0 and C19-90.0 Administrative Code provided it will be operated by adequately trained personnel in accordance with this report and provided further that each such retort and carrier shall bear a label, permanently affixed, reading: "Approved by the Board of Standards and Appeals for use in New York City under Calendar No. 559-57-SA".

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 804-57-SM

Subject: Scully Vent Cap, Model D-547.

John M. Sibarium for Scully Signal Company, Melrose, Mass., filed September 16, 1957 an application with the Board of Standards and Appeals for approval of the Scully Vent Cap, Model D-547 for use in New York City under the Oil Burner Rules of The Board.

Purpose

A cap for use on fuel oil storage tank vent pipes.

Description

The Scully Vent Cap, Model D-547 is a die-cast cap made of Zamak Alloy and is sized to fit a 1¼ inch vent pipe. The alloy is corrosion resistant.

Inspection and Test

A sample cap was inspected at the offices of the Board by Assistant Engineer G. F. Sklenarik, Committee on Test.

The cap has a venting area approximately 50% greater than the area of a 1¼ inch pipe.

Recommendation

On the basis of the inspection and the data submitted by the applicant, the Committee on Test recommends the approval of the Scully Vent Cap, Model D-547 for use in New York City in accordance with this report and the provisions of the Oil Burner Rules of the Board and provided each cap shall bear a label, permanently attached reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 804-57-SM."

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Acting Chairman Keating, Commissioner

Foley and Commissioner Sleeper 3

Absent: Chairman Murdock and Commissioner Kleimert. 2

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 22, 1955, on Alt. App. 248/55 reads:

"1. Dept. records show building erected as a 2 story and cellar, the increase in number of stories is contrary to Sect. 56, Sub. 2.

2. The increase in occupancy in a frame building contrary to Sec. 56 sub. 5.

3. Single room occupancy in a frame multiple dwelling is contrary to Sect. 248 Sub. 1.

4. Single room occupancy is contrary to C26-145.0 Adm. Code."

and

WHEREAS, the decision of the Commissioner of Buildings, dated February 8, 1956, reads:

"This will acknowledge receipt of your communication of February 2, 1956 requesting this Department to reclassify the above premises as a "Class B Multiple Dwelling".

The records in this Department affecting the premises indicate it to be a New Law Tenement of frame construction, erected under New Building Application #729/23 in conformity with the provisions of the Tenement House Law existing at the time of the erection of the building.

Section 31 of the Tenement House Law permitted the erection of a frame New Law Tenement outside the fire limits provided it did not exceed more than two stories in height and was occupied by not more than two families on any floor, or if three stories in height, not more than one family on any floor.

Inasmuch as this Department is not authorized under existing law to change the classification of a new law Tenement, your request of necessity must be and it hereby is denied."

and

WHEREAS, the applicant states the building is two stories and basement, 24 ft. in height, 31 ft. 3 in. front by 97 ft. 7 in. deep, of Class 4 construction, erected in 1923 on a lot 48 ft. 5¾ in. front by 144 ft. deep in a residence use, C area, Class 1 height district, used and occupied since erection: Basement—apartments, boiler room and storage; 1st floor—single room occupancy; 2nd floor—single room occupancy. Proposed to be used and occupied: Basement—apartments (3 units), boiler-room and storage; 1st floor—apartments (6 units); 2nd floor—apartments (6 units). The building is provided with two 3 ft. 2 in. wide interior wood stairs, unenclosed; and

WHEREAS, the applicant has filed a copy of an order issued May 26, 1955, directing vacation of the building; and

WHEREAS, the Board has received a certificate dated August 8, 1955, issued by the Borough Superintendent, pursuant to Section 668, Subdiv. C of the New York Charter that a stay in this proceeding would in his opinion cause peril to life and stating the building is of wood frame construction and has a legal occupancy of four families and was altered without permit to accommodate 21 families by the installation of kitchen facilities in individual rooms; that the absence of fire-retarding and the inadequacy of exits also add to the danger to life; and

WHEREAS, the applicant contends it is sought to review the decision of the Borough Superintendent on the grounds the building is not being increased in height; that the occupancy is not being increased; that the existing occupancy has existed since the erection of the building and that Sec. C26-145.0 of the Administrative Code does not apply to a building erected prior to 1938; and

WHEREAS, the applicant contends the building was erected as a 4-family new law tenement and used almost from the time of its erection as a rooming house; that the present owner purchased it as a single room occupancy building and the question of the legality of the structure had not been raised until 1953; that although minor changes have been made from time to time, such changes were made under approved plans and inspectors signed the work off; that

MINUTES

periodical inspections were made and minor violations placed against the building, at no time did inspectors place a violation for illegal occupancy; that a survey filed with Alt. App. 248/55 shows the premises to contain a legal basement; and

WHEREAS, the applicant states that should this appeal be granted it is with the definite understanding the owner will make all changes necessary to conform with all department rules and regulations, even the making of a 9 ft. high basement; and

WHEREAS, a public hearing was held on this appeal by the Board of Standards and Appeals, February 28, 1956, and adjourned without date to permit the Board to inspect the premises and for decision after all records were received from the Department of Buildings; and

WHEREAS, this appeal was filed to review a decision of the Borough Superintendent refusing to permit the change of a recorded new law tenement of frame construction to single room occupancy, and also to review a decision of the Commissioner of Buildings, refusing to change the classification of the building from a new law tenement to a class B multiple dwelling; and

WHEREAS, in support of his contention that the building was operated as a rooming house prior to the enactment of the Multiple Dwelling Law, the applicant has filed copies of affidavits of persons familiar with the building, a letter from the Department of Water Supply, Gas and Electricity stating that the building was charged on the basis of 9 "families" from January 1, 1928 to June 9, 1937, and on the basis of 4 "families" since that date; and the applicant has filed a transcript of the records of the County Clerk, showing the 1925 census records, indicating the occupancy of the building by 6 "families" and 1 lodger; and

WHEREAS, the Board finds that the building was legally erected in 1923, pursuant to Section 31 of the Tenement House Law, which permitted a 2 story frame tenement house outside of the fire limits, provided the sidewalls were brick filled and the building was not occupied by more than 2 families per floor, nor more than 4 families in all; that Section 34 of the Tenement House Law precluded any increase in occupancy; that Section 95 of the Tenement House Law prohibited cellar occupancy except under conditions which do not exist in this building; and

WHEREAS, the Board finds that the waiving of Objection 7 issued by the Tenement House Examiner, February 23, 1924, although it implied permission to occupy the building by more than 4 families, no such permission could have been granted under Section 31 or 34, thus the waiving of this objection could only have occurred if the statement made by the architect that the occupancy would not be increased beyond what the law permitted; and

WHEREAS, the Board finds that even if the occupancy was rooming house (the records of the Department of Buildings, the census records and the records of the Department of Water Supply, Gas and Electricity show occupancy by "families", not "roomers"), such occupancy was contrary to Certificate of Occupancy and a Certificate of Occupancy for the change of use to "rooming house" or "furnished rooms" could not have been obtained as a matter of right since any inspection made in connection with such application would disclose the "family" occupancy including the gas ranges and cooking facilities as referred to in the Multiple Dwelling Violations; and

WHEREAS, in the opinion of the Board, the decision of the Borough Superintendent, dated July 22, 1955, Objections 1, 2 and 3 should be sustained; and

WHEREAS, in the opinion of the Board, the decision of the Commissioner of Buildings, dated February 8, 1956, refusing to reclassify the building as a class B multiple dwelling should be sustained on the facts in this specific case; it is not now necessary to determine whether the Commissioner is without any authority to reclassify any buildings recorded as New Law Tenements; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved that the decision of the Borough Superintendent, dated July 22, 1955 acting on Alt. Applic. 248/55, Objections 1, 2 and 3, be and hereby is sustained the decision of the Commissioner of Buildings, dated February 8, 1956, be and hereby is sustained and the appeal be and hereby is denied.

Negative: Acting Chairman Keating, Commissioner

Foley and Commissioner Sleeper

Absent: Chairman Murdock and Commissioner Kleinert

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated July 10, 1956, on Alt. Applic. 310/56 reads:

"1. Provide two legal means of egress from all floor (or subdivisions thereof) including cellar and 1st floor

"A fire escape is not acceptable as a means of egress in a factory bldg. over 5 stories high."

and

WHEREAS, the applicant states that the building is 6 stories, 64 feet and 7 stories, 74 feet in height, 100 feet by 90 feet in depth, of class 3 construction, erected in 1889, located in an unrestricted B area, class 2 height district, and used and occupied since erection as follows: sub-cellar—boiler room, no persons; cellar—storage of merchandise boxes, etc., 5 persons; 1st floor—stores, 10 persons; 2nd floor—vacant and crayon manufacturing, 15 persons; 3rd floor—vacant factory, previous occupancy, 15 persons; 4th floor—manufacturing mirrors and wire products, 15 persons; 5th floor—material dyeing and embroidery, 15 persons; 6th floor—hat manufacturing, 15 persons; 7th floor—vacant and plastic manufacturing, 15 persons; that no change in use or occupancy is now proposed; that the building is provided with a one source sprinkler system and an improved interior fire alarm system; that there are two interior 3 feet 6 inches wide wood stairs, enclosed in fire retarded partition equipped with wood doors which are self closing, stairhalls lead to roof bulkhead and to street, in addition there are three fire escapes on the rear, leading to roof by ladder and to yard by drop ladder, with egress from the lower termination through adjoining building to Spring Street; and

WHEREAS, Violation No. 2942 was issued April 30, 1956 for failing to provide 2 legal means of egress from the cellar floor and for both tenants on 2nd and 5th floors; that fire escapes are not considered legal means of egress for a factory building more than 5 stories in height; that exit doors from the factory on the 1st floor south portion could not swing out as required by law; and

WHEREAS, the applicant contends as the building was constructed in 1889 and used in its present classification since erection, the Board is requested to grant relief from the decision of the Borough Superintendent which precludes the use of an existing fire escape in a building over 5 stories (6 stories by amendment to Labor Law effective January 1, 1957) in height; that the building is of class 3 construction joined by means of openings in the brick wall which are protected by fireproof sliding doors and contain two interior stairways protected by fire retarded partition running from the 1st floor to the roof, equipped with self closing doors at each story, with exit signs and lights for each door; that the stairs are sprinklered throughout; that on the rear of the building a fire escape leads from roof to the back yard and joins the buildings; that the entire building is sprinklered; that no part of this building

MINUTES

more than 50 feet from the nearest means of egress; that the owners will keep the present means of egress in good repair and purpose to construct a connecting passageway from this property to No. 67-73 Spring Street to provide access directly to the street from the lower termination of the rear fire escapes; and

WHEREAS, the applicant states that under terms of a resolution adopted by the Board under Cal. No. 106-21-S, a horizontal platform 9 feet wide and a fireproof passage 4 feet by 6 feet was constructed and met the Fire Department requirements; that under the terms of the retroactive amendment to the Labor Law, it is now necessary to make an appeal to the Board for acceptance of the existing conditions, which have existed for a number of years; and

WHEREAS, the applicant contends that to be required to provide any additional egress except that now proposed would be unwarranted and constitute an extreme hardship on the owners; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 310/56, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

THE RESOLUTION—

WHEREAS, a decision of the Borough Superintendent dated August 1st, 1956 on Alt. Applic. 990/56 and redetermined by the Borough Superintendent, October 3, 1956 reads:

"1. Means of egress from street to roof including cellar should comply with section 271 of the Labor Law."

WHEREAS, the applicant states that the building has 7 stories, 85 feet in height, 25 feet front by 103 feet in depth on 1st floor, 25 feet front by 96.5 feet in depth at typical floor of class 3 construction, erected 1894, located in a business use B area, class 2 height district and used and occupied since 1894 as follows: Cellar—boiler room and storage, no persons; 1st floor—store for sale of cotton goods, no persons; 2nd floor—manufacturing clothing, 10 persons; 3rd floor—storage of bed spreads and drapes, no persons; 4th floor—manufacturing zippers, 12 persons; 5th floor—manufacturing bed spreads and drapes, 15 persons; 6th floor—manufacturing novelties and fur muffs, 10 persons; 7th floor—manufacturing undergarments, 20 persons; that no change in use or occupancy is now proposed; that the building is equipped with an approved interior fire alarm system and regular monthly fire drills are maintained, there is one interior fireproof 44 inch wide stairs enclosed in terra-cotta block partitions equipped with fireproof self-closing doors and leading from roof to bulkhead direct to street; and in addition one fire escape located on the rear of the building extending to roof by stairs and to yard by stairs with egress to street through open parking lot and through adjoining buildings, window and door openings along the course of the fire escape are fireproof self-closing;

WHEREAS, the applicant states that the building was erected under N.B. Applic. 234-1894 for use as a warehouse; that undoubtedly upon completion or shortly thereafter it was used for manufacturing purposes; that the next record in the Department was Alt. Applic. 3572/14 which describes the building as manufacturing and displaying of merchandise; that in application before the Board under Cal. No. 873-23-S, the building was treated as a factory building; and

WHEREAS, the applicant states that the building is provided with 1 interior 3 feet 8 inch wide fireproof stairs enclosed in fireproof partitions of terra-cotta blocks equipped with fireproof self-closing doors at openings and extending from entrance story to and through the roof by means of a bulkhead and stair; that the second means of egress is a 45 degree fire escape on the rear with fireproof windows along its course, and extending from the 2nd story balcony to the roof by means of a stair; that egress from the 2nd story balcony to the yard and street is by means of stairs to open yards of adjoining properties and by means of connecting balconies to the adjoining buildings to the west and south, which latter face on East 11th Street; that this egress is subject to an application to the Board under Cal. No. 873-23-S; that mutual consent of the adjoining properties for the use of this common balcony was filed with the Board under Cal. No. 376-30-S, relating to premises, 40 East 12th Street; that the building was provided with an approved fire alarm system and regular monthly fire drills are conducted; that the various uses have existed for a number of years and may be reasonably assumed that they will continue for sometime to come, by reason of the impact of the State Emergency Rent Laws; that the number of occupants per floor is below the number permitted by the Labor Law and due to physical limitations because of the narrowness of the building, it is unlikely that the occupancy will be increased in foreseeable future; that the uses in the building are non hazardous; that there is no manufacturing of any kind on either the 1st floor or cellar; that the front portion of the cellar is used as a boiler room and coal bin and for utilities; that a 75 degree iron rung ladder, 18 inches in width leads from the vault at cellar level to sidewalk; and

WHEREAS, the applicant therefore requests that the Board modify the decision of the Borough Superintendent, so as to permit the existing fire escapes on the rear of the building to remain as purposed in lieu of strict compliance with the provisions of the Labor Law; and

WHEREAS, by amendment to Sec. 271 of the Labor Law, effective January 1st, 1957, the means of egress from the cellar as required by the decision of the Borough Superintendent is no longer required, since there is no manufacturing in the cellar; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 990/56, Objection No. 1, and that the appeal be and it hereby is *granted*, permitting the present means of egress to be continued, *on condition* that the occupancy shall be limited to that permitted for the primary means of egress; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

848-56-A

APPLICANT—Samuel Rosenblum, for 99 Beekman Street Corp., owner.

SUBJECT—Application December 5, 1956—Appeal from a decision of the Borough Superintendent, re egress.

PREMISES AFFECTED—99-103 Beekman Street, southwest corner of Pearl Street, Block 95, Lot 27, Borough of Manhattan.

MINUTES

APPEARANCES—

For Applicant: Samuel Rosenblum and Seymour Cohn.
ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner
Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock and Commissioner Kleinert. 2

THE RESOLUTION—

WHEREAS, the revised decision of the Borough Superintendent, dated January 10, 1958, on Alt. Applic. 1429/56 reads:

"1. Provide two means of egress for all tenants all floors including the cellar, enclosed as required by law and leading directly to the street and in full compliance with Sect. 271 of the Labor Law and the exit rules of the B'd of Stds. and Appeals.

A fire escape is not acceptable as a means of egress in a factory bldg. over six (6) stories high."

and

WHEREAS, Violation No. 5046-56 was issued by the Borough Superintendent August 8, 1956, requiring the owner to provide 2 legal means of egress from every floor, to repair cellar ceiling fire retarding, to enclose elevator machinery in cellar and to close open mesh fronts of elevator shafts as required by law; and

WHEREAS, the applicant states that the building is 7 stories, 76 feet in height, 99 feet 10 inches front by 33 feet 2 inches in depth, of class 3 construction, erected 1895, located on a lot 99 feet 10 inches front by 33 feet 2 inches in depth, now in an unrestricted use B area, class 2 height district, and used and occupied since prior to 1910 as follows: cellar—storage and tinsmith, 1 person; 1st floor—storage, printing and electric laundry, 9 persons; 2nd floor—drugs, plumbing supplies, 4 persons and part vacant; 3rd floor—printing, 12 persons; 4th floor—textile jobbing and gold stamping, 4 persons and part vacant; 5th floor—manufacturing leather goods, 3 persons and part vacant; 6th floor—engraving, manufacturing stationery, 5 persons and part vacant; 7th floor—manufacturing athletic wear, 6 persons and part vacant; and

WHEREAS, the applicant states that no change or use in occupancy is proposed, except that the vacant portions of the floor areas will have the same general occupancy of minor factory work and repairs with a total of 15 persons per floor; and

WHEREAS, no certificate of occupancy has been issued for this building; and

WHEREAS, the applicant states that the building is equipped with an approved interior fire alarm system, but regular monthly fire drills are not maintained; that there is 1 interior 3 feet wide wood stairs enclosed in fire retarded partitions equipped with metal and glass self closing doors; that stairhall leads to roof bulkhead and direct to street; that there is 3 fire escapes, two on Beekman Street and one on Pearl Street, none of the fire escapes leads to the roof; that the front fire escape is provided with access to street by counterbalance stair and ladder, window and door open on the course of the Beekman Street fire escapes and are fire-proof self closing; that there is no safe egress from the roof; and

WHEREAS, the applicant states that revised plans filed with this appeal indicate proposed extensions to fire escapes so that egress will be available for all tenants to one of the sets of fire escapes; and

WHEREAS, the applicant states that all of the work called for by Viol. No. 5046-56 not subject to this appeal has been completed to the satisfaction of the department under B.N. 1520-57, except the work relating to the elevator shaft which work will be complied with to the satisfaction of the Borough Superintendent; and

WHEREAS, the applicant states that the building is occupied by small tenant factories and the actual occupancy will not exceed 15 persons to a floor; that this building was subject of a previous application to the Board under Cal. No. 1166-17-S at which time certain changes proposed by the

State Industrial Commission was carried out; that under Alt. Applic. 2054-16 plans were approved to fire retard the stair enclosure with ½ inch plaster boards and 26 gauge metal; that a new fire escape was erected on the Beekman Street front with fireproof openings on its course, except on the 7th or top story; that this fire escape has 45° connecting stairs and is provided with a counterbalance stairway to street; that in addition there is a fire escape at the westerly end of Beekman Street front connected by 70° stairs and this fire escape is connected by 2nd story balcony to easterly fire escape; that changes for these fire escapes were made pursuant to the resolution adopted by the Board under Calendar Number 1166-17-S and the conditions are now the same as previously accepted by the Board, except that the occupancy is now less than the 125 permitted by the Board; that the stairway is enclosed in fire retarded partitions as previously accepted; that the elevator shaft is located on the inside of this stair enclosure and the partitions completely surrounding the stairs are protected by ½ inch plaster boards and 26 gauge metal, all as approved by the Building Department and

WHEREAS, the applicant contends that the building has fire escapes and as the occupancy is small and all the work has been carried out as required by the Board under Calendar Number 1166-17-S, it is requested that a variance be granted to permit the acceptance of the existing exits with the proposed extension of the easterly fire escape balcony on the Beekman Street front at the 7th floor level as indicated on plans filed with this appeal; and

WHEREAS, the Board on October 4 1917, ratified a decision of the State Labor Department, requiring installation of a new fire escape on the Pearl Street front, as a second means of egress, provided the interior stairway is enclosed in fire resisting material, and the Board apparently also permitted the omission of fireproof self closing windows along the course of the fire escape balcony on the 7th story; and

WHEREAS, under Calendar Number 528-22-A the Board modified an order of the Fire Commissioner requiring the installation of a standpipe system; and

WHEREAS, the Board under Calendar Number 526-22-modified Order No. 22705-LD, Item 1, requiring the reduction of the area wire glass in doors leading to the interior stairway and Order No. 22706-L, Item 1, requiring a rearrangement of the fire escape by the north side of the building and the openings leading thereto; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals do hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent acting on Alt. Applic. 1429/56, Objection No. 1 and that the appeal be and it hereby is granted, on condition that the existing fire ladder on Pearl Street shall be replaced with a 60° fire escape; that the counterbalanced ladder on the Beekman Street side shall be put in good condition; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

386-57-A

APPLICANT—Max Siegel Associates, for Chermor Real Corp., owner.

SUBJECT—Application May 9, 1957—Appeal from a decision of the Borough Superintendent, re egress.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 1, 1957 on Alt. Applic. 382/57 reads:

"1. Use of outside fire escape as a second means of egress in a factory building over six stories in height is contrary to Sect. 271 of the Labor Law."

WHEREAS, the applicant states that the building is 7 stories, 72 feet in height, 25 feet front 108 feet in depth, of reproof construction, erected in 1911, located on a lot 25 feet front by 112.97 feet in depth, located in a retail use area, class 1½ height district, and used and occupied since erection as follows: Cellar—storage and boiler room, 10 persons; 1st floor—office and storage, 30 persons; 2nd floor—printing, 30 persons; 3rd floor—manufacturing of fabrics, 30 persons; 4th floor—manufacturing dresses, 30 persons; 5th floor—manufacturing jewelry, 30 persons; 6th floor—manufacturing fabrics, 30 persons; 7th floor—printing, 30 persons; that no change in use or occupancy is now proposed; that the building is equipped with an approved interior fire alarm system and regular monthly fire drills are maintained; that there is one 3 foot 3 inch wide interior iron stairs with slate treads enclosed in fireproof partitions equipped with fireproof doors which are of self-closing, stairhall leads direct to street but not to roof, ladder and scuttle to roof is provided within the factory area, in addition there is one fire escape on the front of the building, extending to street by counterbalance stairs, window and door openings on the course of the fire escape are fireproof self-closing; that there is no safe egress from the roof; and

WHEREAS, Violation No. C-1086-56 was issued for not having two required means of egress; and

WHEREAS, a rear fire escape of sub-standard construction was removed under B.N. 328-56; and

WHEREAS, the applicant states that the building was erected under N.B. Applic 550/11 as a factory building and has been continuously used as such up to the present time; that the building is arranged for tenant-factories on all floors engaged in manufacturing non-hazardous items; that the building has one interior fireproof enclosed iron stairway and exterior fire escape on the front of the building installed under Alt. Applic. 372/36 to remove violation issued by the Fire Department; that this front fire escape was constructed to comply with Section 273 of the Labor Law and has a 45 degree connecting stairs equipped with fireproof self-closing doors and windows opening thereon and counterbalance stairway into the street; that Violation C-1086/56 was issued in 1956 for failure to provide a second legal means of egress; that the Alt. Applic. 382/57 was issued to remove this violation; and

WHEREAS, the applicant contends that to be required to comply with the strict letter of the amended Labor Law would undoubtedly cause undue hardship, practical difficulties and serve no useful purpose; that the building which is fireproof and comparately small in floor area is more than adequately served by the existing exits; that the occupancy of each floor is less than the permitted capacity of the interior stairway, exclusive of any allowance for the fire escape; that the building is only 1 story higher than the building in which the existing exits would be lawful; that the additional story is more than offset by the fact that the building is fireproof constructed; and

WHEREAS, the Board on November 22, 1927, under Calendar No. 535-27-8 modified Item 1 of Order No. 16523-Ld issued by the Fire Commissioner April 12, 1927 as to egress from termination of the rear fire escape on condition that on balcony not less than 3 feet wide be provided extending to the parapet of the rear wall at the rear of these premises opening into the rear yard, connecting with the rear yard of the premises abutting to the west, with access from said adjoining yards through two open, unobstructed passageways direct to East 148th Street.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor

Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 382/57, Objection No. 1 and that the appeal be and it hereby is *granted*, to permit the continued use of the existing 45 degree fire escape in this fireproof building as a second means of egress, *on condition* that the occupancy shall be limited in capacity to the primary means of egress; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

431-57-A

APPLICANT—Carson & Lundin, for Redlyn Corporation, owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Appeal from a decision of the Borough Superintendent—re escalators, 1st to 3rd floors, previously granted on condition.

PREMISES AFFECTED—1041-1053 Avenue of The Americas, west side, from West 39th to West 40th Streets, 101-105 West 39th Street and 100-102 West 40th Street, Block 815, Lots 26 to 32 inclusive, Borough of Manhattan.

APPEARANCES—

For Applicant: Earl H. Lundin, J. D. Stephen and H. M. Cole.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 25, 1957, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted July 25, 1957, only as it refers to the construction of baffles on the escalators, so that as amended the resolution shall read:

"that in the event the applicant desires to substitute wire glass for the incombustible material required by the resolution such substitution may be permitted as shown on plans filed with this request for amendment marked 'Received December 13, 1957,' 4 sheets; and that in lieu of the requirement of the Board to install an interior fire alarm system throughout the building, the owner may substitute an interior fire alarm system with gong, adjacent to the escalator, on the first, second and third floors. Amdt. to N.B. App. 38/56."

696-57-A

APPLICANT—Louis Kurtz, for Bal Enterprises, Inc., owner.

SUBJECT—Application September 20, 1957—Appeal from a decision of the Borough Superintendent, re new stair from basement to 1st floor.

PREMISES AFFECTED—12-14 East 46th Street south side, 145 feet west of Madison Avenue, Block 1281, Lot 62, Borough of Manhattan.

APPEARANCES—

For Applicant: Louis Kurtz.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 12, 1957 on amendment to Alt. Applic. 442 56 reads:

MINUTES

"1. Objection #3 repeated the building must be made to comply with Section 270 of the Labor Law."

and
WHEREAS, the applicant states that the building is 8 stories, 95 feet 2 inches in height, 50 feet front by 90 feet 5 inches in depth, of fireproof construction, erected 1915, located on a lot 50 feet front by 100 feet 5 inches in depth, in a restricted retail use B area, class 2 height district, and used and occupied since 1955: cellar—storage and boiler room, no persons; 1st floor—retail store—25 persons; 2nd floor—show room and retail store, 23 persons; 3rd floor—offices, 40 persons; 4th floor—office and factory, 23 persons; 5th floor—offices, 37 persons; 6th floor—offices, 16 persons; 7th floor—offices and factory, 8 persons; 8th floor—factory, 22 persons; that no change or use in occupancy is now proposed; that the building is provided with an approved standpipe system, and an approved interior fire alarm system, there are two 3 feet 8 inches wide steel stairs with marble treads, brick enclosed equipped with kalamein self closing doors and extending from roof bulkhead direct to street; and

WHEREAS, Viola. 2709-57 was issued by the Borough Superintendent May 3, 1957 for failing to maintain exit to street from rear yard through building of 18 East 46th Street as required by resolution of the Board of Standards and Appeals under Calendar Number 696-40-S; and

WHEREAS, Violation No. 1630-56 was issued by the Borough Superintendent, March 7, 1956, for changing the use of the 2nd floor from manufacturing to store and retail sales rooms, contrary to Certificate of Occupancy No. 30238; and

WHEREAS, Certificate of Occupancy #30238 issued August 6, 1944 against Alt. Application 2456/40 and resolution adopted by the Board under Calendar Number 690-40-S, permits the following use and occupancy: cellar—storage; 1st floor—stores, 15 persons; 2nd to 8th floors, manufacturing, 45 persons per floor; and

WHEREAS, the applicant has filed a communication, dated October 10, 1957, from the Borough Superintendent of Manhattan, reading as follows:

"In reply to your letter of October 1, 1957, requesting a stay of prosecution on violation #2709-57, this department must require that the violation be removed without delay, or that the use of the premises be discontinued until such time as the violation has been removed. Action cannot be withheld pending appeal to the Board of Standards and Appeals.

"Since egress through the rear yard to the building at 18 East 46th Street has been eliminated, the exits from the building are not in conformance with law."

and

WHEREAS, the applicant states that in the resolution adopted by the Board under Calendar Number 640-40-S, permission was granted for access from the rear stairs over the rear yard of 16 East 46th Street to the roof of the extension of 18 East 46th Street, thence through 18 East 46th Street to the street; that permission for this egress was filed and approved by the Borough Superintendent at that time; that subsequently the owner of 18 East 46th Street notified the Department of Buildings that it had demolished 18 East 46th Street and terminated the agreement to use the premises as a fire passage to the street, in view of the fact that a new 11 story building is being constructed on that site under N.B. Application 70-56; and

WHEREAS, the applicant states that the owner of the premises in question 12-14 East 46th Street, is now confronted with an extreme hardship and the only remedy that can be found for egress to the street from the rear stair is to the roof of the extension at the rear or premises in question at approximately at second floor level, up the existing 45 degrees stairs to the runway of 10 East 46th Street and through 10 East 46th Street to the street, as indicated on plans filed with this appeal, and as provided for in an agreement between the owner of the premises in question and the owner of 10 East 46th Street, permitting each other to have reciprocal egress through the respective properties of each as a fire passage; and

WHEREAS, the applicant states that Violation 1630-56 has been issued for changing the 2nd floor use from manufacturing to retail sales but will not be acted upon by the Borough Superintendent until the egress question is resolved by the Board; and

WHEREAS, a summons was served on the owner, returnable in the Municipal Term Magistrate's Court for failure to comply with Violation 1630-56, and the matter was adjourned by the Court to permit the filing of this appeal; and

WHEREAS, the applicant states that floor plans filed with this appeal shows stairway installed from cellar to first floor as completed under B.N. Applic. 2642-57; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved that the Board of Standards and Appeals do hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent acting on Alt. Applic. 442/56, Objection No. 1 and that the appeal be and it hereby is granted on condition that the proposed means of egress shall be maintained and that the occupancy shall be restricted to the capacity for the primary means of egress; and that in all other respects the building shall comply with all laws, rules and regulations applicable thereto.

THE RESOLUTION—

WHEREAS, this application was granted by the Board on April 4, 1939, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 4, 1939, as to permit the installation of two additional 550 gallon approved storage tanks and the installation of two additional pumps as shown on plan filed with this request for amendment marked "Received October 14, 1957". (Misc. App. 698-57).

1-39-BZ—Vol. II

APPLICANT—Ivan Pinsker, for Socony Vacuum Oil Company, Inc., owner.

SUBJECT—Application for consideration—reopening for amendment of resolution as to additional tanks—re Application, decision of the Borough Superintendent, previously granted on condition, under section 7c of the Zoning Resolution, permitting in a business use district, the extension of an existing gasoline service station.

REMISES AFFECTED—96-23 to 96-29 Queens Boulevard, and 95-02 to 95-14 63rd Road, northeast corner, Block 2088, Lot 22, Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: Ivan Pinsker.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II, on January 7, 1941, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended from time to time and last extended on September 18, 1945; and

WHEREAS, the resolution was amended on September 18, 1945; and February 24, 1954; and

WHEREAS, the applicant requested a further amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 7, 1941, only insofar as it refers to the gasoline storage tanks so that the applicant may be permitted to install four additional 550 gallon approved storage tanks substantially as shown on revised plans marked "Received December 16, 1957," one sheet, as acted on by the Borough Superintendent under Misc. App. 917/57.

654-41-BZ

APPLICANT—Zaroorhi Nahikian, owner.

SUBJECT—Application for consideration—reopening for extension of term of variance—re Application, decision of the Borough Superintendent, previously granted on condition, under section 7h of the Zoning Resolution, permitting in a residence use district, the parking and storage of motor vehicles for a term of years.

PREMISES AFFECTED—106-116 Beach 87th Street, northeast corner of Ocean Drive (Shore Front Parkway) Block 622, Lot 5, Rockaway Beach, Borough of Queens.

APPEARANCES—

For Applicant: Zaroorhi Nahikian.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, this application was granted by the Board on August 6, 1941, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on January 24, 1956; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 24, 1956 only so far as it refers to the term of variance, so that as *amended* this portion of the resolution shall read:

"... granted under Section 7, subdivision h for a term of two years from the date of this *amended* resolution, to permit; that other than as herein *amended* the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of the *amended* resolution." (Alt. App. 5614/41)

162-52-BZ

APPLICANT—Reginald S. Hardy, for Eugene A. Gallagher, Arthur A. Gallagher and Francis M. McGoldrick, owners.

SUBJECT—Application for consideration—reopening for extension of time to complete which expired September 19, 1957—re Application, decision of the Borough Superintendent, previously granted on condition, under section 7c of the Zoning Resolution, permitting in a residence use district, the change in occupancy from public garage for more than five motor vehicles to truck transfer terminal.

THE RESOLUTION—

WHEREAS, this application was granted by the Board on June 9, 1953, on certain conditions; and

WHEREAS, the resolution was amended from time to time and last amended on October 11, 1955; and

WHEREAS, time to obtain permits and complete the work was extended from time to time and last extended on March 19, 1957; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 9, 1953 as thereafter *amended* by resolutions adopted through March 19, 1957, only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (Alt. App. 214/52).

583-52-BZ

APPLICANT—Lama, Proskauer and Prober, for Diane Manhattan Land Company, owner.

* CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on December 10, 1957, as they appeared in Bulletin No. 51, Vol. 42, hereby corrected to read as follows:

1103-21-BZ—Vol. II

APPLICANT—Norman Lederer and Leonard Joseph, for Victory Development Corp., owner (Acey Auto Sales, Inc., lessee).

SUBJECT—Application reopened January 22, 1957, as Vol. II—decision of the Borough Superintendent, under section 7i-7e of the Zoning Resolution, to permit in a manufacturing and residence use district, the change of occupancy of the one story portion of the existing building from garage, to auto repairs and body work with hand tools only, car washing and painting and the two story portion from lubricating, sales of gas and oil and garage on both floors, to minor mechanical and body repairs and minor welding on the first floor and garage and sale of new and used cars on the second floor.

PREMISES AFFECTED—553 West 133rd Street, north side, 90 feet east of Broadway and 526 West 134th Street, Block 1987, Lot 7, Borough of Manhattan.

APPEARANCES—

For Applicant: Leonard Joseph.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative Chairman Murdock, Commissioner Klein-

ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 22, 1957, subject to regular procedure; and

WHEREAS, a public hearing was held on this application on November 19, 1957 after due notice by publication in the Bulletin; laid over to December 10, 1957, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in manufacturing and residence use, B area, class 1½ height districts; and

WHEREAS, the decision of the Borough Superintendent dated January 4, 1957 acting on Alt. Applic. 1651-56, reads

"1. Proposed change from garage building use, located partly in a residence use district, to new and used auto sales, gas and oil selling station, motor vehicle repair shop and service station, auto laundry, auto parking and storage for more than 5 cars, lubricatorium"; and accompanying note:

"Note: The use for auto repairs as shown above include body repairs, lubrication and other work customarily associated with the repairing of autos" is contrary to Art II, Sec. 3 of Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot 85 feet and 117 feet frontage by 199 feet 10 inches in depth, occupied by a one and two story structure extending from West 133rd Street through to West 134th Street that it is proposed to put the various portions of the subject building to the following uses: two story portion facing West 133rd Street—first floor, minor mechanical and body repairs and minor welding; second floor—garage and sale of new and used cars; one story portion facing West 134th Street—general auto repairs including motor and body work with hand tools only, car washing, car painting lubricating and sale of gas and oil; and

WHEREAS, the applicant states that at the time the Board granted the variance the use zoning of this property was as follows: West 134th Street was business for 100 feet east from Broadway and residence from that point; West 133rd Street was residence; that at the present time the use zoning of the property is as follows: West 134th Street is manufacturing for 100 feet from the corner of Broadway and residence for nearly the balance of the block; West 133rd Street is manufacturing for 200 feet from the corner of Broadway and residence for nearly the balance of the block that this change in the use zoning was passed on March 2, 1955; that the building thus is partly in a manufacturing use zone and partly in a residence use zone; that on the 133rd Street side the entire building lies within a manufacturing use zone and on the 134th Street side the building lies 10 feet in a manufacturing use zone and 107 feet in a residence zone; that the entrances to the building on 134th Street are located at the west end of the building and one is entirely within the manufacturing use zone; that the balance of the front which lies within the residence use zone does not have any entrances or doors; and

WHEREAS, the applicant states that some time subsequent to the granting of the variance and prior to the date when the present owner acquired the building, the building was used as an auto repair shop in addition to its garage use and that this use has continued until today and in fact, since 1932, the Fire Department has continued to issue permits for this use; that the Department of Buildings, after permitting the building to be so used for over 23 years, has now decided that such use is illegal and has placed a violation against the premises requiring that the repairing of autos in the building be discontinued; and

WHEREAS, the applicant contends that when the present owners bought the building they were fully of the opinion that the garage designation of the building carried with it permission to do the repairing and such other work as has been done in the building since permits for this type of work had been issued to them by the Fire Department; that under the use zoning of the property, as of the date of the certificate of occupancy and as of today, the illegal use of the building is restricted to that portion which faces West 134th Street, extending back 99 feet 11 inches to the middle of the block; that adjoining this building to the east on West 133rd Street is a building which is used as an auto repair shop although it lies largely in the residence use zone; that in view of the above facts it is requested that the Board grant the owner permission to continue to use this building as a garage for more than five motor vehicles and for the repairing and lubricating of cars and for such other work as is customarily associated with the repairing of autos, for

MINUTES

high the building has been used for over 23 years; and
WHEREAS, the applicant states that the present owners have held title to the property since February 8, 1945; that the assessed valuation of land is \$75,000 and of the building \$5,000 making a total of \$120,000; that the building was erected in 1921; and
WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and,
WHEREAS, the Board found that this was an appropriate use in which to exercise discretion to grant under Section 7i of the Zoning Resolution.
Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application and it is hereby *granted* under Section 7i, to permit *here shown as proposed* to be occupied substantially as proposed and as indicated on plans filed with this application, marked "Received January 4, 1957", 1 sheet and October 17, 1957", 2 sheets, for the repairs, including body repairs but not collision work, and minor welding, painting and spraying, *on condition* that such fire-fighting equipment is maintained as the Fire Commissioner shall direct; and to permit under section 7e for a term of ten years gasoline storage pumps within the building, where shown, and two gasoline tanks of the approved type not exceeding 550 gallons each, and to permit under 7e on the second story, which is the first floor of building on 134th Street in addition to said gasoline service use for a term of ten years the sale of new and used motor vehicles; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that the resolution previously adopted by the Board under Vol. I shall be maintained here not inconsistent with the terms of this resolution; and that all permits required shall be obtained and all work completed and a new certificate of occupancy obtained within six months from the date of this resolution.

* Correction—The resolution corrected where indicated in italics.

* CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on December 17, 1957, as they appeared in Bulletin No. 52, Vol. 42, hereby corrected to read as follows:

7-46-BZ

APPLICANT—Lama, Proskauer and Prober, for Theodore Imbiow, owner.

SUBJECT—Application for consideration—reopened for extension of term of variance which expired February 25, 1957—re Application, decision of the Borough Superintendent, previously granted on condition, under section 7i of the Zoning Resolution, permitting in a business use district, for a term of years, the erection and maintenance of a building to be used as an automobile repair shop to include paint shop.

PREMISES AFFECTED—169-189 East 98th Street, east side, 50 feet north of Dumont Avenue, Block 3549, Lot 2, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on February 25, 1947, on certain conditions; and

WHEREAS, the resolution was amended on May 20, 1947; and

WHEREAS, time to obtain permits and complete the work was extended on February 25, 1948; and

WHEREAS, the applicant requested an extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 25, 1948 only so far as it refers to the term of the variance, so that as *amended* this portion of the resolution shall read:

"... granted under Section 7, subdivision i for a term of ten years from the date of this *amended* resolution, to permit, that other than as herein *amended* the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed within six months from the date of this *amended* resolution." N.B. App. 887/46

* Correction—The calendar number 527-56-BZ corrected to read 527-46-BZ.

* CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on December 3, 1957, as they appeared in Bulletin No. 50, Vol. 42, hereby corrected to read as follows:

18-57-BZ

APPLICANT—Burke, Green and Groh, for Geneva Precision Corp., owner.

SUBJECT—Application January 15, 1957—decision of the Borough Superintendent, under sections 7h and 21 of the Zoning Resolution, to permit in a residence use, D area district, an extension to the existing one story and cellar structure for the manufacture of small parts and instruments and the use of the unbuilt portion for the parking of more than five (5) cars and the building occupying more than the permitted area.

PREMISES AFFECTED—201-10 Northern Boulevard, south side, 109.59 feet east of 44th Avenue, Block 5523, Lot 22, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh and Joseph Lonnie.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert,

Commissioner Keating and Deputy Chief Connolly... 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 29, 1957 after due notice by publication in the Bulletin; laid over to December 3, 1957, for inspection and decision; and for applicant to advise the Board as to the correct date of the erection of the present building; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Francis Lewis Boulevard and 202nd Street are in business and residence use, D area, class 1 height districts; Northern Boulevard is in a business use, D area, class 1 height district; 45th Avenue is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 17, 1956 acting on Alt. Applic. 2490-56, reads:

"1. The occupancy of more than 55% of the area of a lot in a D zone is contrary to Art. IV Sec. 14(c) of the Zoning Resolution.

2. The use of the open spaces in a Residence zone for accessory parking to a factory use is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist

MINUTES

of a plot, 44 foot frontage by 152.29 feet in depth, presently occupied by a one story and cellar structure used for the manufacture of small parts and instruments; that it is proposed to extend the existing premises by adding thereto a new section of the building 35.2 feet in length and 44 feet in width, which section shall have a full cellar and the first floor of which shall be used for the secondary procedure of the manufacturing business, that is to say that the wrapping and shipping department shall be located in the new building, together with inspection room, lockers, rest rooms, etc.; and

WHEREAS, the applicant states that all the manufacturing machines themselves will stay in the present location and will not be extended back into the new section of the building; that the new building will have a secondary exit out to 44th Avenue and this, coupled with the entrance on Northern Boulevard, will provide the necessary number of exits to satisfy the Labor Law; that the building itself will be constructed of wood rafters and joists with an ACC. tile ceiling and the said walls will consist of one inch vermiculite plaster; that the building will be soundproofed to drown out any noise that would otherwise be present in such a business; that the roof will be constructed of new tar and gravel and the floor will match the floor in the present building; that the rear of the building will be constructed of face brick; that the cellar portion of the new building will be constructed of concrete foundation walls, concrete floor, lally columns, wood joists and a cement plaster ceiling; that the first floor will contain a men's and women's wash room, a rest room, as well as the necessary lockers for men and women; that the balance of the property, namely an area 46.26 feet by 44 feet will be for the parking of employees' and patrons' cars; that there will be a 4 foot woven wire fence surrounding the property except at the entrance to the same; that at this location there will be two 5 foot gates which will be kept closed at all times, except when the property is actually in use; that there will be one 11 foot curb cut on 45th Avenue; that the interior of the parking area will be covered with bituminous surface; and

WHEREAS, the applicant contends that the total square feet of the entire parcel is 5,741 square feet; that the permissible coverage permitted in a D area zone is 55% or 3,157.5 square feet; that the combined area of the extension and the exist-

ing building is 3,859 square feet and the amount of excess coverage, therefore, is 702 square feet; that the property surrounded on the east by a Mobile gas station and the property immediately west thereof is vacant; that Northern Boulevard, of course, is lined with businesses of all type and

WHEREAS, the applicant states that the present owner has held title to the property since May 24, 1955; that the assessed valuation of land is \$6,200 and of the building \$15,800 making a total of \$22,000; that the building was erected before 1925; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the applicant withdrew that portion of his application referred to in Objection #2 stating that the requirements for parking were now provided on the gasoline station adjoining to the east; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals do hereby *make a variation* in the application of the area distribution regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 as to extension of area to permit an extension of the building not over one story in height, as proposed and as indicated on plans marked "Received January 15, 1957," 5 sheets, and "September 2, 1957," 3 sheets, *on condition* that the building shall not be increased in height or area beyond what is now existing as herein permitted; that such building as proposed to be extended shall comply with all the requirements of the Building Code and all other laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution; and withdrawn as to Objection No. 2.

* Correction—The *depth* of the proposed new extension of the building changed from 34 feet to 44 feet.

NOTICE

Effective September 1, 1957, the subscription price of
the Bulletin is \$15.00 per year, payable in advance and
single copies, twenty-five (25) cents at the office of the
Board and thirty (30) cents by mail.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

CALENDAR

582-29-BZ—Vol. II

APPLICANT—Charles A. Brown for Rogers and Butler (Lenox Hill Hospital, owner).

SUBJECT—Application reopened November 26, 1957 as Vol. II—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a one and one half height district, the erection of a 12 story hospital building exceeding the permitted height at the northeast corner of the building.

PREMISES AFFECTED—Entire block bounded by 77th Street, Park Avenue, 76th Street and Lexington Avenue; 112 East 77th Street, 841 Park Avenue, 101-133 East 76th Street and 1080-1090 Lexington Avenue, Block 1411, Lot 1, Borough of Manhattan.

APPEARANCES—

For Applicant: Charles Brown.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Sleeper and Acting Commissioner Fox 3

Negative: 0

Absent: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 26, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 21, 1958 after due notice by publication in the Bulletin; laid over to January 28, 1958 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence and restricted retail use, B area, class 1½ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated November 18, 1957 acting on amendment to Alt. Applic. 113-57, reads:

"1. Plans for Zoning do not comply with permissible height under height class of 1½ and the additional height due to buildings with excess height according to Sect. 9e. Building should comply with 8(f) and 9(e) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 405 feet frontage by 204 feet 4 inches in depth, occupied by several hospital buildings; that it is proposed to demolish the old ward and service building on the southeast corner of East 77th Street and Park Avenue and erect a twelve story building of class one construction as an addition to the present hospital buildings; and

WHEREAS, the applicant states that this new addition, fronting on East 77th Street, 168 feet 1½ inches in length at street level and 51 feet 6 inches deep along Park Avenue, twelve stories in height, 155 feet 4½ inches, set back 12 feet 3 inches from street level on 77th Street, the main wall on 77th Street to be 158 feet 8 inches in length, will be an extension of the existing main hospital building, to which it will connect on all floors; that the Park Avenue front wall and 100 feet of the street wall on 77th Street from Park Avenue may be erected to the designed height of 155 feet 4½ inches as permitted under the zoning resolution, including excess height and dormer privileges, without a setback; that the remaining 58.67 feet of the 77th Street wall may be erected to our required height without a further setback except for a pyramidal portion of the easterly end of about 32.23 feet which may be erected to 139.68 feet, including excess height allowances and with the dormer privileges based on 205 foot 5 inch length which is that balance in length left between 100 feet from Park Avenue and 100 feet from Lexington Avenue, the over-all length of block being 405 feet 5 inches, which would thereby require a setback for the distance of this 32.23 feet at a depth of approximately 6.29 feet; that the variation is for permission to extend the height of the easterly portion—about 32.23 feet in length—of the street wall on East 77th Street an additional height of 15.72 feet and the east wall of this addition for a length of about 6.29 feet for the same height so that the 77th Street wall may be erected without a further setback to the required height; and

WHEREAS, the applicant contends that the floor heights of the main hospital building is the controlling factor for the floor levels of the new addition and they must line up so that the existing departments in the main hospital building with their facilities and services, such as operating and delivery rooms, X-ray, etc., may be extended on same floors to the new addition; that in addition to the necessity of matching the floor levels with the main building, required space for other important facilities of the hospital, especially in this first phase of their required expansion and improvement program, requires that the new addition be designed for twelve stories with the full floor area on twelve floors planned without a setback; that this entire square block is in single ownership of the Lenox Hill Hospital; and

WHEREAS, the applicant states that the present owner has held title to the property since 1888 and 1930; that the assessed valuation of land is \$2,150,000 and of the building \$4,060,000 making a total of \$6,210,000; that the building was erected 1880 to 1930; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee

MINUTES

recommended that the application should be granted on condition; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 only as it relates to the portion indicated on plans filed with this application; that the premises shall be constructed and arranged substantially as indicated on such plans filed with this application and marked "Received November 18, 1957," 16 sheets, and "December 12, 1957," two sheets; *on condition* that the resolution adopted November 12, 1929 shall be complied with where not inconsistent with the requirements of this resolution.

137-57-BZ

APPLICANT—Jacob Lubroth and Son, for Aaron Bring Bay Ridge, Inc., owner.

SUBJECT—Application February 25, 1957—decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline selling station, lubricatorium, and minor repairs for adjustments with hand tools only for the stated term of fifteen years.

PREMISES AFFECTED—8813-8823 4th Avenue and 401-405 89th Street, northeast corner, Block 6065, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Jacob Lubroth.

For Opposition: None.

ACTION OF THE BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Sleeper and Acting Commissioner Fox 3

Negative: 0

Absent: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 10, 1957 after due notice by publication in the Bulletin; laid over to January 21, 1958, for inspection and decision; hearing closed; then to January 28, 1958, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 4th Avenue are in a business use, C area, class 1½ height district; 88th Street and 89th Street are in business and unrestricted use, C area, class 1½ height districts; that this designation has not been changed since 1916 and no amendment is pending to change the present zoning; and

WHEREAS, the decision of the Borough Superintendent, dated January 31, 1957 acting on N.B. Applic. 2499-56, reads:

"1. Proposed building and premises, in a Business zone, to be used for Gasoline selling station, lubricatorium, and minor repairs for adjustments with hand tools only is contrary to Art. II, PP. 4a, subsections 29 and 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 85 feet and 53 feet 3 inches frontage by 105 feet irregular in depth, presently unimproved; that it is proposed to erect a one story building of class 3 construction, to be used as a gasoline selling station, lubricatorium and for minor repairs for adjustments with hand tools only; that the building will be faced with face brick and will be of modern design; and

WHEREAS, the applicant contends that the character of the development of the properties in the neighborhood will be

harmonious, to a great extent, with the proposed usage as can be readily seen on the 500 foot radius diagram, indicating a number of motor vehicle repair shops, gasoline selling stations, etc.; that Fourth Avenue is an artery of heavy traffic and the use of the Fourth Avenue frontage as a gasoline selling station would serve the needs of passing motorists; that the granting of this application would do substantial justice in that it would enable the owner to obtain the beneficial use of the premises without harming anyone entitled to the protection of the zoning resolution, whereas a denial would deprive the owner of its beneficial use of the property; that the future welfare of the neighborhood is amply protected by the proposed limitation of the gasoline selling station permit to a term of fifteen years; and

WHEREAS, the applicant states that the present owner has held title to the property since January 19, 1951 and that the assessed valuation of land is \$13,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f to permit the premises to be occupied as a gasoline service station and accessory uses for a term of fifteen years *on condition* that the premises shall be constructed and arranged substantially as indicated on plans filed with this application marked "Received February 25, 1957", 3 sheets, and "November 1, 1957", one sheet, *on condition* that the building shall be faced with face brick and shall be of the dimensions shown on such plans; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that two pump islands containing three pumps each shall be erected not nearer than 15 feet to the street building line; that the area of the premises, where not occupied by buildings and pumps, shall be surfaced with concrete or asphaltic pavement; that the masonry wall shown 2 feet in height shall be surmounted with a steel picket fence 3 feet 6 inches in height, to a total height of 5 feet 6 inches; that the parking of cars awaiting service may be permitted where such parking will not interfere with the proper servicing of the station; that under Section 7i, for a similar term, there may be minor repairs of motor vehicles with hand tools only for adjustments maintained solely within the accessory building; that signs shall be limited to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection at the intersection of 89th Street and 4th Avenue of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, which sign may extend beyond the building line for a distance of not more than four feet; that such portable fire extinguishing appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 17, 1957, after due notice by publication in the Bulletin; laid over to January 14, 1958, at the request of an objector; then to January 28, 1958, for inspection and decision; hearing open only as to acceptance of properly filed objections; and

WHEREAS, the district maps accompanying the zoning resolution show that site is in a residence use, G-1 area and class 1 height district; East 21st Street, East 22nd Street, Avenue J and Avenue K are in a residence use, G-1 area and class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated April 12, 1957, acting on Alt. Applic. 743-53 reads:

"1. Proposed change of occupancy from one family to two families in a G-1 area contrary to Art. IV, Sect. 16C of Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 100 feet in depth, occupied by a two and one-half story building being used as a one family dwelling; and

WHEREAS, the applicant contends that in 1953 alteration plans were approved by the Building Department to change my home from a one family to a two family home; that at the time of this approval, the premises were in an E area zone; that a year was granted in which I was to complete the alterations; that from appearances it seems that no effort was made on my part to have the work complete; that after having fully explained, you will note that my every intention was sincere, but merely thwarted by the great number of extenuating circumstances; that after my plans had been approved by the Building Department, I called many contractors for a fair estimate on the small amount of work that was to be done; that there was such variation in price that I doubted the fairness of the estimates quoted; that the year in which I was to have the work completed had almost expired and I hurriedly engaged the services of a contractor; that not having any experience in such matters, I gave the contractor a sizable deposit, unfortunately this contractor later went bankrupt and the work was never completed; that then I immediately hired a new man as I was growing anxious about the time limit; that I got in touch with my architect for further advice and made innumerable appointments with him, both at his office and at the Building Department; he never kept these appointments; that I was later informed that he was under severe nervous strain and had to be hospitalized, completely forgetting about my case; that since I heard nothing further, I assumed that the matter was under consideration, it wasn't until last summer when my contractor and I visited the Building Department to examine my folder that I learned that nothing had been done in my case, I then realized that the contractors had worked without a permit and there was a letter in my folder which had never been sent to me, informing me that my zone had been changed from an E to G-1 zone, therefore could not longer proceed with the alterations since there was no permit number; that I was informed that the only thing to do now was to file a variance request; that I then returned to my architect who refused to help me stating that he was too ill to undertake the appeal; that it is for this reason that I am presenting my own appeal; that my mother (who has been confined to a hospital bed and wheel chair since December because of a fall), and I occupy the first two stories of my home; that the third story, an attic apartment is occupied by my brother and his family; that we really live as one family except for the separate kitchen; because of the advanced age of my

mother and now her illness it is necessary that I have assistance in caring for her; that my brother no longer stays unless hazardous conditions are removed and the necessary changes are made; since I realize the hazards involved in the existing condition of my home, I am more than anxious to remove them; that it is extremely difficult for me to sell the house without great loss because it is so big and because of the desire to be close to my brother and his family; that the only reasons why I bought the house was because of the existing separate kitchens and the extra bedroom, I did not know at the time that a violation existed on the house; and

WHEREAS, the applicant states that the present owner has held title to the property since June 1942; that the assessed valuation of the land is \$3,000 and of the building \$9,500, making a total of \$12,500; and that the building was erected in 1913; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, in 1953, the Board granted permission to continue occupying the premises as a two-family dwelling and set forth certain conditions which by a peculiar combination of unfortunate circumstances, the illness of the architect and other things, the applicant did not comply with the condition requiring the fire escape; the house was at that time occupied as a two-family dwelling; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 to permit the premises to be continued as a two-family dwelling *on condition* that the requirements of the resolution adopted by the Board under Cal. No. 281-53-A on July 7, 1953 shall be complied with; that in all other respects all laws, rules and regulations applicable thereto shall be complied with; and that all permits, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

377-57-BZ

APPLICANT—Carl H. Salminen, for Edgersam Corp., owner.

SUBJECT—Application May 7, 1957—decision of the Borough Superintendent under sections 7a, 7e and 21 of the Zoning Resolution, to permit in a retail use and D area district, the erection of an extension to an existing structure occupying more than the permitted area and extend the use of light manufacturing of incombustible plastic novelties, offices, storage, storage of cardboard containers and incombustible plastics, parking and loading area.

PREMISES AFFECTED—45-22 to 45-30 162nd Street, west side, 200 feet south of 45th Avenue, Block 5440, Lots 51 and 54, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Carl H. Salminen.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner
Sleeper and Acting Commissioner Fox 3
Negative: 0
Absent: Chairman Murdock, Commissioner Kleinert and
Commissioner Foley 3

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 29, 1957 after due notice by publication in the

MINUTES

Bulletin; laid over to November 19, 1957, for inspection and decision; hearing closed; then to November 26, 1957, for further study and decision; then to December 3, 1957, for inspection and decision; then to December 17, 1957, at the request of the engineer for examination; then to January 7, 1958, for further consideration and decision; then laid over, date to be set; then set for January 28, 1958; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 162nd Street are in a retail use, D area, class 1 height district; 161st Street is in a residence use, E-1 area, class 1 height district; 45th Avenue is in retail and residence use, D and E-1 area, class 1 height districts; that on May 4, 1953 the use was changed from business to retail; that no changes are pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated April 24, 1957 acting on Alt. Applic. 590-57, reads:

"1. The proposed extension to a building in a retail use district for light manufacturing of incombustible plastic novelties, office, storage, storage of cardboard containers and incombustible plastics, packing and loading area is contrary to Art. II Sec. 4A Zoning Resolution.

2. The proposed extension to a building in a D area district to exceed in aggregate the permissible area of coverage is contrary to Art. IV Sec. 14(c) Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet in depth, presently improved with a one story masonry structure erected in 1944 under N.B. Applic. 422-44, and a second part erected in 1946 under N.B. Applic. 6901-46; that the building was altered under Alt. No. 1884-47, Alt. No. 106-49 and Alt. 444-50; that the building was originally used for the manufacture of metal windows; that the present owner purchased the structure on July 20, 1951 for the use of light manufacturing of incombustible plastic novelties, office, storage, storage of cardboard containers and incombustible plastics, packing and loading area, for which he received certificate of occupancy No. Q109209 dated May 10, 1956; that the owner also purchased the adjoining parcel south of the property on January 18, 1957 known as lot 54; that this parcel is improved with a 2½ story frame building and store, with a two car masonry garage at the rear of the property; that the frame building was legalized to a five family dwelling on September 1, 1933; and

WHEREAS, the applicant states that the area of the property is 10,000 square feet; area of existing masonry structure is 4,049.35 square feet; area of proposed extension 2,123.64 square feet; area of existing and proposed structures 6,172.99 square feet; percentage to be covered 61.73%; percentage permitted by zoning resolution 55%; percentage in excess of that permitted by zoning resolution, 6.73%; and

WHEREAS, the applicant states that the owner is desirous of adding to the present structure an additional 2,123.64 square feet at the rear of the property; that the existing frame structure on lot 54 will be demolished and the area will be used for unloading of merchandise and provide parking for the employees and customers; that the parking area will be enclosed with a chainlink fence 5 feet 6 inches in height, with a 10 foot gate, thus alleviating some of the traffic congestion on the street; that however, it is requested that this frame structure be permitted to remain while construction operations are in progress for the masonry addition; and

WHEREAS, the applicant contends that the owners are manufacturers and designers, specializing in products of vinyl plastic films for the stationery, notions and school supply trade and that many of their contracts are with the U.S. Armed forces; that the variance to use and area is requested because the vicinity is predominantly business with light manufacturing; that manufacture is permitted in several of the establishments along 162nd Street, namely, block 5440, lots 48, 68, 74 and 76; also block 5441, lot 52; that several of the buildings are along the rear lot lines, thus eliminating the rear yards; that the owner has been operating his busi-

ness at the present location since 1941 and for lack of adequate facilities he has been forced to turn down a great deal of work, including defense contracts; that the employees work in cramped quarters and storage facilities are very inadequate, which causes a practical hardship; that it is requested that the owner be permitted to erect the masonry extension for present use and excess coverage in variance to the present zoning, and to permit the existing frame structure to be demolished after the tenants have been legally vacated; and

WHEREAS, the applicant states that the present owner has held title to the property since July 20, 1951 and January 18, 1957; that the assessed valuation of land is \$5,500 and of the building \$13,500 making a total of \$19,000; that the building was erected in 1944 and 1946; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision a and e of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the zoning resolution and that the application be and it hereby is *granted* under Section 21 as to area and Sections 7a and 7e as to use, to permit the erection of an extension to an existing structure, occupying more than the permitted area and to extend the use of light manufacturing of incombustible plastic novelties, office, storage of cardboard containers and incombustible plastics, parking and loading area, for a term of twenty years *on condition* that the building shall be substantially as shown on revised plans filed with this application marked "Received December 12, 1957", 9 sheets, and "May 7, 1957", one sheet; that in all other respects the building shall comply with all laws, rules and regulations applicable thereto; that the existing front frame building shall be demolished as proposed, before the certificate of occupancy is issued; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

390-57-BZ

APPLICANT—Sidney Goldhammer, for Jacob Perlow, owner.

SUBJECT—Application May 15, 1957—decision of the Borough Superintendent, under sections 19B(d) and 21 of the Zoning Resolution, to permit in a local retail and residence use district, the erection of a class A multiple dwelling without the required garage or parking spaces for passenger motor vehicles.

PREMISES AFFECTED—69-75 West 9th Street and 422-424 Avenue of The Americas, Block 573, Lot 1, Borough of Manhattan.

APPEARANCES—

For Applicant: Morris Hannes and Sidney Goldhammer.
For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Sleeper and Acting Commissioner Fox 3
Negative: 0
Absent: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 7, 1958 after due notice by publication in the Bulletin; laid over to January 28, 1958 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, West 9th Street and West

MINUTES

10th Street are in local retail and residence use, C area, class 1¼ height districts; Avenue of The Americas is in local retail and restricted retail use, C area, class 1¼ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated October 8, 1957 acting on amendment to N.B. Applie. 26-57, reads:

"A1. Repeat—Provide garage or parking space for passenger motor vehicles for at least 30% of number of dwelling units. See. 19B Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot 40.35 feet frontage by 115.5 feet in depth, presently occupied by a four story bank building, to be demolished; that it is proposed to omit accessory garage; and

WHEREAS, the applicant states that the lot is very small, comprising only 5,828 square feet, which is also the cellar area; that the building above the cellar is 4,247 square feet; that in the cellar there is now and must remain the entrance to the Hudson and Manhattan Tubes on the West 9th Street side; that this takes out approximately 508 square feet of usable area and leaves a balance of 5,320 square feet; that under Section 19-B, there would have to be provided as accessory parking, space for 19 cars; that the area for this would be 3,800 square feet plus ramp area, which would bring it to about 4,100 square feet; that thus, there would be a balance of 1,220 square feet remaining for such required utilities such as boiler room, store storage area, laundry room, tenant storage, meter room, etc., which is manifestly not enough area; that the maximum inside dimension between foundation walls at its widest portion is 36½ feet; that the ell portion of the lot is only 18½ feet between foundation walls; that this condition allows no maneuverability for the parking of cars, and makes a garage for this plot impractical; and

WHEREAS, the applicant contends that it is uneconomical to operate a garage with less than 40 cars; that utilization of small plots such as this one is a good thing and could be developed except for technical difficulties such as is restrictive upon this plot; and

WHEREAS, the applicant states that the present owner has held title to the property since March 10, 1957; that the assessed valuation of land is \$110,000 and of the building \$170,000 making a total of \$280,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that compliance with the requirements of Section 19B would work practical difficulty or unnecessary hardship in view of the size of the building and the large area in the cellar taken up by the subway entrance to the Hudson and Manhattan Railroad and by building utilities; that in view of the statement filed by the Castle Garage Corporation of 247 West 12th Street that its facilities are adequate to accommodate 19 vehicles of the tenants of the proposed building and that preference will be given to these tenants when and if they require garage space and that appropriate conditions to alleviate traffic congestion will be provided; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 9B Subdivision d of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning Resolution and that the application and it hereby is granted under Section 19B(d) so as to permit the erection of the multiple dwelling as proposed without the required garage or parking spaces substantially as indicated on plans filed with this application marked "Received October 30, 1957," 6 sheets, and "November 20, 1957," one sheet, on condition that the building shall in all other respects comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained, including a certificate of occupancy, and all work completed within the requirements of Section 22A of the Zoning Resolution.

543-57-BZ

APPLICANT—Angelo S. Mongiello, for Charles D'Amico, owner.

SUBJECT—Application July 19, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—1698-1700 Nelson Avenue, east side, 225 feet south of Macombs Road, Block 2876, Lot 171, Borough of The Bronx.

APPEARANCES—

For Applicant: A. S. Mongiello and C. D'Amico.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Acting Chairman Keating, Commissioner

Sleeper and Acting Commissioner Fox 3

Absent: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 7, 1958 after due notice by publication in the Bulletin; laid over to January 28, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Macombs Road, 174th Street and Brandt Place are in a residence use, B area, class 1¼ height district; Nelson Avenue is in residence and business use, B area, class 1¼ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated June 27, 1957 acting on Alt. Applie. 544-57, reads:

"1. Proposed use of parking lot for more than 5 motor vehicles in a residence use district is contrary to Art. 11 Sect. 3 of Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 63.5 feet frontage by 85.7 feet and 109.97 feet in depth, and unimproved; that it is proposed to maintain a parking lot; that the proposed parking lot has existing rock floor, higher than street level; that it is proposed to cut ramp at center, erect brick wall at building line, with sliding gates, front wall to a height of 5 feet 6 inches above average rock; that the plot will be made level with earth and gravel with a binder properly rolled; that chain link wire fence, 5 feet 6 inches high, will be used where there are adjoining spaces; that curb cut will be as shown on drawing and the sidewalk will be maintained according to the rules and regulations of the Borough President's office; and

WHEREAS, the applicant contends that the building within the affected area of this property on Nelson Avenue are generally multiple dwellings which were erected without benefit of parking facilities within their respective buildings; that existing adjoining structures on both sides of Nelson Avenue have little or no off-street parking facilities as land coverage in most cases is to full street frontage; that within the 500 foot radius from the center of the proposed parking lot, 75% of the structures are multiple dwellings and many two family dwellings which have very little off-street parking facilities; that this area is congested with apartment dwellers who find great difficulty in parking their motor vehicles; that it is an accepted fact that the parking and traffic situation in the entire city, and this area in particular, is acute, and this proposal will help to remedy this condition; that the proposed parking lot facilities will be offered to the residents of this area; and

WHEREAS, the applicant states that the present owner has held title to the property since May 1, 1957 and that the assessed valuation of land is \$6,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification

MINUTES

for the exercise of discretion to grant a zoning variance under Section 7, Subdivision h of the zoning resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 544-47, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

Adjourned: 3:15 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

TUESDAY AFTERNOON, JANUARY 28, 1958, 2 P.M.

Present: Acting Chairman Keating, Commissioner Sleeper and Acting Commissioner Fox.

528-56-A

APPLICANT—Andrew DiCamillo, for James and Concetta Casagna, owners.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Appeal from a decision of the Borough Superintendent—re exits; previously granted on condition.

PREMISES AFFECTED—166 Gravesend Neck Road, south side, 41 feet 6 inches west of East 2nd Street, Block 7153, Lot 16, Borough of Brooklyn.

APPEARANCES—

For Applicant: Andrew Di Camillo.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Sleeper and Acting Commissioner Fox 3
Negative: 0
Absent: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

THE RESOLUTION—

WHEREAS, this application was granted by the Board on February 26, 1957, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 26, 1957, by adding thereto the following:

"that in the event the applicant desires to increase the size of the building from 12 feet in width to 20 feet such increase may be permitted, *on condition* that in all other respects the resolution above cited shall be complied with." (Alt. 1757/56)

830-57-A

APPLICANT—Julian Roth for Emery Roth and Sons; Samuel Bialkin, owner; E. J. Korvette, Inc., lessee.

SUBJECT—Application November 8, 1957—Appeal from a decision of the Borough Superintendent, re Escalators.

PREMISES AFFECTED—140-148 East 45th Street, south side, 170 feet west of 3rd Avenue and 147-151 East 44th Street, Block 1299, Lot 27, Borough of Manhattan.

APPEARANCES—

For Applicant: Julian Roth.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Sleeper and Acting Commissioner Fox 3
Negative: 0
Absent: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 10, 1957, on N.B. Application 70/57 reads:

and "1. Escalators must be enclosed as per C26-638.0 A.C."

WHEREAS, the applicant states that the premises consist of a lot 100 feet front by 200 feet 10 inches in depth, in a retail use B area, class 1½ height district, upon which it is proposed to erect a 3 story 52 feet high class 1 constructed building, 100 feet front by 200 feet 10 inches in depth, and to use and occupy the building as follows: cellar—storage, utilities and locker room, 50 persons; 1st floor—display and sale of light merchandise, 600 persons; 2nd floor—same, 270 persons; 3rd floor—270 persons; tower—A.C. room and machinery and equipment room; that the building will be provided with a sprinkler system throughout, three feet 8 inch wide interior steel stairs, fireproof enclosed, equipped with fireproof self-closing doors, and leading from roof bulkhead direct to street; and

WHEREAS, the applicant states that the building will be of class 1 construction of reinforced stone concrete; that the escalators will extend from the 1st floor through the 2nd to 3rd floor; that there will be two such escalator systems adjacent to each other, one serving for up travel and one for down travel, each equipped at the 2nd and 3rd floors with rolling steel shutters, so arranged that the operation of closing shutters will be both manual and automatic and equipped with an electric device to stop the escalators upon closing of the shutters; that in addition immediately adjacent to the escalators a fire alarm station will be provided which will ring a gong not only on the 1st floor but in the manager's office; that this alarm system will serve to alert the occupants of the building to the end that the escalator shutters will be closed; that at each floor opening there will be a baffle constructed at the escalator well, provided with sprinkler heads placed 4 feet on center surrounding the baffle at the first and 2nd floors; and

WHEREAS, the applicant requests that the Board grant a variation of the provisions of the Administrative Code to permit the installation of the escalators as indicated on plans filed with this appeal.

Resolved, that the decision of the Borough Superintendent, dated October 10, 1957, acting on N.B. Applic. 70/57, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the proposed escalators may be installed substantially as shown on plans filed with this appeal, marked "Received November 8, 1957", 3 sheets, as revised by plans marked "Received December 20, 1957", 2 sheets and further revised plan marked "Received December 30, 1957", one sheet; that the escalator shutters shall be equipped with a manually operated closing device as shown, for closing shutters in the event of fire; that there shall be lettered on the bottom rung of each shutter "close to floor" in letters not less than three (3) inches in height with an arrow indicating direction of closing; that an incombustible baffle, two (2) feet in depth shall be erected around the perimeter of the underside of each escalator opening as proposed and shall be provided with sprinkler heads located four (4) feet on centers, 12 inches from baffles as shown on such plans; that an additional fire alarm gong shall be located adjacent to the top of each escalator run, to alert the person or persons on each floor, who shall be charged with the responsibility of closing the shutters in the event of fire; that the shutters shall be so arranged as to automatically stop the escalator upon closing to floor, as above required.

216-54-A—Vol. II

APPLICANT—Aaron Halpern, for Elias G. Kontanis owner.

SUBJECT—Application for consideration—reopening a Vol. II to consider extension of use in a frame building—re Appeal from a decision of the Borough Superintendent previously withdrawn.

PREMISES AFFECTED—40-27 29th Street and 29-0 40th Street, southeast corner, Block 403, Lot 43, Long Island City, Borough of Queens.

MINUTES

APPEARANCES—

For Applicant: Aaron Halpern.

ACTION OF BOARD—Application reopened as Vol. II, to consider extension of use, subject to the regular procedure.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Sleeper and Acting Commissioner Fox 3

Negative: 0

Absent: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

115-56-A

APPLICANT—Miles A. Gordon, for Dora and Joyee Green, owners.

SUBJECT—Application December 22, 1955—Appeal from a decision of the Borough Superintendent—re review of Borough Superintendent's decision re zoning matter.

PREMISES AFFECTED—100-104 Central Park South and 1431-1439 Avenue of the Americas, southwest corner, Block 1011, Lot 33, Borough of Manhattan.

APPEARANCES—

For Applicant: David S. Meyer.

ACTION OF BOARD—Laid over to March 11, 1958 at 2 P.M. for applicant to file affidavits of tenants, as previously requested and also a new objection from the Department of Buildings.

1605-57-A

APPLICANT—Henry George Greene, for Henry Strauss Realty Corp., owner.

SUBJECT—Application August 29, 1957—Appeal from a decision of the Borough Superintendent; re stair enclosure—Class 3 structure, commercial use.

PREMISES AFFECTED—31 West 53rd Street, north side, 339 feet 6 inches east of Avenue of the Americas, Block 1269, Lot 15, Borough of Manhattan.

APPEARANCES—

For Applicant: J. G. L. Molloy.

ACTION OF BOARD—Laid over to March 25, 1958, at 2 P.M. at request of the applicant, to complete objections.

166-57-A

APPLICANT—Andrew DiCamillo, for Josephine Alessi, owner.

SUBJECT—Application June 18, 1957—Appeal from a decision of the Borough Superintendent, re use of frame building as Nursing-Home, etc.

PREMISES AFFECTED—8807 21st Avenue, east side, 120 feet north of Cropsey Avenue, Block 6445, Lot 13, Borough of Brooklyn.

APPEARANCES—

For Applicant: Andrew DiCamillo.

For Administration: Vincent J. Rice, Dept. of Hospitals.

ACTION OF BOARD—Laid over to March 11, 1958, at 2 P.M. for submission of revised plans complying with the requirements of the Department of Hospitals and for inspection by a committee of the Board.

35-32-BZ—Vol. II

APPLICANT—Herman Kron, for W. Parsons Todd, owner.

SUBJECT—Application for consideration—reopening for amendment of resolution as to additional curb cuts—re Application, decision of the Borough Superintendent, previously granted on condition, under section 7f of the Zoning Resolution, permitting in a business use district, for a term of 5 years, the erection and maintenance of a gasoline service station.

PREMISES AFFECTED—2300-2310 Boston Road and 701-709 Astor Avenue, northeast corner, Block 4346, Lot 5, Borough of The Bronx.

APPEARANCES—

For Applicant: Herman Kron and William R. Altman.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Sleeper and Acting Commissioner Fox 3

Negative: 0

Absent: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II, on June 9, 1933, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on September 27, 1955; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 9, 1933, as thereafter *amended* by resolutions adopted through September 27, 1955, only so far as it relates to an additional curb cut on Astor Avenue, so that as *amended* this portion of the resolution shall read:

"that there may be an additional curb cut on Astor Avenue, 20 feet in width, located 30 feet from the lot line, as shown on plans filed with this application, marked "Received December 19, 1957," 1 sheet, *on condition* that in all other respects the requirements of the above resolution shall be complied with; and that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (N.B. 221/32; N.B. 1827/44 and Alt. 1096/57).

170-36-BZ

APPLICANT—Kathe Kessler, owner.

SUBJECT—Application for consideration—reopening for extension of term of variance—re Application, decision of the Borough Superintendent, previously granted on condition, under section 7h of the Zoning Resolution, permitting in a residence use district, for a term of years, the occupancy of a portion of a plot of ground as an open air parking space for more than 5 motor vehicles and also the conversion of occupancy of an existing structure on the plot of three 3-car garages.

PREMISES AFFECTED—25-13 35th Street, east side, 92.04 feet south of Astoria Boulevard, Block 633, Lots 30, 31 and 32, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Henry Kessler.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Sleeper and Acting Commissioner Fox 3

Negative: 0

Absent: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

THE RESOLUTION—

WHEREAS, this application was granted by the Board on February 9, 1937, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on April 24, 1956; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 9, 1937, as thereafter *amended* by resolutions adopted through April 24, 1956 only so far as it refers to the term of the variance, so that as *amended* this portion of the resolution shall read:

"... granted under Section 7, subdivision h for a term of two years from the date of this *amended* resolution, to permit a portion of the premises for the open air parking of more than five motor vehicles and also the conversion of the existing structure to three 3-car garages; that other than as herein *amended* the resolution above cited shall be complied with in all re-

MINUTES

spects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (Misc. App. 987/41, Alt. 1670/56).

APPLICANT—Andrew Di Camillo, for Joseph Coscia, owner.

SUBJECT—Application for consideration—reopening as Vol. III to consider additional uses, subject to regular procedure—re Application, decision of the Borough Superintendent, previously granted on condition, under section 7i of the Zoning Resolution, permitting in a business use district, the extension of existing auto laundry and sale of accessories to include motor vehicle repairs, using more than the area permitted, and permitting the existing sign to remain.

PREMISES AFFECTED—9243-9251 4th Avenue, east side, 129 feet 11¾ inches north of 94th Street and 9248 5th Avenue, Block 6108, Lots 7, 9 and 11, Borough of Brooklyn.

APPEARANCES—

For Applicant: Andrew Di Camillo.

ACTION OF BOARD—Application reopened as Vol. III, to consider additional uses, subject to the regular procedure.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Sleeper and Acting Commissioner Fox 3
Negative: 0
Absent: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

229-49-BZ—Vol. III

APPLICANT—Joseph B. Klein, for Peter I. Feinberg, owner.

SUBJECT—Application for consideration—reopening as Vol. III to consider added use—re Application, decision of the Borough Superintendent, previously granted on condition, under section 7h of the Zoning Resolution, permitting in a residence use portion of the plot, the parking of cars for patrons and employees, for a term of years (no fee to be charged.)

PREMISES AFFECTED—1677 Bruckner Boulevard, northwest corner of Feeley Avenue, Block 3721, Lots 1 and 8, Borough of The Bronx.

APPEARANCES—

For Applicant: Joseph B. Klein.

ACTION OF BOARD—Application reopened as Vol. III, subject to the regular procedure, to consider change of use.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Sleeper and Acting Commissioner Fox 3
Negative: 0
Absent: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

871-49-BZ—Vol. III

APPLICANT—Frederick A. Ketcher, for Melmar Development Corp., owner, Rayco Auto Seat Covers, Inc., lessee.

SUBJECT—Application for consideration—reopening as Vol. III to consider additional use, subject to regular procedure—re Application, decision of the Borough Superintendent, previously granted on condition, under section 7h of the Zoning Resolution, permitting in a residence use district, an extension of the present parking for more than five motor vehicles into the residence portion of the plot for patrons cars only.

PREMISES AFFECTED—591 East Fordham Road, north side, 128 feet east of Hoffman Street and 584-588

MINUTES

East 191st Street, Block 3273, Lots 261 and 263, Borough of The Bronx.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

ACTION OF BOARD—Application reopened as Vol. III, subject to the regular procedure, to consider additional use.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Sleeper and Acting Commissioner Fox 3

Negative: 0

Absent: Chairman Murdock, Commissioner Kleinert and

Commissioner Foley 3

01-57-BZ

APPLICANT—Joseph Levy, Jr., for Marie Kramer, owner.

SUBJECT—Application for consideration—restoration to the docket—re Application, decision of the Borough Superintendent, previously withdrawn, under sections 7e, 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, auto wash, lubritorium, motor vehicle repairs, storage and sale of accessories for the stated term of 15 years.

REMISES AFFECTED—1141-1145 Bedford Avenue and 127-129 Madison Street, northeast corner, Block 1817, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph Levy, Jr.

ACTION OF BOARD—Application reopened subject to the regular procedure and set for decision on March 11, 1958, waiving all requirements except notice by registered mail, to property owners within the affected area, two publications in the Bulletin and a new decision from the Borough Superintendent.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Sleeper and Acting Commissioner Fox 3

Negative: 0

Absent: Chairman Murdock, Commissioner Kleinert and

Commissioner Foley 3

6-25-BZ—Vol. II

APPLICANT—Lama, Proskauer, for Harbor Garage, Inc., owner.

SUBJECT—Application reopened November 22, 1955 as Vol. II—re decision of the Borough Superintendent under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, change in occupancy from the present stable to automatic laundry and parking and storage of motor vehicles.

REMISES AFFECTED—2230 Cropsey Avenue, west side, 137 feet 5¼ inches north of Bay 32nd Street, Block 6471, Lot 13, Borough of Brooklyn.

APPEARANCES—

For Applicant: Eugene S. Ginsberg.

ACTION OF BOARD—Application withdrawn.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Sleeper and Acting Commissioner Fox 3

Negative: 0

Absent: Chairman Murdock, Commissioner Kleinert and

Commissioner Foley 3

34-SA

APPLICANT—Quiet May Division, of Penn Boiler & Burner Manufacturing Corp., owner.

SUBJECT—Application for consideration—reopening for report as to additional trade names—re May Oil Burner and Quiet May Oil Burner Models N, O, U, D, B, NSJ, NSJ 1, W, and Type BB; previously approved.

APPEARANCES—

For Applicant: Raymond R. Givler.

ACTION OF BOARD—Application reopened for report as to additional trade name.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Sleeper and Acting Commissioner Fox 3

Negative: 0

Absent: Chairman Murdock, Commissioner Kleinert and

Commissioner Foley 3

750-38-SA—Vol. II

APPLICANT—Crane Company, owner.

SUBJECT—Application for consideration—reopening as Vol. II for report as to additional size—re Crane Vacuum Breaker—C-7830 Vacuum Breakers, for supply fixtures, size ¾, ½, ¾, 1, 1¼, 1½, 2 and 3 inches and Model 8H-550; previously approved.

APPEARANCES—

For Applicant: Arnold J. Knack.

ACTION OF BOARD—Application reopened for report as to additional size.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Sleeper and Acting Commissioner Fox 3

Negative: 0

Absent: Chairman Murdock, Commissioner Kleinert and

Commissioner Foley 3

745-39-SM

APPLICANT—United States Gypsum Company, owner.

SUBJECT—Application for consideration—reopening for report as to extension of use of deck—re U.S.G. Steel Roof Decks; previously approved.

APPEARANCES—

For Applicant: William W. Bainbridge.

ACTION OF BOARD—Application reopened for report as to extension of use of roof decks.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Sleeper and Acting Commissioner Fox 3

Negative: 0

Absent: Chairman Murdock, Commissioner Kleinert and

Commissioner Foley 3

854-39-SM

APPLICANT—County Fire Door Corporation, new owner.

SUBJECT—Application for consideration—reopening for report as to new owner—re Acme Kalamein 1½ to 2 hour Fireproof Door; previously approved.

APPEARANCES—

For Applicant: David Kaplan.

ACTION OF BOARD—Application reopened for report as to new owner.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Sleeper and Acting Commissioner Fox 3

Negative: 0

Absent: Chairman Murdock, Commissioner Kleinert and

Commissioner Foley 3

501-47-SM

APPLICANT—County Fire Door Corp., new owner.

SUBJECT—Application for consideration—reopening for report as to new owner—re A.B.C. Kalamein Door Co., Acme & Dorf Metal Door Corp., Acme Kalamein Door & Sash Co., Ajax Metal Door Corp., Chapman Metal Products Co., Inc., City Steel Door Co., Empire Door Co., General Fireproof Door Corp., Greenpoint Metal Covered Door Co., International Fireproof Door Co., National Kalamein Co., Inc., Pioneer Fireproof Door Co., Reliable Fireproof Sash & Door Corp., Richmond Fireproof Door Co., Royal Kalamein Door Co., Triangle Fireproof Door & Sash Co., Universal Bronze & Steel Door Co., Inc., Williamsburg Fireproof Products and World Steel Products Corp.; previously approved.

APPEARANCES—

For Applicant: David Kaplan.

*CORRECTION

The minutes of the meeting of the Board of Standards
and Appeals held on December 17, 1957, as they appeared in
Bulletin No. 52, Vol. 42, hereby corrected to read as follows:

900-56-SA

APPLICANT—Pyrotronics, Division of Baker Industries,
owner.

SUBJECT—Application December 14, 1956—Pyr-A-Larm,
Type C-A Fire Detector and Alarm with Controls,
approval of.

APPEARANCES—

For Applicant: Harold J. Burke.

ACTION OF BOARD—Appliance approved in accordance
with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert,
Commissioner Keating and Deputy Chief Connolly... 4

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 900-56-SA

Subject: Pyr-A-Larm, Type C-A Fire Detector and Alarm
with Controls.

Pyrotronics a Division of Baker Industries, Newark, New
Jersey, filed December 14, 1956 an application with the
Board of Standards and Appeals for the approval of the
Pyr-A-Larm, Type C-A Fire Detector and Alarm with
Controls under the provisions of Sections C26-664.1 and
C26-259.0 Administrative Building Code, and the require-
ments of the Fire Commissioner.

Purpose

A combustion detector with controls for activating a
electric fire alarm or for shutting down the air fans of
ventilating or air conditioning system.

Description

The system consists of a main control unit, a multiple
zone indicator and fire detecting heads. In addition to the
foregoing principal components, there is also an auxiliary
power supply and power failure alarm device.

The main control unit is a wired assembly of relays, pilot
lamps, switches, electronic tube type rectifier, transmitter
and associated parts, including terminal strips housed in
metal cabinet.

The multiple zone annunciator unit is a similar assembly
of electrical parts and is connected to the main control unit
so that the exact location of the origin of a fire may be
determined in installations covering multi-story and multi-
spaces.

The detector heads are located throughout a protected

MINUTES

area and interconnected electrically with each other and the main control unit. The performance of the detector when affected by products of combustion causes the control unit relays to operate an alarm signal.

The multiple zone annunciator unit is employed when it is desired to obtain a signal from separate zones of an area or separate parts of a structure. Separate zone circuits are extended from this unit to the detector. The operation of any detector causes a pilot light to be energized indicating the zone circuit in operation and also actuates the main control relay unit for the alarm signal.

The main control unit is provided with a terminal strip for conveniently connecting bells or other audible signals, automatic transmitters and supplementary circuit devices, or connecting to the proper terminals, two multiple circuits are provided for alarm devices and local alarm signals. Connection is also available for the automatic fire alarm transmitter alarm signal and trouble signal circuits for proprietary system and central station signals. The supplementary control circuit can be used with a separate source of electrical energy for operating fan motor stops, closing dampers, operating fire extinguishing systems or practically any operation under electrical control at the time of an alarm signal.

The location of the detector heads will be determined by the structural and occupational conditions of the space to be protected. Each detector is installed at or near the ceiling where it can best receive the products of combustion produced by a fire anywhere in a protected area.

One detector head is intended to provide protection of an area not exceeding 3600 square feet. The detectors are to be spaced throughout the protected area so that they will not be more than 60 feet apart and not more than 30 feet at right angles to any wall or partition that extends to the ceiling.

Any number of detectors can be employed with one main control unit, where it is desired to obtain zoning indication, or a multiple zone annunciator is installed in connection with the main control unit.

The main control unit and the multiple zone annunciator are intended to be installed at a convenient location in the general area so that they will be accessible for maintenance and for the operation of the reset switch in the main control unit following the transmission of an alarm.

The system is completely supervised and the breaking of wire or the removal of a detector head from a circuit is indicated by a trouble signal.

OPERATING PRINCIPLE OF DETECTOR

This detector utilizes the principle of interference by visible smoke particles with ionized atmosphere resulting from alpha radiation within the detector.

A particle of radium in each of two ionization chambers is used as a source of alpha radiation. Normal air molecules within the chamber are ionized so that they cause conduction between electrodes to which potential is applied.

When smoke particles which are larger than air molecules enter one of the ionization chambers, they absorb or simply interfere with the alpha radiation. This interference with the normal ionization process in the detector is employed to produce a signal by relays in a related separate control unit.

CIRCUIT WIRING

A two-conductor actuating circuit having an end-of-line resistor is extended from the control unit. A number of detectors are connected in a multiple across these conductors. The circuit provides a potential across components of the detector and a supervisory current via the end-of-line resistor. Operation of a detector results in increase of the normal supervisory current and operates corresponding relays in the control unit.

DETECTOR

The detector incorporates a cold-cathode type triode electronic tube, two ionization chambers and related elec-

trodes in a coordinated unit assembly. Each ionization chamber has a minute quantity of radium located as point sources or radiation. These components are arranged to obtain specific electrical characteristics with respect to the circuit to which the detector is connected.

When smoke enters the outer ionization chamber it interferes with the normal ionization process so as to increase the electrical resistance between the chamber electrodes. Accordingly, the voltage between the electrodes of each chamber changes so that the voltage across the inner chamber electrodes is decreased and hence the starter anode voltage is increased. The increased voltage across the outer chamber electrodes become sufficient to initiate discharge of the cold cathode triode which then conducts between its anode and cathode. The conduction increases the supervisory circuit current so as to energize alarm relays in the control unit.

Since the detector head is sensitive to air flow it is not installed inside a duct carrying high velocity air in ventilating and air conditioning systems. In such cases the detection of combustion products is accomplished by installing the detector head in a gas tight metal box which in turn is installed on the side of the duct with a sampling pipe inserted into the duct. An outlet pipe from the box is returned to the duct thus, permitting a steady but reduced flow of the duct atmosphere through the box.

Provision is made so that the operating sensitivity of the detector head may be adjusted, 20 to 27 volts.

Inspection and Test

The Pyr-A-Larm, Type C-A Fire Detector and Alarm equipment was inspected and tested at the premises of the applicant, Newark, New Jersey.

Present were Asst. Engrs. G. F. Sklenarik and J. A. Darts, Committee on Test, R. C. Lent Supervising Electrical Inspector, N. Y. Fire Department and H. J. Burke, Vice President, representing the applicant.

The system operated satisfactorily under test.

The Pyr-A-Larm Type C-A detector and component parts were tested and approved by the Underwriter's Laboratories under file Signal 522. The complete report is on file and is part of the record.

Recommendation

On the basis of the inspection and test, the Committee on Test is of the opinion that the Pyr-A-Larm Detection System meets the requirements for heat and smoke detection as set forth in Section C26-259.0 subdivisions a. and b. of the Administrative Code and therefore, the Committee recommends the approval of the Pyr-A-Larm Type C-A Fire Detector and Alarm with Controls for use in New York City when installed in accordance with this report and the requirements of Sections C26-259.0 and C26-664.1 Administrative Code, pertaining to air conditioning and ventilating systems and also as a fire alarm system when installed in accordance with this report and the Fire Commissioner's requirements for the installation of automatic thermostatic fire alarm systems, provided that each detector head and components of the system shall bear a label, permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 900-56-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

* Correction—Name of owner corrected to read "Pyrotronics, Division of Baker Industries, owner."

ANNUAL REPORT

In the attached Statistical Report for the year 1957, it will be seen that even though in all departments the number of appeals and applications disposed of was materially greater than in 1956, still there are as many pending on December 31, 1957 as the year before.

The zoning applications and administrative appeals are, however, of more recent filing. The bulk of the pending applications are for approval of materials and appliances,

and it is clear that more staff is required to advance these to decision.

Now that the law requires filing fees for all appeals and applications, the public is entitled to quicker service which cannot be accomplished without more staff and more space to house them.

Application for larger quarters has been filed.

RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the power conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

Labor Law

Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

RULE 1. Permit.

(a) **Prohibition.** No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) **Application.** Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) **Time Limit.** Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) **Conditions.** The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this

permit shall be framed and kept posted in a conspicuous place in the factory.

(e) **Revocation.** Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling, testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fire-resisting partitions, with all openings therein protected by self-closing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire-retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;
Boiler making;
Brick, terra cotta or artificial stone works;
Forge shops;
Foundries;
Iron, steel, brass or copper works;
Machine shops;
Smelting;
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction;

(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

NOTICE

Effective September 1, 1957, the subscription price of
the Bulletin is \$15.00 per year, payable in advance and
single copies, twenty-five (25) cents at the office of the
Board and thirty (30) cents by mail.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

CALENDAR

DOCKET

New Cases filed up to February 4, 1958

<i>Cal. No.</i>	<i>Dept.</i>	<i>Premises Affected</i>
-----------------	--------------	--------------------------

30-58-BZ—B.Q.—184-11 to 184-19 Horace Harding Expressway (184-15 official) and 184-12 North Hempstead Turnpike, northwest corner, Block 7067, Lot 50, Fresh Meadows, Borough of Queens, N.B. 1601-57—re gasoline service station, office, sales, storage of accessories, car washing, minor repairs, parking and storage, etc.; sign and light standard—retail use district.

31-58-BZ—B.B.—6301-6309 17th Avenue and 1702-1712 63rd Street, southeast corner, Block 5539, Lot 8, Borough of Brooklyn, N.B. 2198-57—re gasoline service station, lubrication, car washing, repairs, parking of more than 5 cars; show windows and signs, etc.—business use district.

32-58-BZ—B.Bx.—2564-2568 Boston Road, south side, 126.31 feet west of Matthews Avenue and 2551-2559 Matthews Avenue, Block 4440, Lot 27, Borough of The Bronx, N.B. 1550-57—re automatic car wash—residence and business use district.

33-58-A—F.D.—736 Parkside Avenue, south side, 306 feet, 6 inches east of Nostrand Avenue, Block 4828, Lot 22, Borough of Brooklyn, Decision re Order No. 7978-7—re storage of matches.

34-58-SM—Saraloy 400 Elastic Flashing, roof flashing, manufactured by The Dow Chemical Co., Material.

35-58-SM—Saraloy 400 Elastic Flashing, for shower pan installation, manufactured by The Dow Chemical Co., Material.

36-58-SA—Melco Roof-type Air Conditioning Unit, Model MCR-81HA for Heating and Cooling and Model MCR-81A for cooling only, manufactured by Melchior, Armstrong, Dessau Co., Appliance.

37-58-SM—Perimul Perimeter Insulation, manufactured by Baldwin-Hill Co., to be also marketed by National Gypsum Co., under Trade Name of Gold Bond Thermo-Bloc Perimeter Insulation, Material.

38-58-BZ—B.M.—519-521 5th Avenue, northeast corner of East 43rd Street, Block 1278, Lot 1, Borough of Manhattan, Alt. 996-57—re height—restricted retail use district.

3958-BZ—B.M.—2-4 East 44th Street and 523-529 5th Avenue, southeast corner, Block 1278, Lots 67 and 69, Borough of Manhattan, Alt. 512-57—re height; area and off street loading—restricted retail use district.

Restored to Docket

564-56-A—F.D.—1921-1937 7th Avenue, northeast corner of West 116th Street, Block 1901, Lot 1, Borough of Manhattan, Order No. 5600-5—re removal of automatic hose valves.

232-46-SM—Williamsburg 3-Hour Test Hollow Steel Door reopened for report as to change in construction, manufactured by Williamsburg Steel Products Company, Material.

712-47-BZ—Vol. II—B.B.—1602-1610 39th Street and 3901-3921 16th Avenue, southeast corner, Block 5383, Lot 1, Borough of Brooklyn, Alt. 2683-57—re alteration to existing gasoline station to increase the height and area of the present lubritorium and laundry to create a storage space for grease and oils, storage of motor vehicles, etc.—business use district.

FEBRUARY 11, 1958, 10 A.M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, February 11, 1958, at 10 o'clock in Room 1013, Municipal Building, Manhattan on the following matters:

392-57-BZ

APPLICANT—Samuel S. Arlen, for Scalbert Associates, Morris and Morton Pickman, partners.

SUBJECT—Application May 9, 1957—decision of the Borough Superintendent, under sections 7e, 7h and 21 of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubricatorium, car wash non-automatic, auto repairs with hand tools only, office, storage, sales and parking of motor vehicles awaiting service with a business sign in a residence use district and a curb cut in excess of 30 feet.

PREMISES AFFECTED—221-11 Horace Harding Expressway, northeast corner of Springfield Boulevard, Block 7520, Lot 150, Bayside, Borough of Queens.

Laid over from January 7, 1958 to February 11, 1958, for hearing at the request of the Board of Education, as proposed school site in area has not been determined.

122-57-BZ

APPLICANT—Larry Meltzer, for Charles Macaluso, owner.

SUBJECT—Application February 13, 1957—decision of the Borough Superintendent under sections 7a and 21 of the Zoning Resolution, to permit in a residence use, C area district, the erection of an extension of the existing ornamental shop exceeding the permissible area in a C area district.

PREMISES AFFECTED—8509 Bay 16th Street, East side, 100 feet north of 86th Street, Block 6343, Lot 25, Borough of Brooklyn.

Laid over from January 28, 1958, to February 11, 1958, at the request of an objector.

44-35-BZ—Vol. IV

APPLICANT—Frederick A. Ketcher, for Kesbec, Inc., owner; Arthur O. Leuck, lessee.

SUBJECT—Application reopened January 8, 1957 as Vol. IV—decision of the Borough Superintendent, under sections 21 and 7h of the Zoning Resolution, to permit in a business use district, the extension of the yard area of the existing legal gasoline service station to include the present use of the parking of more than five (5) motor vehicles for a term to run concurrently with the term of the variance.

PREMISES AFFECTED—46-01 Laurel Hill Boulevard and 50-77 46th Street, northeast corner, Block 2296, Lots 1 and 81, Woodside, Borough of Queens.

For Applicant: Paul Friedman.

For Opposition: George H. Hearn, Elizabeth Maresca, Teresa Ryan, Margaret Adamson and Michael Hayden.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert. 2

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on July 23, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on December 10, 1957 after due notice by publication in the Bulletin; and postponed to January 14, 1958, to permit objectors to be present who were delayed by traffic condi-

tions; applicant to send notices by regular mail; then to February 4, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 5th Avenue are in a business use, A area, class 1¼ height district; 63rd Street and 65th Street are in business and unrestricted use, A area, class 1¼ height districts; that these designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated July 8, 1957 acting on N.B. Applic. 1206-57, reads:

"1. Proposed building and premises to be used for gasoline service station, auto washing (non-automatic), lubritorium, minor repairs hand tools only, office, storage and sales of auto accessories, parking and storage of more than 5 motor vehicles in a Business Zone is contrary to Art. II, PP. 4a, subsections 20 and 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 130 feet frontage by 100 feet, irregular in depth, presently occupied for storage of lumber and free parking of more than five patrons' cars; that according to records in the Building Department, there is no approval for this lumber yard although said use has existed on official lots 2 and 76 from March 14, 1925 to February 23, 1927, and the City of New York, which acquired title to the subject premises in a tax foreclosure on April 17, 1951 collected rent for its occupancy as a lumber yard until it sold the property to the present owner on May 13, 1957; that it is proposed to remove the existing lumber yard use and to erect and maintain for a stated term of fifteen years, a modern gasoline service station with customary incidental uses of lubritorium, non-automatic auto washing, minor repairs with hand tools only, office, storage and sales of auto accessories and parking and storage for more than five motor vehicles; and

WHEREAS, the applicant states that on July 7, 1931 the Board denied an application under Cal. No. 60-31-BZ to permit under sections 7b, 7c, 7g and 21 of the zoning resolution the erection of a two story garage for the storage of more than five motor vehicles, an automobile repair shop, and a gasoline service station on a larger plot, of which, part of the subject premises was a part, located partly in an unrestricted and partly in a business use district, in block 5810, lots 1, 2, 76 and 82; that the Board denied the prior application under section 21 holding that the other sections of the zoning resolution were inapplicable and that the applicant failed to substantiate the basis of the appeal under section 21; that the Board subsequently reopened the application under substantial new facts on March 18, 1932 and later dismissed it for lack of prosecution on April 3, 1934; and

WHEREAS, the applicant states that the instant application differs materially and substantially from the previously denied application in the following respects: that the subject premises is substantially different; that the previous application affected official lots 1, 2, 76 and 82 whereas the instant application affects official lots 1, 2, 5 and 82; that consequently the present application includes an additional official lot, No. 5, which was not included in the previous application, but excludes an official lot, No. 76, which was included in the prior application; that the proposed use is substantially different; that the previous application proposed to erect a large two story garage building with a small accessory gasoline service station and motor vehicle repair shop, whereas the instant application proposes a small one story building and is solely to permit the erection of a gas station with its incidental and accessory uses; that the basis of the application is different; that the previous application was heard and denied under section 21, which required proof of practical difficulties and unnecessary hardship, whereas the instant application is made under permissive subdivisions f and i of section 7, which empowers

MINUTES

the Board to decide applications brought thereunder, without the burden of proof required under section 21; that these subdivisions of section 7 are different from those under which the application was made inasmuch as sections 7f and 7i in their present form and substance were adopted subsequent to the denial of the prior application; and

Whereas, the applicant contends that the premises cannot be developed to yield a reasonable return on the owner's investment unless it can be developed substantially as proposed; that the property is presently under lease to the Bay Ridge Lumber Company which also occupies the adjoining properties to the north and east; that the rental derived from the lumber company is barely enough to cover the real estate taxes on the property and does not provide any return on the owner's investment; that the premises cannot be developed for any conforming use because it is located in an area which is generally characterized as manufacturing and industrial; that the area to the east is zoned for unrestricted use and is developed with many conforming industrial and commercial uses; that the area to the south is zoned for unrestricted use and is occupied by the freight yards of the Long Island Railroad; that also to the south in the affected area, there are a power house, a gas station, an auto showroom and billboard signs; that opposite the site and north of the premises on both sides of 5th Avenue the properties are occupied by two, three and four story buildings with stores on the first floors and dwellings above; that these properties are all zoned for business use; that the premises is remotely located from the residential areas which are located mainly along the side streets; that 5th Avenue is zoned for business use and is substantially developed with stores and other business uses, which service the needs of the residents in the area; that due to its remoteness from residential areas, there is no economic demand for the development of the subject premises for store use, and because of its proximity to the unrestricted uses, and especially the freight yards, the premises is not adaptable for residential development; and

WHEREAS, the applicant further contends that there is an economic demand for development of the site as proposed, as it is located along 5th Avenue, which sustains a heavy volume of automotive traffic; that the proposed use would not adversely affect the essential character of the neighborhood, which is already determined by the above mentioned uses and zoning pattern; that the proposed gas station would not create any additional traffic but would be supported by the heavy automotive traffic which now exists, and the patronage of the service station would be provided by transients as well as by local residents; that a grant of the instant application would reduce, rather than create parking congestion in the area; that if the property were to be devoted to a conforming use, such as a drive-in refreshment stand or stores, it would tend to increase street parking and consequent traffic congestion to a far greater extent than if the property were to be developed as proposed; that the proposed use would have no greater effect upon the safety of pedestrians using the crosswalk in front of the premises than if the property were to be devoted to any number of conforming uses which could be unconditionally established and which would involve precisely the same, or even greater inconvenience to the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since April 10, 1957 and that the assessed valuation of land is \$22,500.; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate use in which to exercise discretion to grant under Section 7, Subdivisions f and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Sections 7f and 7i for a term of fifteen years, to permit the erection

of a gasoline service station and accessory uses, substantially as proposed and shown on plans filed with this application marked "Received July 12, 1957", 3 sheets, except that where the plans show a 5 foot high chain link fence continuing from the building to the lot line, there shall be erected a 5 foot 6 inch brick wall, which wall shall be continued to the lot line of the adjoining building to the north, and on condition that suitable bumpers shall be installed where necessary; that seeding and planting shall be placed where shown, protected by a proper concrete curb 6 inches by 8 inches on the northerly side; that a curb one foot above grade and two feet below, properly anchored, shall be installed where necessary; that pumps shall be restricted to two islands containing three pumps each, located not less than 13 feet from the building line of 5th Avenue; that the number of gasoline tanks shall not exceed twelve 550 gallon approved tanks; that the premises shall be surfaced with concrete or bituminous paving; that the building shall be faced with face brick, as shown, and that all other laws, rules and regulations applicable to its construction shall be complied with; that a sign advertising only the brand of gasoline sold shall be installed at the southwesterly corner on a concrete block as required by the Board, which sign may be illuminated and may extend not more than 4 feet beyond the building line; that curb cuts shall be restricted to two, each not more than 30 feet in width, located where shown on plans, and no curb cut nearer than 5 feet from the intersection of 5th Avenue; that under section 7i there may be minor repairing with hand tools only, done solely within the accessory building; and that all permits required, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

548-47-BZ—Vol. III

APPLICANT—Leonard F. Rothkrug and Samuel Gardstein, for Progressive Synagogue, owner.

SUBJECT—Application reopened June 4, 1957 as Vol. III—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a C area district the erection of an open front vestibule extension to the existing building exceeding the permitted area.

PREMISES AFFECTED—1387-1395 Ocean Avenue and 2001-2013 Avenue I, northeast corner, Block 7566, Lots 6, 9 and 10, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on June 4, 1957 subject to regular procedure, to consider addition; and

WHEREAS, a public hearing was held on this application on January 7, 1958 after due notice by publication in the Bulletin; laid over to February 4, 1958 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Ocean Avenue are in a residence use, C area, class 1¼ height district; Avenue I is in a residence use, C and E-1 area, class 1¼ height district; East 21st Street is in a residence use, E-1 area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 20, 1957 acting on Alt. Applic. 4212-56, reads:

"1. Proposed open front vestibule extension to existing building is contrary to Art. 4, Sect. 13b of zone

MINUTES

resolutions for excessive area. Note these premises subject to a variation under 548-47-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 90 foot frontage by 110 feet in depth, on which is located a one and two story building, 30 feet in height, of class 3 construction, 80 feet front by 105 feet in depth, occupied in accordance with Certificate of Occupancy No. 141552 issued November 9, 1954 after completion of work under Cal. No. 548-47-BZ and Cal. No. 447-52-A, as follows: cellar—boiler room, kitchen, toilets, compressor room and bride's room, 25 persons; social hall, toilets and collation kitchen—150 persons; first—auditorium and private banquet hall, 300 persons; and Synagogue—350 persons; second floor—classrooms and superintendent's apartment—160 persons; and balcony of Synagogue—164 persons; that it is proposed to legalize the extension of the building at the northerly lot line, one story, 8 feet in height, 10 foot front by 16 feet in depth, open at the Ocean Avenue front to be used as an entrance vestibule; and

WHEREAS, the applicant states that the entrance to the auditorium portion of the first floor is by an entrance at the northerly side yard; that there is an awning from the curb to the building line which offers protection to those persons about to enter the auditorium in inclement weather; that the small extension, subject of the application, offers the same protection from the building line to the entrance door of the auditorium; that in a sense, this is not an extension to the building, but rather a protective awning; that there is no wall or door at the Ocean Avenue frontage and it is completely open; that the roof is of a corrugated plastic on steel pipe frame supports; that the rear enclosure is provided with a door; and

WHEREAS, the applicant contends that the extension is small in area, 160 square feet, as compared to the size of the lot, 9900 square feet, and does not constitute an increase in the usable area of the building; that the rear wall of this portion would be permitted, and by itself would not constitute additional area coverage; that its principle function is to shield the garbage disposal cans awaiting collection from the public, and thereby beneficial to the appearance of the neighborhood; that the basis of the new area zoning question is the corrugated plastic protective awning; that the maintenance of the extension does not deprive the adjoining building of any light, air or ventilation; that the adjoining six story multiple dwelling is built right along the lot line for at least 18 feet to the rear of the extension and has no windows or opening along the common lot line; that the extension is of the minimum area required to permit protected ingress and egress of the side yard entrance doors; that there is no available vacant land in this densely developed area which can be used as accessory to the existing structure; and

WHEREAS, the applicant states that the present owner has held title to the property since June 3, 1944; that the assessed valuation of land is \$20,000 and of the building \$250,000 making a total of \$270,000; that the building was erected in 1954; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 to permit the erection of an open front vestibule extension to the existing building *on condition* that the vestibule shall be substantially as shown on plans filed with this application marked "Received April 2, 1957," 2 sheets, and "May 10,

1957," one sheet; that in all other respects all laws, rules and regulations applicable thereto shall be complied with; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

470-56-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for The Booth Felt Company, Inc., owner.

SUBJECT—Application reopened September 24, 1957 as Vol. II—re decision of the Borough Superintendent under section 7c of the zoning resolution, to permit in a local retail use district, the erection of a one story building to be used for the processing of felt products, shipping and receiving, office, boiler room, loading and unloading and the parking of employees cars and owners trucks for a stated term of twenty-five (25) years.

PREMISES AFFECTED—1712-1720 10th Avenue, northwest corner of 18th Street, Block 877, Lots 45, 46, 47, 48 and 49, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinfert 2

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 24, 1957, subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 14, 1958 after due notice by publication in the Bulletin; laid over to February 4, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 10th Avenue are in a local retail use, C area, class 1 height district; 17th Street and 18th Street are in local retail and residence use, C area, class 1 height districts; that as of July 25, 1916 the premises were in a business use district and the present use designation became effective May 10, 1956; and

WHEREAS, the decision of the Borough Superintendent, dated July 31, 1957 acting on N.B. Applic. 964-57, reads:

"1. Proposed boiler room, processing of felt products, shipping and receiving, office, toilets, loading and unloading, parking of employees cars and owners trucks within a local retail use district is contrary to Art. II Para. 4-C of the zoning resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 foot 2 inch frontage by 100 feet in depth; that it is proposed to obtain a variance for a period of twenty-five years in order to erect a building one story in height, of class 3 construction, having a frontage of 75 feet and a depth of 100 feet, for use as boiler room, processing of felt products, shipping and receiving, offices, toilets, loading and unloading, parking of employees' cars and owner's trucks; and

WHEREAS, the applicant contends that the improvement of the site with a modern one story factory will do much to enhance the appearance of the entire neighborhood; that the residential use district within the affected area is completely developed, so that there is no economic demand for any more retail stores; that there is no economic demand for use of the premises for residential purposes as it is located in a retail use district and along the proposed Prospect Expressway, which is not conducive to residence use as it will have heavy traffic and ensuing gas fumes; that the granting of this application will not have an adverse effect upon adjoining properties as there will be provided a 10 foot yard at the west side of the building which will provide permanent light and ventilation for the adjoining owner on

MINUTES

lot 51; that loading and unloading and the parking of trucks will be on the Tenth Avenue side adjoining the present one story garage on lot 44; and

WHEREAS, the applicant states that the present owner has held title to the property since May 3, 1955 and that the assessed valuation of land is \$6,600; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the erection of a one-story building to be used for the processing of felt products, shipping and receiving and the parking of employees' cars and owners' trucks, for a stated term of twenty years, substantially as proposed and shown on plans filed with this application, dated August 1, 1957, 4 sheets, *on condition* that curb cuts shall be restricted to one curb cut not more than 15 feet in width and not closer than five feet to the lot line, for access to the proposed parking and loading areas; that the building shall be constructed as shown on elevation plan; that the windows within six feet of the grade shall be glazed with translucent glass; and that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

200-57-BZ

APPLICANT—Leonard F. Rothkrug, for Milton Miller, owner; Ralph Attonito, Harry Soccorsi and Frank Nicolichia, lessees.

SUBJECT—Application March 19, 1957—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a residence use district, the maintenance of additional curb cuts and roof signs to an existing use of the premises for retail sales and ice cream manufacturing (Carvel franchised dealer) with accessory parking on unbuilt upon portion of the premises.

PREMISES AFFECTED—1198-1218 Pennsylvania Avenue, northwest corner of Vandalia Avenue, Block 4434, part of Lots 40 and 51, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 21, 1958 after due notice by publication in the Bulletin; laid over to February 4, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Vandalia Avenue are in a residence use, F-1 area, class ½ height district; Sheffield Avenue and Pennsylvania Avenue are in residence and manufacturing use F-1 area, class ½ height districts; Flatlands Avenue is in a manufacturing use, F-1 area, class ½ height district; that on July 25, 1916 the entire premises was located in an undetermined use district and was zoned to its present designation on January 11, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated March 7, 1957 acting on Alt. Applic. 482-57, reads:

"1. Additional curb cuts & roof signs on premises located within a residential district & occupied as Ice

Cream Mfg. & parking of more than 5 cars, is contrary to Art. 2, Sect. 3 of zone resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 187 feet 57½ inches frontage by 100 feet, irregular in depth, on which is located a one story building, 15 feet in height erected in 1953, of class 3 construction, when in an undetermined district, 37 feet 8 inch front by 20 feet 1½ inches in depth, used and occupied for ice cream manufacturing and sales—Carvel Franchised Dealer—with accessory parking for more than five cars in accordance with Certificate of Occupancy No. 144860 issued August 9, 1955 after completion of work under N.B. Applic. 378-53; that it is proposed to maintain existing roof signs and maintain additional curb cuts in connection with the existing building and uses; and

WHEREAS, the applicant contends that the existing use by the tenant, a Carvel ice cream franchised dealer, was established prior to the change in zone and when the premises was in an undetermined use district; that the Certificate of Occupancy was issued subsequent to the change of zone and based on proof of the established non-conforming use; that the original approved plans, due to an oversight, failed to indicate the Carvel brands signs; that nevertheless, these signs were contemplated and erected by the lessee; that the application for Certificate of Occupancy was made after the zone was changed and the Building Department required the removal of these signs before it would issue the Certificate of Occupancy in view of the fact that they were not shown on the original approved plans; that the reason the tenant delayed in obtaining the Certificate of Occupancy was because it was first necessary to file for the sign permits and by the time the tenant filed for the sign permits the zone had been changed; that the signs would have been approved if they had been indicated on the original new building application, or if it could be satisfactorily established that they were erected prior to January 11, 1954 when the premises was in an undetermined use district; that the building inspector for the area, who was aware that the signs were in place prior to the change of zone and could furnish an affidavit, died during this period; that similarly, if the proposed curb cuts had been shown on the original approved plans they would have been permitted; that there is no sidewalk or curbing at these premises; that the proposed additional curb cuts constitute a legal non-conforming use since the use was established prior to the change of zone; that nothing contained herein waives any rights that the owner has to make application to the Board based on the legal non-conforming use established when the premises was in an undetermined use district; that the proposed additional signs and curb cuts cannot adversely affect the surrounding property; that there is no residential use established anywhere within the 500 foot radius; that Flatlands Avenue to the north is in a manufacturing use district and is developed with uses normally found in manufacturing and unrestricted use districts; that opposite the premises on Pennsylvania Avenue there is a golf driving and batting range; that there is no development to the south; that the present owner became the owner of record of the premises on March 4, 1956, but he has been the real party in interest since June 9, 1947; and

WHEREAS, the applicant states that the present owner has held title to the property since June 9, 1947; that the assessed valuation of land is \$4,200 and of the building \$7,500 making a total of \$11,700; that the building was erected in 1953; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit two

MINUTES

additional curb cuts on Pennsylvania Avenue, not more than 14 feet in width each and the sign advertising "Carvel" may be attached to the roof or fascia of the building, as shown on plans filed with this application, marked "Received March 19, 1957," 2 sheets and "November 29, 1957," 2 sheets, *on condition* that in all other laws, rules and regulations shall be complied with; and that all permits required and a new certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

260-57-BZ

APPLICANT—Joshua Brown, for Norman Simonson, owner.

SUBJECT—Application March 20, 1957—decision of the Commissioner of Marine and Aviation under section 7f of the zoning resolution, to permit in a business use district, the installation of three gasoline storage tanks and one dispensing pump to be used for marine service only in conjunction with the existing boat repair shop.

PREMISES AFFECTED—405 Bayview Avenue, east side, 396 feet south of Hylan Boulevard, Block 6691, Lots 1 and 10, Princess Bay, Borough of Richmond.

APPEARANCES—

For Applicant: Joshua Brown.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 4
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 4, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Bayview Avenue and Lemon Creek are in a business use, D area, class 1 height district; Hylan Boulevard is in a residential use, D area, class 1 height district; that these designations have not been changed since July 25, 1916; and

WHEREAS, the decision of the Borough Superintendent, dated October 7, 1957 acting on Alt. Applic. 256-57, reads:

"2. Proposed marine gasoline selling station, located in a business use district is contrary to Art. II Sect. 4 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 370.65 feet frontage by 81.28 feet in depth, improved with a boat yard, restaurant and dwelling; that it is proposed to install three 550 gallon gasoline storage tanks and dispensing pump for the sale of gasoline accessory to the conduct of the existing business of boat yard, boat repairs, restaurant and dwelling, now conducted on these premises pursuant to Misc. Applic. No. 63-56, approved by the Borough Superintendent on January 30, 1957 for public assembly as bar room, restaurant and cabaret, and boat maintenance shop approved by the Department of Marine and Aviation under Applic. No. 551618 of April 17, 1956, for which Certificate of Completion No. 2536 was issued; and

WHEREAS, the applicant contends that the sale of gasoline is a necessary adjunct to the boat repair and maintenance business conducted on the premises; that no gasoline will be sold to passing motor vehicles; that the proposed gasoline installation will be in harmony with the general purpose and intent of the Zoning Resolution and will, in no way, have any deleterious effect on the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since August 15, 1955; that the assessed valuation of land is \$6,000 and of the building \$3,000 making a total of \$9,000; that the building was erected in 1940 and 1956; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the installation of three gasoline storage tanks and one dispensing pump for marine service as proposed and as indicated on plans filed with this application marked "Received March 20, 1957," two sheets, "August 13, 1957," one sheet and "October 23, 1957," one sheet, *on condition* that all laws, rules and regulations applicable thereto, where not inconsistent with the terms of this resolution, shall be complied with; that such fire-fighting equipment as required by the Fire Commissioner shall be maintained; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

292-57-BZ

APPLICANT—Herman Kron, for 61-44 Fresh Meadow Road, Inc., owner.

SUBJECT—Application April 10, 1957—decision of the Borough Superintendent, under sections 7c, 7e, 7A, 7h and 7i of the zoning resolution, to permit in a retail and residence use district, the reconstruction and maintenance of a gasoline service station, lubritorium, motor vehicle repair shop and sale of used cars, parking and storage of more than five (5) cars, with curb cuts within 75 feet of a residence use district and a ground sign on the retail use portion.

PREMISES AFFECTED—130-36 Merrick Boulevard, northwest corner of 130th Road, Block 12541, Lot 50, St. Albans, Borough of Queens.

APPEARANCES—

For Applicant: Herman Kron.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 26, 1957 after due notice by publication in the Bulletin; laid over to December 10, 1957 for applicant to correct papers and supply new photographs; then hearing postponed from December 10, 1957, to January 14, 1958, to permit objectors to be present who were delayed by traffic conditions; applicant to send notices by regular mail; then to February 4, 1958, for consideration and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in retail and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated March 11, 1957 acting on N.B. Applic. 311-57, reads:

"1. Proposed erection of a gasoline station, lubritorium, motor vehicle repair shop, sale of used cars, parking and storage of more than 5 cars on a lot in a Retail use district and extending into a Residence use district is contrary to Art. 2, Sec. 3 and Sec. 4-A of the Z.R.

"2. Proposed curb cut less than 75' from the residence portion of the lot is contrary to Sec. 7A of the Z.R.

"3. Proposed ground sign on the retail portion of the lot is contrary to Sec. 4-A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 53.24 foot frontage by 105.26 feet in depth, presently

MINUTES

improved with a gasoline service station, store, dwelling and auto repair shop; that it is proposed to demolish all buildings to the ground and construct a new building consisting of office, store room, service bays, lubritorium, auto repair, car wash, toilets, ten 550 gallon gasoline tanks, one 550 gallon fuel oil tank, one 550 gallon waste oil tank and gas pumps; that it is also proposed to construct the necessary curb cuts as shown on plans filed with this application; that it is also proposed to use the premises as parking and storage for more than five motor vehicles; and

WHEREAS, the applicant contends that the proposed use of these premises will be in harmony with the existing development of the neighborhood and its conduct will be such as not to interfere with the welfare of the inhabitants; and

WHEREAS, the applicant states that the present owner has held title to the property since April 18, 1956; that the assessed valuation of land is \$11,000 and of the building \$2,000 making a total of \$13,000; that the building was erected in 1922; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e, h, i and 7A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e, h, i and 7A, to permit the premises to be occupied for a term of fifteen years as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with the application marked "Received April 10, 1957," 2 sheets, and "June 6, 1957," one sheet, *on condition* that all buildings on the premises shall be demolished and that the premises shall be constructed and arranged as shown on the plans above cited; that the pumps shall be not less than 15 feet from the building line; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that curb cuts shall be restricted to three curb cuts to 130th Road, one not more than 35 feet in width and not less than five feet from the lot line, one not more than 25 feet in width and not more than 5 feet from the intersection, and one not more than 20 feet in width, as shown, and two curb cuts to Merrick Road not exceeding 15 feet in width, where shown; that a sign may be erected on a concrete base at the intersection, which sign shall advertise only the brand of gasoline on sale, and may be illuminated and may extend beyond the building line for a distance of not more than four feet; that where not occupied by pumps and accessory building the premises shall be surfaced with asphaltic or concrete pavement; that a fence of the woven wire type on a masonry base and not less than 5 feet 6 inches in height shall be erected from the end of the accessory building to the building line; that under Section 7i, for a similar term, there may be minor auto repairs with hand tools only maintained within the building; that under Section 7h there may be parking and storage of motor vehicles on the portion of the premises not occupied by the accessory building or other impediments provided such parking and storage does not interfere with the proper servicing of the station; that on occasions not more than two motor vehicles may be permitted to be displayed for sale on the premises; that any entrances deemed to be contrary to the provisions of Section 7A are hereby permitted; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 7, 1958 after due notice by publication in the Bulletin; laid over to February 4, 1958 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1 height district; East 93rd Street and East 92nd Street are in residence and local retail use, C area, class 1 height districts; East New York Avenue is in residence and retail use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 11, 1957 acting on Alt. Applic. 1833-57, reads:

"1. Proposed parking and storage of motor vehicles within a residence use zone is contrary to Art. II, Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 179 feet, 11¼ inches frontage by 100 feet in depth, irregular; that as of July 25, 1916 that part of the premises within 100 feet of East New York Avenue was in a business use district and the present use designation became effective March 25, 1954; that the premises are presently being used for the storage of building materials and parking of trucks; that Department of Buildings records do not indicate any permits or violations; that it is proposed to secure a variance for a temporary period of ten years in order to use the premises for parking and storage of motor vehicles; and

WHEREAS, the applicant contends that the parking situation in this area is acute since there are many apartment houses and attached homes without garage facilities; that the site is situated directly across from the parking lot on lot No. 4, block 4596, which is a non-conforming use; that East 93rd Street is an unpaved street with many odd-shaped lots fronting on it that cannot possibly be used for the purpose for which they are zoned; and

WHEREAS, the applicant states that the present owner has held title to lots 15 and 19 since March 10, 1952 and to lot 23 since June 30, 1954; that the assessed valuation of land is \$12,400; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e and h for a term of five years to permit the premises to be occupied for the parking and storage of motor vehicles as proposed and as indicated on plans filed with this application marked "Received July 15, 1957," 3 sheets, *on condition* that the premises shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that the 5 feet 6 inches high solid wooden fence to the rear shall be repaired and repainted; that a new woven wire fence on

MINUTES

a masonry base to a total height of 5 feet 6 inches shall be erected on the lot lines where walls of adjoining buildings do not occur; that a structure not exceeding one story in height and one hundred square feet in area may be constructed for use solely as an office and shelter for the attendant; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

540-57-BZ

APPLICANT—Edward K. Pincus for Sol Rosenbaum, Inc., owner.

SUBJECT—Application July 18, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles and the daytime parking for patrons of the store at 2689 Atlantic Avenue.

PREMISES AFFECTED—142-150 Vermont Street, west side, 122 feet 2 inches north of Atlantic Avenue, Block 3671, Lots 30-33 inclusive, Borough of Brooklyn.

APPEARANCES—

For Applicant: Edward K. Pincus.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert. 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 21, 1958 after due notice by publication in the Bulletin; laid over to February 4, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1 height district; Vermont Street and New Jersey Avenue are in residence and business use, C area, class 1 height districts; Fulton Street and Atlantic Avenue are in a business use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 27, 1957 acting on Alt. Applic. 1893-57, reads:

"1. Proposed parking & storage of motor vehicles & day time parking for patrons of store at 2689 Atlantic Avenue is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 95 feet 4 inches frontage by 100 feet in depth; that the plot is now enclosed with an unsightly 8 foot high wooden fence and is vacant except for an 8 foot high wooden fence dividing the lot in two, and two old dilapidated open wooden sheds, one in each portion of the lot; that the plot was used by its former owner for the storage of heavy building material and construction equipment and consequently it is broken, uneven and covered with assorted debris, weeds and left over building supplies; that it is proposed to obtain an approval for the parking and storage of more than five motor vehicles and the day time parking, without charge, for patrons and employees of the owner's retail store located at 2689 Atlantic Avenue, Borough of Brooklyn, within a residence use district; and

WHEREAS, the applicant contends that there are now many non-conforming uses in the affected area, namely, the public parking lots, auto supply store, large tire dealer, etc.; that the affected area is in urgent need of off street parking as it encompasses two extremely busy and much travelled thoroughfares zoned for business use, namely Atlantic Avenue and Fulton Street; that there will be no charge for parking for patrons and employees of the owner's retail shoe store who would otherwise be forced to park in the streets and thereby increase the existing strain on presently inadequate metered and side street parking places; that

there is also a shortage of garage space for residents of said area; that the use of the subject plot for a parking area would keep it clear of rubbish, remove an eyesore to the community and would be instrumental in taking cars off the streets; and

WHEREAS, the applicant states that the present owner has held title to the property since May 21, 1957 and that the assessed valuation of the land is \$7,600; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7h, for a term of two years, to permit the premises to be used for parking and storage, as shown on plans filed with this application, marked "Received July 18, 1957", 2 sheets, on condition that the premises shall be graded substantially to the grade of Vermont Street, surfaced with steam cinders, treated with a suitable binder; that a new woven wire fence of the chain link type shall be erected on all lot lines, except where buildings occur, on a masonry base to a total height of 5 feet, 6 inches; that curb cuts shall be restricted to two on Vermont Street, each not more than 16 feet in width, where shown; that openings opposite such curb cuts shall be fitted with gates; that all fences shall be a minimum height of 5 feet, 6 inches; that on Vermont Street the entrance gates shall be kept closed when the parking lot is not in operation; that proper bumpers shall be provided for protection where necessary; and that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

596-57-BZ

APPLICANT—Joseph Lau, for 10 East 30th Street Corp., owner.

SUBJECT—Application August 19, 1957—decision of the Borough Superintendent under section 7h of the Zoning Resolution, to permit in a restricted retail use district, the maintenance of a parking lot and attendant's shanty for the parking and storage of more than five (5) motor vehicles for a stated term of ten (10) years.

PREMISES AFFECTED—10-14 East 30th Street, south side, 177 feet 6 inches east of 5th Avenue, Block 859, Lots 77, 79 and 80, Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph Lau.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 28, 1958 after due notice by publication in the Bulletin; laid over to February 4, 1958 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East 30th Street, East 29th Street, Fifth Avenue and Madison Avenue are in a restricted retail use, B area, class 2 height district; that this property was in a business use district from 1916 to 1927 when a change was made to restricted retail use district; that the height and area were not altered; and

WHEREAS, the decision of the Borough Superintendent, dated July 30, 1957 acting on Alt. Applic. 562-57, reads:

"1. Parking or storage of motor vehicles on vacant land for more than 5 motor vehicles is not permitted in

MINUTES

a Restricted Retail Use District, Art. II Section 4(a) (15) and 4B of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 72 feet 6 inches frontage by 98 feet 9 inches in depth, and is composed of three lots; that at present the property is occupied by three buildings; that it is proposed to demolish these buildings and use the vacant lots for a parking lot for more than five motor vehicles; that the entire lot will be cleaned, thoroughly leveled and graded with a finish of clean hard burned steam cinders treated with a binder and properly rolled; that there shall be erected on the lot lines, where required, a woven wire fence of the chain link type, not less than 5 feet 6 inches high, with no openings except the two entrances in line with the two proposed curb cuts; that the Traffic Department and the Borough President's Office have tentatively approved the proposed curb cuts; that proper bumpers shall be installed and maintained against all walls and fences for protection of adjacent property; that the lot will be graded to meet the sidewalk; that there shall be erected an attendants' office, 7 feet by 12 feet and 10 feet high of an attractive frame design; that a sign, not exceeding 15 square feet, shall be attached to the fence between the entrances, advertising parking use, the rates charged and such information as required by the Commissioner of Licenses; that the sign will not be illuminated and will not project beyond the building line; and

WHEREAS, the applicant states that the buildings are as follows: No. 10 East 30th Street, Block 859, Lot 80—20 feet wide by 50 feet deep, basement and four stories high, or 56 feet; erected prior to 1890, this being the first alteration on record; that the occupancy on record is basement and first floor, stores, and second to fourth floors inclusive, class B multiple dwelling, non-fireproof building; No. 12 East 30th Street, Block 859, Lot 79—30 feet 3 inches wide by 60 feet deep, basement and four stories high or 58 feet, erected prior to 1876, which is the first alteration recorded; that the legal occupancy according to Alt. Applic. 1084-1934 is class A multiple dwelling; No. 14 East 30th Street, Block 859, Lot 77—22 feet 3 inches wide by 40 feet in depth, five stories in height or 56 feet, erected under N.B. Applic. 489-1886 for a private dwelling; that the present legal occupancy is class A multiple dwelling; that these buildings are in extremely poor condition and occupied only for business use in the basement portion; that the upper floors have been vacant for years as the property has been in poor condition for years and is in need of extensive alterations, which would not be a beneficial investment; and

WHEREAS, the applicant contends that the owner desires to utilize this property for parking purposes for a period of ten years in order to aid in alleviating the parking problem in this congested section; that the owner of this property owns additional properties close by, thus naturally making him an interested owner in the future development of this neighborhood; that the owner intends to hold this property together with his other property so that when the neighborhood shows development in one substantial manner or another, he will then be in a position to advantageously develop his property in accordance with the general trend; that this is a sizable plot for some future improvements when the general trend is substantially determined; that the proposed parking lot would most assuredly aid in reducing the parking problem on this and adjacent over-crowded streets where parking facilities are practically non-existent at this time; and

WHEREAS, the applicant states that the present owner has held title to the property since May 10, 1956; that the assessed valuation of land is \$111,000 and of the buildings \$23,000 making a total of \$134,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the use of the parking lot, as shown on plans marked "Received August 19, 1957," 2 sheets, and "November 29, 1957," one sheet, *on condition* that the buildings now on the plot shall be demolished; that the plot shall be graded substantially to the grade of East 30th Street, surfaced with steam cinders and treated with a suitable binder; that proper bumpers shall be installed, as shown; that curb cuts shall be restricted to two on East 30th Street, not more than 15 feet in width each; that a building for an attendant may be permitted, not exceeding 100 square feet in area and one story in height; that in all other respects the use and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

599-57-BZ

APPLICANT—Lama, Proskauer and Prober, for Marguerite F. Brower, owner.

SUBJECT—Application August 22, 1957—decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, car washing, office and toilets, for a stated term of fifteen (15) years.

PREMISES AFFECTED—758-764 Fulton Street and 423-431 Carlton Avenue, southeast corner, Block 2007, Lot 38, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert. 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 7, 1958 after due notice by publication in the Bulletin; laid over to February 4, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Fulton Street are in a business use, B area, class 1½ height district; Carlton Avenue and Adolph Street are in business and unrestricted use, B area, class 1½ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated August 1, 1957 acting on N.B. Applic. 1214-57, reads:

"1. Proposed building and premises in a business use district to be used for gasoline service station, lubritorium, minor auto repairs, car washing, office and toilet, is contrary to Art. II, P.P. 4a, subsections 29 and 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 67 foot 3 inch frontage by 99 feet, 11 inches in depth; that it is proposed to secure a variance for a temporary period of fifteen years and to erect a modern gasoline service station consisting of ten 550 gallon approved type buried gasoline tanks and three dual gasoline dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction, having a frontage of 34 feet, a depth of 9 feet 9 inches, irregular in shape, and will contain the conjunctive uses of lubritorium, car wash, minor auto repairs and office; that curb cuts will be restricted to two 25 foot cuts on Fulton Street and two 25 foot cuts on Carlton Avenue; that the gasoline dispensing pumps will be set 10 feet in from the building line of Fulton Street so that pedestrian traffic will be amply protected; and

MINUTES

WHEREAS, the applicant contends that Fulton Street is a heavily trafficked auto lane and inasmuch as there are no other gas stations within the affected area, the proposal is entirely within keeping and will provide a necessary and vital service to this neighborhood; that the site is situated approximately one half mile from the main shopping center of the entire Borough of Brooklyn, so that the erection of stores on this plot would not be economically feasible due to high construction costs, in addition to being a low rental area; that the plot is small, triangular in shape and very high in assessed value, and it is therefore mandatory for the owner to develop this site as proposed in order for him to receive an equitable return on his investment and continue to pay city real estate taxes; that the block in which the site is located is 90% in an unrestricted use district, so that the erection of a gas station could not adversely affect any of the adjoining property owners; that the building contemplated will be highly modern in design and will lead the way to any new development in this area; and

WHEREAS, the applicant states that the present owner has held title to the property since October 23, 1940 and that the assessed valuation of land is \$9,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f to permit the premises to be occupied as a gasoline service station and accessory uses for a term of fifteen years substantially as indicated and proposed on plans filed with the application marked "Received August 22, 1957", 3 sheets, *on condition* that the curb cuts shall be restricted to two curb cuts to Carlton Avenue not over 25 feet in width and not nearer than 5 feet to the intersection and two curb cuts to Fulton Street not over 25 feet in width and not nearer than 5 feet to the intersection; that pumps shall be erected not nearer than ten feet to the street building line of Fulton Street; that the premises, where not occupied by building and pumps, shall be surfaced with concrete or bituminous pavement; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that the building shall be faced with face brick, as shown on elevation plan; that all laws, rules and regulations applicable to the building and occupancy shall be complied with; that there may be a sign erected at the intersection of Carlton Avenue and Fulton Street, as shown, which sign shall be used only for advertising the brand of gasoline on sale, and may be illuminated and may extend beyond the building line for a distance of not more than four feet; that under Section 7i, for a similar term, there may be minor auto repairs with hand tools only for adjustments maintained solely within the accessory building; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

619-57-BZ

APPLICANT—Department of Water Supply, Gas and Electricity, for City of New York, owner.

SUBJECT—Application August 23, 1957—decision of the Borough Superintendent, under sections 7c, 7e and 7f of the zoning resolution, to permit in a residence and business use district, the erection of a two story building to be used as a garage for the parking of more than five (5) cars, office and locker rooms.

PREMISES AFFECTED—886 St. Nicholas Avenue and 416 West 155th Street, southeast corner, Block 2069, Lots 26, 28 and 37, Borough of Manhattan.

APPEARANCES—

For Applicant: Max Lempit.

For Opposition: Moses Kooperstein.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 21, 1958 after due notice by publication in the Bulletin; laid over to February 4, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, St. Nicholas Avenue and St. Nicholas Place are in residence and business use, B area, class 1½ height districts; 155th Street is in a business use, B area, class 1½ height district; 153rd Street is in a residence use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 31, 1957 acting on N.B. Applic. 42-57, reads:

"1. Proposed use on a lot partly in a residence & partly in a business use district as Garage, Office & Company Headquarters for men on 24 hour maintenance of water distribution system is contrary to Art II, Para. 3 Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 225 feet frontage by 113 feet in depth, presently vacant, except that on the St. Nicholas Avenue side of the property, there is a billboard fence, and at the southeast corner of West 155th Street and St. Nicholas Avenue a frame newsstand has been erected, which will be demolished; that it is proposed to erect a Headquarters Building and Garage for the storage of more than five motor vehicles; that the proposed building will be a two story steel frame garage and headquarters building, with brick exterior walls; that the first floor will be used as a garage for the storage of more than five motor vehicles, an office and a boiler room; that the second floor, which will occupy approximately only one-half of the depth of the building will be used as locker rooms and toilet for the personnel; and

WHEREAS, the applicant further states that this building would be used by this Department to house the emergency repair companies and maintenance divisions, whose duties comprise the servicing and repair of the various water mains in the upper portion of the Borough of Manhattan; that the storage of motor vehicles in the proposed building is a necessary adjunct to the duties of these repair companies; and

WHEREAS, the applicant contends that in answering calls for water main breaks, time is an important item in minimizing property damage, traffic obstructions, flooding of subways and possible danger to life; that the nearest adequate headquarters at the present time is located at 38th Street and East River Drive, and additional facilities at the location of the proposed building will aid in reaching scenes of disaster in upper Manhattan in a minimum of time; that the proposed site is the only available property owned by the City in Upper Manhattan suitable for the required purpose of protecting this area; and

WHEREAS, the applicant states that the present owner has held title to the property since 1863 and June 25, 1952 and that the assessed valuation of land is \$30,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the erection of the two-story garage, with office and locker

MINUTES

rooms, as indicated on plans filed with this application, marked "Received August 23, 1957", 6 sheets, and additional plans, marked "Received December 19, 1957", 2 sheets, *on condition* that the building shall be constructed of face brick; that curb cuts shall be restricted to two on St. Nicholas Avenue, not larger than 16 feet in width each and not closer than 5 feet to the lot line, as shown; that there may be permitted an entrance of 12 feet to the rear yard; that the portion of site running from the proposed building to 155th Street shall be landscaped as shown; that a brick fence shall be erected on a lot line of St. Nicholas Avenue and continued on the return on West 155th Street, to a total height of not less than 5 feet, 6 inches; that landscaping and seeding shall be provided as shown; that all other uses existing on the premises shall be removed; that a retaining wall to the rear of the premises shall be erected, protected by a proper bumper for the portion of site to be used for parking of cars; and that all permits required, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

731-57-BZ

APPLICANT—James E. Vassalotti, for John M. Kokkins, Deepdene Realty Corp., Anohid Realty Corp. and Aldershot Realty Corp., Manuel E. Kulukundis, Peter T. Kikis, Evengelos T. Hardaloupas and Stephen C. Lyras, owners.

SUBJECT—Application August 26, 1957—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a local retail and residence district, the extension of the legal restaurant on the first floor of Building A into the residence use district.

PREMISES AFFECTED—399-423 East 52nd Street, north side, 60 feet 3 inches east of 1st Avenue and 404-420 East 53rd Street, Block 1364, Lot 5, Borough of Manhattan.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert. 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 21, 1958 after due notice by publication in the Bulletin; laid over to February 4, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East 53rd Street and East 52nd Street are in local retail and residence use, B area, class 2 height districts; First Avenue is in a local retail use, B area, class 2 height district; East River Drive is in a residence use, B area, class 2 height district; that as of July 25, 1916 that part of the premises within 100 feet of First Avenue was in a business use district and a class B area district; that the balance of the premises was in an unrestricted use district and a class A area district; that on November 7, 1929 that part of the premises within 100 feet of East 52nd Street was changed to a residence use district starting 100 feet east of First Avenue; that the present use and area designation became effective May 5, 1947; and

WHEREAS, the decision of the Borough Superintendent, dated August 9, 1957 acting on amendment to Alt. Applic. 990-57, reads:

"A12. Business space on 1st story may not extend into Residence District. Art. 11 Sec. 3 Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 258 feet 9 inches frontage by 69 feet, 11 $\frac{3}{4}$ inches and 126 feet 7 inches in depth, irregular, presently developed with three apartment houses designated as A, B and C; that building A is the only building under appeal; that buildings A, B and C were erected under N.B. Applic.

25-1954 and Certificate of Occupancy No. 46304 was issued on September 24, 1957; that it is proposed to extend the legal restaurant on the first floor of building A into the residence use district; that the proposed extension into the residence use district has an area of approximately 520 square feet; and

WHEREAS, the applicant contends that the extension of this restaurant approximately 520 square feet into the residence use district cannot possibly have any adverse effect upon any of the adjoining properties, as this extension faces the rear yard of the building and cannot be seen from either East 52nd Street or East 53rd Street; and

WHEREAS, the applicant states that the present owners have held title to the property since February 23, 1956; that the assessed valuation of land is \$700,000 and of the building \$4,100,000 making a total of \$4,800,000; that the building was erected in 1956; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of the legally existing restaurant on the first floor into the residence use district, substantially as proposed and indicated on plans filed with this application, marked "Received August 26, 1957", 6 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained, including a new certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 3:25 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

REGULAR MEETING

TUESDAY AFTERNOON, FEBRUARY 4, 1958, 2 P.M.

Present: Acting Chairman Keating, Commissioner Foley and Commissioner Sleeper.

270-40-A—Vol. II

APPLICANT—Maxfield Blaufeux, for Regent Nursing Home, owner.

SUBJECT—Application reopened November 13, 1957 as Vol. II—Appeal from a decision of the Borough Superintendent—re construction.

PREMISES AFFECTED—84-24 116th Street, west side 180 feet south of 84th Avenue, Block 9215, Lot 19, Richmond Hill, Borough of Queens.

APPEARANCES—

For Applicant: Maxfield Blaufeux.

For Opposition: Anne M. Rosato, Roslyn M. Olson and James G. Rosato.

For Administration: Thomas J. Conboy, Department of Hospitals.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Kleinert 2

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 30, 1957 on Alt. Applic. 1325/57 reads:

"1. Proposed change in use of premises to include office, kitchen and dining space, laundry, morgue, locker

MINUTES

room and lavatory in cellar and to increase the bed capacity of the nursing home on 1st floor is contrary to 4.2.1. Table Bldg. Code and contrary to Board of Standards and Appeals Resolution 270-40-A and is referred back to the Board for reconsideration."

and

WHEREAS, the applicant states that the building is a 1story and attic, 29 feet in height, 40 feet front by 50 feet in depth of class 3 construction, erected in 1910, located on a lot 60 feet front by 125 feet in depth in a residence use G-1 area, 1¼ height district, and used and occupied since 1940: Cellar—storage; 1st floor—nursing home, 8 persons; attic—bedrooms for nurses and attendants, 3 persons, for which use and occupancy Certificate of Occupancy #Q 13149 was issued August 6, 1940, upon completion of work under Misc. Applic. 671/40 approved pursuant to variance granted by the Board under Cal. No. 270-40-A; that the building will be altered as follows: cellar—ordinary use, kitchen, dining room space, laundry, morgue, office, locker room and lavatory, 1 person; 1st floor—nursing home, 19 persons; attic—bedrooms for nurses and attendants, 3 persons; that the building is provided with one 3 feet wide interior wood stairs enclosed in partitions of wood studs and plaster equipped with wood doors which are not self closing, stairhall leads to street but not to roof; and

WHEREAS, the applicant states it is now proposed to relocate existing accessory facilities on the 1st floor to the cellar within the building and to increase the bed capacity on the 1st floor from 8 to 19 beds; and

WHEREAS, the applicant contends that the proposal to increase the bed capacity on the 1st floor and change the use in the cellar has been tentatively approved by the Department of Hospitals pending favorable action by the Board on this appeal; that the proposed conditions as indicated on plans filed with this appeal are in compliance with the requirements of the Department of Hospitals and involve the following compulsory alteration works; that the installation of an additional patient's lavatory and a nurse's station on the 1st floor, erection of partitions in the cellar for the various rooms, installation of a new cellar stair and enclosure and the relocation of the kitchen fixtures from the first floor to the cellar; and

WHEREAS, the applicant states that attic floor will remain unchanged; and

WHEREAS, the applicant contends that the primary basis for this appeal is economic hardship; that the nursing home is owner operated and because of high cost of taxes, the financial management of the institution is difficult; that permitting the proposed increase in bed capacity on the 1st floor would ease the burden on the owner and provide additional income; that there will be no enlargement of the building or major structural changes on the 1st floor; that the total number of beds will increase from 8 to 19 within the same number of rooms on the 1st floor; that the existing kitchen will be occupied by 4 patients and is of adequate size and provided with proper ventilation; that since the building is of class 3 construction and has 2 separate means of egress from the 1st floor and since the cellar uses will be required accessories to the nursing home and the cellar rooms will be enclosed in fireproof partitions equipped with fireproof doors, and as the cellar ceiling is now covered with ½ plaster boards and plaster except for the portion over the boiler which is covered in addition with metal and as the cellar has 3 means of egress, adequate provision is made for the occupants in event of emergency; and

WHEREAS, the Board has been advised under date of December 31, 1957 by the General Inspector of the Department of Hospitals that the existing building is occupied to the satisfaction of the department, and the department recommends that in view of the fact that the attic floor will be occupied by nurses and attendants that an outside iron stairway should be provided for egress from the attic; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the application should be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated September 30, 1957, acting on Alt. App. 1325/57, Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that an outside iron stairway for egress from the attic shall be installed; that the attic shall be occupied only by members of the staff; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; other than as modified by action of the Board under this calendar number, Volume I.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated June 4, 1957 on B.N. Applic. 403/57 reads:

"1. F.E. as second means of egress from 7 story factory bldg. is unacceptable. Sec. 271, Labor Law."

and

WHEREAS, the applicant states that the building is 7 stories; 75 feet in height; 42 feet 6 inches front by 64 feet

MINUTES

0 7/8 inches and 81 feet 8 inches irregular in depth; of class 3 construction; erected in 1906; located on a lot in an unrestricted B area; class 2 height district; and used and occupied since 1952 without a certificate of occupancy as follows: cellar—storage and boiler room, 1 person; 1st floor—printing and bookbinding, 5 persons; 2nd floor—storage of printers type, 1 person; 3rd floor—printing, 4 persons; 4th floor—storage of printers type, 1 person; 5th floor—office, 5 persons; 6th floor—printing, 5 persons; 7th floor—printing, 5 persons; that the building is provided with an approved fire alarm system; and that regular monthly fire drills are maintained; there is one 3 foot wide interior wood stairs enclosed and partitions in fire proof block and equipped with fire proof self closing doors; and leading from the roof bulkhead direct to street, and one fire escape in the rear extending to roof by stair and to yard by stair with egress to street through adjoining tenement at the east; that windows and doors open on the course of the fire escape of fireproof self closing doors; and

WHEREAS, Violation #1086/50 issued by the Borough Superintendent April 18, 1956; was violation sections 271 to 274 of the Labor Law, in that secondary means of egress for each floor, no safe egress from termination of fire escape, windows on course of fire escape not in working order; fire escapes on rear of the building in need of painting, access to fire escape blocked on several floors, and iron shutters on rear of building in need of repairs and repainting; and

WHEREAS, the applicant states the building has been owned for the past 5 years by a printer, who does business on all floors, except the first story; and

WHEREAS, the applicant states that the fire escape in question is located at the rear and has a 3 foot 4 inch wide balcony with 20 inch wide, 60 degree connecting stairs from 1st story to roof and 20 inch wide 45 degree stairway from 1st balcony to the yard of No. 41 Rose Street; that the fire escape balcony and the stairways are protected on the outside with 3 feet high guard rails which it is proposed to raise to 4 feet 6 inches in height; that it is proposed to provide 3 feet high guard rails on the inside of stairs and well opening; that the openings on the course of the fire escape are equipped with fireproof wire glass automatic windows and the owners are prepared to change one of the openings on each of second to the seventh floors to 2 feet by 6 feet fireproof self closing wire doors; that egress from the lower termination of the fire escape is by means of a stairwell in the adjacent 5 story tenement at 41 Rose Street, located to the east of the building in question; and

WHEREAS, the applicant states that the fire escape in question and egress from its termination were accepted by the Board on the Cal. No. 83-29-S; and

WHEREAS, the applicant states that the primary means of exit consist of a 3 foot wide wood stairway from 1st floor to roof with fireproof bulkhead at the roof and enclosed in fireproof partitions throughout and equipped with fireproof self closing doors; and a fireproof enclosed hallway at the first story leading directly to the street; that the building is equipped with an approved interior fire alarm system and central office connections; and that monthly fire drills are maintained; and

WHEREAS, the applicant states that the Board is requested to accept the fire escape with the proposed improvements, as the building is small in area and of a non-hazardous use and light in occupancy; and

WHEREAS, the Board of May 28, 1929 on Cal. No. 83-29-S modified order No. 43712-LD issued by the Fire Commissioner October 4, 1928, requiring safe and unobstructed egress from the lower termination of the rear fire escape on conditions that an unfastened door be provided to adjoining yard to the rear with termination of egress from the open yard through the hallway of the building adjoining to the north; and

WHEREAS, that at the time of the action of the Board on May 28, 1929 it was represented to the Board that changes were made to the rear fire escape under order issued in

1916 and the work completed and approved, and the order dismissed as complied with by State Department of Labor; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted on condition, based upon the revised plans that have been submitted.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on B.N. App. 403/57, Objection No. One and that the appeal be and it hereby is *granted, on condition* that the present drop ladder shown leading to the cellar area shall be replaced with a fixed double rung ladder with hand rails to afford egress from the areaway; that the present wood stairs from the first to the second floor shall be replaced with a three foot wide steel stairs with hand rails and cement treads; that the present three foot wide steel stairs enclosed in fireproof partitions from the intermediate platform to the second floor fire escape at the rear shall be maintained as proposed and shown on plans filed with this appeal marked "Received June 7, 1957," one sheet, and revised plans dated "January 29, 1958", 4 sheets; that steel steps shall be provided from the floor to the window sills at all door openings to the rear fire-escapes; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the occupancy shall be limited to the capacity of the primary means of egress and that a certificate of occupancy shall be obtained.

ANNUAL REPORT

In the attached Statistical Report for the year 1957, it will be seen that even though in all departments the number of appeals and applications disposed of was materially greater than in 1956, still there are as many pending on December 31, 1957 as the year before.

The zoning applications and administrative appeals are, however, of more recent filing. The bulk of the pending applications are for approval of materials and appliances,

and it is clear that more staff is required to advance these to decision.

Now that the law requires filing fees for all appeals and applications, the public is entitled to quicker service which cannot be accomplished without more staff and more space to house them.

Application for larger quarters has been filed.

NOTICE

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

PETITIONS AND CERTIORARI ORDERS SERVED ON THE BOARD OF STANDARDS AND APPEALS

On January 28, 1958, Copy of Petition and Order of Certiorari was served on the Board by Vincent George B. Cascio, attorney for petitioners, Alexandre and Concetta Veltri, objecting property owners, seeking a review of the Board's determination of December 17, 1957, granting a variance under Section 7e of the Zoning Resolution for a term of 15 years to permit in a business and residence use district the erection and maintenance of a modern high speed auto laundry, Calendar Number 497-57-BZ; Premises 8125-8129 New Utrecht Avenue, east side, 195 feet 2-5½ inches south of 81st Street, Borough of Brooklyn.

On January 31, 1958, Copy of Order to Show Cause and Petition, was served on the Board by Alexander A. Suess, attorney for petitioner, objecting property owner, seeking a review of the Board's determination on December 17, 1957, granting a variance under Sections 7e and 7A of the Zoning Resolution, to permit in a local retail and residence use district, the erection and maintenance of a gasoline service station, automobile washing, lubritorium, office, accessory sales, minor repairs with entrances, signs and show windows within 75 feet of a residence use district, Calendar Number 618-56-BZ; Premises 2139-2147 86th Street and 2173-2177 West 10th Street, northeast corner and 95-105 Avenue V, Block 7117, Lots 45, 46, 47, 48, 50, 51 and 52, Borough of Brooklyn.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the administrative official either borough superintendent of buildings or fire commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, Chairman.

MINUTES

A public hearing was held on the following applications at the regular meeting of January 14, 1958 at 10 A. M., at which time the applications were granted on condition, resolutions to be printed at a later date. These resolutions are printed below.

586-30-BZ--Vol. II

APPLICANT--Haus and Bresin, for I. H. and N. S. Holding Corp., owner.

SUBJECT--Application reopened April 24, 1957 as Vol. II--decision of the Borough Superintendent under sections 7f and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, auto washing (non-automatic), lubrication, office, sale of auto accessories, minor repairs with hand tools only, the parking and storage of more than five (5) motor vehicles and a ground sign for the stated term of fifteen (15) years.

PREMISES AFFECTED--23-01 Broadway and 31-71 to 31-85 23rd Street, northeast corner, Block 567, Lot 22, Astoria, Borough of Queens.

APPEARANCES--

For Applicant: Joseph C. Haus.

For Opposition: None.

ACTION OF BOARD--Application granted on condition.

THE VOTE--

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION--

WHEREAS, this application was reopened as Vol. II on April 24, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on September 24, 1957 after due notice by publication in the Bulletin; laid over to October 29, 1957, for inspection and decision; hearing closed; then to December 10, 1957, at the request of the applicant; then to January 14, 1958, at request of the applicant; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 23rd Street are in a business use, B area, class 1¼ and 1½ height district; Broadway is in a business use, B area, class 1½ height district; 31st

Drive is in business and residence use, B area, class 1¼ and 1½ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated March 15, 1957 acting on N.B. Applic. 524-57, reads:

"1. Proposed gasoline service station, auto washing (non-automatic) lubrication, office, sales of auto accessories, minor repairs with hand tools only and parking and storage of more than 5 motor vehicles on a lot in a business use district is contrary to Art. 2, Sec. 4a, item 29 and 46 of the Z.R.

2. Proposed ground sign in a business use district is contrary to Art. 2, Sec. 4a, item 49 of the Z.R."

and

WHEREAS: the applicant states that the premises consist of a plot, 75.27 foot frontage by 160.11 feet in depth, presently unimproved, with two large advertising billboards; that it is proposed to develop the site with a modern gasoline service station; that the proposed building will have face brick facades facing both streets; that pumps will be installed parallel to the Broadway frontage of the property; that although 23rd Street is in a business use district for the entire block, only one curb cut will be installed on this street and will be located near the intersection of Broadway; that a woven wire fence on a concrete base will be installed along both interior lot lines and will return along a portion of the 23rd Street building line, with brick terminal posts at the ends of the fence; that the repairing herein proposed will consist of minor repairs with hand tools only and will be confined to the interior of the accessory building; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, a prior application was denied under Section 21 in 1931; this application is under a different section of the law and the conditions surrounding the site have changed and it appeared to the committee upon inspection that this application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7f for a term of fifteen years to permit the premises to be occupied by a

gasoline station and uses accessory thereto substantially as proposed and as indicated on plans filed with this application marked "Received March 22, 1957", 3 sheets, *on condition* that all structures and uses now on the premises shall be removed and the premises graded to the grade of Broadway and 23rd Street and retaining walls constructed as may be required along the northerly and easterly lot lines; that along the easterly and northerly lot lines except where the walls of the accessory building will occur there shall be erected and maintained a woven wire fence of the chain link type erected on a concrete base to a total height of five feet six inches; that a similar fence shall be erected and maintained along the street line of 23rd Street extending from the northerly line for a distance of approximately eighty feet to a point opposite the front line of the accessory building; that the accessory building shall be without cellar and of the size, location and design as shown, faced with face brick as to the front and westerly elevations and with concrete block stuccoed as to the rear and east side and in all other respects shall comply with the requirements of the Building Code; that pumps shall be of a low approved type erected not nearer than fifteen feet to a street line; that there may be twelve approved 550 gallon gasoline storage tanks; that signs shall be restricted to permanent signs attached to the front facade of the accessory building, precluding all roof signs, ground signs, temporary signs and advertising devices but permitting the erection at the intersection of Broadway and 23rd Street of a post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend over the street line of Broadway for a distance of not more than four feet; that curb cuts shall be confined to two thirty feet in width to Broadway and one thirty feet in width to 23rd Street near the intersection with Broadway as shown; that the sidewalks and curbing abutting the premises shall be reconstructed and repaved to the satisfaction of the Borough President; that under Section 7i there may be minor repairing and adjusting with hand tools only carried on solely within the accessory building; that as a use accessory to the gasoline station there may be parking and storage of motor vehicles on that part of the plot toward the north; that bumpers shall be provided for protection to the fences; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall require; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

281-32-BZ—Vol. II

APPLICANT—James E. Vassalotti, for Louis Diamond, owner.

SUBJECT—Application reopened September 24, 1957 as Vol. II decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a retail and residence use district, to extend the proposed use of the gasoline service station, lubritorium, auto laundry and office by adding minor auto repairs, parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—98-01 to 98-15 Metropolitan Avenue and 89-04 to 89-14 69th Road, northeast corner, Block 3207, Lots 30 and 33, Forest Hills, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Eugene S. Ginsberg.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 24, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application

on December 10, 1957 after due notice by publication in the Bulletin; laid over to December 17, 1957, for hearing at request of objector; no further requests for adjournment to be considered; then to January 14, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in retail and residence use, D and E area, class 1 height districts; Metropolitan Avenue is in a business use, D and E area, class 1 height district; 69th Road and 70th Avenue are in business and residence use, D and E area, class 1 height districts; that as of July 25, 1916 that part of the premises within 100 feet of Metropolitan Avenue was in a business use district and the entire premises was in a class D area district; that the area designation for the residence portion of the premises became effective February 5, 1940 and the present use designation for the portion of the premises within 100 feet of Metropolitan Avenue became effective May 18, 1953; and

WHEREAS, the decision of the Borough Superintendent, dated August 2, 1957 acting on Alt. Applic. 977-57, reads:

"1. Proposed extension of area and use of an existing gasoline service station, lubritorium, office and auto laundry to Gasoline service station, lubritorium, minor auto repairs, car washing, office, parking and storage of more than five motor vehicles in the Retail use portion of a plot located in a Retail and Residence use Zone is contrary to Art. II Sec. 4A of the Zoning Resolution.

2. Ground sign in a Retail zone is contrary to Sec. 4A of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 150.46 foot frontage by 137.73 feet in depth, irregular, presently developed with a gasoline service station consisting of five 550 gallon gasoline tanks and six dispensing pumps; that the present accessory building is one story in height, of class 3 construction, having a frontage of 80 feet, a depth of 26 feet $\frac{3}{8}$ inches, and is now being used for office, lubritorium, minor auto repairs and car washing; that the open area is being used for parking and storage of motor vehicles; and

WHEREAS, the applicant states that it is proposed to maintain the present legal uses of gasoline service station, lubritorium, auto laundry and office; that it is further proposed to extend the legal gasoline station so it will have a total frontage of 150.46 feet on Metropolitan Avenue, and add the uses of minor auto repairs, parking and storage of more than five motor vehicles in the open area; that the proposal will be confined to the retail portion of the plot; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, it appears that a part of the plot was approved for use as a gasoline station prior to 1925 when a gasoline station was a permitted use in a business use district; the size of this approved plot was irregular with a frontage on Metropolitan Avenue of about fifty feet removed fifty feet from the corner of 69th Road; that under Volume One an application was denied for another gasoline station on adjoining premises to the west and north; this denial was upheld by the Court; the former plot with a fifty foot frontage has been extended from time to time unlawfully since it was permitted in 1924 and now occupies the plot of the size shown on the plan filed with this application showing present conditions; it is now proposed to legalize the enlarged site all within the retail zone as established one hundred feet in depth from the widening line of Metropolitan Avenue; and the committee recommended, after inspection, that the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c

MINUTES

to permit the continuance of the gasoline station and uses accessory thereto as permitted in 1924 and as extended and enlarged so that the premises will be entirely in the present retail district as shown on plans filed with this application marked "Received August 2, 1957," four sheets; *on condition* that there shall be erected and maintained a woven wire fence of the chain link type on a concrete base to a total height of five feet six inches on the street line of 69th Road from the rear of the present accessory building to the rear line, being the line of the retail zone, and continuing such fence along that rear line and continuing along the easterly lot line to the present street line of Metropolitan Avenue with suitable terminating posts; that the plot thus fenced will have a frontage along Metropolitan Avenue of 150.46 feet and a depth of 110 feet including ten feet proposed for street widening; that curb cuts to Metropolitan Avenue consisting of three thirty feet in width may be continued and may be relocated in comparative location after street widening; that curb cut to 69th Road twenty feet in width may be permitted; that presently existing curb cuts on Metropolitan Avenue and 69th Road shall be restored and sidewalks reconstructed to the satisfaction of the Borough President; that pumps of a low approved type shall be relocated so as to be not nearer than fifteen feet to the present street line of Metropolitan Avenue; that signs shall be limited to permanent signs attached to the front facade of the accessory building and the illuminated globes of the pumps precluding all roof signs and temporary signs and advertising devices but permitting the erection of one post standard at the westerly intersection within the present street lines for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend over the present street line for a distance of not over four feet or in lieu thereof the present post standard may be continued; that existing two car garage shall be removed; that where not occupied by accessory building and pumps the entire premises shall be paved with concrete or asphalt; that the unbuilt upon space to the north and east may be occupied for parking and storage of cars and such cars shall be in usable condition; that proper bumpers shall be maintained for protection of fences; that under Section 7i there may be motor vehicle repairing with hand tools only for adjustments and minor work carried on solely in the accessory building; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall require; that there may be parking of cars on spaces unbuilt upon where such parking will not interfere with the operation of the station; that within the intersection of Metropolitan Avenue and 69th Road there shall be maintained a block of concrete extending along either street line for a distance of not less than five feet and twelve inches in thickness; and that all permits shall be obtained and all work completed and a superseding certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

658-52-BZ—Vol. II

APPLICANT—Paul Friedman, for Isidore Breidbart, owner Tidewater Oil Company, conditional lessee.

SUBJECT—Application reopened September 24, 1957 as Vol. II—decision of the Borough Superintendent, under section 7f, 7e, 7i and 7A of the zoning resolution, to permit in a retail use district the erection and maintenance of a gasoline service station, lubritorium, non-automatic auto wash, minor repairs with hand tools only, office, storage and sales of auto accessories, parking of five (5) cars waiting to be serviced with a proposed show window within 75 feet of a residence use district and with ground sign on premises, for a stated term of fifteen (15) years.

Not Voting: Vice Chairman Keating..... 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 24, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on December 10, 1957 after due notice by publication in the Bulletin; laid over to January 14, 1958, at 10 A. M., to permit objectors to be present who were delayed by traffic conditions; applicant to send notices by regular mail; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Braddock Avenue are in a retail use, D area, class ½ height district; Winchester Boulevard is in retail and residence use, D and E-1 area, class ½ height districts; 91st Avenue is in a residence use, E-1 area, class ½ height district; that as of July 25, 1916 the property was zoned as a business use, one times height district and D area district; that the present retail use designation became effective on January 21, 1947 and the class ½ height designation became effective on June 30, 1952; that the area designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated July 18, 1957 acting on N.B. Applic. 2286-57, reads:

"1. Proposed gasoline service station, lubritorium, non-automatic auto wash, minor repairs with hand tools only, office, storage and sales of auto accessories and parking of 5 cars waiting to be serviced in a Retail Use District is contrary to Article II Section 4A of the Zoning Resolution.

2. Proposed show window on Winchester Blvd. side and within 75'-0" of a Residence Use District is contrary to Article II Section 7A of the Zoning Resolution.

3. Ground sign on premises facing Braddock Ave. is contrary to Article II Section 4A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 102.64 foot frontage by 92.17 feet, irregular in depth; that on September 2, 1955 the Building Department, under N.B. 2807-55 approved an application to permit at the subject premises the erection of a one story building 20 feet by 30 feet in area, to be occupied as a retail ice cream stand and to occupy the unbuilt upon area for parking of owner's and patrons' cars; that pursuant to this approval, Permit No. 4663-55 was issued and work was commenced, but never completed; that the building contractor never received payment for his work and construction was suspended; that at present there are three Building Department violations on record as follows: Violation No. 4716-55, issued December 12, 1955—"Steel members erected not properly braced. Lolly columns not properly centered on footings; Violation No. 3085-56 filed July 24, 1956: "Construction suspended, premises in need of repair. Hazardous condition created by vandalism"; Unsafe Building No. 136-56, issued August 21, 1956: "Doors, plate glass windows broken and hazardous, fire hazard and also a moral nuisance"; and

WHEREAS, the applicant states that it is proposed to remove the existing unsafe, hazardous structure and to erect and maintain for a stated term of fifteen years, a brick faced, peak-roof, parkway type gasoline service station, lubritorium, non-automatic auto wash, minor repairs with hand tools only, office, storage and sales of auto accessories, and parking of five cars awaiting service, with proposed show window on Winchester Boulevard side within 75 feet of a residence use district, and ground sign on premises facing Braddock Avenue; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board when the application

MINUTES

was denied in 1953 and has been observed many times since; the committee has noted the unused ice cream stand and is of the opinion that the gasoline station as now proposed with the safeguards to be applied will be desirable in the neighborhood and that the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7f for a term of fifteen years to permit the premises to be occupied as a gasoline station and uses accessory thereto substantially as proposed and as indicated on plans submitted with this application marked "Received July 26, 1957", 4 sheets, on condition that all buildings, structures and uses shall be removed and the plot graded substantially to the grade of Braddock Avenue and Winchester Boulevard; that along the rear lot line to the south or at a distance five feet or less therefrom there shall be constructed and maintained a masonry wall faced with face brick on each side and suitably coped; that a similar wall shall be erected on the street line of Winchester Boulevard for a distance shown of 57.17 feet with a suitable masonry terminating post at the end; that a similar fence wall shall be constructed for the full length of the easterly lot line except that it shall be constructed with sections of pickets for the top three feet six inches with suitable masonry piers and terminating post; that the one story accessory building shall be of the design and location indicated, without cellar and complying with the requirements of the Building Code; that planting areas shall be maintained where shown properly protected by concrete curbing not less than eight inches in height and six inches in width and with suitable planting of shrubbery as recommended by the Park Department; that pumps shall be of a low approved type and erected not nearer than fifteen feet to the street building line; that gasoline storage tanks shall not exceed twelve approved 550 gallon tanks; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall require; that where not covered by accessory building, wall, planting and pumps the area shall be paved with concrete or asphalt; that curb cuts shall be limited to two each 30 feet in width to Braddock Avenue and one 20 feet in width on Winchester Boulevard within the first 25 feet from the intersection; that no part of any curb cut shown shall be nearer than five feet to a lot line as prolonged; that at the intersection there shall be constructed and maintained a block of concrete extending for a distance of five feet from the intersection along each street line and not less than twelve inches in height; that the sidewalks and curbs shall be constructed to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the northerly front facade of the accessory building precluding all roof signs and temporary signs and advertising devices but permitting the erection within the intersection of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend at right angles over the street line of Braddock Avenue for a distance of not over four feet; that under Section 7A the proposed large window in the accessory building may be permitted; that under Section 7i, for a similar term, there may be minor repairing for adjustments only carried on within the accessory building with hand tools only; that under Section 7e there may be parking of cars awaiting service; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

12-57-BZ

APPLICANT—Burke, Green and Groh, for Michael R. Jordan, owner.

SUBJECT—Application January 11, 1957—decision of the Borough Superintendent under section 7e of the Zoning

Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, washing, lubricatory, office, sales of auto accessories and minor repairs with hand tools only.

THE RESOLUTION—

WHEREAS, a public hearing was held on Tuesday, October 15, 1957 after due notice by publication in the Bulletin; laid over to November 19, 1957, for inspection in connection with Cal. No. 3-56-BZ, and for decision; also letter from Park Department as to jurisdiction; hearing closed; then to December 17, 1957, for continuation of hearing due to construction in the area since the filing of the application, with further notices to be sent out in accordance with the regular procedure and list of owners to be corrected to date; then to January 14, 1958, for further consideration and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Sutter Avenue, North Conduit Avenue and 78th Street are in residence use, D area, class 1 height district; that as of July 25, 1916 the property referred to was zoned as a business district and the present use designation became effective on May 15, 1941; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated December 14, 1956 acting on N.B. Applic. 4033, 1956, reads:

"1. The erection of a gasoline service station, auto washing, lubrication, office and sales of auto accessories, minor repairs with hand tools only in a residence zone is contrary to Art. II, Sec. 3 of Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 219.37 foot frontage, by 117.67 feet in depth, presently unimproved; that it is proposed to construct a modern gasoline service station on a presently vacant triangular corner plot having a frontage of 219.37 feet on North Conduit Avenue, 185.15 feet on Sutter Avenue and 117.67 feet on 78th Street; that the building will be colonial in character, having a peaked roof and faced with face brick on all sides; that gasoline pumps and curb cuts will be installed along North Conduit Avenue and Sutter Avenue only; that a 3 foot 6 inch high iron picket fence on a 2 foot high face brick base will be erected along the major portion of 78th Street from the North Conduit Avenue intersection to the rear of the building; that shrubbery and planting protected by a concrete curb will be provided along this fence wall; that the entire triangular portion of ground behind the building will be devoted to shrubbery; that two 30 foot curb cuts will be installed along Sutter Avenue and four 30 foot curb cuts will be installed along the North Conduit Avenue frontage; that a post standard and sign will be erected at the intersection of Sutter Avenue and North Conduit Avenue; and

WHEREAS, the premises and surrounding area have been studied upon several inspections by all Members of the Board; and

WHEREAS, the Board finds that this plot is not well suited to a residential use and that a proposed gasoline station with carefully designed safe guards will not harm the adjoining residential development separated as it is by streets, one 80 feet in width and one 60 feet in width; and

MINUTES

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the premises to be occupied substantially as proposed as a gasoline station and accessory uses as shown on plans filed with this application marked "Received January 11, 1957", one sheet, and "September 13, 1957", 2 sheets, *on condition* that the accessory building shall be located where shown without cellar and without windows opening in the walls to the north and east except that there may be two openings provided such openings are filled with glass block as approved for exterior walls without ventilating openings; that the building shall be faced on all exterior walls with face brick; that the toilet rooms shall be rearranged so that the doors thereto are not contiguous; that there shall be erected and maintained on the lot line along 78th Street a masonry wall faced on both sides with face brick and properly coped and returned to the accessory building along Sutter Avenue and to the lot line at North Conduit Avenue to a height of five feet six inches except that within five feet of the line of North Conduit Avenue such wall may be four feet six inches in height and shall have a suitable masonry face brick terminating post; that along the line of Sutter Avenue there shall be a similar wall from the accessory building to within 30 feet of the intersection of Sutter Avenue and North Conduit Avenue; that there may be an opening in the wall not over twenty feet in width with curb cut opposite of similar width; that the wall shall be continued westerly and return along the line of North Conduit Avenue for a distance of five feet; that such wall may be four feet six inches in height and suitable terminating posts shall be constructed at all points within five feet of the opening to Sutter Avenue; that planting areas shall be maintained along all walls not less than five feet in width at all points and protected by a curbing not less than eight inches in height and width; that the planting and shrubbery to be maintained shall be as determined by the Department of Parks; that pumps shall be of an approved low type and shall not be located nearer than fifteen feet to a lot line; that gasoline storage tanks shall not exceed twelve approved 550 gallon tanks; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall require; that open spaces on the plot shall be paved with concrete or asphaltic pavement; that in addition to curb cut to Sutter Avenue hereinbefore permitted there may be four curb cuts to North Conduit Avenue with none exceeding thirty feet in width and none nearer to a lot line as prolonged at right angles to North Conduit Avenue than five feet; that sidewalks and curbing around the plot shall be constructed to the satisfaction of the Borough President; that signs shall be limited to permanent signs attached to the accessory building facade facing North Conduit Avenue and to the illuminated globes of the pumps, excluding temporary signs and advertising devices and roof signs but permitting a post standard within the premises at the intersection of North Conduit Avenue and Sutter Avenue for supporting a sign advertising only the brand of gasoline on sale and permitting such sign to extend at right angles over the building line of North Conduit Avenue for a distance of not over four feet, and which sign may be illuminated; that under Section 7i there may be for a similar term minor repairs with hand tools only for adjustments maintained solely within the accessory building; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

373-57-BZ

APPLICANT—Ingram S. Carner, for Francis P. Headley, owner.

SUBJECT—Application May 6, 1957—decision of the Borough Superintendent, under sections 7f and 7i of the

Zoning Resolution, to permit in a business portion of a plot partly in a business district and partly in an unrestricted use district, the erection and maintenance of a gasoline service station, office, sales of auto accessories, car washing (automatic), minor automobile repairs with hand tools only, lubritorium, storage and parking, parking of more than five (5) motor vehicles waiting to be serviced, for a stated term of fifteen (15) years.

PREMISES AFFECTED—5808-5828 Flatlands Avenue and 898-920 East 59th Street, southwest corner, Block 7784, Lots 41, 43, 45, 46, 47, 83 and 85, Borough of Brooklyn.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 6, 1957 after due notice by publication in the Bulletin; laid over to December 10, 1957, at request of objector, applicant concurring; no further requests for adjournments to be considered; then to December 17, 1957, for hearing at request of objector; then to January 14, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 58th Street and East 59th Street are in business and unrestricted use, D and B area, class 1 height districts; Flatlands Avenue is in a business use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated April 23, 1957 acting on N.B. Applic. 393-57, reads:

"1. Proposed building and premises on a plot, partly in a Business zone and partly in an Unrestricted zone, to be used for Gasoline service station, office sales and storage of auto accessories, lubritorium, minor repairs with hand tools only, automatic car washing and parking of more than 5 cars waiting service is contrary to Art. II, PP. 4a, subsection 29, 46 and 52 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 196 foot 11½ inch frontage by 209 feet irregular in depth; that the rear line is 160 ft.; that the premises are now vacant and unimproved; that it is proposed to erect and maintain for a stated period of fifteen years a modern gasoline service station, office, sales of auto accessories, automatic car washing, minor automobile repairs with hand tools only, lubritorium, storage and parking and parking of more than five motor vehicles awaiting service; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which found that there were no residential uses on the south side of Flatlands Avenue and that the objecting property owners would not be greatly affected by the proposed gasoline station and that there are two stations nearer to them which were in existence when the objectors' houses were constructed; that the property involved which is partly in an unrestricted district cannot readily be developed for residential or conforming business uses; and that the committee recommended that the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit a gasoline station and uses accessory thereto to extend, from the area in the unrestricted portion of the plot, into the business use portion substantially

MINUTES

as proposed and as indicated on plans filed with this application marked "Received May 6, 1957", three sheets, on condition that all structures and uses on the entire plot shall be removed and the plot graded substantially to the grade of Flatlands Avenue and constructed and arranged as indicated on plans above cited; that the accessory building and connected automatic laundry shall be located where shown, shall have no cellar, and shall be of the design as shown, faced with face brick on all sides except toward the south on the lot line where the wall may be constructed of concrete blocks stuccoed on the southerly exterior wall on the lot line; that there shall be no windows or other openings in walls on the lot line; that on the lot lines to the south, east and west there shall be erected and maintained a woven wire fence of the chain link type erected on a masonry base to a total height of five feet six inches without any openings therein until 59th Street is opened and graded up to the southerly end of this plot including the construction of a paved sidewalk with curbing, meanwhile there shall be no exits to East 59th Street and cars exiting from the automatic laundry shall cross the premises and exit therefrom to Flatlands Avenue; that pumps shall be of a low approved type and located where shown not nearer than fifteen feet to the building line of Flatlands Avenue; that gasoline storage tanks shall be limited to twelve 550 gallon approved tanks; that the unbuilt upon portion of the plot shall be paved with concrete or asphalt; that at the intersections, there shall be maintained a block of concrete not less than 12 inches in height and extending along the lot line from the intersection for a distance of not less than five feet where shown to the east and to the west; that there may be parking of cars provided such parking does not interfere with the servicing of the station or automatic laundry and under Section 7i for a similar term there may be minor repairing with hand tools carried on solely within the accessory building; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all temporary signs and advertising devices but permitting the erection of two post standards where indicated each for supporting a sign advertising only the brand of gasoline for sale and permitting such signs to extend over the street line for a distance of not over four feet; that curb cuts to Flatlands Avenue may be four of a width of 30 feet; that the sidewalk and curbing in front of the premises along Flatlands Avenue shall be constructed to the satisfaction of the Borough President and when East 59th Street is opened for the depth of the premises the sidewalk and curbing shall be constructed by this owner and at that time two curb cuts thereto as and where shown may be constructed and openings in the fence constructed with suitable posts; that such portable firefighting appliances shall be maintained as the Fire Commissioner shall require; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 10, 1957 after due notice by publication in the Bulletin; laid over to January 14, 1958, for inspection and decision; and for letter from the applicant as to excess footage and name of title owner; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a restricted retail use, B area, class 1½ and class 2 height district; and

WHEREAS, the decision of the Borough Superintendent, dated May 14, 1957 acting on Alt. Applic. 301-57, reads:

"A4. Objection repeated. Provide 2 off-street loading berths. Art. IV, Sec. 19A, Subd. (b) (5) of Zoning Resol.

A5. Objection repeated. Area of existing inner court may not be reduced. (Note: Wall of new extension encroaches 13' 7" x 0' 10" on Court). Art. IV, Sec. 19(e), Zon. Resol.

A6. Objection repeated. That portion of existing building, directly opposite new structure, which sets back 2 inches from the street lot line may not be counted as excess height. Correct computations accordingly. Art. IV, Sec. 9(e) Zon. Resol."

and

WHEREAS, the applicant states that the premises consist of a plot, 170 foot frontage by 100 feet 10 inches and 100 feet 5 inches in depth; that it is proposed to erect a 15 story extension to the 19 story and penthouse Berkshire Hotel which is located on the northwest corner of Madison Avenue and 52nd Street; that the existing 19 story and penthouse building is on a plot 95 feet by 100 feet 10 inches, and the proposed extension will be on an adjoining plot 75 feet by 100 feet 5 inches; that there are at present on the said plot two 2-story buildings, each with a one story extension covering the entire plot to the rear property line, which buildings will be demolished to make room for the new extension; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board finds as to Objection A4 that it would be unfair to require the two loading berths because the use of such extension has no possible need of such berths and to require them in the extension would not be equivalent to placing them in the present hotel; that the Board finds that while it is sympathetic to the purposes of Section 19A that the provisions of Section 19A subdivision j indicates that the Legislature recognized that there were cases where these requirements would not be proper or fair; that in this case the usual removal of refuse at night is, in the opinion of the Board, an adequate substitute; and

WHEREAS, as to Objection A5 the Board finds that there is substantial compliance; that as to Objection A6 the Board finds that it was not intended to deprive an owner of the extra height calculation benefits merely because a building alongside or opposite happens to be constructed slightly behind the street line; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant relief under Section 19A subdivision 5 as to Objection A4 and under Section 21 as to Objections A5 and A6 and is entitled to relief under Section 21 as to area on the ground of practical difficulty.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the zoning resolution and that the application be and it hereby is granted under Section 21 and Section 19A subdivision j to permit the omission of loading berths and extension of area substantially as proposed and as shown on plans filed with this application

marked "Received June 14, 1957," 19 sheets, and "September 19, 1957," 5 sheets, *on condition* that in all other respects the building and occupancy shall comply with the requirements of the Administrative Building Code, the Zoning Resolution, the Multiple Dwelling Law and all other laws and rules applicable thereto other than as modified under Cal. No. 485-57-A on January 21, 1958 as to Section 26, paragraphs 2, 6 and 8a and Section 27 paragraph 26 of the Multiple Dwelling Law; that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

615-57-BZ

APPLICANT—Paul Friedman, for E. M. J. Realty Corp., owner.

SUBJECT—Application September 6, 1957, decision of the Borough Superintendent, under sections 7e, 7h and 7A of the Zoning Resolution, to permit on a plot partly in a restricted retail and partly in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, non automatic car washing, minor repairs with hand tools only, office, sales and storage of auto accessories, and parking and storage of more than five motor vehicles, with ground sign in restricted retail district, and with a sign on building fronting on 154th Place within 75 feet of a residence use district, for a stated term of fifteen years.

PREMISES AFFECTED—154-11 Horace Harding Expressway (154-01 to 154-19), north side, from Kissena Boulevard and 154th Place; 60-11 to 60-15 Kissena Boulevard and 59-46 to 59-52 154th Place, Block 6731, Lots 1 and 6(1), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 17, 1957 after due notice by publication in the Bulletin; laid over to January 14, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 154th Place and Horace Harding Expressway are in restricted retail and residence use, D area, class 1 height districts; Kissena Boulevard is in a restricted retail use, D area, class 1 height district; that as of July 25, 1916 the property was zoned as a business use district; that on September 18, 1947 the portion of the property more than 100 feet from Kissena Boulevard was changed to a retail district; that on October 20, 1955 the entire property was changed to a restricted retail district except for the small 8 foot by 100 foot portion which was changed to a residence district; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated August 27, 1957 acting on N. B. Applic. 2429-57, reads:

"1. Proposed installation of gasoline service station, lubritorium, car washing (non-automatic), minor repairs with hand tools only, office, sales and storage of auto accessories, and parking and storage of more than 5 motor vehicles within a Restricted Retail Use district and extending into a Residence Use district is contrary to Art. II, Sec. 3 and Sec. 4B of the Zoning Resolution.

2. Proposed ground sign within a Restricted Retail Use district is contrary to Art. II, Sec. 4B of the Zoning Resolution.

3. Proposed sign on building fronting on 154th Place, within 75 feet of a Residence Use district is contrary to Art. II, Sec. 7-A of the Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be obtained on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7e for a term of fifteen years to permit the premises to be occupied as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received September 6, 1957", 2 sheets, and "September 24, 1957", one sheet, *on condition* that all buildings and uses shall be removed and the premises shall be graded substantially to the grade as established for the service road of Horace Harding Boulevard as reconstructed; that if the grade does not permit the premises to be arranged as herein described revised plans showing grade conditions shall be submitted for the Board's further consideration; that the accessory building shall be at the location and of the design as shown on such plans, without cellar and faced on all sides with face brick; that along the rear lot line except where the proposed accessory building is to be located there shall be a face brick masonry wall with steel pickets to a total height of 5 feet 6 inches and with masonry terminating posts as shown on plans above cited; that such fence shall be continued without opening therein along the street line of 154th Place with suitable terminating post of masonry at the service road line; that pumps shall be of an approved low type and erected where shown not nearer than fifteen feet to any street line; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that curb cuts shall be limited to three thirty foot wide to the service road of Horace Harding Boulevard and one of similar width to Kissena Boulevard; that no part of any curb cut shall be nearer than five feet to a lot line as prolonged at right angles; that at the intersection of the service road and Kissena Boulevard there shall be maintained a block of concrete which may be segmental in shape extending for five feet (not four feet as shown) along either street line and not less than twelve inches in height; that the sidewalks and curbs shall be constructed to the satisfaction of the Borough President and the Triborough Bridge Authority; that the premises where unbuilt upon shall be paved with concrete or asphaltic pavement; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the southerly facade of the accessory building prohibiting all temporary signs and advertising devices of every nature but permitting the erection within the premises at the intersection of the service road and Kissena Boulevard of a post standard for supporting a sign advertising solely the brand of gasoline sold and permitting such sign to have two leaves, one at right angles to Kissena Boulevard and one at right angles to the service road; that under Section 7h there may be parking for a similar term on such open spaces as will not interfere with the servicing of the station; that under Section 7i there may be minor repairing with hand tools only for adjustments carried on solely within the accessory building; that under Section 7A any sign or show window within seventy-five feet of a residence district may be permitted under the safeguards herein required; that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

MINUTES

REGULAR MEETING

TUESDAY MORNING, FEBRUARY 11, 1958, 10 A. M.

Present: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper.

The minutes of the regular meetings of the Board held on Tuesday morning and afternoon, January 28, 1958, were approved as printed in the Bulletin of February 4, 1958, Vol. 43, No. 5.

390-27-BZ—Vol. VI

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on September 24, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 7, 1958 after due notice by publication in the Bulletin; laid over to February 11, 1957, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Van Wyck Expressway and 134th Street are in retail and residence use, D and E area, class 1 and class ½ height districts; 101st Avenue is in retail and business use, D area, class ½ height district; 97th Avenue is in a residence use, E area, class 1 height district; that as of July 25, 1916 the property was zoned as a business use, one times height and a D area district; that the present retail use designation for the property became effective on May 23, 1957; that no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated August 1, 1957 acting on N.B. Applic. 2431-57, reads:

"1. Installation of gasoline station, lubritorium, car washing (non-automatic), minor repairs with hand tools only, office, storage and sales of auto accessories, parking of more than 5 cars awaiting service on a plot located in a Retail use district is contrary to Art. II Sec. 4A of the Zoning Resolution.

"2. Proposed show window, signs and curb cuts within 75 ft. of a Residence use district is contrary to Art. II Sec. 7A of the Zoning Resolution.

"3. Proposed ground sign in a Retail use district is contrary to Art. II Sec. 4A of the Zoning Resolution.

and

WHEREAS, the applicant states that the premises consist of a plot, 103.10 feet frontage by 118.74 feet in depth, presently developed with an 18 foot by 24 foot, one story restaurant, for which Certificate of Occupancy No. Q8008 was issued on November 5, 1939, located at the front of the lot near the intersection of Van Wyck Expressway and 101st Avenue; that it is proposed to remove the existing one story restaurant building and to erect and maintain for a stated term of fifteen years a parkway type gasoline service station, lubritorium, non-automatic car wash, minor repairs with hand tools only, office, storage and sales of auto accessories, parking of more than five cars awaiting service, with show windows, signs and curb cuts within 75 feet of a residence use district, and with ground sign in a retail use district; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district

regulations of the zoning resolution and that the application be and it hereby is granted under Section 7f for a term of fifteen years as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received December 20, 1957", 4 sheets, on condition that all buildings and uses now on the premises shall be removed and the premises shall be leveled to the grade of the service road of Van Wyck Expressway and 101st Avenue and shall be arranged and constructed substantially as indicated on such plans filed with this application above cited; that the accessory building shall be located where shown and shall be of the general design as indicated; that there shall be no windows on the rear or side lot lines to adjoining premises; that the accessory building shall have no cellar and in all other respects shall comply with the requirements of the Building Code; that pumps shall be of a low approved type erected not nearer than fifteen feet to a street building line; that there may be twelve 550 gallon approved gasoline storage tanks; that curb cuts shall be restricted to two curb cuts each 30 feet in width to 101st Avenue and two of similar width to Van Wyck Expressway service road; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that on the lot line to the west there shall be erected a two foot high masonry wall with a steel picket fence above to a total height of not less than five feet six inches; that a similar wall shall be constructed on the north lot line where walls of the proposed accessory building do not occur; that in front of such wall there shall be a planting area as indicated with suitable planting and properly protected with curbing eight inches in height and six inches in width; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and advertising devices but permitting the erection at the intersection of a post standard for supporting a sign which may have two leaves advertising only the brand of gasoline on sale and permitting such leaves to extend beyond the building line for a distance of not more than four feet; that the premises where not occupied by the accessory building and pumps and planting shall be paved with concrete or asphaltic pavement; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that under Section 7e there may be for a similar term parking of motor vehicles on such spaces as are unbuilt upon where such parking will not interfere with the servicing of the station; that under Section 7A any show windows or signs or curb cuts herein permitted shall be permitted; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

44-35-BZ—Vol. IV

APPLICANT—Frederick A. Ketcher, for Kesbec, Inc., owner; Arthur O. Leuck, lessee.

SUBJECT—Application reopened January 8, 1957 as Vol. IV—decision of the Borough Superintendent, under sections 21 and 7h of the Zoning Resolution, to permit in a business use district, the extension of the yard area of the existing legal gasoline service station to include the present use of the parking of more than five (5) motor vehicles for a term to run concurrently with the term of the variance.

PREMISES AFFECTED—46-01 Laurel Hill Boulevard and 50-77 46th Street, northeast corner, Block 2296, Lots 1 and 81, Woodside, Borough of Queens.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: Joseph Spencer, Mary C. Kelshan, Margaret Pettit, Mary McKenna, Catherine O'Hara, Catherine Mahoney and Dan Keeshan.

ACTION OF BOARD—Resolution amended.

Negative: 0
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on January 8, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on February 4, 1958 after due notice by publication in the Bulletin; laid over to February 11, 1958, at request of objector, applicant concurring; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Laurel Hill Boulevard are in a business use, B area, class 1½ height district; 46th Street and 47th Street are in residence and business use, B area, class 1½ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated October 3, 1957 acting on Alt. Applic. 2539-56, reads:

"1. The proposed extension of the existing gasoline service station, lubrication, minor repairs & car washing, to include the parking of more than 5 cars on both lots, is contrary to the decision of the Board, re Cal. 44-35-BZ & is contrary to Art. 2 Sec. 4 of Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 116.6 feet frontage by 81.4 feet and 25 feet in depth, irregular; that the present building was erected in 1948; that a temporary Certificate of Occupancy, No. Q-61566, expiring October 6, 1963 was issued for lot No. 1 for gasoline service station, lubrication, minor motor vehicle repairs and car washing, and permanent Certificate of Occupancy No. Q-104658 was issued for the parking and storage of more than five motor vehicles; that permits for curb cuts totaling 105 feet were issued under the following numbers: No. 215497 dated July 3, 1935 for 75 feet and No. Q-147 dated September 1, 1956 for 30 feet; that it is proposed to add lot 81 to the present lot No. 1 and thus increase the yard area of the gas station by some 3,640 square feet, and remove the brick wall with the wood fence which is at the easterly lot line of lot No. 1; that this additional area will be properly graded and covered with an asphalt binder; and

WHEREAS, it appears that the parking lot is already permitted by the Department of Buildings and there is no occasion to assume jurisdiction of this parking lot as an accessory use.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 8, 1949, under Volume III, as thereafter amended by resolution adopted November 1, 1949 by adding thereto:

that in the event the owner desires to operate the gasoline station and the parking lot jointly, the existing wall separating the gasoline station from the parking lot may be removed provided there is no extension of the gasoline station into the space now used for the parking lot as shown on plans filed with this application marked "Received October 8, 1957", 4 sheets, with the exception that the additional curb cut shown from Laurel Hill Boulevard, toward the east, with a width of 14 feet shall not be constructed; that there shall be no additional curb cut other than those now existing for the present parking lot and the gasoline station; that all requirements of the Department of Buildings as to the installation of walls on the building lines and all other lot lines, other than the lot lines between the gasoline station and the parking lot shall be maintained; that driving over the parking lot to reach the gasoline station from the present thirty foot curb cut of the parking lot may be permitted as long as there is no portion of the gasoline station use extended to the lot now used for parking; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

904-46-BZ—Vol. II

APPLICANT—Samuel Miller, for Esso Standard Oil Company, owner.

SUBJECT—Application reopened September 10, 1957 as Vol. II—re decision of the Borough Superintendent, under sections 7i, 7e, 7f of the zoning resolution, to permit in a business use district, the extension of the present use of gasoline service station, lubritorium and auto laundry to include minor auto repairs with hand tools only and the parking of motor vehicles awaiting service.

PREMISES AFFECTED—2018-2032 Stillwell Avenue, northwest corner of 86th Street, Block 6860, Lot 28, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph B. Lynch.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 10, 1957, subject to regular procedure; and

WHEREAS, a public hearing was held on this application on February 11, 1957 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Stillwell Avenue, 85th Street, 86th Street and 25th Avenue are in a business use, D area, class 1 height district; that on July 25, 1916 the subject premises were located in a business use district, class one height and D area; that there have been no zoning changes and there is no contravention of Sections 21A and 7A of the Zoning Resolution; and

WHEREAS, the decision of the Borough Superintendent, dated July 9, 1957 acting on Alt. Applic. 4020-56, reads:

"1. Proposed addition of minor auto repairs with hand tools only and parking of cars awaiting service to existing gasoline service station, lubritorium and auto laundry, in a Business Zone, is contrary to Art. II Par. 4a, sub-sections 29 and 46 of the Zone Resolution.

"2. Premises were subject of the Bd. of S&A variance under Cal. No. 904-46-BZ for a term of ten (10) years expiring February 4th, 1957. Proposed extension of the term of the variance is referred to the Bd. of S&A.

"3. Curb cuts are not in accordance with Bd. of S&A variance under Cal. No. 904-46-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 133 feet 8½ inches frontage by 97 feet 2½ inches and 91 feet 9¾ inches in depth, triangular; that it is proposed to include the additional uses of minor auto repairs with hand tools only, maintained solely within the accessory building, and the parking of motor vehicles awaiting service at an existing gasoline service station, lubritorium and auto laundry, previously granted by the Board under subject application for a term of ten years on February 4, 1947; that the term of the variance granted February 4, 1947 expired on February 4, 1957 and this application includes the request for an extension of the term of said variance, including the additional uses, for an additional period of fifteen years; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, subdivision i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7i as to

MINUTES

objection 1 to permit motor vehicle repairing using hand tools only for adjustments maintained solely within the accessory building as shown on plans filed with this application marked "Received July 23, 1957, three sheets," for a similar term as herein permitted for the main use of a gasoline service station; that as to objection number two, that the term as stated in the resolution as adopted by the Board on February 4, 1957, under Section 7f for a term of ten years is hereby amended so as to read under Section 7f thereof for a term of ten years from the date of this resolution; that the provision covering curb cuts previously permitted under the resolution as adopted by the Board on February 4, 1947, is hereby amended to read as to objection 3, "and two curb cuts to Stillwell Avenue, one, thirty feet including splays, and one thirty-three feet, including splays, and two curb cuts to 86th Street, each 30 feet in width, including splays;" that there may be parking of cars for a similar term provided such parking does not interfere with the servicing of the station; that in all other respects the resolution adopted by the Board on February 4, 1947 as thereafter amended by resolution adopted through May 16, 1950, shall be complied with; that all permits shall be obtained and all work completed and a certificate of occupancy obtained within six months from the date of this amended resolution.

55-53-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Rainbow Improvement Corp., owner.

SUBJECT—Application reopened September 24, 1957 as Vol. II—re decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a restricted retail and retail use district, the extending of the present use of parking and storage of pleasure cars only by adding thereto, office, scale room, display of new and used cars and trucks, sale of used auto parts, minor auto repairs, storage, purchase and sale of scrap metals, parking and storage of cars and trucks.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 24, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 14, 1958 after due notice by publication in the Bulletin; laid over to February 11, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Paerdegat Avenue and Glenwood Road are in restricted retail and retail use, D area, class 1 height districts; East 59th Street is in a restricted retail use, D area, class 1 height district; Ralph Avenue is in a retail use, D area, class 1 height district; that as of July 25, 1916 the premises was in an undetermined use district and was placed in a business use district on August 14, 1943 and then changed to its present use designation on March 7, 1949; and

WHEREAS, the decision of the Borough Superintendent, dated August 9, 1957 acting on N.B. Applic. 1463-57, reads:

"1. Proposed office, scale room, sale and display of new and used cars and trucks, sale of used auto parts, minor auto repairs, storage, purchase and sales of scrap

metal and parking and storage of cars and trucks, within a Restricted Retail and Retail district, is contrary to Art. 2, Sect. 4A and 4B of Zoning Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 227 foot, 93/4 inch frontage by 79 feet, 10 1/4 inches in depth, irregular, now being used for parking and storage of pleasure cars only; that this use was established under Alt. Applic. 4788-1952 and Cal. No. 55-53-BZ, for a temporary period of five years; that Certificate of Occupancy No. 139612 was issued for said use, to expire June 23, 1958; that it is proposed to secure a variance for a temporary period of ten years in order to maintain the present legal use of parking and storage of pleasure cars only, and add the uses of parking and storage of trucks, office, scale room, sales and display of new and used cars and trucks, sales of used auto parts, minor auto repairs, storage, purchase and sales of scrap iron; that the contemplated scale room and office building will be one story in height, of class 3 construction, with a frontage of 12 feet and a depth of 22 feet; that the truck scale will be flush with the ground; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the Committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7e for a term of five years to permit the premises to be occupied substantially as proposed and shown on plans filed with this application marked "Received September 4, 1957," 4 sheets, and revised plans marked "Received January 21, 1958," one sheet, showing the new location of the metal storage yard on condition that the storage of scrap iron shall be confined solely to the area facing on Ralph Avenue for a distance of 140 feet and a depth of one hundred feet; that a woven wire fence not less than six feet in height shall be constructed on all sides of this area and shall be covered with corrugated metal to a total height of not less than eight feet; that on all other lot lines where shown on such revised plan marked "Received January 21, 1958" woven wire fences of the chain link type not less than five feet six inches in height shall be erected; and one curb cut to Glenwood Road not over 14 feet in width each, with no curb cut to Paerdegat Avenue or East 59th Street; that the premises shall be surfaced with steam cinders or clean gravel and treated with a binder and properly rolled; that in all other respects all laws, rules and regulations applicable to the building and occupancy shall be complied with; that the premises shall be occupied during the normal business hours and if they are occupied in the evening or night hours suitable lighting shall be provided; that under Section 7h, for a similar term, the parking and storage of motor vehicles may be permitted; that there may be permitted a sign attached to the fence near the entrance not over three feet six inches containing the rates charged and such information as may be required by the Commissioner of Licenses; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

859-53-BZ—Vol. II

APPLICANT—Samuel S. Arlen, for James Alan Building Corp., owner.

SUBJECT—Application January 11, 1957, decision of the Borough Superintendent, under sections 19Aj and 21 of the Zoning Resolution, to permit in a business and residence use district, the elimination of a required loading bay used as an accessory to twelve existing stores and to

MINUTES

construct a store thus increasing the number of stores to thirteen.

PREMISES AFFECTED—138-38 to 138-54 84th Drive and 138-01 to 138-07 Queens Boulevard, southeast corner, Block 9649, Lot 44, Briarwood, Borough of Queens.

Negative: 0

Absent: Chairman Murdock and Commissioner Foley.. 2

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on February 5, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 7, 1958 after due notice by publication in the Bulletin; laid over to February 11, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 84th Drive and 86th Avenue are in business and residence use, D area, class 1 height districts; Queens Boulevard is in a business use, D area, class 1 height district; 139th Avenue is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 17, 1956 acting on Alt. Applic. 2500-56, reads:

"1. The proposed change in the arrangement to convert the loading bay to a retail store is contrary to Board of Standards and Appeals Res. Cal. #859-53-BZ and is referred back to the Board for reconsideration."

and

WHEREAS, the applicant states that the premises consist of a plot, 200.93 feet frontage by 63.73 feet and 93.31 feet in depth, irregular, and presently improved with a one story brick and cellar building of class 3 construction, containing twelve stores; that it is proposed to alter the building by removing the overhead door, replacing same with standard type show windows, thus converting the loading bay into a retail store for use similar to that of the remainder of the building; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 29, 1954, as thereafter amended by resolutions adopted through October 4, 1955, by adding thereto:

"that in the event the owner desires to construct a store in the area of the premises now occupied for loading platform substantially as proposed and shown on plans filed with this application marked "Received January 11, 1957," 5 sheets, and "October 9, 1957," one sheet, he may be permitted to do so provided that in all other respects the resolution above cited shall be complied with; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

748-55-BZ

APPLICANT—O'Dwyer and Bernstein, for Michael O'Grady, owner.

SUBJECT—Application September 22, 1955—decision of the Borough Superintendent under section 7e and 7h of the zoning resolution, to permit in a residence use district, the construction and maintenance of a gasoline service station, lubritorium, car wash, minor repairs with hand tools only, parking for motor vehicles awaiting service, and the licensed off street parking of more than five (5) motor vehicles, for a stated term of fifteen (15) years.

PREMISES AFFECTED—262-290 Sheridan Avenue, 1149-1159 Belmont Avenue, northwest corner and 555-567 Lincoln Avenue, Block 4238, Lot 11, Borough of Brooklyn.

APPEARANCES—

For Applicant: Frank Durkin and Michael O'Grady.

For Opposition: None.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 10, 1957 after due notice by publication in the Bulletin; laid over to January 14, 1958, for hearing, at request of attorney for objectors; then to February 11, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Conduit Boulevard, Sheridan Avenue and Lincoln Avenue are in a residence use, C and D area, class 1 height district; that as of July 25, 1916 the premises were zoned for business use on all portions within 100 feet of Conduit Boulevard and all portions within 100 feet of Belmont Avenue, the balance being zoned for residence use; that on May 15, 1941 all of the subject premises was placed in a residence use district; and

WHEREAS, the decision of the Borough Superintendent, dated October 15, 1957 acting on N.B. Applic. 1320-55, reads:

"1. Proposed building and premises in a Residence Zone, to be used for gasoline service station, lubritorium, auto laundry (non-automatic), minor auto repair shop with hand tools only, auto inspection station, parking and storage of motor vehicles and office and sales of auto accessories, is contrary to Article II, PP. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 237 feet 3 $\frac{3}{8}$ inches frontage by 260 feet, irregular in depth, and presently unimproved; that it is proposed to erect and maintain, for a stated term of fifteen years, a gasoline service station with lubritorium, auto laundry, minor repairs with hand tools only, auto safety inspection station, open parking for cars awaiting service and licensed off street parking facilities; that space will be provided for the parking of approximately 125 cars in an area where the streets are presently congested by the parking of cars from numerous points on Long Island, which presently use the Euclid Avenue station of the Independent Subway; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e and h for a term of fifteen years *on condition* that the premises shall be erected and maintained substantially as shown on plans filed with this application marked "Received October 18, 1957," 3 sheets; that on the southerly lot line from Lincoln Avenue along the line of the easement toward the westerly lot line there shall be erected a brick wall not less than five feet six inches in height; that along the building line of Lincoln Avenue to a point approximately forty feet from the building line of Conduit Avenue there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than five feet six inches and similar fences shall be erected on the building lines of Belmont and Sheridan Avenues, where shown, with suitable terminating posts; that curb cuts shall be restricted to four curb cuts to Conduit Avenue each not over 30 feet in width and with no

MINUTES

curb cut nearer than five feet to an intersection and one existing curb cut to Lincoln Avenue not more than thirty feet in width and one proposed curb cut to Sheridan Avenue also not over thirty feet in width, with no curb cut nearer than five feet to an intersection; that gasoline storage tanks shall be restricted to twelve 550 gallon approved tanks, as shown; that pumps shall be of a low approved type erected not nearer than fifteen feet to the street building line of Conduit Avenue; that where not occupied by the accessory building and pumps the premises shall be surfaced with concrete or bituminous pavement; that under Section 7h the parking and storage of motor vehicles, for a similar term, may be permitted; that suitable bumpers shall be installed and maintained along all lot lines where fences occur for the protection of such fences; that in all other respects all laws, rules and regulations shall be complied with; that the accessory building shall be faced with face brick, as shown; that the easement from Lincoln Avenue shall be for access by the people in the houses to the south; and that all permits, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

661-56-BZ—Vol. II

APPLICANT—S. Jules Lakin, for S. Jules Lakin and M. L. Bennett, owners.

SUBJECT—Application reopened October 8, 1957 as Vol. II—decision of the Borough Superintendent, under sections 7f, 7i and 7e of the Zoning Resolution, to permit in a retail and residence use district, the erection and maintenance of a gasoline service station, lubritorium, auto laundry—non automatic, minor auto repairs with hand tools only, and parking of cars awaiting service, for a stated term of fifteen (15) years with ground sign in the retail use district.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 8, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 14, 1958 after due notice by publication in the Bulletin; laid over to February 11, 1958 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 92nd street are in retail and residence use, C and D area, class $\frac{1}{2}$ and class $\frac{3}{4}$ height districts; 93rd Street is in retail and residence use, C and D area, class $\frac{3}{4}$ height districts; Astoria Boulevard is in a retail use, C area, class $\frac{1}{2}$ and class $\frac{3}{4}$ height district; 30th Avenue is in a residence use, D area, class $\frac{1}{2}$ and class $\frac{3}{4}$ height district; and

WHEREAS, the applicant states that at the present time the plot is included in a retail use district to a depth of 100 feet parallel with Astoria Boulevard, with a small portion or irregular gore located at the southwest corner of the plot being included in a residence use district; that the portion of the plot within the residence use district will not be used for service station purposes other than fence walls and planted area; that 100 feet of the plot in question is presently included in a $\frac{1}{2}$ class height with the balance of said plot, together with the remaining part of the entire block, being zoned for class $\frac{3}{4}$ height; that the frontage of the plot along Astoria Boulevard to a depth of 100 feet parallel with same is included in a class

C area, with the balance of the plot under consideration and the remaining part of the block, zoned for class D area; that on July 25, 1916 Astoria Boulevard, to a depth of 100 feet, was included in a business use district, with the balance of the block south to 30th Avenue zoned for residence use; that the entire block was zoned class 1 height and C area; that the business use was changed to retail zone on an amendment effective May 4, 1953; that there was no change in the residence use; that the height changes were effective on July 31, 1947 and the area changes were included in the same amendment; that there is no contravention of section 21A and 7A; that there will be no entrance to the proposed station on 92nd Street; and

WHEREAS, the decision of the Borough Superintendent, dated November 15, 1957 acting on N.B. Applic. 349-56, reads;

"1. The erection and maintenance of a gasoline service station, lubritorium, auto laundry (non-automatic), minor auto repairs with hand tools only and the parking of motor vehicles awaiting service, on a plot partly in a residence use district and partly in a retail use district is contrary to Art. II, Sections 3 and 4A of Zoning Resolution.

2. The erection of a ground sign (brand sign advertising gasoline to be sold) in a retail use district is contrary to Art. II Section 4A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 140.8 foot frontage by 113 feet and 64 feet in depth, now vacant, except for two billboards erected in 1947; that it is proposed to erect and maintain a gasoline service station, lubritorium, non-automatic auto laundry, minor auto repairs with hand tools only for adjustments, and the parking of motor vehicles awaiting service for a term of fifteen years; that it is also proposed to erect a brand sign advertising the gasoline sold; that this sign will be located near the intersection and will overhang the lot line of Astoria Boulevard not more than four feet; that it is proposed to erect a one story, no cellar accessory building finished on two street fronts with face brick; that it is also proposed to install twelve 550 gallon gasoline tanks and one concrete pump island with three low approved type gasoline dispensing pumps; that there will also be erected, along the interior lot lines, a 4 foot 6 inch high woven wire fence of the chain link type on a one foot high masonry base, and a similar type fence will be erected, for a minimum distance of about 58 feet, along the street lot line of 92nd Street; that the plot, where not occupied by building and planted spaces, will be paved with asphaltic concrete; that it is also proposed to repair or construct sidewalks and curbs on both streets and install two 30 foot curb cuts on Astoria Boulevard; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e and f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7e and f for a term of fifteen years to permit the premises to be occupied as a gasoline service station and uses accessory thereto substantially as proposed and shown on plan filed with this application marked "Received November 27, 1957," 4 sheets, on condition that the premises, where not occupied by the accessory building and pumps, shall be surfaced with bituminous or concrete paving substantially to the grade of Astoria Boulevard and 92nd Street; that from the end of the accessory building a brick wall not less than five feet six inches in height shall be erected to the building line of 92nd Street and returned along 92nd Street; that a grassed

MINUTES

area shall be provided as shown on such plans, properly protected with a curb; that curb cuts shall be restricted to two curb cuts to Astoria Boulevard not more than 30 feet in width each and not nearer than five feet to the intersection; that an area of 28 feet by 64 feet, irregular, to the east of the accessory building shall remain vacant or shall be used for a conforming use; that gasoline storage tanks shall be restricted to not more than twelve 550 gallon approved tanks; that pump islands shall be erected not nearer than fifteen feet to the street building line of Astoria Boulevard; that there shall be no entrance from or exit to 92nd Street; that the return wall on 92nd Street shall be carried to within fifteen feet of the corner of Astoria Boulevard and may be reduced, within the last ten feet, to a height of not less than four feet; that under Section 7i there may be minor motor vehicle repairing carried on within the accessory building with hand tools only for adjustments; that under Section 7e for a similar term there may be parking of cars awaiting service; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all temporary signs but permitting the erection at the intersection of Astoria Boulevard and 92nd Street of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

6-57-BZ

APPLICANT—M. Martin Elkind, for Jean Daronnat, owner.

SUBJECT—Application January 8, 1957—decision of the Borough Superintendent, under section 7h of the zoning resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) cars.

PREMISES AFFECTED—37-41 73rd Street, east side, 120 feet north of 37th Road, Block 1284, Lot 15, Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: M. Martin Elkind.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Foley.. 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 14, 1958 after due notice by publication in the Bulletin; laid over to February 11, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; 73rd Street is in business and residence use, B area, class 1½ height districts; 74th Street, 37th Avenue and Broadway are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 11, 1956 acting on Alt. Applic. 2291-56, reads:

"1. The parking & storage of motor vehicles in a residence use district is contrary to the zoning resolution. Article II Section 3."

and

WHEREAS, the applicant states that the premises consist of a plot, 37 feet frontage by 100 feet in depth; that the property at present consists of vacant land except that a two car garage exists at the rear partly on the subject premises and partly on adjacent property; that it is proposed to remove the two car garage now extending partly on these premises, the grading of surface, erection of fences

and installation of any other requirements in accordance with the conditions of approval; that the garage at the rear of the property, which is proposed to be removed, is almost entirely on subject premises and encroaches to a small extent on lot 16 to the north; that lot 16 is under the same ownership as subject premises; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Sections 7h for a term of five years to permit the premises to be occupied for parking and storage of motor vehicles as proposed and shown on plans filed with this application marked, "Received January 8, 1957, two sheets, and December 6, 1957, one sheet," on condition that the premises shall be graded substantially to the grade of 73rd Street and surfaced with steam cinders or clean gravel with a suitable binder; that all existing buildings on the lot shall be demolished; that the stoop now projecting on the site shall be removed; that the premises shall be surrounded by woven wire fences of the chain link type on a masonry base to a total height of not less than five feet, six inches; that a gate shall be installed on 73rd Street side; that the entrance shall be solely to 73rd Street by means of the existing curb cut, as shown; that the fence shall be fitted with a gate which shall be kept closed when the parking lot is not in operation; that except where walls of adjoining buildings occur, suitable bumpers shall be provided for the protection of the fence; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the zoning resolution.

221-57-BZ

APPLICANT—Henry Nordheim, for Sophie Shleffar, owner (Leland Stations, Inc., lessee).

SUBJECT—Application March 26, 1957—decision of the Borough Superintendent, under section 7c of the zoning resolution, to permit in a residence use district, the reconstruction of the present gasoline service station, greasing, car washing and two gasoline pumps.

PREMISES AFFECTED—439-451 Sound View Avenue and 440 Leland Avenue, south junction of, Block 3498, Lots 17 and 23, Borough of The Bronx.

APPEARANCES—

For Applicant: Henry Nordheim.

For Opposition: Mary M. Flynn, Carmela D. Jicilian, Florence Lee and Charlotte Moder.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Foley.. 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 17, 1957 after due notice by publication in the Bulletin; laid over to January 14, 1958, at the request of an objector; then to February 11, 1958, for inspection and decision; and for the applicant to correct his plans hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Soundview Avenue, Leland Avenue, Underhill Avenue and Patterson Avenue are in a residence use, E-1 area, class ½ height district; that on April 26, 1945 the use was changed from business to residence; that on September 23rd, 1954 the height was changed from 1½ to ½ and area changed to E-1; and

MINUTES

WHEREAS, the decision of the Borough Superintendent, dated March 19, 1957 acting on amendment to Alt. Applic. No. 27-57, reads:

"1. In a Residence district the proposed erection of the new building and extension of the existing gasoline service station, office, car washing and two gasoline pumps to a gasoline service station, office, greasing and car washing and two gasoline pumps is contrary to Art. II, Sec. 3 of the Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 273.75 feet frontage by 140.54 feet in depth; that on lot 23 is an existing gasoline service station with an old fashioned type metal office building 11 feet 6 inches by 32 feet, and it is unsightly; that it is proposed to demolish it and construct a new masonry building, 24 feet 8 inches by 48 feet, one story, 13 feet high, faced with modern enameled metal surfacing; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c for a term of fifteen years *on condition* that all buildings on the premises not proposed to be retained shall be demolished and that the premises shall be reconstructed as proposed and shown on plans filed with this application marked "Received March 26, 1957", 3 sheets; that the accessory building shall be faced with face brick, and not enamelled metal as shown; that the portion of the premises marked "vacant" shall remain vacant and shall not be considered to be an extension of the gasoline station; that in all other respects all laws, rules and regulations applicable to the building and occupancy shall be complied with; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

259-57-BZ

APPLICANT—Burke, Green and Groh, for Walter Berger and Arthur Hofer, owners.

SUBJECT—Application April 4, 1957—decision of the Borough Superintendent under sections 7c and 7e of the zoning resolution, to permit in a residence and local retail use district, the erection of a one story extension to the existing building for use as a factory and the use of the unbuilt upon portion for parking and storage of employees and patrons cars in conjunction with the factory.

PREMISES AFFECTED—220-13 Hempstead Avenue, northeast corner of 220th Street, Block 10775, Lot 41, Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh and Arthur Hofer.

For Opposition: Jerome L. Blakeman.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 11, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 220th Street and 221st Street are in residence and local retail use, D and G-1 area, class $\frac{1}{2}$ height districts; 102 Avenue is in a residence use, G-1 area, class $\frac{1}{2}$ height district; Hempstead Avenue is in a local retail use, D area, class $\frac{1}{2}$ height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 5, 1957 acting on Alt. Applic. 240-57, reads:

"1. The extension of the use of the premises as a factory in a Local Retail Use District is contrary to Art. II—4c of Zoning Resolution.

"2. The use of the open spaces for parking and storage of patrons and employees cars in conjunction with factory use in a Local Retail Use District is contrary to Art. II—4c of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 60 feet frontage by 102.12 feet, irregular in depth, occupied by a one story masonry factory, 25 feet by 90 feet in size, with a cellar under the entire building; that the entire perimeter of the site is fenced with an 8 foot high woven wire fence, except where the walls of the building occur; that the open yard is used for the parking and storage of patrons' and employees' cars; that it is proposed to construct a one story masonry, class 3 extension, 25 feet by 42 feet in size, at the building line and connected to the existing building; that two openings will be provided between the new and the old portions; that the new extension will be used for packing, shipping and storage, and office space; that an additional toilet room will be provided in the new area, and no new cellar will be provided; that the one curb cut for access to the parking area will remain unchanged; that the new portion will have a brick front and cement block right side and rear; that the use of the present cellar will remain unchanged; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit an extension of the building as proposed and as indicated on plans filed with this application marked, "Received April 4, 1957, five sheets," *on condition* that the building shall not exceed the size as shown and that it shall not exceed one story in height, without a cellar, and it shall be occupied solely for the purpose as indicated in connection with the existing building; that in all other respects the building shall comply with all rules and regulations applicable thereto; that under section 7e for a term of five years there may be parking of employees and patrons' cars in conjunction with the factory use on such portions of the premises that are unbuilt upon; that on the front, side and rear lot lines where walls of adjoining buildings do not occur, there shall be erected woven wire fences of the woven wire chain link type not less than five feet, six inches in height, including a masonry base; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

288-57-BZ

APPLICANT—Anna Pick, owner.

SUBJECT—Application April 10, 1957—decision of the Borough Superintendent under sections 7c and 21 of the zoning resolution, to permit in a residence and local retail use district, the extension of a presently legally existing parking lot from the local retail portion of the premises into the residence use portion.

PREMISES AFFECTED—184-05 to 184-13 Hillside Avenue, north side, 40 feet east of Dalny Road, and 87-21 to 87-23 Dalny Road, Block 9954, Lots 6 and 72, Jamaica, Borough of Queens.

Negative: Acting Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 3
Absent: Chairman Murdock and Commissioner Foley . 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 14, 1958 after due notice by publication in the Bulletin; laid over to February 11, 1958, for inspection and decision; hearing closed; applicant to see examiner and file copy of certificate of occupancy for present parking in business district; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence and local retail use, D area, class ½ height districts; Dalny Road is in residence and retail use, D and F area, class ½ height districts; Chelsea Street is in residence and retail use, D and F area, class ½ height districts; Wexford Terrace is in a residence use, F area, class ½ height district; Hillside Avenue is in a retail use, D area, class ½ height district; that as of July 25, 1916 the property was zoned as a one times height district and the present class ½ designation became effective on June 30, 1952; that as of July 25, 1916 the portion of the property within 100 feet of Hillside Avenue was zoned as a business district and a C area district and the remainder was zoned as a residence district and an E area district; that the present retail designation for the portion within 100 feet of Hillside Avenue became effective on January 21, 1947; that on July 13, 1939 the portion of the property beyond 100 feet from Hillside Avenue was changed to an F area district, and on June 30, 1952 the portion of the property within 100 feet of Hillside Avenue was placed in a D area district; that on February 10, 1953 the D area district expanded to its present inclusion of the entire property; that no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated March 28, 1957 acting on Alt. Applic. 93-57, reads:

"1. The extension of the existing parking lot located in a retail zone to include that portion of the plot located within the residential zone for parking of motor vehicles is contrary to Art. 2, Sec. 3 of the Zoning Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 140 feet frontage by 160 feet in depth; that it is proposed to level and grade those sections of the site which now comprise lots No. 6 and that portion of lot No. 72 more than 100 feet from Hillside Avenue so as to permit the entire site to be used as a parking lot; that at the present time the undeveloped portions of the site are strewn with rock and land of unlevel nature; that the proposed parking lot will receive a cinder surfacing treated with a binder agent; that a six foot woven wire fence will be provided on all lot lines and building lines except where there exists a previous concrete wall; that a 17 foot curb cut will be constructed on each street for egress and ingress of motor vehicles; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the zoning resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 93-57, Objection No. One be and it hereby is affirmed and that the application be and it hereby is denied.

350-57-BZ

APPLICANT—Burke, Green and Groh, for Joseph B. Weynert, owner.

SUBJECT—Application April 29, 1957—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a residence use, D area district, the erection of a two-story building for use as a doctor's office and two dwellings without the required garages or parking spaces.

PREMISES AFFECTED—58-44 Main Street, west side, 20.74 feet north of 59th Avenue, Block 6378, Lot 40, Flushing, Queens.

For Applicant: Robert T. Groh.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Kleinert and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Foley.. 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 7, 1958 after due notice by publication in the Bulletin; laid over to January 14, 1958, at request of objector, applicant concurring; than to February 4, 1958, for further consideration after applicant has corrected his application and for decision; hearing closed; then to February 11, 1958, for decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, D-1 area, class 1 height district; that these designations have not changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated April 23, 1957 acting on N.B. Applic. 3866-56, reads:

"1. A two family dwelling located in a Res. "D" district must have parking or garage space for 2 cars as per Sec. 19B of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 20.74 foot frontage by 111.87 feet in depth, irregular; that it is proposed to erect a two story house, the first floor of which is to be a doctor's office and the second floor to contain two efficiency apartments; that each apartment will consist of two rooms and bath; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the zoning resolution and that the application be and it hereby is granted under Section 21 of the resolution to permit the omission of the garage required for a two-family dwelling as proposed and indicated on plans marked, "Received April 29, 1957, three sheets;" that in all other respects the building shall comply with all rules, laws and regulations applicable thereto; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the zoning resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 21, 1958 after due notice by publication in the Bulletin; laid over to February 11, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 59th Street are in a residence use, B area, class 1½ height district; 37th Avenue is in residence and business use, B area, class 1½ height districts; 58th Avenue and Broadway are in a business use, B area, class 1½ height district; that prior to April, 1927 this area was in an unrestricted use area and its change to residential use brought no change in the character of the neighborhood; that almost all construction since April, 1927, a matter of 30 years, has been factories, garages, gas stations and warehouses; and

WHEREAS, the decision of the Borough Superintendent, dated May 10, 1957 acting on N.B. Applic. 1570-57, reads:

"1. The erection of a factory in a residence use district is contrary to Art. II Sec. 3 Zoning Res.

"2. The proposed building being a non-residential bldg. located in a residence zone is excessive in area and contrary to Article IV Sec. 12(b) Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 100 feet in depth, upon which there is presently located a one story brick building formerly used as a live poultry market on the center of the lot, which is to be demolished; that the other lots are at present vacant; that it is proposed to improve the site with a one story fireproof building of modern design which will enhance the surrounding area and improve the immediate neighborhood; that the owners have previously erected buildings along 37th Avenue and the site in question will be improved in a similar architectural manner as was submitted under Cal. No. 283-53-BZ and Cal. No. 284-53-BZ; that the proposed structure will be 74 feet by 99 feet by 14 feet and 7326 square feet in area, and used for factory purposes in full conformity with Section 4b of the Zoning Resolution; that loading and unloading area within the building is provided as indicated on submitted plans; and

WHEREAS, the applicant further states that the plot is 7500 square feet in area; that it is proposed to occupy 7326 square feet, with the following allocations:

Area of lot	7500 sq. ft.
Area of proposed building	7326 sq. ft.
Allowable: 80% of 5000 sq. ft.	4000 sq. ft.
65% of 2500 sq. ft.	1685 sq. ft.

	5685 sq. ft.
Loading Area	490 sq. ft.

TOTAL ALLOWABLE	6175 sq. ft.
EXCESS	1151 sq. ft.

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section

7, Subdivision E of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulation of the zoning resolution and that the application be and it hereby is granted under Section 21 as to area and Section 7e as to use to permit the erection of a one story building to be used as a factory building substantially as shown on plans marked "Received May 21, 1957", five sheets, on condition that the building shall not be increased in height or area and that in all other respects all laws, rules and regulations applicable thereto shall be complied with; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

437-57-BZ

APPLICANT—Max Siegel Associates, for 1167 Broadway Corp., owner.

SUBJECT—Application June 5, 1957—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a residence and business use district, the continuance of an existing factory located on a portion of a lot within a residence use district and extending from a business use district of the same lot.

PREMISES AFFECTED—1167-1169 Broadway and 1-13 Kossuth Place, northeast corner, Block 3252, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Max Siegel.

For Opposition: Anna Turton, Beatrice Bradshaw and Sauerio A. Scammacca.

For Administration: John J. Saunders, Board of Education.

ACTION OF BOARD—Application granted on condition. THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper.. 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 11, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Kossuth Place and Kosciusko Street are in business and residence use, C area, class 1 height districts; Broadway is in a business use, C area, class 1 height district; Bushwick Avenue is in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated May 28, 1957 acting on Alt. Applic. 1597-57, reads:

"1. Proposed change in occupancy of rear 1-story frame (Class 4) structure from stores and storage to store and factory within a residential district, is contrary to Art. 2 Section 3 of Zoning Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 46 feet 6 inches frontage by 150 feet in depth, irregular, developed with a four story brick, non-fireproof factory building having an area of 46 feet 6 inches by 100 feet, slightly irregular at the rear, located entirely within the business use district of the lot; that there exists on the Kossuth Place frontage a one story frame extension having an area of 50 feet by 92 feet, now being used for a factory; that this extension is entirely located within a residence use district of this same lot, and is that part of the premises involved in this application; that the balance of the lot extending to Kosciusko Street, having an area of 25 feet by 143 feet is vacant and is used as an exit to the street from the factory building; that the existing building, in its entirety, was erected prior to October 1, 1913 and

MINUTES

prior to the enactment of the original building zone resolution; and

WHEREAS, the Board found that insufficient records were available to show that there was prior use as factory work; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7c to permit the continuance of the existing frame one-story building on a portion of the plot in the residence use district for the purpose for which it has been previously approved, namely stores, storage and factory; that a new certificate of occupancy shall be issued citing the use; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within six months from the date of this resolution.

438-57-A

APPLICANT—Max Siegel Associates, for 1167 Broadway Corp., owner.

SUBJECT—Application June 5, 1957—Appeal from a decision of the Borough Superintendent, re frame building—factory use.

PREMISES AFFECTED—1167-1169 Broadway and 1-13 Kossuth Place, northeast corner, Block 3252, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Max Siegel.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper.. 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 28, 1957 acting on Alt. Applic. 1597-57, reads:

"2. Proposed factory use within a frame building will violate Section 270 of the Labor Law."

and

WHEREAS, the applicant states that the building is 1 and 4 stories, 12 and 47 feet 6 inches in height, 46 feet 6 inches front by 150 feet in depth at 1st floor, 46 feet 6 inches front by 100 feet in depth at typical floor, of class 3 and class 4 construction, erected prior to 1913, located in a business and residence use, C area, class 1 height district, and used and occupied as follows: 1st story section—store and garment factory, 50 persons; the 4 story section—cellar—storage; 1st floor—stores, storage and garment factory, 50 persons; 2nd floor—garment factory, 70 persons; 3rd floor—garment factory and storage, 30 persons; 4th floor—garment factory and storage, 30 persons; no change in use or occupancy is now proposed; that the building is equipped with an approved fire alarm system and regular monthly fire drills are maintained; that in the 4 story portion there are 2 interior stairs, constructed of wood and of steel with cements treads, 2 feet 9 inches and 3 feet 8 inches in width respectively, enclosed in partitions of metal lath and cement plaster and in wood studs equipped with fireproof self-closing doors, stairhall leads to street and to roof bulkhead; that in addition there are two fire escapes extending to roof by ladder and to yard by stair with egress from yard direct to street, window and door openings on the course of the fire escape are not fireproof self-closing; and

WHEREAS, the applicant states that the lot has a frontage of 46 feet 6 inches on Broadway with a depth of 150 feet on Kossuth Place and an irregular depth of 93 feet and 143 feet extending to Kosciusko Street where it has a frontage of 25 feet; that the premises are developed for the 4 story brick factory 46 feet 6 inches by 100 feet in area

within the business use district and the 1 story frame extension on the Kossuth Place front having an area of 50 feet by 92 feet now being used for factory.

Resolved, that the decision of the Borough Superintendent, dated May 28, 1957, acting on Alt. App. 1597, Objection No. 2 be and it hereby is modified and that the appeal be and it hereby is granted to permit the continuance of the factory use in the frame building as determined this day under resolution adopted by the Board under Cal. No. 437-57BZ.

471-57-BZ

APPLICANT—Leonard F. Rothkrug, for Abraham and Dorothy Donner, owners, Juniper Coat Co., lessee.

SUBJECT—Application June 20, 1957—decision of the Borough Superintendent, under sections 7e and 21 of the Zoning Resolution, to permit in a residence use, D area district, the erection and maintenance of a factory for the manufacturing of clothesware, within the limitations of Article II section 4(a) using more than the permitted area, for a term of 25 years.

PREMISES AFFECTED—177-49 to 177-73 106th Road and 106-12 to 106-20 180th Street, northwest corner, Block 10334, Lots 36 and 48, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Foley.. 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 7, 1958 after due notice by publication in the Bulletin; laid over to February 11, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 106th Avenue are in a residence use, D area, class 1 height district; 106th Road is in residence and retail use, D area, class 1 height districts; 180th Street is in residence, retail and unrestricted use, D area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated June 7, 1957 acting on N.B. Applic. 1623-57, reads:

"1. The use of the premises as a factory in a residence use district is contrary to Art. II Sec. 3 of the Zoning Resolution.

"2. Area occupied by structure is excessive for a D district and contrary to Art. IV, Sec. 14(c) of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 103.68 feet frontage by 224.31 feet in depth, irregular; that it is proposed to erect a one story building 17 feet 6 inches in height, of class 3 construction, having a frontage of 103.68 feet along 180th Street, by a depth of 182 feet 8 inches along 106th Road and 155 feet, 4 inches in depth along the north lot line, to be used and occupied as a factory for manufacturing of clothesware products, within the limits of Article II, Section 4(a); and

WHEREAS, the applicant states that the lot is approximately 25,000 square feet in area, and it is proposed to occupy 18,400 square feet in area; that the permitted area coverage is approximately 15,000 square feet; that the location of the premises on two dead end streets is unique; that the proposed 69 foot side yard provides more light, air and ventilation to adjoining property owners than if the lots were subdivided and improved as permitted under the area district zoning; that the proposed plan shows only one off street loading berth, whereas the size of the building would justify additional berths which would permit the proposed coverage; and

WHEREAS, the premises and surrounding area were in-

MINUTES

spected by a committee of the Board; and the committee noted other factories existing in the area and the fact that the premises face an unrestricted district and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulation of the zoning resolution and that the application be and it hereby is granted under Section 21 as to area and Section 7e for a term of twenty years to permit the erection and maintenance of a factory for the manufacture of clothesware substantially as shown on plans filed with the application marked "Received June 20, 1957", 3 sheets, and amended by plans marked "Received November 13, 1957", one sheet, on condition that the building shall be constructed substantially as shown on such plans above cited, faced with face brick; that the entrance shall be solely to 180th Street, with loading platform as required, 33 feet in length and 12 feet in width except that there may be an emergency exit not over three feet in width to 106th Road; that there shall be no windows in the rear wall; that the skylights shall be removed five feet further toward 180th Street; that the area in back shall be left vacant and suitably fenced and landscaped; that in all other respects all laws, rules and regulations applicable thereto shall be complied with; and that all permits including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

473-57-BZ

APPLICANT—John J. Tricarico, for Transit Authority, City of New York, owner.

SUBJECT—Application June 21, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the use of the vacant premises for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—1023-1033 Union Street, north side, 214 feet 8 inches west of Franklin Avenue, Block 1185, Lot 30, Borough of Brooklyn.

APPEARANCES—

For Applicant: John Tricarico.

For Opposition: B. R. Latimer, P. Fabricant and L. Dunner.

For Administration: John J. Saunders, B'd of Education and Samuel Bodian, Park Dept.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Acting Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 3

Absent: Chairman Murdock and Commissioner Foley .. 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 21, 1958 after due notice by publication in the Bulletin; and laid over to February 11, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1¼ height district; Eastern Parkway and Union Street are in residence and business use, B area, class 1¼ height districts; Franklin Avenue is in a business use, B area, class 1¼ height district; that these designations have not changed since July 25, 1916 and no zoning amendment relating to this property is pending to date; and

WHEREAS, the decision of the Borough Superintendent, dated May 24, 1957 acting on Alt. Applic. 1606-57, reads:

"1. Proposed open parking and storage of motor

vehicles in a residence use district is contrary to Art. II Sec. 3 of Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet and 110 feet 4 inches frontage by 192 feet in depth, irregular, presently unimproved; that it is proposed to clean and remove all debris on the vacant lot, level off the soil and install a cinder topping; that it is also proposed to provide hinged gates at points where curb cuts are indicated; that 8 inch by 8 inch wood curbs will be provided to protect all structural parts of the subway station construction that are located above the ground; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision h of the zoning resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1606-57, Objection No. One be and it hereby is affirmed and that the application be and it hereby is denied.

544-57-BZ

APPLICANT—Robert Gottlieb, for 164 River Property Corp., owner.

SUBJECT—Application July 19, 1957—decision of the Borough Superintendent under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of pleasure type motor vehicles for a stated term of five (5) years.

PREMISES AFFECTED—1001 Gerard Avenue and 75 East 164th Street, northwest corner, Block 2486, Lot 37, Borough of The Bronx.

APPEARANCES—

For Applicant: Gerald Levy.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 11, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 1, 1957 acting on Alt. Applic. 575-57, reads:

"1. Proposed parking & storage of motor vehicles on a lot located in a Residence Use is contrary to Art. II Sec. 3 of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 115 feet frontage by 100 feet in depth, presently vacant; that it is proposed to use the plot for parking and storage of pleasure type automobiles; and

WHEREAS, the applicant states that the lot is in the midst of many six story apartment houses; that there are two adjoining the plot to the north and the entire blocks 2477 and 2476 to the east are built up solid with large six story apartment houses, none with parking facilities; that the parking lots and garages on the east side of River Avenue are all filled and the adjoining streets east and north and south are always full of parked automobiles; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h to permit the occupancy of the premises for parking and storage of motor vehicles limited to those of the pleasure car type only for a term of five years from the date of this resolution *on condition* that all buildings and uses shall be removed from the premises; that the premises shall be leveled substantially to the grade of Gerard Avenue and East 164th Street and surfaced with clean cinders properly rolled and treated with a binder; that there shall be erected on all lot lines a woven wire fence of the chain link type erected on a masonry base to a total height of 5 feet, 6 inches with no openings except one for entrance and exit to Gerard Avenue as shown where such openings in the fence shall not exceed 10 feet and shall be equipped with a gate which shall be normally kept closed when the parking lot is not in operation, and with a curb cut opposite not over 12 feet in width; that during the term of this variance the premises shall be occupied for no other use and no signs shall be erected except that there may be a sign at the gate attached to the fence not exceeding 3 feet, 6 inches in size, and not illuminated, and not extending beyond the building line advertising the parking and storage uses and the rate charged and such other information as may be required by the Commissioner of Licenses; that this parking lot may be operated in conjunction with the lot Number one on which there are now metal garages, and that at the points where the corridors between garages exist the wire fence may be omitted; that such fence may also be omitted where there are buildings on the lot line; that suitable termination posts shall be installed to properly support the fence where openings occur; that such portable fire fighting appliance shall be maintained as the Fire Commissioner shall direct; that all permits shall be obtained and all work completed and a certificate of occupancy obtained within six months from the date of this resolution.

547-57-BZ

APPLICANT—Gabriel Nathan, for Boardwalk Holding Corp., owner.

SUBJECT—Application July 19, 1957—decision of the Borough Superintendent under sections 7c and 7h of the zoning resolution, to permit in a residence use, E-1 area district, the maintenance of a parking lot as an accessory use to an existing class A multiple dwelling.

PREMISES AFFECTED—122-04 to 122-20 Ocean Promenade, north side, from Beach 122nd to Beach 123rd Streets, 121-137 Beach 122nd Street and 120-132 Beach 123rd Street, Block 762, Lot 44, Rockaway Beach, Borough of Queens.

APPEARANCES—

For Applicant: Mrs. Jean Nathan.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Kleinert and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Foley.. 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 14, 1958 after due notice by publication in the Bulletin; laid over to February 11, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Beach 122nd Street, Beach 123rd Street and Ocean Promenade are in a residence use, C and E-1 area, class 1 height district; that as of July 25, 1916 the property was zoned as an E area and on January 29, 1925 was placed in F area; that on November 15, 1928 the portion of the property within 100 feet of Ocean Prom-

enade was changed to C area and the present E-1 area for the portion more than 100 feet from Ocean Promenade became effective on December 21, 1948; and

WHEREAS, the decision of the Borough Superintendent, dated July 11, 1957 acting on Alt. Applic. 1105-57, reads:

"1. Proposed parking in an E-1 district is contrary to Article IV, Sec. 15A(a). Note. The only parking in an E-1 zone is for accessory use to a one or two family dwelling.

"2. Proposed parking area as shown on plans extends into 15 feet street setback as required in an E-1 district. Article II Sec. 3 sub. 9(d) of the Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 180 foot frontage by 170 feet in depth, irregular, upon which there exists a six story, class A multiple dwelling, 75 feet by 168 feet in size and occupied by 72 families; that the building was erected originally on a plot 100 feet by 170 feet, to which the owners have since added an adjoining vacant plot 80 feet by 100 feet; that it is proposed to use this plot to provide parking for the tenants of the building; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h to permit for a term of five years the maintenance of a parking lot substantially as shown on plans filed with this application marked "Received July 19, 1957," 2 sheets, as amended by revised plans marked "Received November 20, 1957," one sheet, *on condition* that the premises shall be leveled and graded substantially to the grade of Beach 122nd Street and shall be surfaced with steam cinders or clean gravel and treated with a binder and properly rolled; that a woven wire fence of the chain link type on a masonry base to a total height of not less than five feet six inches shall be installed on all lot lines except for an opening of not more than twelve feet, where shown, with a curb cut opposite to Beach 122nd Street; that a sign not over three feet six inches may be attached to the fence near the entrance containing the rates charged and such information as may be required by the Commissioner of Licenses; that the parking shall be solely for the tenants of the adjoining building and not for transient parking; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 21, 1958 after due notice by publication in the Bulletin; laid over to February 11, 1958 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 98th Street and Conklin Avenue are in business and residence use, D area, class 1 height districts; Glenwood Road is in a business use, D area, class 1 height district; Rockaway Parkway is in a business use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 16, 1957 acting on Alt. Applic. 2548-57, reads:

"1. Proposed parking of cars for patrons and employees of Greenpoint Savings Bank, Canarsie office, within a residence use zone and partly within a business use zone is contrary to Art. II, Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 35 foot frontage by 100 feet in depth, irregular, presently developed with a two and one half story frame dwelling facing Glenwood Road; that there are no records available in the Department of Buildings for said building; that it is proposed to demolish the present building and use the entire property for parking of cars for patrons and employees of the Greenpoint Savings Bank, Canarsie Office; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied for the parking of motor vehicles of the pleasure car type only as shown on plans filed with this application marked, "Received September 9, 1957, three sheets," and "October 30, 1957, one sheet," *on condition* that the premises shall be leveled substantially to the grade of East 98th Street and Glenwood Road and shall be surfaced with clean gravel or steam cinders and treated with a suitable binder; that a woven wire fence of the chain link type to a height of 5 feet 6 inches with concrete base shall be installed on all lot lines; that the entrance from Glenwood Road, which shall not be more than 14 feet in width, shall be fitted with gates which shall be kept closed when the parking lot is not in operation after banking hours and a similar opening with gates on East 98th Street as shown; that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

626-57-BZ

APPLICANT—De Rose and Cavalieri, for Saizo Associates, Inc., owner.

SUBJECT—Application September 12, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, for a stated term of years a parking and storage lot for more than five (5) motor vehicles.

PREMISES AFFECTED—417-419 East 152nd Street, north side, 156.97 feet west of 3rd Avenue, Block 2374, Lots 98 and 99, Borough of The Bronx.

APPEARANCES—

For Applicant: George J. Cavalieri.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 11, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1½ height district; 152nd Street and 153rd Street are in residence and retail use, B area, class 1½ height districts; Melrose Avenue is in a retail use, B area, class 1½ height district; Third Avenue is in a business use, B area, class 1½ height district; that from July 25, 1916 to July 31, 1947 this site was in a business use district; and

WHEREAS, the decision of the Borough Superintendent, dated August 26, 1957 acting on Alt. Applic. 726-57, reads:

"1. In a residence district the proposed parking of motor vehicles is contrary to Art. II, Sect. 3 of Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 foot frontage by 100 feet in depth, upon which there now exists two wood frame private dwellings and one metal garage, with space for three motor vehicles, all of which are vacant and boarded up; that it is proposed to demolish all of the existing structures and the plot will be regraded to sidewalk level; that the existing dropped curb will be relocated to the center of the plot; that fences will be erected along boundaries of the plot where masonry walls are not present and the entire plot will be surfaced with a suitable material and binder to prevent the raising of dust; that a dropped curb ten feet in length now exists opposite the premises covered by Permit No. 1816 of May 23, 1922 by the President of The Borough of The Bronx; and

WHEREAS, the premises and surrounding area are well known to the members of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied for the parking and storage of motor vehicles *on condition* that all buildings and uses on the premises shall be removed and the plot leveled substantially to the grade of East 152nd Street and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on all lot lines where walls of adjoining buildings do not occur a woven wire fence of the chain link type on a masonry base to a total height of five feet six inches, with no openings therein except one opening to East 152nd Street not exceeding ten feet in width which shall be fitted with gates which shall normally be kept closed when the lot is not in operation; that opposite such opening there may be a curb cut not over twelve feet in width including splays; that sidewalks and curbing in front of the premises shall be repaired or restored to the satisfaction of the Borough President; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon;

MINUTES

that no signs shall be erected except there may be a sign at the entrance attached to the fence advertising the parking and storage use and the rates charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not exceed three feet six inches in size, shall not extend beyond the building line and shall not be illuminated; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

684-57-BZ

APPLICANT—Paul Friedman, for Louis C. Kaye, owner; Esso Standard Oil Co., conditional lessee.

SUBJECT—Application August 24, 1957—decision of the Borough Superintendent under sections 7f, 7e, 7i, 7h and 7A of the zoning resolution, to permit on a plot located partly within a business use district and partly within a residence use district, on a portion of the plot within the business use district, the erection and maintenance of a gasoline service station, lubritorium, auto washing—non-automatic, office and storage and sales of auto accessories, parking and storage of more than five (5) cars and on the portion of the plot in a residence use district the parking and storage of cars, with a ground sign in a business use district, and with curb cuts within 75 feet of residence district for a stated term of fifteen (15) years.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 14, 1958 after due notice by publication in the Bulletin; laid over to February 4, 1958, for inspection and decision; hearing closed; then to February 11, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Beach 19th Street and Mott Avenue are in business and residence use, C area, class 1 height districts; Cornaga Avenue is in a business use, C area, class 1 height district; Greenport Road is in a residence use, C area, class 1 height district; that as of July 25, 1916 the entire premises was zoned as a business use district; that the present residence use designation for the portion more than 100 feet from the Final City Map Line of Cornaga Avenue became effective on December 28, 1939; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated August 26, 1957 acting on N.B. Applic. 2665-57, reads:

"1. Proposed erection of a gasoline service station, lubritorium, minor repairs with hand tools only, car washing (non-automatic), office, sales and storage of auto accessories and parking and storage of motor vehicles on a lot in a business use district and extending into a residence use district is contrary to Art. 2 Sec. 3 and Art 2, Section 4(a) items 29 and 46 of the Zoning Resolution.

"2. Proposed ground sign on the business portion of

the lot is contrary to Art 2, Sec. 4(a) item 49 of the Zoning Resolution.

"4. Proposed curb cuts within 75 feet of a residence use district is contrary to 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 foot frontage by 130 feet in depth, irregular, presently vacant; that it is proposed to erect and maintain for a stated term of fifteen years, on the portion of the premises within the business use district, a parkway type gasoline service station, lubritorium, non-automatic auto wash, minor repairs with hand tools only, office, storage and sales of auto accessories, and parking and storage of more than five cars, and on the portion of the premises within the residence use district, the parking and storage of cars, with ground sign in a business use district and with curb cut within 75 feet of a residence use district; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f, e, of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f, e, for a term of fifteen years *on condition* that there shall be erected and maintained substantially as shown on plans filed with this application marked, "Received August 24, 1957," five sheets, and revised plan marked, "Received January 29, 1957," one sheet, *on condition* that the accessory building shall be erected solely within the business portion of the lot and that all fences and landscaping shall be on the back of the proposed building line; that the intersection of Beach 19th Street and Cornaga Avenue shall be rounded as shown; that curb cuts shall be restricted to two curb cuts not more than 30 feet in width and not nearer than five feet to the intersection of Cornaga Avenue and one curb cut to Beach 19th Street not more than 30 feet in width; that the gasoline tanks shall be restricted to not more than twelve 550 gallons approved storage tanks; that pumps shall be located where shown not less than fifteen feet from the proposed street line; that on the proposed line of Beach 19th Street there shall be erected a two foot, six inch brick wall surmounted by an iron picket fence to a total height of not less than five feet, six inches, where shown; that on the lot line to the south there shall be a similar fence; that a similar wall and fence shall be erected on the lot line to the east where shown and landscaping shall be installed where shown properly protected by a curb not less than eight inches high and six inches in width; that parking may be permitted in the area in the rear of the accessory building provided it is leveled and surfaced with bituminous or concrete pavement; that the building shall be faced on all sides with face brick; that no signs shall be permitted other than signs attached to facade of the building and one post standard for supporting a sign at the intersection of Cornaga Avenue and Beach 19th Street, which may be illuminated, advertising only the brand of gasoline sold and which may be allowed to project beyond the street building line for a distance of not more than four feet; that where not occupied by building and pumps, the entire area shall be surfaced with bituminous or concrete paving; that proper bumpers will be installed in the parking area for the protection of fences; that all other laws, rules and regulations applicable thereto shall be complied with; and that under Section 7A any openings, windows, doors or other entrances deemed contrary thereto shall be permitted; that under Section 7i repairs of a minor type with hand tools only shall be permitted and only within the accessory building; that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

685-57-A

APPLICANT—Paul Friedman, for Louis C. Kaye, owner; Esso Standard Oil Co., conditional lessee.

SUBJECT—Application August 24, 1957—filed pursuant to section 35, General City Law re portion of premises in bed of mapped street—proposed widening of Cornaga Avenue.

PREMISES AFFECTED—1841-1849 Cornaga Avenue (1845 official), southeast corner of Beach 19th Street, Block 79, Lot 1, Far Rockaway, Borough of Queens.

APPEARANCES—

For Applicant: Arthur Levine and Louis C. Kaye.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Foley.. 2

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 26, 1957, on N.B. Applic. 2665/57 reads:

"1. Proposed utilization of that portion of the lot which is in the bed of mapped streets is contrary to Art. 3, Sect. 35 of the General City Law."

and

WHEREAS, the applicant states that the premises consist of a lot 100 feet front by 130 feet in depth, located in a business and residence use C area, class 1 height district, on which it is proposed to erect a 1 story high 17 feet 6 inches, class 3 constructed building, 61 feet front by 30 feet and 17 feet 9 inches irregular in depth, and to use the premises within the business use district portion thereof as a gasoline service station, lubritorium, minor motor vehicle repairs with hand tools, non-automatic car washing, office, sales and storage of automobile accessories and parking and storage of more than 5 motor vehicles and to use the portion of the premises within the residence use district for the parking and storage of cars, total occupancy to be 3 persons; and

WHEREAS, the applicant states that the Cornaga Avenue frontage of the premises to a depth of approximately 5 feet and the Beach 19th Street frontage to a depth of approximately 7.64 feet are located in the beds of mapped streets; that the final map of the Borough of Queens, indicates the proposed widening of Cornaga Avenue to 60 feet from its present width of 50 feet; that Beach 19th Street is proposed to be widened to 50 feet from its present width of 32 feet; that however, no condemnation proceedings are contemplated at the present time for such widening; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 2665-57, Objection No. One be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the occupancy of a portion within the bed of the mapped street *on condition* that no building or structure is erected therein; and that where not inconsistent with the provisions of this resolution, the requirements of the resolution adopted this day under Cal. No. 684-57-BZ shall be complied with.

838-57-BZ

APPLICANT—Lama, Proskauer and Prober, for Kingsdale Building Corp., owner.

SUBJECT—Application November 14, 1957—decision of the Borough Superintendent, under section 9A of the Zoning Resolution, to permit in a class one height district, the erection of a six (6) story multiple dwelling exceeding the permitted height within two (2) miles of a designated airport.

PREMISES AFFECTED—22-01 to 22-21 (22-11 official) Brookhaven Avenue and 461-473 Beach 22nd Street,

southwest corner, Block 255, Lot 38, Far Rockaway, Borough of Queens.

APPEARANCES—

For Applicant: James Vassalotti, David Halpern and Robert Irom.

For Opposition: None.

For Administration: John F. Saunders, B'd of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 11, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Brookhaven Avenue, Beach 22nd Street, Briar Place and Collier Avenue are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 30, 1957 acting on N.B. Applic. 3545-57, reads:

"1-M. Portion of proposed six story and cellar Class "A" Multiple Dwelling to be erected in a Residence use district, class 1 height district and "D" area district within two miles of a designated airport exceeds the height limit permitted under Art. III Sect. 8(d) and Sect. 9A (a) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 205.25 feet frontage by 137.97 feet in depth, irregular, now vacant; that it is proposed to erect a six story multiple dwelling of class 3 construction, having an irregular frontage of 140 feet on Brookhaven Avenue, 101 feet on Beach 22nd Street and approximately 58 feet in depth; that the building will contain approximately sixty-one apartments and garage facilities in the cellar; and

WHEREAS, the applicant states that the maximum permitted height of this building at the building line would be 43 feet 9 inches, but by setting the building back of said line, the proposed height of 60 feet 11 inches conforms to the provisions of Sections 8d and 9c, except for the restriction imposed by Section 9A; that under Section 9A the building would be 17 feet 2 inches in excess of the allowable height, but would only be of excessive height for that portion of the building within two miles from the boundary of the airport, and said distance is only approximately 50 feet; that it would be a hardship and impractical to erect part of the building of less height for such a small percentage of said building; that the portion of the building within two miles of the airport boundary amounting to only approximately 50 feet would not be a greater hazard than that portion of the building immediately outside of said two miles; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 9A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 9A to permit the erection of the proposed building exceeding, in part, the permitted height within two miles of an airport *on condition* that the building, in all other respects, shall comply with all laws, rules and regulations applicable thereto, as indicated on plans filed with this application marked "Received November 14, 1957", 8 sheets; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

REGULAR MEETING

TUESDAY AFTERNOON, FEBRUARY 11, 1958, 2 P.M.

Present: Acting Chairman Keating, Commissioner Kleinert and Commissioner Sleeper.

707-40-SM—Vol. II

APPLICANT—The W. S. Tyler Company, owner.

SUBJECT—Application reopened December 10, 1957 for amendment of resolution as to additional thickness of door, door thickness up to 2½ inches—re Tyler One and One-half Hour Hollow Metal Fire Door; previously approved.

APPEARANCES—

For Applicant: John Haig.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Foley .. 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 707-40-SM, Vol. II

Subject: Amendment to resolution as to additional thickness of door.

The W. S. Tyler Company, New York, requested by filing an application dated November 15, 1957, that the resolution adopted September 10, 1940 and amended April 12, 1955, under Cal. No. 707-40-SM, Vols. I and II be amended so as to increase the thickness of the approved doors. The application was reopened by a vote of the Board, December 10, 1957.

Purpose

The material is a one and one half hour opening protective assembly.

Description

The original doors, approved by the Board, were 1¼ inches in thickness; the requested change is to increase the door thickness up to 2½ inches. There has been no other change in the door construction. The space resulting from this increased thickness is filled with additional insulation of the same material as in the original doors.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends that the resolution adopted, September 10, 1940, and amended April 12, 1955 under Cal. No. 707-40-SM, Vols. I & II be amended so as to include additional thickness of doors up to 2½ inches on condition that the requirements of the resolution adopted September 10, 1940 under Cal. No. 707-40-SM, Vol. I be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the resolutions of September 10, 1940 and April 12, 1955 in accordance with the above report.

802-49-SM—Vol. II

APPLICANT—Hope's Window's Inc., owner.

SUBJECT—Application reopened May 6, 1952 for amendment of resolution as to additional window sections, Hope's Architectural Projected Solid Section, "LOK'D

BAR,"—re Hopes Holfords, Hope's Australs and Hope's Intermediate Casements; previously approved.

APPEARANCES—

For Applicant: Robert F. Webb.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Foley .. 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 802-49-SM, Vol. II

Subject: Amendment to resolution as to additional window sections.

Hope's Windows, Incorporated, Jamestown, New York, requested by letter dated April 11, 1952, that the resolution adopted January 30, 1951, be amended so as to include additional types of steel windows. The application was reopened by a vote of the Board, May 6, 1952, under Cal. No. 802-49-SM.

Purpose

The windows are to be used as opening protective assemblies as provided under C26-610.0.c Administrative Building Code.

Description

The requested windows are known as the Hope's architectural projected solid section "LOK'D BAR" Window, Hope's Commercial projected steel window and Hope's Commercial pivoted steel window. The three types of sash mentioned above are constructed of identical frame and ventilator sections and the only variation as between the three types is the method of glazing—inside or outside, type of ventilator—projected in, projected-out or pivoted and the ventilator hardware—steel or bronze. The complete description of the windows is detailed in the Underwriter's Report R1476 which is on file with and is part of the record.

Inspection and Test

The Committee on Test recommends that the resolution adopted January 30, 1951 under Cal. No. 802-49-SM, Vol. I be amended so as to include the additional sections as herein described; namely: Hope's Architectural Projected Solid Section "LOK'D BAR", Hope's Commercial Projected Steel Window and Hope's Commercial pivoted steel window on condition that the requirements of the resolution adopted January 30, 1951, under Cal. No. 802-49-SM, Vol. I are complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,

MINUTES

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner
Kleinert and Commissioner Sleeper..... 3
Negative: 0
Absent: Chairman Murdock and Commissioner Foley .. 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 685-55-SM

Subject: Automatic Self-Closing device No. 446.

Hope's Windows, Incorporated, Jamestown, New York, filed July 28, 1955 an application with the Board of Standards and Appeals for approval of the device known as the Hope's Automatic Self Closing Device 446 under the provisions of C26-659.0 Administrative Building Code.

Purpose

A closing device for outward projecting ventilators in lot line windows.

Description

The device designed for use on outward projecting ventilators in lot line windows, consists of a steel spring, held in compression, enclosed in a brass barrel and a fusible link, this spring, being in compression provides friction, when the ventilator is open, for the brass shoe which slides in the jamb channel of the window frame.

In case of fire, the fusible link breaks, thereby releasing the compression in the spring, withdrawing the friction shoe from its contact with the frame member. Without this contact, the weight of the ventilator frame and glass will automatically close the window.

Inspection and Test

A sample ventilator, with the closing device attached was inspected by Assistant Engineer J. A. Darts, Committee on Test. The fusible link operated as required and the ventilator closed as designed.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the device known as the Hope's Automatic Self Closing Device No. 446 for use in New York City under the provisions of C26-659.0 Administrative Building Code on condition that the device shall only be used on windows equipped with a outward projecting ventilator as approved for the Hope's Windows, Incorporated, under Cal. No. 802-49-SM.

(Sgd.) HARRIS H. MURDOCK,

For Applicant: Samuel R. Todd.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner
Kleinert and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock and Commissioner Foley.. 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 29-56-SM

Subject: Amendment to resolution for additional flame resistant fabric for use on folding doors.

E. I. Dupont de Nemours & Company requested by letter dated October 29, 1956 that the resolution adopted October 2, 1956 under Calendar Number 29-56-SM be amended to include the material known as Fabrilite V-8117FR. The application was reopened by a vote of the Board November 20, 1956.

Description

Fabrilite V-8117FR is similar to Fabrilite V-8113FR previously approved by the Board on October 2, 1956 under Calendar Number 29-56-SM as a flame resistant fabric for use on folding doors.

The two materials compare as follows:

	V-8113FR	V-8117FR
Total	15.3 oz. per sq. yd.	18 oz. per sq. yd.
Glass fabric weight	2.8 oz. per sq. yd.	2.8 oz. per sq. yd.
Vinyl resin weight	12.5 oz. per sq. yd.	15.2 oz. per sq. yd.

Recommendation

The Committee on Test recommends that the resolution adopted October 2, 1956 under Calendar Number 29-56-SM be amended so as to include Fabrilite V-8117FR on condition that the requirements of the resolution adopted October 2, 1956 under Calendar Number 29-56-SM be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Asst. Engr.

GEORGE F. SKLENARIK,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 97-56-SM

Subject: 48 Inch Saran Net, Model 2915-2918.

J. H. Thorp & Company, Inc., New York, New York filed January 24, 1956 an application with the Board of Standards and Appeals for approval of the material, 48 Inch Saran Net, Model 2915-2918 for use in New York City under the provisions of Section C19-161.0 Administrative Code and the Rules of the Board for Flameproof Materials.

MINUTES

Purpose

A flame resistant drapery material for use in places of public assembly.

Description

The number 2915-2918 Saran Net is an open mesh fabric woven of mono filament saran plastic yarns 48 inches in width.

Inspection and Test

Samples of this material were tested in accordance with the Rules of the Board at the better Fabrics Testing Bureau, January 19, 1956.

The samples tested showed no flashing, flaming or after glow; the material melted when contacted by the test flame.

Recommendation

On the basis of the test, the Committee on Test recommends the approval of the J. H. Thorp & Company, 48 Inch Saran Net, Model 2915-2918, provided that any material used to bind the edges of the saran net fabric be incombustible or flameproofed in accordance with the Rules of the Board.

Tests for each specific installation or any retested thereof shall be made by the Fire Commissioner or in a laboratory approved by him in accordance with the Rules of the Board.

The Committee further recommends that each bolt of 48 inch Saran Net Model 2915-2918 be tagged or marked as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 97-56-SM."

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Kleinert, and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Foley.. 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 162-56-SM.

Subject: Rapid Tite Fuel Oil Tank Filling Nipple; Part 90, Fill Box Insert; Part 92 and Fill Box Cap; Part 93.

N. O. Deputy for Plastic Appliance Company, Philadelphia, Pa., filed February 16, 1956 an application with the Board of Standards and Appeals for approval of the material known as Rapid Tite Fuel Oil Tank Filling Nipple; Part 90, Fill Box Insert; Part 92 and Fill Box Cap; Part 93 under the provisions of the Oil Burner Rules of the Board.

Purpose

The material is used as a fill box terminal.

Description

The material is to be used in both old and new installations. In old installations, the pipe threads on the inside of the

cap have been worn away by the repeated filling, as at the time of filling, a filling nipple is tightened into the cap.

The filling nipple consists of a standard 1½ inch pipe nipple threaded for 1 inch on one end, 5 inches long, a 3/16 inch by 1½ inch I.D. by 1⅞ O.D. neoprene rubber gasket and a seamless steel tubing, 1.500 O.D. by .109 wall by 2 inches long.

The ring is of cast iron 2 25/64 inches in diameter by 25/32 inches high and threaded on the outside and having two slots on the inside to engage the filling nipple.

The cap is 1 5/16 inches high by 2 inch in diameter and has a slotted cap with lugs to engage the insert and is fitted with a neoprene gasket.

Inspection and Test

Samples of the three parts were examined by Asst. Engr. J. A. Darts, Committee on Test and it was noted that the slotting gave a tight joint.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Rapid Tite Fuel Oil Tank Filling Nipple; Part 90, Fill Box Insert; Part 92 and Fill Box Cap; Part 93, for use in New York City under the provisions of the Oil Burner Rules of the Board on condition that the material be stamped, marked or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 162-56-SM."

(Sgd.) HARRIS H. MURDOCK,

340-56-SM

APPLICANT—M. H. Detrick Co., Insulation Division, owner.

SUBJECT—Application April 27, 1956—Detrick Pyro-Scat Fireproofing, by spraying, casting and trowelling application methods, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner

Kleinert and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Foley.. 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 340-56-SM

Subject: Detrick Pyro-Scat Fireproofing.

M. H. Detrick Co., Insulation Division, Chicago, Illinois, filed April 27, 1956, an application with the Board of Standards and Appeals for approval of the material known as Detrick Pyro-Scat Fireproofing under the provisions of C26-631.0 Administrative Building Code.

Purpose

The material is used for fire proofing of structural steel columns.

Description

The material is a proprietary of high temperature aggregates, asbestos fibers and hydraulic binder. These ingredients are factory blended to a uniform dry mixture that is ready for application after mixing with water at the job site.

MINUTES

Inspection and Test

The material was inspected and tested at the Underwriters' Laboratory in the presence of Asst. Engr. J. A. Darts, Committee on Test.

The test sample consisted of a steel "H" column, rib lath having $\frac{3}{8}$ inch ribs spaced $4\frac{7}{8}$ inches on center, tie wire, corner beads and Pyro-Scat.

The lath was applied to the steel column so as to box the column and so placed that the ribs rested on the column. The Pyro-Scat was then applied in two coats in the proportions of 2-4/5 gallons of water to 50 pounds of Pyro Scat. The first coat was applied to a depth of $\frac{3}{4}$ inches and then scratched. The corner beads were then placed so as to provide a total thickness of $1\frac{3}{4}$ inches.

The column, fireproofed as herein described, was tested at the Underwriters' Laboratory in accordance with the requirements of C26-593.0 through C26-595.0 and C26-599.0 Administrative Building Code. The end joint of the test was reached at 3 hours 41 minutes.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Detrick Pyro-Scat Fireproofing for use in New York City as a fireproofing material to fireproof steel columns, and the material shall be applied to a thickness of $1\frac{3}{4}$ inches over rib lath wrapped around the column. The Committee further recommends that as this construction has only a three hour fire resistive rating, the use of the material shall be limited to Class II as defined under C26-240.0 Administrative Building Code and further that columns fireproofed with this material shall be protected in accordance with the requirements of C26-613.0 Administrative Building Code and further that all plans filed with the Department of Buildings showing the proposed use of this construction shall be marked "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 340-56-SM".

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Asst. Engr.

GEORGE F. SKLENARIK,

Negative: 0
Absent: Chairman Murdock and Commissioner Foley.. 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 180-57-SM

Subject: Colovin Osnaburg Decorative Wall Covering also to be marketed by Gilford Leather Company under the trade names of Dublin Lightweight & Mikado.

Gilford Leather Company, Inc., for Columbus Coated Fabrics Corp., Columbus, Ohio filed February 28, 1947 an application with the Board of Standards and Appeals for approval of the material known as Colovin Osnaburg Decorative Wall Covering and also permission to be marketed by the Gilford Leather Company under the trade names of Dublin Lightweight & Mikado under the provisions of C26-667.0.7.b Administrative Building Code.

Purpose

The material is to be used as a wall covering.

Description

The material, a wall covering, consists of a vinyl plastic film bonded to a woven cotton backing. The material weighs 25 ozs. per lineal foot per 54 inches width. The thickness of the material 0.028 inches.

Inspection and Test

Samples of the material were inspected by Asst. Engr. J. A. Darts Committee on Test and it was noted that the material burns in itself when free standing and the thickness was less than $\frac{1}{20}$ of an inch.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Colovin Osnaburg Decorative Wall Covering for use in New York City under the provisions of C26-667.0.7.b Administrative Building Code and further that the material may be marketed by the Gilford Leather Company under the trade names of Dublin Lightweight and Mikado on condition that the material shall be backed up solidly by an incombustible backing.

The Committee further recommends that all cartons or containers in which the material is marketed shall be tagged, stamped or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 180-57-SM."

The Committee further recommends that this material shall not be used in Multiple Dwelling where such use is prohibited.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 311-57-SM

Subject: DuPont Tontine Flame Resistant Vinyl Stage Curtain Material.

MINUTES

E. I. Du Pont de Nemours & Co., Inc., Wilmington, Delaware, filed April 5, 1957 an application with the Board of Standards and Appeals for approval of the material known as DuPont Tontine Flame Resistant Vinyl Stage Curtain Material under the provisions of the Flameproofing Rules of the Board.

Purpose

The material is to be used for curtains and draperies in places of public assembly.

Description

The material is a glass fabric coated on both sides with a plasticized polyvinyl chloride. The total weight of the fabric is 13 oz. per sq. yard, the glass fabric being 2½ oz. and the coating 10½ oz.

Inspection and Test

Samples of the material were tested at the Better Fabrics Testing Bureau, New York City in the presence of Asst. Engr. J. A. Darts, Committee on Test. There was no flashing, flaming or glow outside the charred area and the average time of glow within the charred area was 1½ seconds. The complete report is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test concludes that the material known as DuPont Tontine Flame Resistant Vinyl Stage Curtain Material possesses flameproof properties and recommends the approval of this material in places of public assembly as provided under the Flameproofing Rules of the Board.

The Committee further recommends that each container or carton in which the material is marketed shall be marked, stamped or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 311-57-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Asst. Engr.

GEORGE F. SKLENARIK,
Asst. Engr.
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

07-57-SA

APPLICANT—S. T. Johnson Co., owner.
SUBJECT—Application April 24, 1957—Bankheat Oil Burner, Models BH-O, BH-OA, BH-1A, BH-2, BH-3 and BH-3A, approval of.

APPEARANCES—

For Applicant: Robert P. Johnston.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock and Commissioner Foley.. 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Cal. No. 407-57-SA

Subject: Bankheat Oil Burner, Models BH-O, BH-OA, BH-1A, BH-2, BH-2A, BH-3 and BH-3A, approval of.

S. T. Johnson Co., Bridgeport, Pa., filed April 24, 1957 application with the Board of Standards and Appeals for approval of the Bankheat Oil Burner, Models BH-O, BH-OA, BH-1A, BH-2, BH-2A, BH-3 and BH-3A for

use in New York City under the provisions of the Oil Burner Rules of the Board.

Purpose

Conversion type oil burners for residential and commercial use.

Description

The Bankheat Oil Burner is a high pressure gun type burner suitable for use in steam or hot water boilers or hot air furnaces. The burner may be pedestal mounted or flange connected.

The burner is designed to burn No. 2 fuel oil. Burner assembly consists of the following:

1/6 HP motor for the BH-O through BH-2A models,
1/3 HP motor for the BH-3 model and 1/2 HP motor for the BH-3A model. Webster fuel pump and feed units are used on all models with multi-blade blower fans and Monarch nozzles. Ignition is by electric arc.

The firing rate for the various models is as follows:

Models

BH-O BH-OA BH-1A BH-2 BH-2A BH-3 BH-3A

Firing

Rate

.8 to 2.25 1 to 3 2 to 5.5 3 to 7.5 4 to 10 5 to 15 7.5 to 18 gallons per hour.

NOTE: The BH-3 and BH-3A models have twin nozzles and dual ignition.

The burners are installed with stack safety control or electronic safety control with suitable limit controls for the furnace or boiler.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

The Bankheat Oil Burner has been tested and listed by the Underwriters' Laboratories under file MP 1130.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Bankheat Oil Burner Models BH-O, BH-OA, BH-1A, BH-2, BH-2A, BH-3 and BH-3A for use in New York City under the provisions of Section C19-57.0 Administrative Code and the Oil Burner Rules of the Board provided that each burner shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 407-57-SA".

(Sgd.) HARRIS H. MURDOCK,

MINUTES

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 502-57-SM

Subject: Rich-Wall (wall covering).

F. Schumacher & Company for Fabritate Incorporated, Cedar Grove, New Jersey, filed June 5, 1957 an application with the Board of Standards and Appeals for approval of the material known as Rich-Wall under the provisions of C26-667.0.7.b Administrative Building Code.

Purpose

The material is to be used as a wall covering.

Description

The material, a wall covering, consists of vinyl film laminated to a non-woven cotton fibre cloth. The total thickness, backing and facing is less than 1/20 of an inch.

Inspection and Test

Samples of the material were inspected by Asst. Engr. J. A. Darts, Committee on Test, and it was noted that the material burns in itself when free standing and that the thickness was less than 1/20 of an inch.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Rich-Wall, wall covering for use in New York City under the provisions of C26-667.0.7.b Administrative Building Code on condition that the material be backed up solidly by an incombustible backing.

The Committee further recommends that each container or carton in which the material is marketed shall be labeled, tagged or stamped as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 502-57-SM."

The Committee further recommends that the material shall not be used in Multiple Dwellings where such use is prohibited.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 503-57-SM

Subject: Du Pont Tontine Flame Resistant Quality Washable Window Shade Cloth.

E. I. du Pont de Nemours & Company, Inc., Wilmington,

Delaware, filed June 5, 1957 an application with the Board of Standards and Appeals for approval of the material known as Du Pont Tontine Flame Resistant Quality Washable Window Shade Cloth under the provisions of the Flameproofing Rules of the Board.

Purpose

The material is to be used as drapery material in places of public assembly.

Description

The material is a cotton fabric coated on both sides with plasticized polyvinyl chloride. The total weight of the one square yard of material is 4.8 ozs., the cotton fabric being 2.6 ozs. and the coating 2.2 ozs.

Inspection and Test

The material was flame tested at the Better Fabrics Testing Bureau. There was no flashing, flaming or glow outside the charred area and the average time of glow within the charred area was 19 seconds. The complete report is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test concludes that the material known as Du Pont Tontine Flame Resistant Quality Washable Window Shade Cloth possesses flameproof properties and recommends the approval of this material for use as curtain and/or drapery material in places of public assembly as provided under the Flameproofing Rules of the Board.

Tests for each specific installation or any retests thereof shall be made by the Fire Commissioner or in a laboratory approved by him under the provisions of the Flameproofing Rules of the Board.

The Committee further recommends that each container or carton in which the material is marketed shall be marked, stamped or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 503-57-SM."

678-57-SA

APPLICANT—Yula Water Heaters, Inc., owner.

SUBJECT—Application August 28, 1957—Yulatom Preheater for Fuel Oil, Model YA, approval of.

APPEARANCES—

For Applicant: R. B. Zinser.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock and Commissioner Foley.. 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 678-57-SA

Subject: Yulatom Preheater Model YA.

Yula Water Heaters Inc., New York, filed August 28, 1957, an application with the Board of Standards and Appeals for approval of the appliance known as Yulatom Preheater Model YA under the provisions of the Oil Burner Rules of the Board.

MINUTES

Purpose

The appliance is used for the preheating of oil.

Description

The preheater consists of a steel shell, double tube sheet, two tube bundles, one within the other, a transfer liquid between the outer surface of the inner tube and the inner surface of the outer tube. The inner tubes are $\frac{5}{8}$ inch O.D. copper or admiralty and the outer tubes of the steel are integrally finned in order to obtain greater heat transfer. The tubes are encased in the steel shell. The heads are of cast iron and the tube sheets are steel.

In operation, the oil is in the shell, flowing over steel baffles, and the boiler water in the inner tubes. The heater is provided with a combination sight glass and expansion chamber.

The construction is such, a tube within a tube, that the possibility of oil reaching the boiler, in the event of a tube break, is impossible.

Inspection and Test

Details of construction were examined by Asst. Engr. J. A. Darts, Committee on Test, and it was noted that the design precluded the possibility of oil entering into the boiler water.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as Yulatom Preheater Model YA for use in New York City under the provisions of the Oil Burner Rules of the Board on condition that the appliance bears a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 678-57-SA."

THE RESOLUTION—

WHEREAS, a decision of the Borough Superintendent, dated February 11, 1957 on Alt. Applic. 108/57 reads:

"1. Proposed extension of use to 2nd floor is contrary to resolution of Board of Standards and Appeals. Cal. 140-49-A and Sec. 4. 2. 1. B.C. note bldg. exceeds two stories school required to be of fireproof construction.

"2. Exits as shown are inadequate note enclosure requirement of Sec. 3. 2. 1. B.C. and Sec. 6. 1. 2. & 2. B.B.C., Sec. 6. 1. 2. 3. B.C. as to number of persons per square foot."

and

WHEREAS, the applicant states that the building is 2 stories and attic, 32.2 feet in height, 45 feet front by 36 feet in depth, of class 3 construction, erected 1905, located on a lot 83.04 feet front by 147.71 feet in depth, in a residence use F area, class 1 height district, and used and occupied as follows: Cellar—storage and boiler room; 1st floor—day nursery, 45 persons, 2nd floor—dwelling, 1 family; for which use and occupancy Certificate of Occupancy No. Q 58981 was issued October 19, 1949 against Alt. Applic. 110/49 pursuant to variance granted by the Board on Calendar Number 140-49-A, Volume I, the building is proposed to be used and occupied as follows: Cellar—storage and boiler room; 1st floor—day nursery, 45 persons; 2nd floor—additional nursery space, 40 persons (or older children from age 6 upwards—for arts and crafts); that the building is provided with one-source sprinkler system and an approved interior fire alarm system and regular monthly fire drills are maintained; that there is one 3 foot 8 inch wide interior stairway enclosed in fire retarded partitions, equipped with fireproof self closing 1 hour test doors; and

WHEREAS, under Calendar Number 140-49-A, Volume I, the Board modified Objection 2 issued by the Borough Superintendent, February 24, 1949 on Alt. Applic. 110/49 so as to permit a class 3 constructed building in excess of 2 stories in height to be used for school purposes on the 1st floor only, the 2nd floor to be limited to residential use for those in charge of the school and the attic to remain vacant of human occupancy and furniture or other storage; and

WHEREAS, at the time of the Board's action under Calendar No. 140-49-A Volume I, it was proposed by the then applicant to fire retarded the cellar ceiling, to enclose the new cellar stairs in 4 inch terra cotta equipped with fireproof self closing door at the bottom, to install sprinklers feed from domestic water supply in the kitchen; to provide a self-closing fireproof door on the interior openings to the kitchen, to arrange all exit doors to swing out; to enclose stairs leading to 2nd floor with stud partitions covered with ¾ inch plaster and wire lath, to block up with masonry all fire-place flues on the 1st floor, to cut new door openings from one of the school rooms to the block room on the 1st floor, to install a fire alarm system with 1 station on the school floor, to install a non-coin telephone on the premises, and the variance was granted by the Board, March 8, 1949, so long as such conditions are maintained, and that such

portable fire-fighting appliance shall be maintained as the Fire Commissioner shall direct; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee noted the children in attendance and recommended that the appeal should not be granted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 108/57, Objection No. 1 and 2 be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.
